

THURSDAY

This Town-- That World

A GREAT MAN

The world lost a great man this week. Since Russia and the United States aren't likely to agree on his successor, he indeed may have been the one thing I never expected to see or hear of—the indispensable man. Because he is dead and a successor may not be named, the United Nations may die. The only thing I ever held against him that last name which, even now, I spell only by consulting a newspaper: Hammarskjöld.

Only this week I am reminded of the most potent suicide weapon ever devised. A fork.

THREE WHO CROAK, "AMEN"

Minor Clark has strong support in his theory that Dewey Lake's pet deer could be dangerous. There is the case of the deer and three men in a boat, for instance. They saw this young buck standing near the edge of the water, nosed their boat over toward him and the deer didn't budge, merely watched their approach. Then one of the trio had the bright idea of getting ashore and finding out why this young bucko wasn't shying away.

But as he drew within a few feet of the deer, the buck lowered his head, pointed a full set of antlers at him and moved as if to attack. The man latched onto the menacing antlers, and there ensued an imitation of a merry-go-round. He yelled for a companion to seize the buck's hind legs and help him throw the animal. The companion unwisely complied and was promptly kicked into the lake for his pains. Before the encounter was over, all three men had suffered a dunking and were glad their motor started at the first pull.

We do not mention the names of the three, since they are not among those insisting on publicity at this time.

PRESTONSBURG WOMAN ASKS \$75,000 DAMAGES

PARKS LEASE CANCELLATION SUIT SUBJECT

Mrs. Weddington Seeks Recognition of Leases Awarded Under Chandler

Cancellation by Governor Combs of oil and gas leases granted on lands in two state parks during the last days of the Chandler administration resulted last week in the filing of a suit by a Prestonsburg woman against the state.

Mrs. Joyce Weddington, wife of Joe D. Weddington, asked the Franklin circuit court to require the state to recognize the leases as valid and to award damages of \$75,000.

The leases, which involve six tracts in Natural Bridge State Park and nine in Carter Caves State Park, were voided in February, 1960 by Combs on the ground that they were executed contrary to public policy.

Mrs. Weddington paid \$350 for oil and gas rights in Natural Bridge State Park and \$1,000 for similar rights in Carter Caves State Park shortly before Chandler left office late in 1959.

Combs said last week he would resist any efforts to exploit public parks for any purpose such as oil and gas drilling.

His directive in 1960 cut short any exploration that would have shown the mineral value of the park land involved. He said he knew of no geological information that the property offers profitable explorations.

RANIER ASKS \$100,000 IN DAMAGES FOR LIBEL

Harry B. Ranier, well-known Prestonsburg contractor, this week filed a libel suit in the Floyd circuit court seeking to recover \$100,000 damages from H. Nick Johnson and the Lexington Herald-Leader Company.

The Floyd suit is the aftermath of a suit filed by Johnson, a state senator from Harlan county, seeking to recover from Wade Hall and/or Blanche R. Hall and/or Neale Hall a total of \$49,977.36. This suit was filed in the Fayette circuit court, and Johnson named the defendants as his former "silent partners."

Ranier, in his action, points out that The Lexington Herald, on or about August 23 published a news story relating to the Johnson suit, and that the newspaper story stated he was accused of signing Johnson's name to a First National Bank note for \$15,000, and that \$10,000 of the total was still due to the bank. Ranier's petition also quoted the Herald story as saying Johnson accused his other partners with forging negotiable notes worth \$10,000 against the company and of earning \$13,000 through "a certain partnership" that excluded him.

Declaring the statements false and published with the malicious intent to injure him, the Prestonsburg man in his petition alleges that the statements published were intended to and did infer that he was a partner "in some sinister, illegal and unethical activity, and that he was guilty of the crime of forgery and could not be trusted in a business transaction." As a consequence, he contends, his credit has been damaged, he has been unable to purchase machinery and equipment on installments, he has been denied the opportunity to bid on construction contracts and his reputation in business has been greatly damaged.

The Lexington Herald published a correction of its original story, saying that its report that Johnson had accused Ranier of forgery was erroneous.

OFFICER NABS JAIL ESCAPEE

Workman Is Recaptured Friday; Three At Large From Recent Jail Break

Robert Workman, of Dwaile, became the fourth of the seven prisoners who escaped from the county jail here recently to be returned to custody when he was arrested Friday by Deputy Sheriff Joe Wheeler Lewis.

Bob Blanton, Edmond Hall and Ordean Meade are the others who have been returned.

Still at large are Tivis Colley, Sammie Foley and Columbus Quillen. Foley was sentenced to pen terms totaling four years, shortly before his escape, after violation of probation. Colley was named in five breaking and entering indictments last week by the grand jury.

Among those jailed within the week on other offenses were:

Billie Tackett, charged with grand larceny, booked by Deputy Sheriffs R. Hall and H. Johnson; Norman Conn, driving while intoxicated, arrested by State Trooper Williamson; Dean Clegg, reckless driving, arrested by Martin Policeman A. J. Reed; Ernest Hatfield, committed on a capias for fine and costs of \$32.50 for fishing without license, jailed by Conservation Officer Don Mead.

Education Aid Group Schedules Regular Meet

The Advisory committee of the Floyd County Education Council will meet at the Allen grade school building, Thursday, September 28, at 7 p.m., it is announced by Harry Zimmerman, president. This meeting will precede the full Council meeting scheduled for October 19. Zimmerman urges all members of the advisory group to be present as several matters of importance are on the agenda.

BROTHER ASKS POST-MORTEM

Pikeville Pathologist Makes Branham Autopsy; Was World War II Vet

Funeral of David Branham, Jr., who died at the Paintsville hospital at 9:17 p.m. Saturday, was conducted Wednesday afternoon after having been delayed a day while an autopsy was being arranged to determine the cause of his death.

Branham, who was known to relatives and friends as "Bud" and "Soda," was taken to the hospital about 9 a.m., Saturday from his home on the Middle Creek road. A brother, Ernie Branham, of George's Creek, asked that a post-mortem examination be held. Dr. Paul B. Hall, the attending physician at the hospital, wrote County Judge Henry Stumbo that Branham's condition on arrival at the hospital was such that he could not make a definite diagnosis and that he could do this only by autopsy.

Ernie Branham signed an affidavit Tuesday, stating that he believed his brother died as a result of "illegal, unknown causes." An order for an autopsy to be made at the Paintsville hospital was issued by the County Judge's office, but Mrs. Maude Fitzpatrick Branham, his widow, asked that the autopsy be performed by Dr. Thorsness, Pikeville pathologist. Followed almost a full day of disagreement.

EARLY DATE AFFECTS FAIR

Late Spring Cuts Number Of Corn Exhibits, Said; Exhibits of Art Improve

Despite the late spring and an earlier date for the Floyd County Fair here, exhibits this year were equal in quality, if not in quantity, to last year, it was said by Kermit Howard, board chairman.

The two factors cut short the number of corn exhibits, according to J. L. Lafferty, Sr., in charge of field crop exhibits.

Other fair sections were on a par with last year, Howard notes. The fair, which opened Wednesday, closed Saturday evening.

School exhibits, which traditionally are greater in number due to the fact that several hundred teachers and their pupils are potential exhibitors, was the best yet, it was said by Wanda Greene, who was responsible for the displays. Fire broke out in the school section late Saturday afternoon and many persons who expected to view the exhibits were prevented from doing so. (See separate story).

Mrs. Carl Horn, secretary of the Fair Board, compiled the number of exhibits in several departments. Two-hundred-four were entered in FHA, 470 in 4-H and 12 in FFA. There were 32 exhibits of livestock and 61 entered the field crop department. The number in the Homemakers open class, under the supervision of Mrs. Winnie F. Johns, was not available, Mrs. Horn said.

The school exhibits were, as usual, an extravaganza of colors. To name a few there were drawings of Boonesborough, trees of Kentucky, rivers of the state, neighborhood map of Dwaile, chart of world climates and American history time line. One rural school exhibited two fine drawings by its pupils: The natural regions of Kentucky and flags of the United Nations.

Featuring the exhibits were scores of penmanship manuscripts, health posters, exhibits of pictures of musical instruments.

FRIENDLY DEER OSWALD FOILS CONSERVATION OFFICERS' PLAN BY DOING VANISHING ACT

Oswald, the tame deer ranging the Dewey Lake refuge and on occasion making acquaintances right and left, is strangely missing, these days, as conservation officers would corral him and thus afford him protection from some trigger-happy hunter during the forthcoming deer-hunting season.

But Minor Clark, commissioner of the Department of Fish & Wildlife Resources, isn't as concerned about Oswald's safety as he is about that of humans. Right and left, as conservation officers would corral him and thus afford him protection from some trigger-happy hunter during the forthcoming deer-hunting season.

Clark told of a caretaker being attacked by a "pet" deer at the Elkhorn Fisheries station in Pike county, several years ago. This attack came in the fall.

"I am asking Mr. Arnold Mitchell to investigate this matter," he wrote Mrs. Martin, "and determine if this Department should not make an effort to remove the deer from the area in the interest of safety to the public. I am not really as concerned about someone shooting the deer as I am about this particular deer doing damage to some person."

Yet hunters, in the name of sportsmanship, are being urged not to shoot this particular deer because he will make no effort to run when approached and will be a helpless, standing target.

(Conservation Officers Raymond Copley and Don Meade this week made the same plea for approximately 1,000 pen-reared quail which are being released in this county. These birds, which will be banded, will come into barnyards and around homes and should be afforded protection, the officers emphasize.)

EXECUTIONS ASK \$9,000

From Floyd Officials; Judgment Was Granted In 1957 by Speckman

Executions calling for the collection of approximately \$9,000, plus interest, from five past and present Floyd county officials were issued last week by Circuit Clerk Henry Stephens at the request of Jesse K. Lewis, Lexington attorney.

Named in the executions were County Judge Henry Stumbo and former Magistrates M. C. Wright, Edgar Howell, Ellis Martin and J. E. Harris.

The judgment, granted in 1957 by Special Judge Lawrence F. Speckman in the trial of a Taxpayers' League suit, has been appealed and the Court of Appeals has not handed down its ruling. Principal and interest bring the amount claimed to about \$15,000.

The suit against the officials alleged that the fiscal court illegally raised Judge Stumbo's salary and that expense money had been illegally spent by the court.

ROLE IN AID PROGRAM FORMULATED BY STATE

Kentucky's Area Program Office, designed to coordinate the State's role in the new Federal Area Redevelopment Program, began field operations Monday.

In Eastern Kentucky, the establishment of the Area Program approach implements a recommendation by the Eastern Kentucky Regional Development Commission, Whisman said. Each area council will be endorsed by the Commission, and may subscribe to the regional redevelopment objectives outlined in Program 60—the Commission publication.

Area councils to be organized will not supersede or duplicate existing organizations, Whisman said, but they will allow for voluntary cooperation among them.

When the initial work on provisional over-all area programs is accomplished (about two months) the Area Program Office will work with the councils and appropriate action agencies to emphasize the development of specific projects.

The new federal program places chief responsibility on local initiative. After redevelopment areas are designated, local leaders must develop an Over-all Economic Development Plan, which must be approved by the Area Program Office and the Federal Area Redevelopment Administration.

The federal plan, backed by the state agency, seeks to help counties where unemployment and other conditions of economic depression have earned the counties the designation as redevelopment areas. Already 61 Kentucky counties, including Floyd, have been designated as eligible within the federal program.

Since the Area Program Office was set up by Gov. Bert Combs in August, the office has received nearly 100 inquiries for help from local groups.

Whisman conferred with Area Redevelopment officials in Washington Wednesday and Thursday on a forthcoming proposal by the Conference of Appalachian Governors, of which Governor Combs is chairman. They also discussed the activities of the Area Program Office. Whisman attended the regular meeting of the Public Advisory Committee for the new federal program.

Work on a sixth project on which a contract already has been awarded is scheduled to begin October 1. This is the construction of a concrete bridge across Little Paint Creek and 4 mile of highway up the creek, to be done by the Mattingly Bridge Company.

Projects on which bids were opened Friday, the low bidder and amount of each bid follow:

Surfacing 4.6 miles of the Drift-Wayland road, 1.3 miles of the existing road from Bosco up Salt Lick Creek, and 1.5 miles of the Branham's Creek road; Adams Construction Corp., Pikeville, \$72,742.

Surfacing 1.7 miles of streets in Betsy Layne; Adams Construction Co., \$13,845.

Surfacing 1.7 miles of streets in Drift and McDowell; Adams Construction Co., \$11,987.

The Mattingly Bridge Company, which is engaged in building two bridges across the Big Sandy and one at the mouth of Johns Creek on the new Prestonsburg-Paintsville route, has predicted it will complete the bridge at Auxier by Christmas.

Miss Julia Mayo May, of Prestonsburg, was one of 63 persons who passed the Kentucky bar examination, it was announced recently.

Miss May, who is a daughter of Mr. and Mrs. R. V. May, studied law at the University of Virginia and is now a law clerk with the Court of Appeals.

MILLER TRIAL BEGINS TODAY

Barnett Wins Acquittal, On Manslaughter Charge; Two Given Pen Sentences

Trial of Charlie Miller for the slaying here of Deputy Sheriff Wesley Fannin is scheduled to begin Thursday, and it is expected to be the highlight in point of interest of the entire circuit court term.

Radford K. Barnett, of Martin, won an acquittal last week at the conclusion of his trial on a charge of voluntary manslaughter. The charge arose from a Middle Creek automobile wreck in which two men were killed.

Two men were convicted within the week and given pen terms: Forrest D. Lewis, one year for seduction; Frankie Spradlin, two years for grand larceny.

Two of the seven who escaped jail here recently but who had been captured heard sentence pronounced upon them during the week. Edmond Hall was sentenced to a one-year pen term for breaking and entering, and Robert Workman was sentenced to two years for grand larceny. Others on whom sentence was passed after conviction were: Clyde Robinson, two years, grand larceny; Doc Blanton, two years, grand larceny.

The one-year term of William Hall, Jr., who had been convicted of grand larceny, was probated, as also was the two-year term of Billy Ray Howell, who had been convicted of child desertion. The motion of John Franklin Shepherd for probation following his conviction on a breaking and entering charge was denied.

The grand larceny charge against Edward Bentley, Thomas Jefferson Murphy and Maryland Craft was filed away, subject to being redocketed.

COURT VOTES POLL METHOD

Paper Ballots Approved In Municipal Elections; Attorney-General Rules

The Floyd fiscal court this week voted unanimously to authorize the County Clerk to have separate paper ballots printed for all town elections contended for the November polling.

The action was taken after the Attorney General's office had ruled that it can be taken under provisions of KRS 118.450.

The order providing for separate ballots to be printed for all such elections pointed out that:

1. In the recent primary a large number of voters were deprived of the right to vote because of an insufficient number of voting machines. It is expected that the voting will be heavier at the November election in those precincts where city elections are held.

2. City limits are not coextensive with the voting precinct boundaries, and a state of confusion arises relative to the use of voting machines in such situations.

3. City elections are not partisan and are required by law to be on separate ballots.

The Attorney General's office pointed out that in some instances voting machines can be blocked in such a manner as to permit a separate election contemplated by KRS 118.450. It added that this may be possible with the machines used in this county or, on the other hand, may not be practicable under the circumstances.

The question was submitted to the Attorney General's office by the City Council of Martin. There certain candidates are threatened with the loss of a place on the ballot, on the grounds that some of the persons who signed their notification and declaration papers also signed those of their opponents. It is held that candidates who do not have as many as 20 signatures which can stand challenge because of such duplication may not be legal candidates.

Kentucky law provides for written voting, but no means for a write-in vote is provided by voting machines.

Teacher Workshop Hears Two Featured Speakers; Boswell Talk Scheduled

Approximately 225 consolidated elementary school teachers participated in a workshop here Thursday and Friday of last week for the first time in an effort to segregate the different interests of secondary, rural and consolidated teachers. Meetings of the secondary and rural teachers are scheduled at separate dates in the near future.

UNION DEMANDS STALL OPERATIONS OF MINES

School Gymnasium Fire Damage Set At \$10,000; Fair Site Change Viewed

Fire in the Prestonsburg high school gymnasium where the school exhibits and the commercial booths were presented at the Floyd County Fair, brought to a sudden end the influx of visitors there Saturday afternoon. The blaze originated in the press box and is thought to have been caused by the electrical wiring.

Gordon Moore, assistant Prestonsburg high school principal, estimates the damage may go as high as \$10,000 from effects of the blaze, smoke and water. He noted that the gym floor has buckled due to the water.

Many promoters of the annual fair are pointing to the recent fire as another reason the agricultural exhibition should have its own housing. Kermit Howard, chairman of the fair board, is advocating the procurement of Quonset buildings for fair use.

JURY REPORTS INDICTMENTS

Greene Says Witnesses Reluctant To Testify On Liquor Violations

With five short paragraphs for a final report, the grand jury of the Floyd circuit court last Friday adjourned after six days' work and the voting of 72 indictments.

The report, signed by James Greene, foreman, noted that the jury found "witnesses reluctant to tell of any liquor violations." Approximately 100 witnesses were questioned. Only two liquor indictments were voted.

The jury reported that the courthouse and jail were found to be "in a filthy condition and unfit for inmates." It suggested that the fiscal court call the Health Department's attention to the condition of the buildings. Commended for their cooperation with the grand jury were Circuit Judge Hill, Commonwealth's Attorney Conley, Sheriff Warrens and his department.

Most of the 72 true bills voted were reported to Judge Hill on the last day of the jury's six-day session. Included in the list of defendants named were eight persons who had been re-indicted after the original charges made against them by the special grand jury last May had been quashed as faulty. All accused of making false statements to vote an absent voter's ballot, they are: Harrison, Marie and Mildred Gibson, Darb Parker, Kermit and Avanel Sparkman and Troy Watkins.

Seven indictments named nine men on charges of breaking and entering, and names of two of the nine—Tivis Colley and Wilburn Gibson—appear in five of the bills. These indictments are:

Jackie Hall and Carl Akers, accused of breaking and entering the Hatfield Trading Post here; Tivis Colley and Wilburn Gibson in two separate indictments in connection with breaks into the Palmer Patton Service Station and the nearby La-Dale Drive-In here; Coet Frasure, Tivis Colley and Wilburn Gibson.

COAL OUTPUT TAKES DIVE IN ARGUMENT

Turner Elkhorn Tonnage Off 90 Per Cent; Tipples On Beaver-Cr. Picketed

Coal production in this county was almost at a complete standstill in the truck mine field this week as a result of a controversy over coal prices, and it was said Wednesday that only the rail operations at David and Wheelwright are operating.

Production of the mines associated with the Turner Elkhorn Mining Company in the Left Beaver and Big Mud Creek areas is off 90 per cent, it was said by B. F. Reed, president. The firm operates eight tipples for coal processing, all of it bought from small operators.

Basis of the controversy remains clouded, but one United Mine Workers local union president was quoted as saying the organization is demanding that the larger operators pay coal prices which would enable the small producers to pass on to their employees wages set by the existing contract with the union. The unions are also demanding that the 40 cents in royalty be deducted by the purchasing firms, a small operator said.

Reed said that the Wheelwright local is leading the union move and that if their demands are met the whole truck mine industry will be wiped out. Most of the small mine operations were stopped Tuesday by a roving number of union members who called the miners out and ordered them to quit work.

LAYNE NAMED IN NEW DRIVE

On Area Alcoholism; Floyd Council Slated To Marshal Resources

A new drive has begun on the prevention of alcoholism and for the rehabilitation of alcoholics in Eastern Kentucky.

A new Division of Alcoholism was created in the Department of Health by Governor Combs last December under the direction of Dr. Richard D. Holt, deputy commissioner. Dr. Holt announced Friday the appointment of Frank H. Layne, of Prestonsburg to organize the resources against alcoholism in Eastern Kentucky.

A Floyd County Council on Alcoholism will be formed of representative people to marshal forces against alcoholism, which is looked upon as a disease and as the state's third biggest health problem.

A similar committee was organized recently in Louisville, and it is expected that others will be formed in the other areas of the state.

The program will concern itself with alcoholism and the rehabilitation of alcoholics, and will not take part in any wet or dry issues.

COLLEGE ESTABLISHES EXTENSION WORK HERE

Morehead State College is establishing an extension center at Prestonsburg this fall, Dr. Adron Doran, president of the college, announced this week.

Six courses on the freshman and sophomore levels will be offered three nights a week at Prestonsburg high school.

"The center is being established to provide an opportunity for college work to those high school graduates who, because of home and job responsibilities and a lack of financial resources, could not go to a college campus this fall," Dr. Doran said.

Monroe Wicker, director of the Division of School Services, will meet with persons interested in enrolling for the extension classes on Monday evening, September 25, at 6 p.m. at the high school here.

Classes to be offered are: Monday night — English 101—Writing and Speaking; Commerce

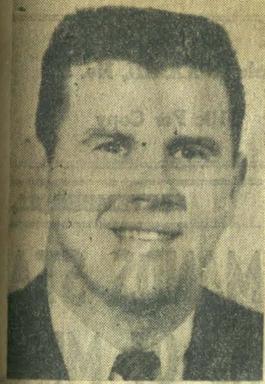

160—Introduction to Business. Tuesday night — History 241—American History; General Psychology 153.

Thursday night — Mathematics 131—General Mathematics; Science 103—Physical Science.

The classes will meet weekly from 6 to 9 p.m. for an 18-week period. The fees are \$27 for a person who enrolls for three semester hours, \$42 for six semester hours and \$54 for nine semester hours.

Each of the classes offers three semester hours credit and a student may earn up to nine hours a semester. Persons holding a high school diploma are eligible to enroll, while those persons over 21 without a diploma may enroll as special students for credit.

Teachers and other persons above the freshman and sophomore levels may enroll if they have not previously earned credit in the courses being offered.

\$1,000 FUND IS SOUGHT

By Floyd Red Cross For Louisiana Relief; Miss White Makes Appeal

Floyd Chapter, American Red Cross, has been asked to raise \$1,000 for the relief of sufferers from hurricane Carla, which recently swept the coastal sections of Texas and Louisiana.

Miss Ella Noel White, executive secretary of Floyd Chapter, in making an appeal to the public for contributions to this fund said:

"Our hearts should go out to all people who have suffered as these have and who are in need. But we folks in Prestonsburg and Floyd county should be particularly affected by the sad plight of the people of Louisiana, for, surely, we haven't forgotten that in 1957 when we suffered from flood a crew of men from Louisiana were among the first on the job here."

Miss White said that 1,024 families were affected by the 1957 flood in this county and that the Red Cross spent \$825,000 for their relief. "One dollar per family from those who suffered then would give us the \$1,000 now asked of the entire county for these who are homeless, and without means to help themselves in Texas and Louisiana."

Contributions should be mailed to Floyd Chapter, American Red Cross, Prestonsburg.

Birthday Party Honors Mrs. O'Neil, Sunday

Others present were O. P. May, Mrs. David Watson and children of Martin, Mrs. Burl Fraley and children, Nitro, W. Va., Mr. and Mrs. Earl Bentley and family, and Miss Carole Martin, of Langley.

Mrs. E. E. Clark, Prestonsburg, Mr. and Mrs. William E. Clark, and daughter, of Ashland, Mrs. J. V. Clark, and son, Williamson, West Virginia, Mr. and Mrs. Petty Thompson and son, Prestonsburg, Mr. and Mrs. Roscoe Scalf and son, Williamson, West Virginia, Mr. and Mrs. William Scalf, Sidney, Ky., Rev. and Mrs. John Conley and son, Mrs. G. L. Layne, Mr. and Mrs. Arliss Sammons and sons, Mr. and Mrs. Henry P. Scalf, all of Prestonsburg, and the following from Pikeville and Pike county: Mr. and Mrs. Luther Boyd, Rev. and Mrs. Bill Childers and son, Miss Dophene Runyon, Mrs. Mabel Runyon and son, Mr. and Mrs. Thomas Runyon and children, Mrs. H. L. Layne and children, Mr. and Mrs. Ronald Scalf and children, Mrs. William Scalf and son, Clyde Scalf, Mrs. Arby Layne, Mrs. Minnie Robinson, Mr. and Mrs. Albert Simpson and children.

A birthday cake was presented by her daughter and many gifts were brought by those present, after which the food was placed on picnic tables for all to enjoy. "Granny" expressed her sincere thanks to all who came and helped to make it a joyous occasion.

Crafts, Folk Festival Set At Garfield Place; Folk Dancing Planned

The annual arts and crafts fair and folk festival, scheduled at The Garfield Place, Saturday, is expected to draw a greater number of participants than any previous year, it is said. Interest is higher, it is pointed out, due to the state promotion of crafts.

The fair will open at 10 a.m. and the folk program, under the direction of Mrs. Edith F. James, will be presented at 2 p.m. Mrs. Winnie F. Johns is in charge of the crafts section.

The folk dancing, scheduled by the Girl Scouts, will be led by Miss Elizabeth Lynn Frazier. The Jenny Wiley Chanters, a choral group, will present a number of Civil War songs. The Boy Scouts will give an Indian dance.

Paul Hadley, formerly associated with Churchill Weavers, at Berea, but now with the Kentucky Department of Economic Development, will attend, it is said.

COMBS PLEDGES SUPPORT TO EDUCATION PLANNING

Frankfort, Ky., Sept. 18 (Sp.)—Gov. Bert Combs has pledged his support to a proposed continuing study of higher education in Kentucky plus long-range planning to put the resulting recommendations into effect.

The proposal was made by Otis L. Amis, chairman of the Commission on Higher Education, at a recent meeting of the Commission with the Governor. (R. V. May, of Prestonsburg, is a member of the Commission.)

Agreeing that study and planning are two of the most important needs of Kentucky's State university and colleges, Gov. Combs declared that "if you will make rec-

Education Commission Slates Hearing Talks On Statewide Survey

The Commission on Public Education will hold a series of hearings in Kentucky relative to the survey of education which is nearing completion. The schedule of hearings follows:

Friday, October 27—University of Kentucky, Lexington.

Monday, October 30—Western Kentucky State College, Bowling Green.

Tuesday, October 31—Murray State College, Murray.

Wednesday, November 1—University of Kentucky Extension Center, Henderson.

Thursday, November 2—University of Louisville, Louisville.

Wednesday, November 3—University of Kentucky Extension Center, Covington.

Thursday, November 9—University of Kentucky Extension Center, Ashland.

Friday, November 10—University of Kentucky Extension Center, Cumberland.

The meetings will begin at 10 a.m. There will be a time limitation of five minutes for an individual and ten minutes for an organization to present its case. An organization will be requested to have one representative present the views of that organization. Written presentations will receive the same consideration as oral statements. The meeting will be open to any person who wishes to attend.

Individuals or organizations who wish to be heard should notify J. W. Gregory, executive director, Commission on Public Education, Capitol Annex building, Frankfort. Applicants will be heard in the order their requests are received as far as practicable. Individuals or organizations who do not apply in advance for a hearing will be permitted to present their views if time will allow.

The hearings are being held across the state in order to get the thinking of the public on its educational system.

CANEY ALUMNI HEARS DORAN

Morehead Prexy Says Common Service Given To Kentucky Region

Dr. Adron Doran, president of Morehead State College, addressed some 400 Caney Junior College alumni and friends gathered at Pippa Passes Sunday for a homecoming picnic and the annual alumni meeting.

Dr. Doran spoke of warm educational ties of faculty and student body in Morehead and Caney, and of the common service to the Kentucky mountain area. He cited the dedication to service of their fellowmen which characterizes Caney alumni.

Dr. Monroe Wicker and Dr. Palmer Hall, Caney alumni, accompanied Dr. Doran to Pippa Passes from Morehead where they are serving. Visitors included former Lieutenant Governor Harry Lee Waterfield who visited the picnic grounds with Mr. and Mrs. Jerry Fonce Howell.

Others included Dr. John L. Vickers, of Eastern State College, president D. M. Aldridge, of the Clear Creek Mountain Preachers School at Pineville, and K. J. Day, of Pikeville.

Alumni viewed the film, "This is Your Life, Alice Lloyd," which was seen on television in 1955, and stopped by Mrs. Alice Lloyd's doorway to pay tribute to her in person for her constructive years of creating mountain opportunity at Pippa Passes.

Dr. Joe Taylor Hyden, alumni president, and a Morehead State College regent, introduced Dr. Doran and various alumni visitors. The Rev. Rush Sloane gave the invocation. June Buchanan, president of the Caney Creek Community Center, extended the welcome in the college girls' song and folk dance.

Election of officers and report to the alumni by Caney Creek Junior College Director William Hayes followed the speaking program.

Elected alumni president for 1961-1962 was Woodrow Allen, principal of Prestonsburg high school. Edward Madden, principal of the Knott County high school at Pippa Passes, was named vice-president.

New alumni directors are Judge John Chris Cornett, of Hindman, Mrs. Sylvia Newman, of Hi Hat, Dr. Palmer Hall, of Morehead, William Hughes, of Caney Junior College, Marcus Owens, of Weeksbury, Mrs. Harriet Johnson, of Hindman, Leyburn Cody, of Hazard, Dr. Denzil Barker, of Hindman.

Family Association Plans Park Reunion Next Year; Officers Are Selected

The Scalf Family Association, formed Sunday at Jenny Wiley State Park, will hold its first reunion in June, next year, it was announced this week.

Decision to form the association had been discussed for several months and the various families took advantage of the picnic birthday gathering in honor of Mrs. Ruth O'Neil, of Prestonsburg, to formally organize.

The family traces its origin to John Scalf, Revolutionary soldier of the North Carolina Line. He migrated to Floyd county early in the last century but removed to Russell county, Virginia, where he died in the 1820's. The families in Eastern and Southeastern Kentucky are descendants of his son, Britain Scalf, and Talitha McCouch Scalf, his wife.

Temporary officers of the association were named. They are Henry P. Scalf, chairman, E. E. Clark, vice-chairman, both of Prestonsburg, Clyde Scalf, treasurer, of Pikeville, William Scalf, Sidney, Ky., as a committeeman, and Mrs. Arby Layne, interim secretary, of Pikeville.

INFORMATION For VETERANS

Here are authoritative answers by the Veterans Administration to questions from former servicemen and their families:

Q. My son, a World War II veteran, was killed recently in an accident. VA refused me death compensation allowance. I cannot understand this because I know other mothers who are drawing death dependency allowances. Why am I not entitled to the same benefits?

A. A dependent parent may collect death compensation from the VA only if the veteran's death resulted from a service-connected injury or illness.

Q. I understand that the VA's direct loan limit has been increased. What is the new maximum and the interest rate?

A. Limit for a direct loan from the VA is \$15,000. Interest rate remains 5 1/2 per cent.

Q. May a peacetime veteran enter a VA domiciliary, and if so, what are the conditions of eligibility?

A. Yes. He must be permanently disabled, have been discharged for a disability incurred in line of duty or be receiving compensation for a service-connected disability, have no visible means of support, and be incapacitated from earning a living.

Q. How many women veterans are in the United States?

A. There are an estimated 400,000 women veterans in the United States; about 315,000 of them World War II veterans, 70,000 Korea veterans and the rest either World War I veterans or Army nurses during the Spanish-American War.

and indecision, with the examination finally being made Tuesday night by Dr. Thorsness.

The pathologist had not officially reported his findings Wednesday morning, but he was quoted by a reliable source as saying there was no evidence of foul play and that Branham suffered from sclerosis.

The victim was a World War II veteran, was wounded in action during that conflict and was the holder of coveted decorations. He was a son of the late David and Virgie Branham, and was a native of Prestonsburg. He is survived by his widow, to whom he was married about three months ago, and the following brothers and sisters: Ernie Branham, of Richardson, Harold Branham, address unknown, Earl Branham, Indianapolis, Indiana, Mrs. Meta Wilkerson, of Pikeville, Virginia, of Michigan, and Shirley, whose address is unavailable. Also surviving are two half-brothers and a half-sister, Bobby, Jack and Doris Ann Branham.

Officiating at the funeral, which was conducted from the residence, were the Revs. Robert Martin and Howard Church. Burial in the Fitzpatrick cemetery, near the home, was directed by the Floyd Funeral Home.

MOBILE PHONE PLANS MADE
Southern Bell Offers Service To Prestonsburg, Paintsville, Pikeville

There is a possibility that mobile telephone service will be available in the Prestonsburg-Pikeville-Paintsville area within the next seven months, it was said this week by a Southern Bell Telephone & Telegraph Company representative at Pikeville.

A market analysis was made in the area last winter, and from this it was determined that a demand for mobile phone service exists. Since that time Southern Bell has developed a new-type mobile phone service which will operate to and from the subscriber's automobile or truck, just as home and office telephones do.

This is the third area in the nation being offered this new-type mobile service, it was said.

If a sufficient number of persons and firms subscribe for the service, a complete installation will be made early next spring. Representatives calling on area subscribers are Joseph W. Mitchell, James W. Baldwin, Paul Mace and James Banta. Persons who are not contacted by either of these may call 883-9011, Pikeville.

Judson Harman, Whitley City, Ky., representative of a book company, spoke Thursday on the social studies program in the schools. Reba Penny, representing another publisher, stressed the communication skills of reading, writing and listening in the language field. Her address was delivered Friday.

The workshop, held at the grade school, had for its purpose the increase of teaching skills, according to Clem Martin, supervisor of the Floyd county school system.

Many teachers expressed satisfaction with the separation into three sections of the annual workshop.

Dr. George Boswell, of the Morehead State College English Department, will address the secondary school teachers at their workshop next Thursday or Friday, Martin said. This workshop will run two days also.

Date of the workshop for rural teachers has not been set but it is indicated it will be scheduled the week following the secondary teachers' meeting.

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3 1/2 feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a Pontiac show you its stuff while it's showing you off!

IN MEMORY

In loving memory of our daughter and granddaughter,
PATRICIA CAROL VON SEE
who passed away September 10, 1962.

Gone is the face we loved so dear,
Silent is the voice we loved to hear;
Too far away to see or speak
But not too far away for our thoughts to reach.

Sweetest memories of her when she was here,
And though absent, is just as dear,
What would we give to embrace her
And her sweet smile to see,
Though she is gone, gone beyond this vale of tears,
But the memory of you, Dear Patsy,
Will forever linger
Through the passing days and years

The happy home you once enjoyed
Sweet the memory still
But your death "Dear Patsy"
Has left a loneliness
That the world can never fill,
The world may change from year to year,
And friends from day to day,
But never will the one we love
From memory pass away.
No one can tell of our grief
We bear in silence, Dear Patsy
For the one we loved so well.

Sadly missed by parents, Mr. and Mrs. Karl Von See; grandparents, Mr. and Mrs. John Hager; grandparents, Mr. and Mrs. Jon Von See, II.

100 YEARS AGO THIS WEEK

The Civil War in Kentucky

By JOE JORDAN
(Kentucky Civil War Commission)

One hundred years ago this week the Kentucky Legislature, controlled by a Union majority that had been voted into power at the August election, passed resolutions which amounted to a declaration of war on the Confederacy and definitely put the Commonwealth into the Civil War on the side of the Federal government. Thus ended Kentucky's unique position of armed neutrality, which the previous legislature had adopted four months earlier.

"Kentucky has been invaded by the forces of the so-called Confederate States," the resolutions said, and "the invaders must be expelled, inasmuch as there are now in Kentucky Federal troops assembled for the purpose of preserving the tranquility of the state, and of defending and protecting the people . . . in the peaceful enjoyment of their lives and property." U. S. Brigadier General Robert Anderson, the Kentuckian who had won fame at Fort Sumter, was "requested to take instant command."

The resolutions were first passed September 18. That same day, Brigadier General S. B. Buckner with his Confederate troops occupied Bowling Green. He issued a proclamation to his fellow Kentuckians, saying that he stood ready to aid in preserving the "strict neutrality" which they desired "whenever they undertake to enforce it against the two belligerents alike." Confederates burned one L. & N. railroad bridge that day, and Union men another. The U. S. postoffice department excluded from the mails the Louisville Courier, a newspaper sympathetic to the Confederacy, calling it "an advocate of treason."

The next day (19th), 1,500 Federal troops from Camp Dick Robinson marched into Lexington and occupied the fairgrounds. At Barbourville, Unionist Home Guards

and Confederate soldiers had a minor skirmish.

On September 20, Governor Magoffin, a Southern sympathizer, vetoed the war resolutions and the legislature immediately passed them again. "The objections of the governor to the contrary notwithstanding." The same day, Magoffin issued a proclamation putting into effect the will of the majority.

At Lexington that night, Captain John Hunt Morgan put some of the Lexington Rifles to marching back and forth noisily in their drill hall while others put the company's weapons into two wagons, covered them with hay, and started south to join Buckner's Confederates. The next morning Federal troops from the fairgrounds camp, ordered to disarm the Rifles vainly searched the armory. That night Morgan and the rest of the company galloped away to overtake the plodding wagons. The saga of "Morgan's Men" had begun.

At Louisville, General Anderson issued a proclamation beginning: "Kentuckians! called by the legislature of this, my native state, I hereby assume command . . ."

DRY CLEANING BEST

Lexington, Ky. — Dark cottons, sometimes called "winter cottons," are now featured in stores for the cool season ahead and for year-round wear. These deep-colored fabrics often are in designs or weaves that look like the fabrics normally used for winter garments. Usually, they are treated or finished for crease resistance, crispness or "body," the term used by textile experts.

During the Civil War, Augusta, Ky., was the scene of a battle between John Hunt Morgan's cavalry, led by General Basil Duke, and Federal Home Guards under Col. Joshua T. Bradford. The victory was Duke's but he suffered a heavy loss in officers and men.

In Kentucky, a "high school horse" is one suspected of being able to read because he wins most often when the odds are great.

(Continued from Page 1)

"This action was politically motivated," Mr. Weddington said here Monday. "Bert Combs has harassed me ever since he has been there."

He added that the leases were granted to the highest and best bidder and that the Ashland Oil & Refining Company submitted bids. Governor Chandler was quoted, a few days ago, as saying that the leases were advertised. Weddington said he did not know if they were advertised in a newspaper.

He said that the federal government leased for drilling lands in the Pennsylvania State Park at about the same time and that the state leased its interest in these lands. "The Ryan Oil Company got this lease, and nobody objected," he said.

Weddington is an associate of Chandler in the insurance business and a frequent traveling companion of the former Governor.

The leases provided rights to drill, lay pipe, and build tanks, power stations, and structures.

In addition to the \$1,350 the state was to receive the customary one eighth interest in oil and gas revenues derived from drilling.

For her part, Mrs. Weddington agreed to confine drilling to stipulated areas removed from those used by the public and to compensate the state for damage caused by the explorations.

She said she and the John Allen Company, a co-lessee, have complied with all terms and conditions of the leases, and that the state has tried arbitrarily and unlawfully to cancel the leases.

She asked \$35,000 damages for delays in Natural Bridge explorations and \$40,000 for herself and John Allen Company for delays in the Carter Caves exploration.

The leases were approved for the state by Chandler and his finance commissioner, Orba F. Traylor. They were sanctioned by certain other state officials.

After executing the Natural Bridge lease August 18, 1959, Mrs. Weddington assigned the rights to her husband and to James E. Vance, Ralph B. Campbell, and George Norvell, Jr., "for value received."

The rights were reassigned by the four men back to Mrs. Weddington August 17, 1960, "for value received."

The Carter Caves lease was signed December 1, 1959, and was assigned December 15 to Consolidated Drilling Company for \$10 and \$1,000 annual lease rental.

Consolidated reassigned a third interest to Mrs. Weddington, also on December 15, and, on March 23, 1961, assigned its two-third interest to John Allen Company. Assistant Attorney General William F. Simpson wrote Combs March 19, 1960, that the Carter Caves lease was unenforceable for the reason that it authorized use of park land for purposes other than those for which the land was purchased and dedicated.

He said further that the terms were objectionable because they were indefinite and uncertain. He said the Commonwealth would be bound by the terms for five years and as long thereafter as any small quantity of oil or gas was produced.

New tree plantings would be left at the mercy of the drillers without agreement for compensation, he said.

Simpson pointed to provisions of the law that permit the commissioner of finance, with the approval of the governor, to lease any real estate owned by the state which is not needed for state purposes.

He added, however, that there was no indication that such a finding was made relative to the park land involved before execution of the leases.

Mrs. Weddington's suit named as defendants the Commonwealth and Finance Commissioner Robert F. Matthews, Jr. It was filed for the plaintiffs by attorneys Edward F. Pritchard, Jr., Frankfort, and Clay Shackelford, Richmond.

and a pictorial review of the heavens. Many schools showed papier mache objects of various designs. An adult art class participated with outstanding drawings.

Miss Greene, in commenting on the school exhibits, said: "The increased quality of the exhibits in the school section may be chiefly attributed to the greater number of art teachers in the school system."

Bands participating in the parade Saturday were from schools at Drift, Allen, Betsy Layne, Martin, McDowell, Prestonsburg and Wheelwright. In the parade, under the direction of parade marshalls David Leslie and Wanda Greene, were Boy Scouts and the Floyd County Emergency and Rescue Squad.

COURTHOUSE WORK URGED

By Bar Association; Resolution Is Adopted Unanimously by Group

The Floyd County Bar Association this week adopted resolutions calling for the construction of a new county courthouse.

Vote of the membership was unanimous at the meeting of the bar at which Circuit Judge Edward P. Hill, president, presided.

The resolution follows, in part: "Whereas, the storage space for the county is inadequate and some of the records and books dilapidated and worn because of the condition of said storage space, and

"Whereas, the Court House is unfit for habitation by the public and unfit for storage of public records, it is also dangerous to human life because of the age and condition of the structure of the building,

"It was moved by J. W. Howard and seconded by W. W. Burchett that the Floyd County Bar Association go on record as being in favor of the construction of a new and modern court house from federal, state or local grants, loans or any other funds which may be secured for the purpose of building a new court house and that this bar association, and each member thereof, be a special committee to prevail upon the Fiscal Court and local, state and federal agencies to bring about the construction of a court house."

"They are telling the men they are working for peanuts and if they don't quit they will be thrown from the tippie or off the hill," Reed said. "I'm telling my men to quit when these demands are made for some of that crowd are carrying guns. It is a very explosive situation, and I don't want anybody killed."

Tippies picketed by the union are at Hi Hat, owned by Hi Hat Elkhorn Mining Company, two tippies at McDowell owned by Jake Cooley, the so-called Columbia tippie, the tippie at Harold owned by the Harold Fuel Company, and others.

Hi Hat Elkhorn Mining Company officials scheduled a conference with their producing operators at noon Wednesday.

Matt Combs, president of UMWA District 30 with headquarters at Pikeville, could not be reached Wednesday for comment on the situation. He and others were in conference with coal operators in the early afternoon.

Jack sent me that information, but there was an item over in another column which, I suspect, supplied him the real motive for sending this material to me. It reads:

Traffic Accident Reports Required by State, Said; Many Unaware of Purpose

Frankfort, Ky., Sept. 18 (Spl.)—Every year hundreds of Kentucky motorists violate an important section of the state traffic code, says State Police Director David A. Espie.

This section requires that a driver in a traffic accident resulting in injury, death or property damage of \$100 or more file a complete report with the Department of Public Safety within 10 days. Espie explained. Most people who fail to report accidents do not know the purpose of the law, he added.

"The State Police need all accident reports," Espie said, "to learn facts, conditions and circumstances which contribute to traffic accidents. The catch phrase, 'Accidents don't happen, they are caused,' is true, and in our program to prevent traffic mishaps we of the state police are concentrating on these causes to eliminate them.

"The only redeeming feature of a traffic accident is the fact that it does provide information which can be used to prevent similar accidents in the future, but if the accident is not reported, even that benefit is lost," Espie said. "Information contained in accident reports is kept confidential."

IN MEMORY OF FATHER, WALTER MARTIN, SR., WHO PASSED AWAY SEPTEMBER 19, 1959:

Within the silent grave he sleeps,
The flowers bloom around his grave;

I will remember the sad day
They called me he was dead.
Some say that time will heal all wounds.

And in some future time
My aching heart would surely heal
And be without a scar.
But, tho the months have come
and gone,

Like tides that lash the shore,
My heart they said would heal,
Must bleed and ache the more.
Till mortal life upon this sphere
Shall ebb and cease to be
My soul encased within this frame,
Longs to be with him.

Telephone Talk

By **BYRON SIMPSON**
Your Telephone Manager

WHAT'S YOUR FAVORITE COLOR? You know, I'm sure, that color telephones are popular—but do you know how the colors run in popularity? White is the favorite, followed by beige, then pink, ivory, yellow and green (tied), blue and gray (another tie), and red. The Princess phone, available in five colors, ranks this way in color preference: white, beige, pink and turquoise, then blue.

ON THE SUBJECT OF EXTENSIONS, how about a Princess phone in the playroom for the teen-age-princess in your household? It'll put her in "teen-heaven," and it'll keep things quieter for grown-ups in other parts of the house! Just give us a call for your Princess in the color of your choice.

Now that colleges are gearing for an all-time record high enrollment this fall, here's a suggestion for you parents who have a son or daughter going off to school. You'll be doing them and yourself a favor if you'll keep in touch—at least once a week—by long distance.

WHAT'LL THEY THINK OF NEXT? In Switzerland, to tune a violin, you can dial a telephone number and get a perfect "A".

CATS HAVE NINE LIVES, according to stories. Telephone people have found that other things can have extra lives, too. For example, maybe you've noticed that after an installer puts in a phone, he saves the box it came in. We keep these boxes and use them over and over again. Every re-use saves 8¢. Multiply that by thousands and you get the kind of savings that help us give you more for your telephone dollar.

**TO MY FRIENDS,
THE VOTERS OF
FLOYD COUNTY:**

It is with the deepest appreciation that I thank those who supported me in the recent Democratic Primary. I carry no grudges against any of my opponents and feel assured that none of them carry any ill-will toward me.

Many rumors will be spread before the November Election, and because of these, I wish to state that I am a Democrat, through and through, and shall always remain a Democrat. I SHALL WHOLE-HEARTEDLY SUPPORT THE ENTIRE DEMOCRAT TICKET THIS FALL, AND THAT INCLUDES MY SUCCESSFUL OPPONENT—MR. HENRY C. HALE FOR SHERIFF.

I feel that the Democratic ticket will best serve Floyd county in the four years to come. I urge all my friends and relatives to support all the Democratic nominees and look forward to a better Floyd county.

Always your friend,
FRANK CRUM

POWER EXPANSION PROGRAM ANNOUNCED BY AEC SYSTEM

A blueprint for continuing growth in the next decade was unveiled Tuesday by the American Electric Power System.

It revealed plans for the operation by 1970 of a vast network of transmission lines totaling 15,000 miles to maintain the assured delivery of an abundance of electric power in the 7-state territory served by the AEP System, Kentucky Power Company is an important part of that system.

F. M. Baker, vice-president and general manager of Kentucky Power, disclosed that during the period 1961-1970 the AEP System will build and place in operation an additional 4,500 miles of new transmission lines. He estimated that total expenditures for these lines, together with the substation and switching facilities required to operate and protect them, will approach a quarter-billion dollars.

"Kentucky Power's share of this unprecedented transmission construction program will total 200 miles of new line and several new transmission stations at a cost of about \$10 million," Baker said. "And this does not include additional hundreds of miles of lower-voltage distribution lines and stations to be built during this same period and involving the expenditure of additional millions of dollars," he added.

As the AEP System's 10-year program was being disclosed, the Edison Electric Institute, an association of the nation's investor-owned, taxpaying electric utility companies, announced in New York that these utilities plan to spend approximately \$8 billion for new electric power transmission facilities through 1970.

In commenting on the AEP System's plans, Philip Sporn, president of AEP and of Kentucky Power, stated "The vastly expanded high-voltage transmission network which we visualize will be required and which we will build between now and 1970 is but a continuation of the program and policy of the AEP System — repeated on the whole in other parts of the nation — to meet all of our area's power needs looking ahead as far as one can possibly and effectively project.

"It is our determination to meet through the mechanism of private enterprise — by investor-owned generation, transmission and other electric facilities — the vastly greater quantities of electric energy that are visualized for our area. It is part of our determination, too, to continue to do this job on a basis so that our plants and transmission networks take their place in this area, not only as electric energy producers, but as taxpayers . . . and not as users of taxes.

"The AEP System lies in the heart of a 22-state interconnected power network — extending from Pennsylvania to Texas and from Montana to Florida — made up of some 100 utility systems that in 1960 supplied about 50% of the total electric power requirements of the United States," Sporn said. He explained that, in effect, the tremendous block of power supplied by the AEP System's series of major power plants — some 6 1/2 million kilowatts — supports this power network and in turn is backed up and reinforced by the additional 80-million kw of generating capacity of this 100-company interconnected group.

"The AEP System today is the most interconnected utility system in the world," he continued. "At the present time, the system is directly interconnected with 18 neighboring utilities at 65 different locations around the periphery of its service area."

In commenting on Kentucky Power's part in this, Baker pointed out that, of the 18 utilities, two are directly interconnected with Kentucky Power at five different points. They are Kentucky Utilities Company and the Tennessee Valley Authority.

"What all of this means to a Kentucky Power customer," Baker summarized, "is simply that he has at his fingertip, at his electric switch, the most fabulous supply of energy — energy in its finest form — in the history of man. It also means that the quality and dependability of this electric energy supply is being maintained at the highest possible standards."

The AEP System's 10-year blueprint, according to Sporn, also calls for the construction of a number of new power plants and additions to existing plants to bring capacity to close to 12-million kilowatts by 1970 — almost double its the system's total generating capacity today. "We have already announced and are building the additional capacity that we shall need for the per-

POISON CONTROL PROGRAM SAVES 40 LIVES ANNUALLY

Frankfort, Sept. 18 (Spl.)—Accidental poisonings, which result in an average of 40 deaths in Kentucky each year—have found a formidable foe in the Kentucky Poison Control Program.

This four-fold program, organized just three years ago, is working through 11 agencies in the state, including the Kentucky Department of Health, to make Kentuckians "poison-conscious."

Pointing up the urgency of the program is the fact that between 85 and 90 per cent of all poisonings cases are young children.

Many of them swallow such substances as detergents, bleaches and pharmacy prescriptions—"none of them considered poisons legally, but they can kill just the same," warns Dr. Charles Walton, chairman of the program's Executive Committee.

"So many people think if something is poison, it always has the skull and crossbones on it," Dr. Walton observed. "But that is not true."

More than 25 per cent of accidental poisonings are caused by overdoses of barbiturates, Dr. Walton said, and added that aspirin and chemical derivatives similar to aspirin cause about 19 per cent of the accidental poisoning cases.

He estimates that there are at least 500 poisoning cases for every one death, but pointed out that many who survive suffer a life-

time disability or serious complications later on.

The four-fold plan of the Kentucky Poison Control Program includes (1) information and education, (2) technical information in centers located throughout the state to aid physicians in treating cases more effectively and rapidly, (3) assistance to hospitals participating in the program to obtain equipment and proper antidotes, and (4) records and research which enable county health nurses to make follow-up studies in families where accidental poisonings occur.

"But most important of all," says Walton, "we want to stress that people should contact a physician immediately when there is a possibility that a child has swallowed any questionable substance."

He pointed out that quick action is necessary because once the poison is absorbed from the stomach, nothing effective can be done.

"So the first 30 minutes are the critical period. Call a physician—and let him direct the treatment," Dr. Walton said.

STRANGE MYSTERY OF THE SUNFLOWERS

My good friend, Germer Evans, Lovely, Ky., who is a dyed-in-the-wool naturalist and a confirmed lover of dogs, reports the following to me "There are many strange mysteries found in nature," he says, "which we'll never understand. Last fall, three of my best loved pet dogs were stricken with distemper, and all died within a month, despite my efforts to save them. I was sorely grieved for a time, and I set apart a plot of ground near the house, for their graves. I had all three pets buried close together in separate graves, and I put headstones to mark their graves. Last spring, I planted rows of sunflowers around their graves, and when these bloomed out this summer, I began to notice something strange about the flowers.

"According to an old legend, the sunflower turns her golden face toward the sun at morning, and follows the sun's path across the sky. But I observed that when my sunflowers bloomed, not one of them turned a lovely face toward the sun. Instead, each golden flowers' face was turned toward the graves of my beloved dogs, as if keeping watch over them. I was at first astonished by this, but others also have seen this and bear witness that it is true. I believe the wild sunflowers are keeping alive the memory of my beloved pets, and this gives me great joy whenever I look at them."

TWO KINDS OF HOP VINES FOUND IN OUR REGION

We have two species of hop vines growing in our region; one of these is the common hop vine, which bears hops, and was once planted widely around porches, and placed to run upon trellises. This hop vine is Humulus Lupulus, and it has leaves usually with three lobes, and they are very rough and thorny. Even the petioles are covered with coarse prickles. This hop's blooms are gathered and dried to be used to impart the bitter snap to beer. About three pounds of the dried hops are added to three bushels measured of liquid beer mash, which is called wort.

We have another species of hops, which came from Japan, and which has escaped and is now thriving in the wild state, along the rivers and streams of our region. I have found it growing in dense, thick clumps all along Tug River, covering the earth so thickly all other vegetation is smothered out. This specie of hops is known as Humulus Japonicus, Japanese hops. It has leaves with seven lobes, instead of three, and will clamber up trees, over fences, or any other support. This kind will not bear hops unless both the male and the female plants are growing close together. The Japanese hop seems to have more formidable thorns than the other, which is called American hops.

Hops were once gathered and used to make yeast for home baking. A bag of dried hops, moistened with brandy, and placed under the pillow, will bring sound sleep to the most confirmed insomniac. The odor of the hops is pleasant to most persons, and it seems to have a narcotic effect.

COW CREEK SAWMILL 58 YEARS AGO

Fifty-eight years ago when the railway had entered Floyd county and coal mines were opening at an ever increasing rate there was a big demand for raw lumber. Sawmills dotted the mountain region and farmers with a stand of timber began to harvest their own trees. Many operated a grist mill with the steam power from the steam boiler.

Shown here is a sawmill owned and operated by the Burchett family on Cow Creek. The photograph was made in 1903. Shown on horseback is "Fiddler" John Burchett. Usually five days of the week were devoted to sawing lumber and Saturday was "mill" day when farmers brought corn to be ground into meal.

The First National Bank presents these pictures of our past in recognition of our historic heritage.

TO EVERY FAIR-MINDED CITIZEN OF FLOYD COUNTY

I ask you now, as you sit in the privacy of your own home or wherever you may chance to read this, to consider it carefully, think about it impartially, and decide for yourself whether Floyd county needs a new judge.

Remember this: A change will give you—a county judge who will do his duty as the statute provides, not 12 years of politics and promises, and then because of large family connections have nerve enough to ask for four more. A change will give you—a county judge with the courage to convict drunk drivers, not 12 years of absolute failure and seeming indifference. A change will give you—a county judge that will restore our voting precincts to their original locations with enough equipment to do the job, not apologies, excuses, nor alibis for failure. A change will give you—a county judge that will get all our children back to school . . . or the parents in jail . . . not one so worried about the next election that he's afraid to do his sworn duty and enforce the truant laws. A change will give you—a judge with the determination and the ability to do the job, not one who will demand Floyd county taxpayers to pay a lawyer to do the job for which he was elected. I'll seek legal advice from our county attorney.

These are just a few of the many reasons I could give, but perhaps you are wondering why I'm not bragging about my four years as Sheriff. Well, I can't brag but I'm not apologizing either. I served under conditions that would have exhausted the patience of Job. We raided every bootlegging joint in this county several times. If the raid was after dark the bootlegger would be back home before daylight. If the raid was in daylight he would be selling again before sunset. Drunk drivers—We arrested them by the dozens and never got a single conviction. I ended my term as your Sheriff with more indictments against me for trying to do my job than I got convictions in the County Court on all offenses, in four years.

I tell you again, straightforward and unafraid . . . Good Government Doesn't Just Happen . . . We Vote for It.

FLEMING-NEON UPSETS FAVORED JENKINS, 20-6

Fleming-Neon zoomed into the high school football limelight in Eastern Kentucky with a surprising 20-6 win over a favored Jenkins eleven, while Hazard and Belfry won their third successive games. Jack Hall's Letcher countians are now 3-0 and are tied with second place Belfry at 2-0 in the Eastern Kentucky Mountain Conference, a half-game back of leader Hazard.

Paul Wright's Bull Dogs rolled over cross-town rival M. C. Napier, 40-0; Belfry blasted Lexington Dunbar, 33-12; Paintsville edged Louisa, 12-6; Catletsburg ripped Pikeville, 7-6; Whitesburg was tripped, 13-6, by Cumberland, and Morgan County's debut was spoiled, 27-13, by Shelby County.

Pikeville and Wheelwright meet Tuesday night in Pikeville in a conference game. Prestonsburg was host to Elkhorn City Monday night in a league game, with the Black Jats winning 26-7.

Claude Tolliver, 190-pound junior fullback, scored two first half touchdowns on sprints of 33 and 85 yards before Jenkins tallied on a one-yard sneak by quarterback Russell Adkins to trail 14-6 at halftime.

Senior tailback Keith Paek galloped 46 yards in the final frame to ice the upset win. Four players—three from Jenkins and one from the winners—were ejected from the over-heated contest.

Hazard disposed of M. C. Napier with expected ease. After piling up a 21-0 first period lead coach Paul Wright, used every player on his squad.

In the blazing first period John Stone returned a pass interception for a 30-yard t.d. A 40-yard pass from Ken Tate to Billy Joe Kidd was good for another, and fullback

Wallace Philon tallied from one yard out.

Sophomore Butch Green scored his fifth and sixth six-pointers on runs of 25 and 32 yards in the second quarter and a six-yard pass from Ronnie Joseph to Sam Smith ended the scoring. Place-kicking specialist Richard McGee, 15-year-old sophomore, booted four extra points.

Al Vipperman's Belfry Pirates rode the strong right arm of quarterback Floyd Hatfield in gaining their third lopsided win of the season.

Hatfield, a 5-9 junior, hurled three scoring passes to give him a total of nine in the young season. In piling up a 21-0 margin in three periods, Hatfield hurled 22 yards to Jay Smith, 30 yards to Rickey Kestner, and 40 yards to Okey Shannon, before scoring himself on a five-yard run.

Walt Catron finished the scoring in the last period with a two-yard marker. The highlight of the game for the Lexington school was the 83-yard return of a kick-off by Williams Hood.

POSSIBLE CHAMPIONSHIP

Belfry and Hazard, the two leading high school football teams in Eastern Kentucky, clash in the Perry County seat Friday, Sept. 29, and this meeting may well decide the championship of the Eastern Kentucky Mountain Conference and the District II division of the Class AA Region 4 of the Kentucky high school football playoffs.

Hazard, 3-0 in league play, has only Fleming-Neon left after Belfry in loop and regional play, and the Pirates play Wheelwright, Prestonsburg, and Jenkins, none of whom are expected to down Al Vipperman's unit.

Thus the stage is set for next Friday's meeting and coach Paul Wright and the Hazard fans are placing more emphasis on this game instead of Ashland, a week later.

The Prestonsburg Blackcats entered the win column for the first time Monday night as they downed the Elkhorn City Cougars, 26-7, as 53 players saw action for the locals.

Fullback Dixon Nunnery and guard Dickie Fitzpatrick were the pacesetters for the victors. Nunnery tallied twice on elusive treks of 70 and 61 yards, and Fitzpatrick threw several key blocks.

Quarterback Jerry Leslie hurled a touchdown pass to end Chuck Tackett that covered 31 yards and Carl "Cotton" Allen registered a six-pointer from 16 yards out.

Saturday night, they return to action by visiting the Jenkins Cavaliers.

Monday night at 7:30, the high school freshman will open a 10-game freshman schedule when they meet the Paintsville Tigers on the high school athletic field.

Next week in Little League football, the Browns will vie with the Colts, Sept. 26, and on Thursday, September 28, the Cardinals will clash with the Eagles.

Athletic Field Games Set Tuesday, Thursday

All games at high school athletic field at 7:30 p.m., each Tuesday and Thursday.

EXPLORE KENTUCKY

As early as 1750 Christopher Gist, John Findley and others were descending the Ohio River to Kentucky and exploring the central region of the state.

Kentucky's first permanent capitol, a large 86-by-54-foot building of rough marble with a cupola room, was erected in Frankfort in 1793. It was occupied in 1794 and destroyed by fire in 1813.

ALLEN, KENTUCKY

TO THE VOTERS OF FLOYD COUNTY:

Throughout my political career I have never resorted to mudslinging or attempted to degrade my opponent. I feel that such a campaign is not proper and neither is it beneficial to any candidate. However, I must answer my opponents letter in last week's issue of The Times.

My opponent states that our courts need honor and respect, and that if elected he intends to give the courts this so called dignity of his. I am wondering if this is the same type of dignity and honor he gave you when he was your former Sheriff. My opponent has never yet referred to himself as your FORMER SHERIFF. I believe that he would rather have you to forget the dignity and honor which he gave to you the four years when he was Sheriff of Floyd county.

My opponent states that myself and the Fiscal Court failed to provide enough voting machines in the last primary election. I would like to point out that the last primary election was the first primary election which voting machines were ever used in this county. How could I or the other members of the court anticipate the number of machines needed? Since the primary election the Fiscal Court has purchased four new voting machines to be placed in the larger precincts for the November election. I intend to obtain more voting machines and create more voting precincts for the next primary election.

I would like to point out that Floyd county was not the only county that had problems with the voting machines. Practically all of the surrounding counties had the same problem in the last primary election.

I would like to remind the voters of this county that I beat my opponent approximately 4,200 votes four years ago for the same office. The people of this county had confidence in me four years ago, and I believe that the people feel the same as they did four years ago.

MEANS FAMILY

A letter to this column from Rev. J. A. M. Hanna, Oak Hill (Ohio) Presbyterian Church in U.S.A., comes through the kind offices of Mrs. Irma Wicker Haney, Wayland native but now clerk of LaRue county (Ky.) school system.

Rev. Hanna's letter to Mrs. Haney follows:
"I understand that you are a descendant of the Means (Menzie) family and one time wrote an article about it or have a copy of the Means family tree.

"I am a descendant of Hugh Means (Menzie) who came from Scotland via Northern Ireland and settled with his family in Virginia and later in North Carolina. He married, 1796, Sarah Snodgrass, daughter of John Snodgrass, also of Scottish extraction. Hugh and Sarah Means had a daughter, Sarah Means, who married Rev. L. Thomas Davis, born 1798, of Davis Creek, Virginia, now West Virginia. Rev. Davis is my maternal great-great-grandfather.

"I would appreciate it very much if you would kindly share with me or direct me to persons who have the Means family tree. I am, in my spare time, working on the Means-Snodgrass-Dunlap connections in Virginia, West Virginia, Kentucky and Ohio. Other branches in North and South Carolina will have to be dealt with later on.

"Means is actually a pronunciation of the Scottish Highland Clan Menzie, which is the proper spelling. I suppose they came from the Highlands to Northern Ireland to Virginia to escape persecution but I should like to know the entire story. Davis Creek, West Virginia, is full of Means.

"Trusting to hear from you when you have time to write. Your last name Haney used to be Hanna, Hannah, Hanney, Hanney as your Crest is exactly like ours. When in Scotland just this year people called me Reverend Hannay."

CARRIE TACKETT

A letter from Mrs. Reba Stokes, 14685 Buck, Taylor, Michigan, inquires about a half-aunt, Carrie Tackett.

She writes:
"I am writing you about my mother's half-sister. A Mr. Jackson, of Oak Hill, Ohio, says that you might know her or find her for me.

"Her name is Carrie Tackett, daughter of Robert and Mary Tackett. The parents were divorced when Carrie was a small girl. She would be in her 60's. We've heard she married a Nickles or Nichols. . . . She has a half-brother, Harrison Tackett. My mother was Mandy Tackett, married Ed Stapleton."

WALCOTT SURVEY

Comes to hand a copy of the famous Alexander Walcott survey of 1795 in Eastern Kentucky. Twenty thousand acres of this survey lay in the present Johnson county, Ky., according to an abstract note.

The survey copy was entered on the Johnson county records and a New York state notary public noted: "The foregoing original abstract of title signed by George Perry, County Clerk of Johnson county, Ky., and find that the same is a full and complete copy of said original and of the whole of it. In testimony whereof I have hereunto set my hand and affixed my official seal, this 8th day of September, A.D. 1891. Andrew J. Ensign, notary public, King's county, New York. Certificate filed in New York county."

There is an abstract of the title chain of the part of the survey in Johnson county.

The survey reads:
"Russell county by virtue of eight land office warrants, to wit: Numbers 1551, 1552, 1553, 1556, 1557 and 1558 for 50,000 acres each and dated August 17, 1795; numbers 1604 and 1605 for 100,000 acres each dated September 25, 1795 and part of warrant number 1641, dated October 29, 1795; I have surveyed for Alexander Walcott 650,000 acres of land bounded as follows:

"Beginning on the East Fork of the Great Sandy River at the junction of the Russell and Louisa branches which form the same at a sycamore tree marked as a corner, running then north 13 degrees East 7,480 poles to an elm and a birch, marked by a corner standing on the southwest bank of the left branch of Sandy River which separates the counties of Russell and Wythe in Virginia and Kanawha 49 poles below the mouth of the creek which empties therein on the southwest side Callia Comfort's Creek, thence down the said east branch of Sandy River binding thereon on the southwest side ac-

ording to its several meanders and courses 18,640 poles to the mouth of a branch where it empties into Great Sandy River, thence up the Sandy binding thereon on the east side according to its several courses and meanders 26,470 poles to the beginning.

"Recorded in Richmond, Virginia, with map accompanying and Clerk's office, Johnson county, Kentucky, in Deed Book D, page 261."

Added to the copy was this note:
"The above premises were granted by the Commonwealth of Virginia to Alexander Walcott and afterward said land was ceded to and became a part of the state of Kentucky by act of Congress. The 20,000 acres to which this abstract refers is a part of the above described premises."

There is an addendum: Patent dated June 11, 1795.

The chain of title was abstracted as follows:
Alexander Walcott to William Hillhouse, dated December 17, 1805, consideration \$500,000. Conveys 325,000 acres, being part of the land above named, recorded Deed Book D, page 262.

The abstractor entered a note here: "It appears from an instrument of writing on record in County Clerk's office, Johnson county, Kentucky, that the above named William Hillhouse died intestate leaving Mary (??) L. Hillhouse, his daughter as heir and legal representative of the estate referred to above and under such power she granted a power of attorney to William W. Gitt."

Power of attorney, June 23, 1856. Mary L. Hillhouse to William G. Gitt. Gives full power to sell the whole or any part of the lands referred to above. Recorded Book D, page 265.

Deed, Mary L. Hillhouse, her attorney in fact, August 27, 1856. William W. Gitt to Rebecca C. Jones. Consideration \$3,000 and ex. Conveys 325,000 acres.

Deed, Rebecca C. Jones and Thomas Jones, her husband, Deed Book D, page 265.

MASTER COMMISSIONER'S SALE

Floyd Circuit Court

The Bank Josephine, Plff.
Vs. NOTICE OF SALE
Jean Hughes Allen, etc., Deft.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the September term, 1961, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 6th day of October, 1961, at Ten o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six (6) months, the following described property, to-wit:

That certain real estate located on the Levisa Fork of Big Sandy River in New Allen addition to Allen, and being lot No. 16, Block 3 of the New Allen addition to the town of Allen, Floyd County, Kentucky, map of which addition is on file in the office of the Clerk of the Floyd County Court, to which record reference is made for a more specific description of said property.

Said property will be sold to satisfy judgement in favor of plaintiff for \$2,824.00, with interest from Dec. 2, 1960, and an additional sum of \$277.50 with interest from Jan. 14, 1961, and the further sum of \$126.00 with interest from Dec. 7, 1960, until paid; judgment in favor of Proctor Hayes for \$1800.00 with interest from until paid; and the further sum of \$2299.62 with interest from May 7, 1957, until paid, subject to a credit of \$1155.91 as of Jan. 22, 1960, and the costs in this action.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms. The purchaser may pay cash in lieu of executing bond, if desired. Given under my hand, this 18th day of September, 1961.

Woman's Club Sponsors Special Cancer Film; Public Urged to Attend

The Wheelwright Woman's Club, in conjunction with the American Cancer Society, will sponsor the showing of a special film on Uterine Cancer, September 22 at 8:00 p.m., at the Wheelwright Community Hall. The film is entitled, "Time and Two Women." The meeting is open to the general public, and every adult is urged to attend. A special invitation is extended to all neighbors by communities as well as members of other Women's Clubs throughout the district.

The program is keyed to the General Federation's program urging Women's Clubs throughout the country to cooperate in an all-out drive to reduce the needlessly high death rate directly attributed to uterine cancer.

Extreme heat is bad on canned foods because, if some bacteria happen to be in the jars, warmth will cause them to grow and multiply, thus spoiling the food.

Beaver Valley Kiwanis Plans To Attend Meet

The Kiwanis Club of Beaver Valley will be represented at the 1961 convention of the Kentucky-Tennessee District of Kiwanis International at Lexington, September 24-26. Club President Arthur Bradbury announced this week. Hosts for the convention will be members of the Kiwanis Club of Lexington.

Delegates from the Beaver Valley club to the convention will be L. B. Jesse, H. M. Wilkerson, Joe Perraino and Bill Harris.

HALL AT KNOX

Fort Knox, Ky.—Pvt. Ballard L. Hall, son of Mr. and Mrs. Gene Hall, of Banner, Ky., is presently assigned to Company E of the 4th Training Regiment's 12th Battalion where he is taking his eight weeks of basic combat training.

Upon successfully completing the two months of training, he will be assigned elsewhere for eight weeks of advanced individual training in a particular skill needed by the United States Army. He is scheduled to graduate Oct. 14.

HALE FOR SHERIFF

Says

"Let's Keep the Record Clear and Clean"

These points we would like to make crystal clear to each and every Floyd countian:

1. A citizen who offers himself as a candidate for public office should consider his selection to the office a sacred trust to do his duty to all the public in every way.

2. Henry C. Hale for Sheriff on the Democratic ticket during the Primary stated a platform of strict law enforcement, of courteous treatment of taxpayers, and of fairness in the Sheriff's duties relating to elections. These solemn obligations made to the public before the Primary became stronger and bind more firmly upon Henry C. Hale as his election approaches.

3. Henry C. Hale has 4 sons—Ben, age 4, George, 7, Tommy, 10, and Jim, 13. When Hale leaves the Sheriff's office four years from now, his oldest son will be 17 years of age. Hale, like all of us, will want those boys to go thru their most trying years in a legally clean, a morally straight and better and greater Floyd county.

4. Contrary to scandalous political smears, Henry C. Hale for Sheriff is:

- (a) honest and sincere—he is morally and legally clean.
- (b) bossed by no one—and never has been.
- (c) a plain, accommodating Floyd county citizen who wants to be your Sheriff.

Truly a man is known by the friends he keeps—he is also known by the party he keeps. We are proud that Henry Hale has always been a Democrat—straight and true! Likewise, his opponent should be proud that he is a Republican—INSTEAD OF BEING ASHAMED OF IT!

Hospitality Clinic Set At Pikeville, Sept. 26-27; Feature Speakers Named

Pikeville will entertain the fourth in a series of Kentucky Hospitality Clinics September 26-27.

Sponsored by the Pikeville Chamber of Commerce, the Kentucky Division of Tourist and Travel Promotion, and the State Department of Education, the free clinic is designed to demonstrate to the people of Pikeville and surrounding areas the great tourist potential of Pike County to aid them in promoting more travel through local interest and effort.

The clinic will be held in Pikeville's Liberty Theatre. Arranged to give practical instruction in hospitality and courtesy, the program will give special emphasis to the importance of Kentucky's growing tourist industry. An impressive list of state and local officials, as well as prominent business leaders, will be on hand to address the meeting.

Featured speakers and topics scheduled for the two-day clinic will be Malcolm Mason, Kentucky Chamber of Commerce Hospitality Clinics chairman, on Kentucky's Hospitality Clinics; Paul Grubbs, Kentucky Chamber of Commerce Travel Promotion director, on the purpose of Hospitality Clinics; Charles Warnick, Kentucky Tourist and Travel Promotion director, on Pike County's great tourist potential; Lon B. Rogers, Breaks Interstate Park Commission chairman, on Breaks Interstate Park; Mary Allhouse, Teacher-Coordinator of Distributive Education, Lafayette Vocational School, a demonstration of waitress hospitality; and Clifford N. Goff, Jr., Manager, Ashland Marketing Division, Ashland Oil and Refining Company, on meeting traveler needs in retail selling.

Local officials scheduled to speak at the clinic include H. H. Kincaid, Pike County Chamber of Commerce president; Dr. William C. Hambley, Mayor of Pikeville; and T. E. Rogers, Pike County Chamber of Commerce Tourist Division chairman.

Special features of the program will be the showing of a color film on Kentucky's Parks and Shrines and a guided sightseeing tour of Pikeville.

Hospitality clinics currently being held in communities which serve the bulk of highway travel in Kentucky are planned primarily for business people who come in daily contact with travelers.

The clinics have been well-received and have shown how business and industry, education, government, and chambers of commerce can work together successfully.

More clinics have been requested by other communities throughout the state, and will be scheduled in the spring, according to Malcolm Mason, Kentucky Chamber of Commerce Hospitality Clinics chairman.

JESSE ELLIOT IMPROVED
The many friends of Jesse Elliot, former music instructor in Floyd county, who has been hospitalized since Labor Day, will be pleased to learn that his condition is greatly improved and that he hopes to return to his home from the Methodist hospital, Pikeville, the latter part of this week.

RETIREMENT OF TEACHERS NOTED BY SYSTEM OFFICER

Frankfort, Sept. 18 (Spl.)—There are 216 teachers in Kentucky who didn't answer the school bell this fall.

This is the number of public elementary and high school teachers in the state who have retired during the past summer, James L. Sublett, executive secretary of the Teacher Retirement System, has reported.

Out of the total number, 172 retired on July 1. Sublett said they had received their first retirement checks, averaging \$112.87 per teacher, by the end of that month.

The average retirement benefits this year were \$5.04 a month higher than those received in July, 1960 by the 184 teachers who retired then, and \$29.84 a month higher than those received in July, 1959 by 202 teachers who retired at that time.

The increase over the 1959 average for teachers who retired in 1960 and 1961 is the result of a new payment minimum established by the 960 Kentucky Legislature, which increased appropriations to the retirement program from new State revenue sources. Sublett said retirement benefits for all career teachers, regardless of the date of retirement, are now based on the \$40 minimum.

The smaller increase this year, he said, results primarily from retiring teachers with higher salaries and more years of service.

The 1960 legislation increased minimum retirement payments from \$25 to \$40 per credit year for teachers 60 years of age with 30 or more years of service. Thus the 60-year-old teacher, retiring after 30 years, now receives a minimum retirement annuity of \$1,200 a year, Sublett said. Under the previous \$25 minimum the same teachers received only \$750 a year.

He said the majority of teachers receive a higher annual annuity than the \$1,200 minimum. Kentucky teachers now in retire-

ment average 32 years of service each.

Sublett said there are now 2,570 teachers in the state receiving retirement benefits. Funds contributed to the system by active teacher members are matched equally by the state. A uniform contribution rate of 5 per cent of annual salary for all teachers was also approved by the 1960 Legislature. Contributions previously varied according to the age of the teacher.

NOTICE TO BIDDERS

Bids will be accepted by the Floyd County Board of Education until 6:00 p.m., October 7, 1961, for furnishing material and labor required to install a hot water heating system at Auxler high school. Plans and specifications may be obtained from George Lee Shannon, architect, Prestonsburg, Ky.

All bidders will be required to furnish a bid bond in the amount of 5% of the base bid. The Board reserves the right to reject any or all bids.

MARTIN

The September meeting of the Martin W. S. C. S. was held in the Methodist Church. The business session was led by the president, Mrs. Carl Martin. The annual ummage sale will be held Friday and Saturday, October 6 and 7. Those having rummage are asked to call Jane Allen and have it up so she will be able to pick it up. The sale will be held in Dr. Collins' building. The Circle program was on the Holy Spirit and Pentecost. Mrs. David Marrs was in charge of the program. Refreshments were served by the hostess, Mrs. Carl Martin and Mrs. David Marrs, to Mrs. Edna Babb, Mrs. Dorothy Allen, Mrs. Clyde Allen, Mrs. Alton Crisp, Mrs. T. J. Allen, Mrs. Carl Martin, Mrs. Ray Allen, Mrs. David Marrs and guest, Mrs. A. L. Osborne.

The Week of Prayer and Self-Denial will be observed, Oct. 25-31.

James Garrard—soldier, farmer, Baptist preacher, politician—was the only governor of Kentucky to be elected to two consecutive terms.
