

SLONE JAILED FOR ROBBERY

Driver Says Floyd Man Threatened To Kill Him; Cab Wrecked in Johnson

Orville Slone, of the Middle Creek section, was jailed here Sunday and booked for armed robbery after he was accused by James Miller, Prestonsburg taxicab driver, of taking from him the cab he was driving on the Middle Creek road Saturday night.

Miller claimed Slone rammed a pistol against his side and threatened to kill him if he did not surrender the car. This, it was said, took place in the vicinity of the mouth of Caney Fork of Middle Creek to which point Miller had driven Slone and his wife as fares.

Officers quoted Mrs. Slone as saying her husband later took her and her load of groceries home, then left in the car. The cab was wrecked in the vicinity of Oil Springs, and Slone was arrested by Johnson county officers. Policemen Epp Lafand "Pe" Gilliam returned him here Sunday.

Elder Wright, owner of the taxi cab, said the car is almost a total wreck.

Slone denied having a gun, Chief of Police Laferty said.

PERKINS SAYS DEWEY FUNDS ARE ASSURED

Gas Company Estimates 10 Feet Added to Lake To Cause Little Damage

Congressman Carl D. Perkins told The Times, shortly after noon Wednesday, that Senate and House conferees on the general appropriations bill had adjourned after reaching agreement on appropriations and that he had been assured "Dewey reservoir is all right."

A conferee, he said, explained that a "blanket" appropriation was made, without mention of specific projects. Allocation of funds will be made, his informant said, by the President on recommendation of the Corps of Engineers.

The Corps of Engineers had estimated \$600,000 would be needed to complete the Dewey reservoir. The Senate, early last month, approved that amount for the reservoir but before that the House, in one of its periodic economy moods, eliminated the project from the bill, necessitating an agreement by conference of the two committees.

Impoundment of 10 more feet of water behind the Dewey Dam would cause comparatively slight damage to properties of the United Fuel Gas Company, owner of the only utilities in the reservoir area which would be affected by a deeper pool, G. V. Spencer, superintendent, said here this week.

Mr. Spencer based his estimate on a report made by United Fuel engineers who have been making a study of the effect of further impoundment. On the basis of an incomplete report he estimates changes of roads and gas well installations would cost from \$5,000 to \$6,000.

Four gas wells would be affected, and added impoundment would necessitate extension of pipe to a greater altitude and the construction of small dykes, it was said.

Effect of five more feet of water in the lake would be much less, with only two wells affected, it was said.

Congressman Carl D. Perkins announced in Washington last week that he had asked General Pick, chief of U. S. army engineers, to ascertain if the lake can be deepened to serve the great number of sportsmen and boating enthusiasts from a wide area in Eastern Kentucky and to extend the lake for the benefit of Pike county as well.

Thomas Amburga, 77, Dies At Daughter's Home Here Following Long Illness

Thomas Amburga, 77, well-known resident of the Johns Creek section, died here at the home of his daughter, Mrs. Gertrude Collins, Sunday at 1 p. m. He had been ill for some time.

Mr. Amburga, who at one time served as deputy sheriff in this county, was a son of Mr. and Mrs. Thomas Amburga. His wife preceded him in death in 1924.

Surviving him are two other daughters, Mrs. Myrtle Campbell, Brandy Keg, Mrs. Lucy Yates, Wheelwright, and four sons, Ollie Burga, Alvin, Robert Burga, Prestonsburg, Bill Burga, Wheelwright, and Thomas Burga, West Prestonsburg.

Funeral services were conducted from the home of Mrs. Collins here Tuesday morning at 10 o'clock, the Rev. Isaac Stratton officiating. Burial was made in the Auxier cemetery under direction of the Arnold Funeral Home.

TO OK VOTE ON HOSPITAL

Court to Ask Balloting On \$360,000 Bond Issue For \$1,200,000 Project

The Floyd fiscal court was called together in special meeting today (Thursday) to enter an order which is necessary to bring to a vote at the regular November election the matter of a \$360,000 bond issue to pay for the county's part of the proposed \$1,200,000 hospital.

The law provides that the order must be entered 60 days prior to the election at which the poll is conducted.

The 88-bed hospital has already received federal government approval but the county's contribution through a bond issue is necessary before construction can be undertaken. Site of the hospital has not been made.

Proponents of the plan for a county hospital point out that a building such as proposed, with its modern appointments and equipment, would attract specialists to practice in the hospital. County Judge Henry Stumbo pointed out recently that the hospital would be equipped especially to care for workers injured in coal mines of this section.

N. M. White, Jr., Named To Industrial Committee Of Chamber of Commerce

N. M. White, Jr., Prestonsburg businessman, was named this week as a member of the Industrial Development Committee of the Kentucky Chamber of Commerce, by Norman A. Chrisman, state head of the organization.

In making the appointment, Mr. Chrisman described the committee as one of the most outstanding in the organization.

Robert M. Watt, president of Kentucky Utilities Company, Lexington, heads this committee which is slated to hold its next meeting Sept. 7 at Louisville.

TO ATTEMPT ASSESSMENT

Of P-burg Property On Full-Value Basis; To Use New Tax System

An earnest attempt will be made this year to place local taxation on the basis of full-value assessment of property, with the tax rate adjusted only to realize the funds actually necessary to successful operation of the city government, Mayor Curtis Clark said this week.

The Mayor's statement followed decision of the City Council to use the data now being acquired by County Tax Commissioner Clive Akers in the assessment of property here, using the new system devised by the Department of Revenue.

The job now being done by the Tax Commissioner will require a few weeks yet, and when he is finished, he expects to have every individual lot and building in Prestonsburg listed as to size, location, construction material, condition, etc., so as to remove the matter of evaluation as far from guesswork as possible.

The city of Prestonsburg will not use its assessment figures on real estate, it was explained, leaving the actual evaluation of property to a Board of Supervisors, which will have at hand all data he has accumulated. The city will, however, take as final the values he places on personal property.

For this service the city has agreed to pay Mr. Akers \$450.

The Council, meeting Monday evening, also took action designed to invite out-of-town, even out-of-county, trade and to cooperate with business men to make of Prestonsburg a trade center for Eastern Kentucky. One of the first steps was to lower the fine for a traffic violation from \$1 to 25 cents. Moreover, wherever possible, courtesy cards, relieving the offender of all liability, will be issued in cases of minor violations.

Vehicle Listings Show Floyd Now Pretty Well on Wheels

Floyd county is showing an increased tendency to "take to wheels" despite the questionable all-year-round condition of some of its roads.

With more than four months remaining, this year's 4,244 passenger car licenses issued at the office of County Clerk DuRan Moore have already passed last year's figure of 4,200, according to computations which included registrations of Wednesday, August 16.

Commercial trucks, totaling 1,818 thus far, threaten to pass up the 1,906 similar vehicles licensed in 1949, now total 252. The number of motorcycles now registered is 65, compared to 73 for all of last year.

Moore said he expected to see the county far exceed this year's allotment of 5,000 tags. Since 3,850 arrived in the first shipment, the clerk has had to re-order twice. Floyd's allotment represents an extra 1,000 allowed over last year's increase.

And there is certainly no scarcity of people here to "make the wheels roll" despite the ever-so-slight increase in population shown for 10 years in census figures. Circuit Clerk W. W. Cooley's office reported more

FLOYD TOWN'S FIRE TRUCK AND EQUIPMENT TO COST LESS THAN \$1,000; COAL TRUCK TO BE MANNED BY VOLUNTEER FIREMEN

Betsy Layne, the Floyd county community whose school band several years ago made curios from its instruments ruined by fire in order to raise money to buy new ones, is creating its own fire department, the hard way.

The Men's Club there recently started the movement to afford the community fire protection beyond the old bucket brigade. The Club's funds were low, but members began exploring the possibilities and found a way.

A ton-and-a-half coal truck was purchased for \$250. On this was mounted a pump which was donated. Next equipment to be added will be a 1,000-gallon water tank, and this is expected to cost little, with welding supplied gratis.

The hose may be the costliest item of all, but the total cost is expected to be less than \$1,000. Contributions from residents of the town are the means of meeting the expenditure.

The community has no water system. (See Story No. 4, Page 4)

FLOYD COUNTY GOES TO WAR—And the "man behind the gun" here is Pfc. George Crum, of Martin, who loads a super-rocket launcher as Pvt. Alvin Essary, Tuscaloosa, Ala., sights the weapon in. Using the shadow of a South Korean hut for concealment, the two lie in wait for the next Red Armored vehicle to appear. Pfc. Crum is a son of Kenner Crum, of Arkansas Creek.

Two-Day Fish Fry Attracts Crowd of Estimated 7,000

Burke, 14, Trophy Winner In Two Casting Contests With Scores of 96, 99

Officials of the Floyd County Fish & Game Club estimated this week that between 6,000 and 7,000 persons representing Eastern and Central Kentucky last Saturday and Sunday attended at Allen the eighth annual fish fry to be sponsored by the club.

It was the first time since the annual event was initiated that two days were devoted to the sports program and the event this year drew attention from a wider part of the state than ever before.

Bait-casting clubs from Harrodsburg and Lexington, both juniors and seniors, men and women, competed with Floyd county teams for a rich array of prizes, and this competition became one of the highlights of the program.

Although the Bluegrass Anglers, Lexington senior casting club, won the senior team event, Prestonsburg high school's bait-casters claimed the lion's share of prizes, with Bill Baker Burke flashing probably the most consistent brand of casting yet seen in a tournament in this section.

Bill Baker, who is a son of E. R. Burke, seventh district conservation supervisor, and Mrs. Burke, won the

Junior Open with a score of 96; posted a near-perfect 99 to win the open tourney; cast a 96 in the Prestonsburg team's conquest of Lafayette High and Harrodsburg in the junior team event, and a 94 in the open team match which Prestonsburg high lost to the Bluegrass Anglers.

Those who looked elsewhere for entertainment found it in the wildlife and sporting goods exhibits, the exhibition of marksmanship by young Rusty Reed, trick golf shots by Johnny Roberts, fly-casting by Darrell Veach, Lexington, and bait-casting by Glenn Reynolds, Hazard, Seventh district supervisor of Junior Conservation Clubs. (Reynolds, incidentally, cast a perfect 100 in the open team match but could not pull his team far up enough to win.)

Each morning, followers of the hounds enjoyed coon drags, and bingo was played by those who looked yet elsewhere for pastime.

Added to this were the awarding of attendance prizes worth more than \$1,000.

Bait-casting tourney results: Five-boy Junior team contest—Prestonsburg high, Stewart Stephens leading his team with a 99 and each member receiving a Langley Lurecast reel; Lafayette high, runner-up.

Open team, five persons—Bluegrass Anglers, Lexington, defeating

PFC. JAMES ALEX WALLEN

FLOYD COUNTY MAN MISSING

Three Others Reported As Wounded In Casualty Lists from Korean War

One Floyd countian missing in Korea and three wounded were listed in recent casualty reports released by the Defense Department in Washington.

The soldier reported missing is Pfc. Clyde D. Spradlin, 21, son of Willie I. and Hazel Eunice Spradlin, of Cliff. Attached to a cavalry division, he has been in the army more than a year. His parents learned he was missing, about 10 days ago.

The wounded: Pfc. James Alex Wallen, son of Mr. and Mrs. Ollie Wallen, of Water Gap; seriously.

Pfc. Marvin H. Kendrick, son of Mr. and Mrs. Johnny Kendrick, of Lancer; parents learned he was wounded in hand and arm by mortar shell.

Pfc. William J. Vance, Ligon. Parents of Pfc. Wallen said their son also is attached to a cavalry division and that this is his second period of army service. His first enlistment was from March 29, 1946 to September 16, 1947, 11 months of which time he was a radar operator on Saipan with the 62nd aircraft control and warning squadron for 11 months.

ROAD DECISION SEEN FRIDAY

Work Orders Delayed On Floyd-Co. Projects; Other Contracts Let

County Judge Henry Stumbo said he was assured Wednesday morning by Emerson "Doc" Beauchamp, rural highways commissioner, that he would ascertain by Friday "at the latest" if both the David-Northern and Wayland-Sizemore roads can be built this year.

Both routes were let to contract but the contractor failed to qualify. Then new contracts were awarded—The Middle Creek route to Winston Ford, Prestonsburg contractor—but work orders have not been issued on either.

County officials have insisted that both jobs be done.

Thirty-five road projects in 28 counties were awarded last week by the Highway Department, Commissioner Keck announced. The state and federal aid contracts totaled \$1,053,866, and 38 miles of rural secondary contracts, financed by the 2-cent gasoline tax, totaled 67 miles at a cost of \$852,635.

One state project let to contract is composed of these jobs: Floyd—Lackey-Wayland-Beaver Gap, 2 miles; Johnson—drive-ways at Mayo State Vocational School, 4 miles; Magoffin—Salyersville-Treasure road, 1 mile; Martin—Trez-Louis road, 2 miles, all awarded to Adams Trucking & Construction Company, Paintsville, on its low bid of \$61,298.20.

Matching state and federal aid funds will apply in the following counties of this section:

Letcher—Colson-Deane road, 6 miles. Marlowe Construction Company, Lexington, \$238,031.63.

LEITCHER—King's Creek-Whitesburg road, 2 miles. M. T. Codell & Company, Winchester; \$106,149.49.

Pike—Meta-Kimber road, 2 miles. George H. Cheek Construction Co., Frankfort; \$50,891.34.

Letcher—Millstone-Democrat road, 2 miles. Gay-Coleman Construction Co., Lexington; \$20,903.40.

Eastern Kentucky projects financed by 2-cent gasoline tax: Johnson—Paintsville-Tudor-Lawrence county line road, 5 miles. Lovell & Hart Construction Co., Lexington, \$104,363. Nippa-Truck Key road, 2 miles. Adams Trucking & Construction Company, Paintsville, \$13,115.

Boyd—Garner-Rush road, 3 miles; Conlon-Trace road, 3 miles; White's Creek road, 3 miles. Middle States Bit. Corp., Ashland, \$59,848.73.

COUNTY, CITY BOARDS MAY TALK TUITION

Funk's Opinion Holds County May Not Pay City-Hired Teachers

An opinion written by Attorney General A. E. Funk last week may send the City and County Boards of Education into a huddle in an effort to reach a working agreement before the opening of school here, September 5.

The agreement expected to be signed will be on the matter of tuition for county pupils attending Prestonsburg high school, with the Attorney General holding that the County Board may not pay salaries of teachers employed for the school by the City Board alone.

The City Board acted recently in the employment of teachers without County Board approval after Assistant Attorney General Owen W. Keeler had ruled the City has full authority in the naming of teachers.

Funk's letter also poses a transportation problem for the City Board, inasmuch as he indicated the County may legally transport its own students. This would affect city pupils in the Porter Addition, particularly, and could complicate the system of transporting the school's athletic teams for games elsewhere.

Wrote Attorney General Funk to Superintendent Palmer L. Hall concerning the situation here:

"Recently, as I understand it, the City Board of Prestonsburg nominated and elected all the teachers for this school. This being true, they are in fact City Board teachers and are not County teachers. Therefore, the County Board could not pay the salaries of these teachers, but would, if the County Board contracts to send pupils to the school, be required to enter into some form of contract to pay tuition for these county school pupils, and the City Board would of necessity be required to pay the salaries of the school teachers.

WHO LAUGHS LAST

This is to advise all and sundry to stifle the snickers till you are certain you know what it's all about, to walk a good hundred yards into the "forest primeval," and then throw out one scouting and two flanking parties to determine there are no eavesdroppers before you give with the old hee-haw.

I am qualified for this bit of advice-giving; for I have just finished busting a button on some items in the "Colored News" in The Sentinel-Democrat, Mr. Sterling, Ky., only to get sobered up quickly on the fact I g-g-gled at a word about which I know absolutely nothing.

These items tickled my risibilities: "Sister Ida Jones shows advanced health. . . Sister Smooths is till the impotent. . . Sister Annie Glover does what is shown to be well according to the laws of nature. . . Brother Henry Greene is not too auspicious. . . Brother Charles Douthitt has been the somewhat indisposed, due to illness. . . Brother Elijah Hall suffers from another stroke condition. Impotent yet. . . Brother Henry Caldwell suffers wounds resulting from a car wreck while en route to his home in Frankfort, Ky. Wreck and condition of Caldwell not lucid at this moment."

And so on to tell in inimitable style of the sick and afflicted among the brothers and sisters. But what set me off in a high cackle was the heading: "The Asthenic."

Then some busy-body here consulted the dictionary and gleefully informed me that "asthenic" is thus defined: "Weak, characterized by debility."

OPENING DAY DOCKET HEAVY

Nineteen Cases Slated For Sept. 4; 5 Murder Trials Listed for Term

If the Floyd circuit court, beginning its new nine-months-a-year work Monday, Sept. 4, does not observe the holiday and cut short its opening day activities, it will have a busy Labor Day. For 19 cases are docketed for trial on that first day.

The big UMWA Labor Day celebration at Mayking will probably cancel that program, however, since many of those who would be in court will prefer being in Mayking.

The first of five murder trials docketed for the term is that of Billie Huzhes in the slaying of Bert Shepherd. His trial is slated for Thursday, Sept. 7. Former Prestonsburg Police- man Bill Kazee is scheduled for trial on the following day in the slaying here of Mrs. Elmer Blackburn.

Defendants in the murder trials planned for the term and dates set for hearings follow:

G. V. McIntyre and Luther Martin, Sept. 11; Billie Barnett, Sept. 18; Tilton Hall, Sept. 25.

County Teachers Meet Set Sept. 2 at Allen

A meeting for all Floyd county teachers will be held at the Allen elementary Building Saturday, September 2, beginning at 9:30 a. m. County Superintendent Palmer L. Hall announced Wednesday.

While this meeting will include both the rural and the consolidated and high school teachers of the county system, it will serve as the pre-school meeting for the latter group and certain routine matters will be taken care of at this meeting. Mr. Hall pointed out it is especially important that these teachers be present and the rural teachers are being urged to attend. Arrangements for a speaker have not yet been completed.

Big Sandy Coal Output On Increase, Homan Says

Coal production in the Big Sandy field is showing a steady increase. H. S. Homan, executive secretary of the Big Sandy-Elkhorn Coal Operators Association, at Pikeville, has reported.

For the week ended August 5, mines in this field produced 322,690 net tons, Homan revealed, as compared with 309,390 net tons the preceding week.

Production for the week amounted to 3.06 per cent of all coal mined in the United States. The preceding week it was 2.83.

Question of the Month Discussed at Meeting Of David Woman's Club

The question of the month of The Peoples Section for the U.N. was presented at the August Second meeting of the David Woman's Club at the home of the club president, Mrs. Harry Fiedler.

By special arrangement, the film, "You Can Change the World," was also shown at this meeting with Mrs. Clark Todd leading the subsequent discussion.

During the business session, those present formulated a plan for a new club project wherein the club membership would cooperate actively with the David P.-T.A. in all matters vital to the health and welfare of the school children, such as eliminating standing water, and taking up problems that arise through having no janitor service at the school. This will be brought to a vote at the next meeting.

Those present were, Mrs. Joseph Nekoranec, Mrs. Clark Todd, Mrs. Francis Harman, Mrs. Pete Cappelli, Mrs. Russell Harmon, Mrs. Otis Bussey, Mrs. M. E. Thompson, Mrs. Enno van Gelder, Mrs. Harry Fiedler, and Mrs. Ora Howard.

BLACK CAT FOOTBALL SQUAD LEAVES FOR TRAINING CAMP

'50 PROSPECTS GOOD; SCHEDULE RELEASED

The Prestonsburg high school Blackcat football squad, numbering 25 players combed from practice sessions, left Sunday noon for a two-week pre-season training period at Camp Daniel Boone, near Lexington, with a scheduled return on September 1, Coach "Doc" Ferrell announced Monday.

This, the first pre-season football encampment afforded the high school griders in several years, will give the boys daily workouts with the assistance of the University of Kentucky coaching staff and several Wildcat varsity griders, Ferrell stated.

"Wah Wah" Slated to Help

Highlighting the valued "outside coaching help," the Blackcat coach said, will be the definitely arranged for assistance of "Wah Wah" Jones, former great end at UK, and possibly Wash Serini and George Blanda, both former UK luminaries and now of the professional Chicago Bears. All three are former teammates of Ferrell during college days.

Other benefits planned for the prospective Cat pliskinners, in addition to the regular hours of practice, are regular diet-designated meals, early-morning calisthenics, supervised relaxation and recreation including swimming and boating. All daytime activity and night time sleeping hours will adhere to a strict daily schedule, the grid mentor emphasized.

Townsperson and business firms are sponsoring the grid encampment with contributions which prompted the coach to declare, "Right here and now, the boys and myself want to express our deep appreciation to these good townsmen for their splendid support."

He added, however, "Our funds are running close and to prevent our expenses from running into season gate receipts, anyone who wishes to help may do so by sending a contribution to Fred Francis, secretary-treasurer of 'The Fresh Air Football Camp Fund' and mark it so. We need all the help we can get." By special price arrangement, the cost of sending each boy was computed at only \$22.50 for the two weeks.

Boys making the camp trip, Coach

Ferrell said, are ends Johnny Hill, Alex Patton, Chester Bingham, Bobby Daniels, Charles Ray Burchett; guards Ferrell Burton, Morris Isbell, "Whitey" Prater, Woody Salyers, "Bucky" Burchett; tackles Tom Spradlin, Bill Jim Compton, Grover Fitzpatrick, Stanley Prater; centers Charles Gibson, "Whitey" Harris.

Quarterbacks Clyde Lafferty, Delmer Hughes; halfbacks James DeJong, "Wah Wah" Caudill, Glen Dixon, Jim Mayo; fullbacks Sid Ball, Dan Carver; backfield replacements Pete Everly, Danny Chaffins; and manager J. R. Dixon.

Prospects Are Good

Ferrell held the season's first field practice here Monday of last week with approximately 30 boys donning uniforms.

After working with his charges, the mentor described the 1950 Blackcat prospects as "good. Analyzing the statement, he said, "If the boys develop the proper mental attitude, which is over half the battle, we will certainly be hard to stop."

The backfield looks better than the line, he said. The line was hit hard by graduation with the loss of five seasoned men, tackles Mike Horn and Jerry Hager, ends Jack Crawford, William Rannels and Doug Hyden. Good performances are expected of veterans "Big Tom" Spradlin and Bill Jim Compton and newcomers Grover Fitzpatrick and Stanley Prater at tackle, he remarked, adding that considerable work is yet to be done at the center and guard positions.

"Whitesburg Toughest"

Asked to name the Blackcats' toughest foe, Ferrell cited the opening game opponent, Whitesburg, the defending 1949 Big Sandy Conference football champs. "I understand that they were not hurt too bad by graduation and had around 60 boys out for their spring football practice. To me, that says plenty!"

The Blackcats will play six games at home and three away, according to the tentative 1950 schedule released Tuesday. The Cats open with Whitesburg here, Sept. 5. The schedule reads:

- Sept. 5—Whitesburg—here.
- Sept. 15—Open.
- Sept. 22—Boyd County—here.
- Sept. 29—Elkhorn City—there.
- Oct. 6—Jenkins—here.

The Cost Would Be Trivial

TEN more feet of water in Dewey Lake would affect only one utility company and that the United Fuel Gas Company, which estimates that the cost of preparing for that added depth would run little more than \$5,000.

In view of the fact that the reservoir project itself cost the federal government \$6,000,000 and that approximately \$5,000 more would make the recreational facilities of the lake many times more valuable, that cost seems insignificant.

Even if alterations at the dam itself would cost another \$25,000, the total expenditure, in comparison with past expenditures and future benefits to a section which never before in its 150-year-old history has shared in a public recreational center of this kind, would still be a trivial item.

The Johns Creek valley no longer exists as a productive area except for highly doubtful value of the hillsides, which would be unaffected by ten or even fifty more feet of water. The reservoir, with ten additional feet of water, would still have its flood control worth. For the expenditure of a few thousands of dollars at the most, the lake can be lengthened, its area broadened, its waters enlarged to accommodate the recreation-starved thousands.

Where there is no harm and only benefits to be attained, surely some effort is justified.

The cost of the undertaking would be only "a drop in the bucket"—a drop in a big bucket.

A "Well Done"

THE eight-year-old fish fry staged annually by the Floyd County Fish & Game Club not only has become a fixture in the Eastern Kentucky sports picture—it is an event, it is now apparent, which is becoming of statewide importance.

Last Saturday and Sunday, for instance, bait-casting teams from Harrodsburg and Lexington, young and old, male and female, were on the ground to compete for items in a rich prize list.

These doubtless will take home, along with prizes won, the Floyd county sporting story. We dare hope they will remember to others our hospitality and friendliness at the Allen meet as we do their splendid sportsmanship.

Thus Floyd county would again receive the sort of "advertising" we seek for it. Those who work each year to make the event possible deserve credit for the job already done and fuller co-operation from all in the work to be undertaken in the future.

The posting of signs marking one-way streets was completed Tuesday. A new paint machine has been purchased to mark the streets for traffic.

Councilmen estimated that the cost of the machine would be much less than the present expenditure of hiring the proper marking of the streets done for traffic regulation.

Another purchase was that of a new police cruiser to replace the old one. Upkeep of the old police cruiser prompted the action, Mayor Clark said.

Several residents of the section of West Prestonsburg which successfully fended off recent attempts of annexation were at Monday's Council meeting to ask that their part of the community be included in the corporate limits of Prestonsburg.

HERE'S MY ROOM OUTFIT

IDEAL FOR THE YOUTH'S ROOM OR GUEST ROOM

You can catch something of the simplicity and sturdiness of this practical 2 piece suite from the illustration, but if you want a real surprise... see it for yourself. The Desk-A-Chest with 3 spacious dust-sealed storage drawers—a built-in writing desk with compartments and two book shelves is practically 3 pieces of furniture in one. The full size Jenny Lind styled bed has long been a favorite with the younger set. Both pieces constructed from genuine hardwood and finished in a deep, rich Maple. See this handsome suite... so economically priced.

Betsy Layne Club Prepares for Clinic

Betsy Layne, Ky., Aug. 22—(Spl.) Arrangements for the pre-school clinic to be held here Aug. 28 were completed at last Thursday's meeting of the Woman's Club at the home of Mrs. Lon Roberts. A publicity committee for this coming event, consisting of Mesdames Beecher Hardwick, Clyde Blackburn and Glenn Blackburn was appointed.

Mrs. O. J. Williams, club president, presided at the meeting. At the close of the business session a program on "The American Home," stressing family solidarity, was presented. Mrs. Williams opened the program by presenting an article on the "American Home," by Mrs. Howard P. Bary. This article discussed the objectives and ideals of American homes. Mrs. W. P. Howell then read and discussed, "Look Ahead, Parents," an article telling how parents can help their children grow older happily. Mrs. Clyde Blackburn gave an interesting discussion on how to encourage teen-agers to stay home and offered suggestions for hobbies for each member of the family. Mrs. Beecher Hardwick read and commented on, "Grow with Your Children," an article with the theme that boys and girls need freedom to grow. Mrs. Earl Hayes gave an informal talk on family relationships in the home. She also discussed the family institutes being held all over the country and presented brief reviews of several books dealing with family life. Miss Alice Williams concluded the program by reading a Edgar A. Guest's poem, "The Home."

A delicious salad plate was served the following members and guest: Mesdames O. J. Williams, Edward Lykins, Beecher Hardwick, Glenn Blackburn, Earl Hayes, Eliza Blackburn, Clyde Blackburn, W. P. Howell, Miss Alice Williams, the hostesses' mother, Mrs. Greenwade, of New York City.

The next regular meeting will be Thursday night, Sept. 21, at the home of Mrs. Elizabeth Pritchard, with Miss Alice Williams as program leader.

ATTENTION TIRE USERS!

We wish to call attention to the present tire and rubber situation.

As everyone is aware, the new tire situation is critical. There is a shortage on some sizes, and prices have advanced materially, due to increased cost of labor and crude rubber. Crude rubber, a year ago, was selling on the market at 18c per lb; today at 67c.

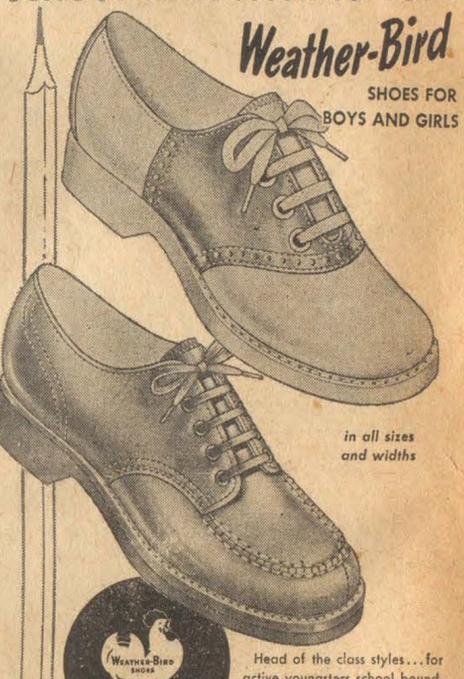

The government this week allocated the sale of rubber and camel-back for recapping. We have a fair stock of camel-back on hand and plenty on order for immediate shipment. Our policy will be to use only the best materials available with high class guaranteed workmanship, and hold prices down as low as possible, allowing ourselves only a legitimate profit. We expect to stay in business and are here to serve our customers to the best of our ability.

Come and see us in our new location at the sign of the big tire, South Mayo Trail.

Don't wait until you're flat on your back with chills, fever and rash before learning what to do about ticks.

The bite of a venomous snake is no more dangerous than a tick with germs of Rocky Mountain spotted fever, according to Frank Dufresne of the U.S. Fish and Wildlife Service.

Ticks are not true insects, but belong to the order of arachnids, which includes mites and spiders. They have toothed probes with which they pierce the skin and cling like grim death while sucking out extraordinary amounts of blood.

However, the danger of infection is slight if the tick is discovered and pulled off within three or four hours. But be careful how you remove it. The head is embedded and may break off and remain under the skin if jerked roughly. Don't use bare hands on this delicate job, because a disease-carrying tick crushed between the fingers may transmit the fever. Use tweezers, gloves, cotton or soft paper and don't squeeze the tick too hard while drawing it out. Paint the spot well with iodine or some disinfectant, and wash your hands.

Can you pick up spotted fever from your hunting dog? A lot of people have done this—not from the dog but from the ticks it carries into the house. In known tick regions, give your dog a disinfectant dip twice a week and let it dry on his coat.

There are now two kinds of vaccine to prevent Rocky Mountain spotted fever. One is prepared from infected ticks, the other, from infected, fertile hens' eggs. Hunters, anglers, forest rangers—anybody who expects to be heavily exposed—should see his doctor about these.

Tick specialists say that hundreds, even thousands of ticks may bite a man with no worse effect than a bad itch. Then along may come a certain mite slugged with germs deadlier than rattlesnake venom. So be prepared.

ARTHRITIC, RHEUMATIC VICTIMS Now Offered Faster, Longer Lasting Relief From Deep-Seated Pains

Amazing new "Film-Coated" tablet does not have toxic, useless action in stomach. Pain-relieving medicine is caused to intestine. Strikes directly at chronic, deep-seated pain and stiffness, through blood stream. Reduces uric acid and speeds soothing, analgesic action to all pain-wracked muscles and joints. New "Film-Coated" compound, called Ar-Pan-Ex, is available at Hutsinipiller Drug, Prestonsburg, Ky.

Services Held Saturday In Lawrence for Sister Of Prestonsburg Kin

Funeral services were held at 2 p.m., July 12, for Mrs. Cynthia Fugitt, 78, sister of two Prestonsburg residents and a resident of Gallup in Lawrence county. The services were held at the Methodist Church there with the Rev. S. V. Ball officiating and burial followed in the Gallup cemetery.

Mrs. Fugitt succumbed at her home after an illness of four years. Born at Busseyville, Ky., she was a daughter of the late Richard and Margaret Ball Thompson and had lived at Gallup for 43 years. She had been a member of the Methodist Church for 50 years. Her husband, Strother C. Fugitt, died in 1932.

Survivors include a son, P. M. Fugitt, of Pikeville; four sisters, Mrs. Johnnie Diamond and Mrs. Arnold Bowe, of Louisa, Route 1, Mrs. Hezz Carter, of Eubanks, Ky., and Mrs. Buck Blair, Prestonsburg; a brother, Lefe Thompson, of Louisa, Route 1, and Edward Thompson, of Prestonsburg, and 10 grandchildren and two great-grandchildren.

Hazard Horse Show Prizes Worth \$3,000

Cash prizes and trophies equivalent to \$3,000 will be awarded at the 8th annual Perry county horse show, August 24, 25 and 26, it was announced this week by Charles Combs, Hazard, originator of the event.

Stables from Lexington and Richmond will send horses to compete with those from other sections, and in all there will be a quarter-million dollars' worth of horse flesh on exhibition during the two days, it is estimated.

BIRD HUNTING LAWS DEFINED

Frankfort, Ky., Aug. 14 (Spl.)—A 35-day season for shooting migratory game birds and waterfowl for Kentucky has been announced by the U.S. Fish and Wildlife Service and the Division of Game and Fish. The season will open at noon on December 1 and continue through January 4. Shooting hours will be from one-half hour before sunrise to one hour before sunset (Central Standard Time) except on opening day when the hours are from noon to one hour before sunset.

A request for a split season for Kentucky was considered by the Fish and Wildlife Service, Earl Wallace, Director of the Division reported, but in accepting such a split season the Kentucky hunters would have been deprived of seven days of hunting. He pointed out that two seasons of 14 days each could have been approved, but that the Commission and the Director decided that the full 35-day season would benefit the hunters more than only 28 days in two 14-day seasons. The dates approved have been found to be the period in which the greatest concentration of ducks are to be found in Kentucky. Mr. Wallace pointed out that the flights are governed by weather conditions and since it is impossible to determine these conditions in advance it was decided to set the dates according to past performances of the ducks.

Possession limits remain this year the same as for last season.

The daily bag limit for ducks is four with a possession limit of eight, which may include not more than one wood duck. For geese the bag and possession limit is four of which only two may be Canadian or its subspecies, or two white-fronted geese or one of each. Only 10 coots may be killed in one day and the possession limit may be the same number, while the possession limit for red breasted or American mergansers is 25 singly or in the aggregate of both species.

Migratory waterfowl and game birds may be held in possession in frozen food lockers 90 days after the close of the season. Any birds stored, however, must have accurate statements of the number and kinds of birds contained in the package clearly and conspicuously marked on the outside.

All guns must be plugged to hold not more than three shells in the barrel and magazine combined, and the plug must be placed in the gun so that it cannot be removed except by disassembling the gun. No shotgun larger than a 10-gauge may be used and all must be fired from the shoulder. Use of rifles on any kind of migratory birds is barred. Bow and arrows may be used in the open season for waterfowl within prescribed regulations.

No power driven boat, either outboard or inboard, may be used in taking waterfowl or coot, except for transportation. The use of automobiles or aircraft as an aid in hunting is forbidden except as a means of transportation.

A duck stamp is required to take migratory waterfowl of all persons 16 years of age or older. A state hunting license is required of all persons regardless of age in taking migratory waterfowl, except residents over 65 who must have in lieu of a license an affidavit showing time and place of birth or a birth certificate.

It is violation of the state and federal law to kill any kind of birds except those listed above and crows, starlings, English sparrows, great horned owls, Cooper's and sharp-shinned hawks.

FRANKFORT—Books in county-clerk offices in Kentucky were opened today for registration of voters. The books will be closed Sept. 9, as required by law. That will be 59 days before the general election on Nov. 7.

County Clerks Must Pay For Their Office Supplies Out of Fees, Is Ruling

Frankfort, Ky., Aug. 14—County clerks must pay for their office supplies out of their fees, with one exception, Assistant Attorney General M. B. Hollfield explained in an opinion given Clark County Clerk Clyde Gravett of Winchester.

Hollfield pointed out the State pays for the clerks' record books up to certain amounts according to a county's population. In the case of Clark County the maximum is \$375 a year. The letter explained that office supplies include stationery, blank warrants, subpoenas, deeds, mortgages, and similar necessities. Office equipment, such as chairs, tables, typewriters, filing cabinets and adding machines, are paid for by the county, Hollfield said.

"Most Fiscal Courts are liberal about this matter and pay for office supplies such as letterheads, etc., and we have never known of such claims being challenged. However, when it comes to the strict letter of the law, we can find no provision in the statutes that authorize you to charge these supplies to the County."

LOUISVILLE—Authorities here have figured out that Kentucky will have to supply about 200 of the 9,444 Army reserve officers to be ordered to active duty during the next two months.

When an Hour means Forever!

Well, here you are—your hand on the beautiful steering wheel, your thoughts on your favorite highway.

You're going to find out—for yourself—whether all these wonderful things you've been hearing are true.

A flick of the finger, and the great Hydra-Matic Drive is set for action. Softly, quietly—and, oh, so smoothly—you roll out into the street.

What's this? A "Stop" sign! You take your toe off the throttle and put it on the brake—and you settle down to the softest, most reassuring stop you ever experienced in all your life. Say, it's fun even to put on the brakes!

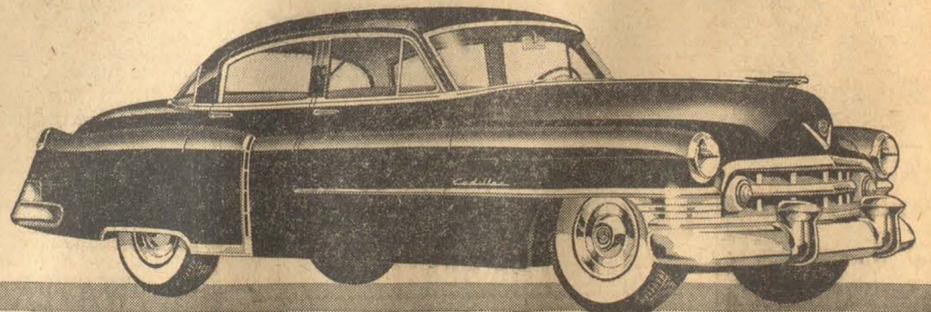

As you touch the throttle again, the back of the seat comes up to press against your shoulders. But it's all so

easy! From settled stop to driving speed is one continuous sweep. What an experience!

Again and again, the big brakes bring you to a velvet stop. Again and again, the great engine sweeps you into action with one continuous movement. Again and again, a rough stretch of road rolls under the wheels and leaves you wondering what happened to it.

Yes, it's true! This wonderful car's performance is equal to its prestige. You want it as much for what it does—as for the magic name it bears.

Come in and see for yourself. But it's only fair to warn you: Sit for an hour at its beautiful wheel, and you'll want this car forever!

HOLY ANNUAL CONFERENCE

Of Kentucky Methodists At Richmond This Week; Report Church Progress

The Kentucky Methodist annual conference, comprising all of Eastern Kentucky east of Louisville, and composed of seven districts, more than 240 pastoral charges and 600 clerical and lay delegates are meeting at Eastern State College, Richmond, this week, Wednesday through Sunday noon.

Representatives from Prestonsburg Methodist Church to the conference are Clabe Bingham and the pastor, the Rev. Wm. Hugh Smith.

Other Methodist Charges of Floyd county which are represented at the conference at Richmond are: Allen-Martin, W. J. Kenny, pastor; Auxier—Horn Chapel, Woodrow Branham, pastor; Betsy Layne-Laynesville, R. L. Anderson, pastor; Emma, Clarence Sadler, pastor; Dwayne circuit, Floyd Laferty, pastor; Garrett-Maytown-Salisbury, C. F. Allen, pastor; Wayland, R. L. Myers, pastor; Wheelwright, Guy Coffman, pastor.

Methodist churches in Floyd county have had an exceptionally good year, is the report to the conference. A church building is being constructed at Allen; Horn Chapel church has been completed, cleared of indebtedness and dedicated; extensive improvements at the Wayland Church have been about completed, and the Prestonsburg Church has been made all but new in looks with the installation of new pews, lights and a new coat of paint, both inside and out.

Dr. W. P. Fryman has completed six years as superintendent of the Ashland district and must, according to church law, be moved to another work at this conference. During the past six years Dr. Fryman, with the cooperation of laymen and pastors alike, has seen much growth and development in Methodist in Floyd county and throughout the Ashland district.

Stay Home or Notify Express Office, Advice

Persons who receive railway express shipments can save money by picking up their shipments at the express office themselves if they were not at home to receive it on the first delivery. It is pointed out by Local Chesapeake & Ohio officials. Numerous inquiries have been made at the C. & O. express offices regarding the new charges of \$1 per 100 pounds or a minimum of 35 cents for a second delivery.

If the second delivery is not completed either, the receiver of the shipment must pay the charge even though he then picks it up himself. Therefore he can avoid any delivery charge by telephoning "hold" instructions to the local express office and picking up the shipment after receiving the notice that the first delivery was incomplete because no one was at home.

The express agency is a separate company and the C. & O. does not set its charges.

IMPERIAL...is the word for it!

"Imperial," says Webster, means "superior excellence." IMPERIAL, says Chrysler, is this luxurious new car that excels anything on wheels in the sheer exquisiteness of its styling. Come look inside this reigning beauty . . . look at the lavish wool broadcloth fabrics, tastefully combined with topgrain leathers. Look at the lovely color harmonies, the soft sheen of the butter-finished chrome. Consider the advantages of Fluid Drive . . . exclusive new automatic transmission . . . Waterproof Ignition . . . Full Flow Oil Filter . . . High Compression Spitfire Engine . . . electric window lifts . . . the CLEARBAC rear window for exceptional driver vision . . . and dozens more. Surely, of all the world's fine automobiles, only the Chrysler CROWN IMPERIAL, this car's running mate, achieves the same aristocratic distinction. Come see the flawless workmanship, the fine materials, the superb Chrysler engineering . . . and you'll agree that no other car, at any price, compares with the Chrysler IMPERIAL. Inside or out, there is no finer car in America!

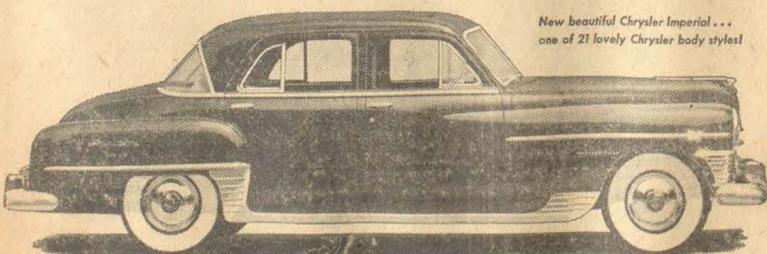

ONLY THE CHRYSLER IMPERIAL offers you this absolutely unique system of window control! How to take the Work out of Housework

Wash the beater and bowl of your electric mixer immediately after use. Lukewarm water is best. Never bang the beater against the bowl to detach particles. Always dry thoroughly. Wipe off motor. Cover when not in use.

(Mixers are handy. You can run yours an hour for a cent's worth of electricity.)

Didn't finish your ironing today? Don't worry. You can keep sprinkled clothes from mildew by wrapping in wax paper, and placing in your refrigerator. They'll keep sweet and fresh for several days.

(Your refrigerator will work all week end for a nickel's worth of electricity.)

What's more welcome than a cooling fan these hot summer days? Be sure the blades on your fan are clean, and the wire and plug are in good order. Fans get thirsty in summer, too. When was yours oiled last?

(For only one cent, an ordinary sized fan will keep you cool more than 4 full hours.)

Before washing dishes that have held raw eggs, rinse in cold water. Hot water cooks the eggs on the dish, makes washing harder. Lucky you, if you have an electric washer. Simply put your dishes in and forget them!

(An electric dishwasher will wash and dry 6 loads of dishes for a penny! Less breakage, too!)

WHEN YOU FEEL WEAK AS A CAT

If you have that good-for-nothing feeling, like you are half-sick and half-well, and your nerve energy is weak and low, the chances are it is due to one thing, doctors call it:

BLOOD POVERTY

Your blood cells may be fagged-out or shrunken, and you might not realize it. Even if you eat the "best" foods you may not be getting all the good out of your meals simply because you have SLOW Digestion without knowing it (or gassy stomach) and as a result you are a victim of Blood Poverty! In other words, your blood is not getting the fullest good out of what you eat. So your blood-cells become worn-down and you have only half as much energy as you really need, you get up in the mornings still tired, and your nerves become dull.

Hundreds here in Prestonsburg suffered with "fade-out" blood and stomach gas until they got CERTA-VIN. This is the new medicine containing 12 Herbs blended with Vitamin B and Iron; you take it before meals and it works with your food. Benefit comes quickly. Your food digests FASTER, with less gasiness, and you get more good out of your meals. In a few days your blood is energized with new red cells and your nerves become stronger. Weak, rundown people tell us they soon feel different all over. And best of all, our price on CERTA-VIN is reasonable. You can actually take this New, modern medicine for only a Few Cents a Day! So don't go on feeling half-sick and half-well. Get CERTA-VIN at the W. A. ROSE DRUG CO. (formerly Hughes Drug Co.), here in Prestonsburg.

Big Sandy Officials Set Date And Plans for Playoff Series

TOP SIX TO BEGIN ELIMINATIONS, SEPT. 16

Big Sandy Baseball League officials and team representatives, in a meeting at Allen last week, completed outline planning for the league's annual championship playoff series to begin September 16, League President W. A. Malone has announced.

Of the ten loop teams, the six finishing with the season's best standing will participate, it was decided, with the pairings as follows: team number one will tangle with team number four, team number two engages number five and number three will meet number six in the first round of the series.

The first round will see the nines vying for two victories out of three possible with the top team furnishing the homestie for the first game. Site of the second game will be the home park of lower-rated team. If a third game is necessary to decide the "two best out of three," Malone said, a coin shall be flipped to determine the site.

The three survivors will fight out their differences for the title. Releasing the current standings this week, Malone, who has been head of the loop in all its seven years of operation, stated that the race for the pennant and a place in the playoff this year was closer, from top to bottom in standings, than ever before.

Drift, which meandered near the bottom of the loop ratings for the most of the season, came to life in a winning streak that was sparked by the addition of Don Hewlett to the mound staff, Malone said.

"It's practically impossible to predict just which teams are likely to participate and speculating on a likely winner is out of the question," Malone declared.

In 1949, Harold beat Hi Hat for the playoff championship and Allen copped the regular season pennant.

Construction of Factory Started in Johnson

Construction of Johnson county's first factory—the Sandy Valley Tool & Machine Company—now is under way at West Van Lear. George Branham, president of the company, said the firm will manufacture a new wrench invented by a Johnson countian, Russell Reener.

Branham said production will start soon with an output of 800 wrenches daily.

SPAN REPAIR IS PROMISED

Action Would Permit Mobile Postal Unit Thru This Section

Repair of the bridge across Twelve Pole Creek at Wayne, W. Va., to accommodate loads of 13.5 tons is expected to be started soon, and this will open the way to the establishing of mobile postoffice service between Lexington and Huntington, Congressman Carl D. Perkins said last week.

Congressman Perkins quoted from a letter written by Ray Cavendish, West Virginia highway commissioner, to Senator Harley M. Kilgore, stating:

"Our Bridge Department will soon complete the preparation of plans for certain repairs to this bridge which, when completed, will permit a loading capacity of 13.5 tons. We expect to get the repairs under way just as soon as the plans are ready and we are able to obtain the necessary steel."

This one bridge, postal authorities pointed out a few months ago to Congressman Perkins, prevented the Post Office Department from establishing the route which would include Hazard, Hindman, Right Beaver Creek towns, Prestonsburg, Paintsville and Louisa. The span was considered too weak to accommodate a heavy vehicle such as proposed by the Department.

Letcher Deputy Waives Trial in Fatal Shooting Of Parole Officer's Son

Whitesburg, Ky., Aug. 15—Deputy Sheriff Alonzo Sizemore waived yesterday an examining trial on a murder charge in the fatal shooting of Birnie Bates, 40-year-old son of Parole Officer M. D. Bates.

Bond was set at \$8,000 by County Judge Robert Collins and Sizemore was released to await grand jury action after executing bail.

Bates was shot Thursday night on a road near his home at Kona, 12 miles from here. Sheriff Hassell Stamper said Sizemore was trying to arrest Bates for the wounding, a short time earlier, of a store operator at Payne Gap.

Sizemore shot Bates, the sheriff said, when the men leveled a shotgun at the deputy and demanded he hand over his pistol. Bates died in a Fleming hospital Saturday morning.

Reemployment Rights Continued by Extension Of Selective Service Act

Secretary of Labor Maurice J. Tobin announced Aug. 18 that inductees, enlistees and reservists who leave jobs in private industry or with the federal government to perform active service in the armed forces are eligible for re-employment as a result of Public Laws 572 and 599, 81st Congress, which extended the Selective Service Act of 1948 until July 9, 1951.

Secretary Tobin explained that re-employment rights apply to the person who enlists in the armed forces prior to July 9, 1951 if it is his first enlistment after June 24, 1948 and for a period of not more than three years unless extended by law, and to the reservist who enters upon active duty between June 24, 1948 and July 9, 1951 if released within three years after entering upon active duty or as soon after the expiration of three years as he is able to obtain orders relieving him from active duty.

"Of special interest to reservists is the fact that the Selective Service Act of 1948, as amended, extends reemployment rights to persons who enter upon active duty in the Armed Forces in response to an order or call to active duty," the Secretary said. "Whether with or without his consent, a person going on active duty does so in response to a call to active duty. The statute draws no distinction between the reasons behind the call."

The Bureau of Veterans' Re-employment Rights in the Department of Labor has responsibility for handling reemployment rights under Section 9 of the Selective Service Act. Persons seeking information about such rights should address their inquiries to the Kentucky Disabled Ex-Service Men's Board, 1405 West Broadway, Louisville, Ky.

FOR PLUMBING CALL 5841

CARL CHAFFIN PRESTONSBURG, KY.

Since August, 1945...

We've Nearly Doubled the Number of Telephones

...and we're still on the run!

What an expansion of telephone facilities for five short years! The number of Southern Bell telephones in service has been increased from 1,805,980 at the end of World War II to 3,366,000 today—nearly doubled. Thus, in five years' time, we have achieved an increase in telephones as large as the increase for the first 63 years of our company's history.

And here's more of the five-year picture of progress:

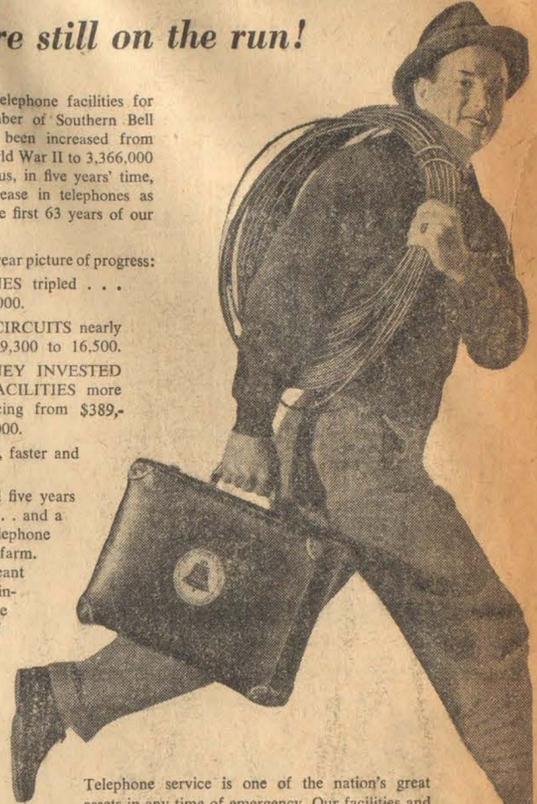

RURAL TELEPHONES tripled... from 144,721 to 434,000.

LONG DISTANCE CIRCUITS nearly doubled, going from 9,300 to 16,500.

AMOUNT OF MONEY INVESTED IN TELEPHONE FACILITIES more than doubled, advancing from \$389,600,000 to \$837,000,000.

SERVICE... clearer, faster and more dependable.

The South has experienced five years of unprecedented growth... and a tremendous upsurge in telephone demand in town and on the farm. Meeting this demand has meant constructing new buildings, installing new central office equipment and thousands of miles of wire on pole lines and in cables. For each telephone added today, these facilities are costing nearly twice as much as in 1945.

Telephone service is one of the nation's great assets in any time of emergency. Our facilities and the skill of telephone men and women were never so far advanced as they are today. Whatever communications needs may arise, they will be met to the utmost.

TEAMS "EVEN COUNT" HERE IN TWIN BILL

Pikeville All-Stars Get Revenge; Prestonsburg Girls Also Win, 14-9

Revenge. That was the prevailing essence of play consummated in the outcomes of an all-star softball twin bill benefit played here Saturday night between choice lassie and select men's teams of Pikeville and Prestonsburg.

Ex-Pikeville Mayor Bill Stone, who led his all-star townsmen here in quest of retaliation for defeat under gone there a week earlier, scored the winning run in the seventh inning. Racing homeward, Stone was hit on the leg by an outfield toss and he crossed the plate standing up as the ball bounced astray.

Stone's run gave his team victory, 2-1. The Prestonsburg All-Stars had won, 11-2, in the first meeting at Pikeville.

The winners scored their first run in the third inning. Prestonsburg tallied its single score in the second inning for a short-lived lead when Porter tagged home on Clark's hit. Justice the winning pitcher, issued blank tickets to eight batters and passed 11. May, Prestonsburg hurler, whiffed four men and walked five.

Third All-Star Tilt Set

For a final season fling at trying to decide just who is the best and, at the same time, further benefit the playground, a third and doubleheader meeting has been slated for Saturday night here between the two men's all-star softball nines. Game time is 7:30 p.m.

In the first game, the Prestonsburg girls avenged an earlier loss to Pikeville and made it their sixth victory in seven starts by outscoring the visitors, 14-9.

Victory was clinched in less than the regular seven innings and the necessary five-run margin gained in the sixth when Whitaker and Greenwade hit consecutive home runs. Jackie Conley, hurling for the Prestonsburg feminine aggregation, struck out three and walked eight.

The winners collected 14 hits to five for the losers. The only loss of the year suffered by the Prestonsburg girls was at Pikeville on the previous Saturday night when the Pike femmes edged the Floyd representatives, 2-1.

Three Prestonsburg sisters, Jackie Conley, Angie Miller and Ann Whitaker, collectively scored six runs and hit safely for eight times in four times each at bat. "Katie" Greenwade had the distinction of scoring four runs while registering a perfect day at bat with three for three. Donna LeShon scored two runs without being charged with a time at bat or with a hit.

JEST AMONG US

BY JACK WILD

Somehow I feel about twenty years older this week, and I guess it's because of that second wedding. The first wedding in which I participated was my own, and it wasn't so long ago—well, not so awfully long ago—either. Last week I was in another one, under slightly different circumstances. This time, at the request of a charming young lady of my acquaintance, I functioned as "father of the bride."

The church was crowded with people and I was sure I heard somebody whisper as the bride grasped my arm and we began the wedding march. "My, he's a young man!" That made me feel better. In fact I didn't feel old at all, though I must have created a little going down that long aisle. "It wasn't till later, when some smarty jokers started calling me "Pappy," that I got that old feeling.

All in all the wedding ceremony went off fine, except for one horrible moment when I couldn't remember of my line, which consisted of two words. Was it "I do"—or was it "Do I?"

The first wedding I had anything to do with was a bit more exciting for the spectators. The bride was nervous, understandably so, from thoughts of what she was getting into. The groom, on the other hand, was poised and self-assured—poised and self-assured, that is, up to the smack middle of the ceremony when the bride burst into tears. At that point the groom, so calm, so cool, so fully panicked, let out a giggle like a school girl on her first date.
