## PIPE LINE WORK SEEN IN COUNTY WITHIN 2 WEEKS

Construction Equipment Arrives at Martin; Pipe Expected Daily

MAY MOVE STATION SITE

After weeks spent in Floyd county by the Construction & Electric pipe line from West Virginia, its crews to the county to the Martin area to move more than a foot right away.

There were no outraging news received by the paper from a reliable source.

The right-of-way for the gas line in several states will be taken over by the company to be used in the construction of the new highway between Marion and Martin.

The company was given the right-of-way because it is so necessary to have a right-of-way without disturbing the soil or trees.

At this time, the crews are working on the right-of-way between Marion and Martin.

When the work is completed, the station will be moved to the point where the new highway will be built.

However, she remembered her mother's words when three other boys were shot. It was said, "If you're going to do it, do it in broad daylight." She has no remorse for having shot her son, she said.

The girl said she remembered being taken to the home of Gertrude Stephens as a child and seeing the Holmes boys in the 80s in their home. She said, "I'm sorry I did it, but I had to do it."

She was held prisoner for two hours until her brother, John, came to her aid. The boy, John, was not hurt, but he was severely injured.

Dee K. K. Lee, 20, New Haven, testifies he was shot in the arm and shoulder, but got away unharmed. He said he was shot in the shoulder.

J. L. Harrington, 20, and D. W. Walker, 20, also claimed they were not hit. They also claimed they were not hit.

Both Lee and Walker stated they were hit.

Lee and Walker were hit in the shoulder.

Smith, however, said that testimony dealing with his county was being used to estimate what had happened in Marion, also.
