Floyd County Times

SPeAKING OF AND FOR FLOYD COUNTY
PRESTONSBURG, KENTUCKY

OCTOBER 8, 1942

This Town—That World

THE TIMES AND NEWSPAPER WEEK

This, my friends, is National Newspaper Week. THE FLOYD COUNTY TIMES, as a participant therein, has been urged to do some "town" of its own brand, point out what it means to the community, print on Page 1 those very fine proclamations indited in tribute to the American press by President Roosevelt and Governor Johnson, try to make the occasion memorable by getting an expression of goodwill—by way of advertising—from business firms.

But for those regulars, the faithful—those whose hearts—every week in the year, the advertising is nothing to celebrate about.

Yet, THE TIMES knows that, had it gone to the business men of Prestonsburg, told them that it would like their advertising this particular week as a sort of testimonial at their expense, they would ally as I would have responded, if they were to come to me, saying they needed my support.

But this newspaper doesn't happen to be in doing business that way. When the business men of Prestonsburg want advertising and want to pay for it, THE TIMES will serve them. But charitably please, no.

For the horn-blowing, see editorial. For our observations otherwise, see editorial. In the life of a nation now fighting for free speech and free press, see the flags at the top of this page.

TRUSTEE VOTE ELIMINATION CONTINUED

As Education Board Names Trustees For 4 Years

The no-trustee-election system initiated by the Floyd County Board of Education last week was renewed for another four years Tuesday as the Board named 122 trustees for the 113 of the county's 118 rural schools.

Elimination of the trustee election was originally voted to prevent a recurrence of outbreaks of violence as took place at Frater Creek a few years ago, at a sub-district trustee election and to curb the practice of teacher appointments being bought from trustees. Both aims have been achieved under the present system, County Superintendent Tom Campbell said.

In some districts more than one trustee was named. In such cases, it was explained, the first-named trustee will serve the first year, after which terms of office will alternate between the two or more trustees chosen over the succeeding three years.

A new member of the Board of Education took the oath of office Wednesday with Bill Allen, of Allensville, who was elected to the first district. Mr. Campbell is now employed by the First National Bank here. Tuesday's meeting of the Board was attended by the remaining four members, Dr. J. H. Allen, Dr. Dewey Osborne, Ray Frasier and T. M. Newcome.

A payroll of approximately \$38,000 to teachers was voted at the meeting. (Please turn to page eight)

X-Ray Clinic Stated Here, October 20, Ransdell Says

A second x-ray clinic for teachers and all tuberculous contacts and suspects will be held here on the afternoon of Oct. 20 by Dr. John H. Floyd, of the State Board of Health. It was announced this week by Dr. Marvin Ransdell, director of the Floyd County Health Department.

Sixty-four teachers who were not in the county when the August clinic was held will be expected to appear for x-ray examination at the clinic this month. Persons scheduled for a second x-ray examination will also be examined, Dr. Ransdell said.

The clinic will be held only during the afternoon of the 20th.

CATS SUFFER SECOND LOSS

Pass by Whitesburg Is Fatal to Hopes Of P'burg for Win

A long pass in the first quarter sent the Prestonsburg Black Cats tumbling Saturday afternoon to their second consecutive gridiron loss, the visiting Whitesburg Yellow Jackets thereafter staying off repeated Prestonsburg scoring threats and clinging to their 6-0 lead.

Except for that one scoring thrust, the Cats had the edge on the visitors, and on the preceding week-end, had held the strong Middleboro team to a 6-0 tie.

But fumbles and intercepted passes, Prestonsburg would have made at least two touchdowns.

Prestonsburg led the initiative almost entirely through the last half, particularly in the third quarter. That period was fought out meter at meter in the Whitesburg 20 yard player. But, as each touchdown march started, a fumble or pass interception came along to upset the initiative.

Although not satisfied to take a loss, Coach Branham expressed his admiration of the fighting qualities of his team. Freddie James, a regular back, was not in uniform, suffering from an infected arm. Line player of Hubbard Helms and Wells was outstanding for Prestonsburg, and Combs' and Miller's passing to Helms and was clocked at times.

The Cats will take the week-end, and have until Oct. 17 to prepare for Jenkins' visit here. The Jenkins team Saturday defeated Walter Price's Wheelwright eleven, 37 to 0.

Service Flag Dedication Here Honors Men in Armed Forces

A Service flag bearing 23 stars representing Methodist boys in army and navy service and a gold star for one who died in action was dedicated at the Prestonsburg Methodist Church Sunday morning following observance of World Communion Service.

The flag was presented by Mrs. R. V. May on behalf of the Woman's Society of Christian Service and the Wesleyan Guild, and was accepted on behalf of the church by the pastor, the Rev. W. B. Gerhardt. Names of those represented by stars were read by Mrs. W. P. Mayo. At the close of the service an offering for service camps and chaplains in various parts of the county was received.

Names read by Mrs. Mayo followed: Glenn Cole, who was killed in action; Lieut. Lewis Harvey Mayo, Lieut. David Darwin May, Walter Davidson Howard, Marshall Davidson, Henry A. Howard, Sam Hatchers, James Stuart Nell, Byron Nunn, John Graham Leroy Combs, William R. Callahan, Jr., Martin J. Leste, Jr., Jack Coble Jones, William Arnold Spradlin, James Henry Hatcher, William Henry Jones, Jr., Monte Scott Harkins, Harold Lee Lockwood, Quentin Lockwood, Z. S. Dickerson, Jr., Jack Hill.

A register will be kept in the church and any member entering the armed forces will be recognized in the future by a star on the Service flag, it was announced.

Blood Clot Is Fatal To Babe Following Fall at Hunter

A cerebral blood clot resulting from an injury sustained in a fall from a porch shortly after the home of his parents, Mr. and Mrs. James Sammons, at Hunter, on Sept. 25, resulted Tuesday in the death at the Beecher Valley hospital, Martin, of eight-months-old Ronald Lee Sammons.

Besides the bereaved parents, one sister survives. The body was taken to Boone's Camp, Johnson county, birthplace of Mr. Sammons, for interment Wednesday under direction of the Ryan Funeral Home.

MURDER WRITS SEEN FOR FOUR IN SLAYING

Wadkins Saccumb; To Head Injuries; Barnett Named

Melis Barnett and three other members of his family face possible murder charges as a result of the death Tuesday morning at Brainerd of Walter Wadkins, 56, whom Melis alleged to have struck with a rock Sept. 21 at Brainerd. The others—Lacey, Warren and Riley Barnett—were accused with Melis in recent grand jury indictments of striking and wounding Wadkins and murder warrants are expected to be sworn out for their arrest.

Wadkins died at the home of his brother-in-law, Dud Barnett, of Brainerd, who is the father of Melis Barnett. He was removed from the Prestonsburg General hospital a few days earlier, after physicians had despaired of his recovery.

To add to the strange break-down of families found in this case, it was Mrs. Dud Barnett, mother of the alleged slayer, who appeared before the grand jury here to add her testimony in the hearing which resulted in striking and wounding indictments being returned against her son and the other Barnetts, County Attorney Woodrow W. Burchett said.

Wadkins, a man of slight stature, weighing little more than 100 pounds, was assaulted as he walked homeward, carrying a load of cat-bait given him as a commodity client of the Works Progress Administration. It was said here this week, although no definite motive was given for the attack, it was hinted by a kinsman of the Barnetts that the crime had its foundation in jealousy.

Wadkins, in 1927, was a figure in the trial here in circuit court of several Magoffin companions named as members of "The Buckler Club." Miles Barnett, a member of the Middle Creek family duking in the Wadkins slaying, was severely beaten by the Blackwell's on the night of April 2, 1927, and orders went out at that time, it was alleged, to watch him. (Please turn to page eight)

NO-GAMBLING MOVE MADE

City Council Orders Benjie, Shepherd To Close Place

Amusement place operated here by John Benjie and Wiley Shepherd was ordered closed by the City Council at its Monday night meeting after the place had been repossessed as a scene of gambling.

At the same time, the Council instructed police to notify all poolroom operators to keep minors out of their places of business unless they have the consent of their parents to play.

The Council's action against gambling followed several complaints made to its members and police officers that considerable money had been won and lost at Benjie and other card games played in Benjie and Shepherd's place.

Declared a nuisance, the place was given three days in which to close, after operation thereafter will cost operators \$10 for the first day, \$25 for the second day and \$50 and a 30-day jail sentence for the third day.

Of the seven Council members present at Monday night's meeting, five voted for the resolution, one voted against it and the seventh declined to vote.

Idleness of young poolroom habitués in wartime was given by a Councilman as the reason for the poolroom edict.

As a result of the Council's resolution, all "rook parlors" here were reported as discontinuing business this week.

FIVE TAKEN TO LA GRANGE

4 of Group Sentenced After Murder Trials; Two Are Women

Five prisoners taken from this county Wednesday to the farm station at La Grange are to serve an aggregate of 13 years' term of the state penitentiary, and all five were convicted in murder trials.

Names of prisoners and terms to which they were sentenced, following the trial here, were: James Henry Lee, 10 years; Mary Tackett, James Badley Kelly Combs, two years each; Combs, the only one of the five sentenced in murder cases, was convicted of shooting and wounding Constable Willie Johnson at Whitesville Junction.

They were taken to the reformatory by Mrs. Annie Samba, Floyd county clerk, and Deputy Sheriffs B. L. Sherrill and E. C. Slade.

MAY ELECTED PARTY LEADER

At Democratic Meet Here; 2nd District Poll Scheduled

John May, Floyd county chairman of the Democratic party, was unanimously chosen chairman of the party at a caucus here Tuesday evening by the 28 party precinct committee members present Saturday afternoon at the Democratic caucus here.

He and a chairman of Legislative District 2 to be named at a caucus scheduled Oct. 17 at McDowell will name a Democratic county chairman in accordance with party rules, Mr. May said. In the event of a tie vote between the two, Mr. May as president would have the power to name the county chairman.

Earlier attempts to name legislative district chairmen were thwarted by failure of a quorum to attend the meetings scheduled here and at McDowell.

Commenting on the party situation in the county Mr. May said Monday, "The opposition to me was unusual, since it did not come out and try to defeat me by vote of precinct committees, but all the time tried to keep enough committee members away to prevent a quorum from being present."

His statement was not forthcoming from the opposition, it was hinted that the method followed by Chairman May in filling precinct committee vacancies might be open to attack.

TOT KILLED BY TRUCK

Calhoun Child Dies, Result of Mishap On Highway Here

Hit by a truck as he attempted, shortly after noon Tuesday, to cross the Mayo Trail, near the lower limits of Prestonsburg, on his way home from a neighbor's residence, William Carl, three-year-old son of Mr. and Mrs. Tom Calhoun, died within a few minutes as he was being taken into the Prestonsburg hospital.

The tot was hit by the Jackson Furniture Company's truck, driven by Clifford Coleman, 26.

Chief of Police Ed Lafayette said the tragedy was unavoidable, since the child passed behind another truck driving into Prestonsburg, and ran into the path of the furniture company truck, bound downriver.

Calhoun said he did not at any time see the child. He said he was driving at a speed of around 25 miles, some distance above the speed of the truck, but that seeing the other truck, which was driven by Jerry Gibson for the Howard Motor Company, slow down, he was traveling at a speed of from only 15 to 17 miles an hour when the tot was hit.

Mrs. Kitty Harmon was quoted as saying she caught the child as it started across the highway in front of the Howard truck, held it until she flagged the truck, then released it.

Gibson told THE TIMES he estimated speed of the furniture company truck at from 45 to 50 miles an hour. He added, however, that the accident was unavoidable.

The accident occurred a short distance below the restaurant of Harvey Patton.

Coleman executed bond before County Judge E. P. Hill, and his hearing was set for Saturday morning.

Neighbors the grief-stricken parents, the little victim is survived by one brother, Victor Joe. Funeral rites were conducted from the Calhoun home this afternoon (Thursday), and burial was made in the Bascom May cemetery under direction of the Arnold Funeral Home.

MRS. HOWES IS CLAIMED

Floyd Woman Dies at Betsy Layne, Cancer Victim

Funeral rites for Mrs. Alice Victoria Howes, 70 years old, wife of W. C. Howes, who died Sept. 26 at her home at Betsy Layne, were conducted last Thursday from the Methodist Church, Betsy Layne, the pastor, the Reverend Elwick, officiating.

Mrs. Howes, one of Floyd county's best women, succumbed after months of suffering from cancer. She was a daughter of the late Mr. and Mrs. John L. Layne, and was a native of the community in which she died. She was married in 1869 to Mr. Howes, a resident of Faintville, and to this union were born two children: James H. Howes and Mrs. Onaida Howes Williams, both of Betsy Layne. She also leaves four sisters and two brothers: F. M. Thomas and L. M. Layne, all of Betsy Layne; Frank Layne, Akron, Ohio; Mrs. Belle C. B. Hitchins, Lockhaven, Pennsylvania.

Burial was made in Betsy Layne cemetery under direction of the Call Funeral Home.

Body of Mrs. Risner Returned to Martin

Burial of Mrs. Mary Hunter Risner, 89 years old, wife of Val Risner, who died Oct. 4 at Waterloo, Mich., was made at Martin Wednesday following funeral rites at the Morrison Church.

Mrs. Risner was a former resident of Martin. She is survived by her husband and several children.

ATTEND HOWES FUNERAL

The many friends of Mrs. Victoria Layne Howes, wife of W. C. Howes, of Betsy Layne, were given to learn of her death on last Tuesday at her home. Her granddaughter, Mrs. J. H. Howes, and her son, James H. Howes, were present for a few years. Those from Prestonsburg attending the funeral on Thursday at the high school building were: J. H. Howes, wife of W. C. Howes, Belle Brown, of Miami, Fla., at her bedside when she passed away, having been with her for many years.

CELEBRATE 50TH ANNIVERSARY

Mr. and Mrs. Martin Nesbitt, former residents of Prestonsburg, celebrated their 50th wedding anniversary at their home in Lucasville, O., Sunday October 4. Mr. Nesbitt is a son of the late William Nesbitt, of Floyd county, and a brother of Mrs. Jeff Brown, who passed away last year.

GRAND JURY FILES REPORT

Says Crime Is Less, Though Ten Named In Murder Bills

Although it returned 10 murder indictments during its nine-day session which ended last week, the grand jury of the Floyd circuit court last night gave its report to the grand jury of the Floyd circuit court, which is a shadow of the grand jury of the state. It is a shadow of the grand jury of the state, which is a shadow of the grand jury of the state.

Continuing the report, signed by John Dorsett, foreman, said: "We attribute this reduction in crime to the fact that the officers are performing their duties and that a large number of the people are now engaged in defense industries and are in the armed forces."

The grand jury examined 171 witnesses and returned 138 indictments. After inspecting the jail, conducted by Sheriff J. H. Hester, the jury said it found all in good condition and well-kept.

A civilian member of court convened Monday morning.

Miners To Work Saturday In 'All-Out' Scrap Drive

Twelve More Schools Report on Recent Junk Campaign

As the thousands of pounds of scrap metal and rubber accumulated in the county in the school junk drive were being gathered up this week, miners of the county were ready to begin Saturday the task of collecting the huge quantities of scrap in and around Floyd county mines. S. L. Label, Floyd salvage chairman, said Wednesday.

Total tonnage expected to be contributed by the miners in their collection drive is the 5,998,600-pound quota assigned to the county in the program. The mine, that of the Stephens Elkhorn Coal Company at Mantion, set its goal, however, at 60 tons. It is anticipated that not only the miners will give their

Second Scrap Drive Now Being Planned By Salvage Heads

At a cost—\$10,000; State Road Fund—\$10,000; County—\$10,000; Lacey—\$12,380; Bonanza—6,320; County Park—3,728; Garrett—2,815; Dewey—1,980; Little Park—2,800.

WPA scrap collections, County Judge E. P. Hill said this week, will be made by the use of state-owned trucks. Hitherto, the WPA used county trucks. Floyd county continued to lead the state in WPA scrap collections with 519,924 pounds in total and 84,722 pounds of rubber collected up till Sept. 30.

Of this total, 102,021 pounds of metal and 4,833 pounds of rubber were collected during the week ending Sept. 30.

George P. Shaw, state supervisor of WPA scrap collections, cited Floyd county as an exemplar in its work and suggested that Pike, Johnson, Lawrence and some other counties be included in the drive.

(Please turn to page eight)

1200 Pounds of Scrap Metal Collected

Saturday's in this undertaking. Office workers will join them, it was said.

There are 28 mines operating over tips in the county and seven operating by truck. If these 35 operations attain an average set by the Stephens Elkhorn, the resultant scrap pile would weigh more than 4,000,000 pounds and produce a total of \$100,000 insurance of exceeding its quota.

At the same time, other industries of the county, particularly the gas companies, are expected to contribute heavily to the scrap drive. The Kentucky West Virginia Gas Company here is shipping a 50-ton carload of scrap this week.

Of the 100 schools whose scrap collections were not reported last week, 19 had their scrap weighed this week and added a total of 60,453 pounds of metal and rubber to the 328,608 reported earlier. All 12 schools reporting this week, except Garrett and Lacey, are rural schools. These 10 rural schools averaged 2,363 pounds per school.

This week's school scrap collections reported were: District 19 school—1,120 pounds;

ALASKA — U. S. HIGHWAY

NORTHERN CANADA—Soundphoto—A portion of the International highway, from the United States to Alaska, being completed through virgin forests. It will make a military road protected by a chain of coastal mountains from the Northwestern United States to our Alaskan defense area, through the Dominion of Canada.

WHAT EVERY KENTUCKIAN MUST KNOW ABOUT AN IMPORTANT TAX SOURCE

- Q: What benefits does Kentucky receive from the legal beer industry?
- A: Nearly \$8,000,000 in taxes paid into the State treasury since 1935; honest jobs at good pay for more than 15,000 Kentuckians; more than \$70,000,000 to date, in salaries and wages for Kentucky workers; plus countless benefits to counties and municipalities throughout the State in taxes, license fees, etc.
- Q: Does the State of Kentucky need the beer industry's taxes?
- A: Yes—every dollar! Kentucky's Commissioner of Revenue recently estimated that the State will have \$6,500,000 less revenue during the 1942-43 fiscal year than it had last year. With many sources of revenue drying up, the beer industry's \$1,300,000 (estimated) taxes are more important than ever. Without this revenue, you might have to dig still deeper into your own pocket to help make up for the loss.
- Q: How does the State use the taxes paid by the beer industry?
- A: This revenue, which amounted to approximately \$1,360,000 in the 1941-42 fiscal year, is used for educational purposes throughout the State; for Old Age Assistance, Aid to Dependent Children, Aid to the Blind, Health Service, Confederate Pensions, etc., and for expenses of State government.

THESE THINGS AFFECTED YOUR HOUSEHOLD

Conserving Meat, Rubber Appeal, Jobs for Women, Milk Cans in War, Japles Needed, Coffee Warping, Victory Scrap Piles, Mason Jar Jarred, Spice Price Set, Shoe Repair Price, No New Trains, Recaps Boosied

The Office of Price Administration cut the meat last week!

In order to conserve sufficient meat for the armed forces and for lend-lease purposes, the OPA set limits to the amount of beef, pork, veal, mutton and lamb that may be distributed for civilian use.

Deliveries to civilians from Oct. 1 to Dec. 31 by those who slaughter more than 500,000 pounds a quarter were limited to the following percentages of the deliveries in the corresponding period of 1941: beef, 80 per cent; pork, 75 per cent; lamb and mutton, 95 per cent; veal, 100 per cent. Other slaughterers were limited to the amount of their 1941 deliveries.

Shortly before this curb was set on meat deliveries, the OPA took action to check the rapidly rising cost of live cattle by limiting top prices which slaughterers and wholesalers may charge for the dressed product. Thirty-three cents a pound is the top price to be paid for choice or Grade AA steers and heifers at that level, for example.

This move eliminates the advantage had by certain buyers whose ceiling prices were unduly high and who, heretofore, could afford to outbid buyers with lower ceiling prices.

Rubber Director William M. Jeffers asks all American newspapers, daily and weekly, to carry a special message as often as possible until gas rationing has been started. His suggested text for a "boxed" item was:

"You Can Save Rubber and Help Win the War If You Will Do These Things:

"DRIVE only when absolutely necessary; KEEEP under 35 miles an hour; KEEEP your tires properly inflated; HAVE them inspected regularly; SHARE your car with others."

WPA officials have been directed to step up the training of women and older unskilled workers to fit them for skilled and semi-skilled jobs in war industries. Over 5,000,000 women must be added to payrolls in 15 months.

American farms and dairies will make available almost 18,000 tons of steel for war production in the next 12 months by getting along with simpler and heavier tin cans. A WPA order has limited the amount manufacturers can use and has ordered a reduction in the number of types.

Automobile graveyards are producing about 20 per cent of all the scrap steel being used in the wartime steel industry. That's how important your old jalopy has become. Call the scrap man if his job is out of commission.

Retail grocers who attempt to evade WPA restrictions on bottled coffee by the sale of green coffee are in jeopardy of losing their entire coffee business and of suffering other penalties.

The nation is being warned that its big scrap drive will produce large piles of metal which may stand for some time before being picked up. Victory stock piles cannot be moved at once because of the transportation problem involved, but their size measures their community's determination to win the war.

The familiar Mason jar, known to generations of housewives, is a war casualty, but it will survive. The WPA has banned the use of zinc for making the lids after Oct. 1. The order saves enough material to make 25,000 tons of brass for munitions uses. Porcelain lids with steel rims will be used.

Maximum prices for 45 imported spices and spice seeds have been set. A new OPA order raises the ceiling prices for attaching rubber leglets to women's shoes, but eliminates the extra service charge for repairs made to the heel in the attaching process. The prices vary according to quality and sizes.

Special trains have been forbidden, new runs may not be added to railroad schedules and trains may not be run in extra sections unless such extra sections have been run at least 20 per cent of the time in the last 30 days. A new OOT order acts to conserve equipment.

A supplementary recapping quota slightly more than doubles the month's original quota—and the OPA asks all eligible passenger car owners whose tire casings are worn smooth to apply for recapping certificates.

American shipyards have reached their promised goal of three ships a day.

Creation of a War Liabilities Adjustment Board to facilitate the use of all productive capacities during the war and to assure small business enterprises the opportunity of re-entering a competitive economy after the war ends has been suggested to the Senate by WPA Chairman Donald M. Nelson.

All states have agreed to enforce the 35-mile speed limit. Anybody going faster is a Hiller-Helper.

The OPA has frozen the sale of used tires and tubes and soon will ration used tires.

Retailers' representatives have been meeting with OPA men to work out ways of eliminating "luxury" services.

Preferred mileage for cars carrying students, teachers, and school employees to and from school is to be provided by OPA.

The nation's 3,800 concrete products manufacturers have been urged to maintain production to supply these materials as a substitute for lumber, of which there is a shortage.

The Bureau of Governmental Requirements has OPA men to work out ways of eliminating "luxury" services.

Men's rubber boots and work shoes have been rationed.

The August munitions output increased approximately 8 per cent over the July figure, the WPA announced.

Apple butter prices have been increased approximately 10 per cent at the packer level.

You don't need a priority to have your mechanical refrigerator repaired.

RESOLUTIONS

Whereas, God, the Divine Father, saw fit on Sunday, Aug. 30, 1942, to call from among his beloved people, Louise Patrick, now therefore:

Be it resolved, that in her passing Adah Chapter has lost a true and loyal member whose lively personality will long be remembered and whose good influence will continue to bear fruit in the years to come.

"They never leave us, these friends through the shadows of death to the sunlight above. A thousand memories holding them fast.

To the place they blessed with their memory of love."

Resolved, that we extend to her bereaved family our sincere sympathy in their sorrow and commend them to the wise care of the heavenly Father who led her through the storms of life to such a beautiful and peaceful end.

Be it further resolved, that a copy of these resolutions be spread upon the minutes of this chapter, a copy be sent to her husband and a copy be sent to The Floyd County Times for publication.

IF YOU DON'T MAIL BY NOVEMBER 15 THIS BAG WILL BE EMPTY CHRISTMAS DAY!

It's only got two punches left," sister Susie will observe as she examines it.

"Then that's as far as we'll go," dad will snap.

"How far can we go on two punches?" little Edgar will ask.

"That will get us just about enough gasoline for our habbing bench, four all-hots and two arguments with a motorcycle cop," dad will explain.

And a motorist already has to carry so many cards there will be serious competition. He is practically a walking card case right now. Once he empties his pockets it is hard to tell whether he is a motorist or a fortune teller.

However, war is war, and from now on most auto trips will be detouring travels. And if you are an autodist disposed to squawk, forget it. Just think about the luck of the poor fellow who just bought a rural travel or a roadside lunch or one of those tourist camps. Oh, man!

"Buy Defense Bonds—"

"My dear fellow who has worn their kimonos—to hide something they had up their sleeves," says Muriel Cahill.

It is those depressing war dispatches.

THE GARDEN

By JOHN S. GARDNER
Kentucky College of Agriculture and Home Economics

LAST THINGS

With frost in the air, as this is being written, comes the reminder to get the garden in the best possible condition for the winter. And, under a green, winter-growing cover is that best condition.

Since early August many gardeners have been sowing their cover crop progressively, in the rows and patches of expending vegetables. They started with crimson clover and winter hardy strains of barley, but, Sept. 16 changed from clover to the hardier legume, hairy vetch. It is "smart" to grow one's nitrogen, in legumes, as the commercial nitrates are so much needed to make munitions.

Sowing of hairy vetch may reasonably continue until frost, but after that only the small grains are dependable. Of these the most so is rye, and if seed can be got, it is strongly urged that it be of the Balbo variety, as it has performed outstandingly in all the cover crop demonstrations of last winter.

The reasons why a winter cover crop is good for a garden have been given so often that it may be wise to repeat them, but here again are a few of the most cogent:

A cover crop holds soil against washing, even the "sheet erosion" which, because no definite quillies are made, is so generally ignored.

A cover crop makes a good garden even better. Turned under, its fiber becomes humus, soil conditioner, to contribute to the soil's spontaneity, so moisture can be held, and to its workability, offsetting baking and running-together. It is not denied that stable manure would do the same, but there is not enough stable manure anywhere. A nomination for the ideal would be a cover crop

MAYBE THIS WILL DO ("Tin Pan Alley is striving to get across a work-up to the Japanese situation.")—News Item.)

Get back in that kimono!
It's there where you belong!
It's strictly a la bathrobe
That you can do no wrong!
Get back in that kimono!
And face the simple facts:
You rate attention only
In acrobatic acts.

Get back in that kimono!
And then await your cue:
A glare of crimson muse,
As suggested to the Senate by WPA Chairman Donald M. Nelson.

Get back in that kimono—
And back into your tight!
(We'll lose you in some barrels
For mistakes and nights.)

Get back in that kimono—
And grab a parasol—
In any other costume
You don't look right at all.

Get back in that kimono—
Only that platform hoop!
Your skirt does with a ladder
And some poor guy on top;
Get back in that kimono—
And back to the appeal!
Your spot—and well you know it—
Is there among the SEALS.

Get back in that kimono—
And climb up on that wire!
When you walk the tightrope—
Not that you're a wire walker;
Get back in that kimono!
Your era was the time
When Albee was in flower
And Keith was in his prime.

—Buy Defense Bonds—
GAS RATIONING

Within a few weeks automobile driving will have to be "by car only." It will no longer be a question of where you will go for your Sunday auto trip, but how?

Week-end motor trips are to become short distance affairs, and on any summer vacation trip by sedan a bicycle strapped on the back will be compulsory equipment.

Americans have become accustomed to pile into the old bottle step on the gas and keep driving until the "fanny" took pity or the car hit a tree. "Fill 'er up" have long been the three most common words in the language. And it is going to be quite an experience for the average man to realize that even his detours are being rationed.

Guns must get priorities over jewelry and no real American will question the justice of putting bombers, tanks and warships ahead of hot irons, hot dogs and hot radiators.

We have driven by car, by intuition, by habit and by order, but driving by card will be a new experience.

It will not be a question of how many miles does she give to the gallon, but how many gallons does she get to the card.

"Well," we can hear mom saying Sunday morning, "where will we go for a ride today?"

"Look at the ration card and see," we can hear pop reply.

NEWS FROM FLOYD COMMUNITIES

BONANZA

Sunday was the memorial of "Aunt" Kate Wireman. A large crowd was present. Revs. Alex Stephens and J. H. Conroy were the ministers.

G. W. Adams, former postmaster at Myrtle, was baptized Sunday. The following children were present for the occasion: Mrs. M. M. Collins, Lackey; Mrs. H. H. Hornsby, Garrett; Mrs. Mill Stanley, Bonanza; W. C. Adams, Myrtle. The Sunday preceding his baptism was his 85th birthday.

Dr. C. T. Stanley, of Ashland, was the guest of relatives here over the week-end.

Alex Music, of Stephens Branch, was visiting here Sunday.

Mr. and Mrs. Carl Woods and baby, Judith Carroll, were week-end visitors of Mrs. Woods' mother, Mrs. Baldrige.

Mr. and Mrs. Ray Stephens and daughter, Mary Elizabeth, visited Mrs. Stephens' mother here Saturday.

Mr. and Mrs. Alex Ratliff and daughter, Mary Elizabeth, have returned from an extended visit in Indiana.

Mrs. H. H. Hornsby and daughter Sue visited relatives at Bonanza Sunday.

GARRETT

Mrs. Bill Petry, of Alexandria, Va., is visiting relatives here this week. She was guest of honor at a dinner Wednesday night at Louie's Cafe in Pikeville. Other members of the party were Mesdames C. B. Eason, J. O. Webb, Rudolph Spencer, E. C. Blanton and F. M. Becknick. After the dinner, the party visited Mrs. R. H. Messer at the Methodist hospital.

Mr. and Mrs. Stanley Bamer and daughter spent the week-end in Fort Gay, W. Va.

Mrs. Versa Moore, of Laporte, Ind., is guest this week of her sister, Mrs. Lloyd Hughes.

Mrs. J. E. Martin and daughter Ruth were shopping in Haasrd Thursday.

Mrs. Richard Martin is suffering from a dislocated arm caused by a fall at her home.

Mrs. Barbara Pack entertained with a family dinner Sunday, honoring her son Glenn who was inducted into the army Tuesday.

The many friends of Mrs. R. H. Messer will be glad to know she has returned home after undergoing a major operation in Pikeville. She is recuperating nicely.

Mrs. H. H. Hornsby and daughter Sue visited relatives at Bonanza Sunday.

Citizens of Lackey-Garrett donated very generously to the fund for cigarettes to be given to the draftees who left Tuesday to be inducted into the army.

Additional Correspondence on Page 6.

SALISBURY

Last Friday night the P.-T. A. gave a second ice cream social, making a total of \$70.13 on the two occasions. From this fund the P.-T. A. has bought work books for every student in school as well as other school supplies and an oil cook stove. Paintings inside of the school building is planned. The P.-T. A. will very soon make plans for the Halloween carnival.

Mr. Otto Fennin, who has been very ill, is home from the hospital.

Pvt. Jake Bates was called home from Florida, where he is stationed, by the death of his grandfather, J. P. Akers.

Mrs. Harry Patton and daughter Fay were visiting Mr. and Mrs. Lackey Salisbury Saturday evening.

Happy parents were Mr. and Mrs. Melvin Coon last Sunday when they had seven of their nine children home for dinner - Claude, Dewey and Ann from Paducah, O.; Pvt. Frank Coon from Indiana; Nora from Pikeville; Edna and Jack, at home. Those absent were Capt. Charles Coon, of Texas, Pvt. Bill Coon, in Tennessee. They already have three sons in the army. Dewey is home to enlist. Jack says he is going to enlist as soon as this year's school is over. He is a senior in high school.

ORKNEY

(Last week's correspondence) Here's some news from a little community in Floyd county most people forget about. Just to show you we aren't forgetting Pearl Harbor, here's the names of some of the boys in the service, and some things they might want to know: Private Marion Anderson, son of Mr. and Mrs. M. C. Anderson, is stationed at Barkdale Field, La. air corps.

Private Ivan Hamilton, son of Mr. and Mrs. Roy Hamilton, is stationed at Drew Field, Tampa, Fla.

Sgt. Clyde Hamilton, son of Mr. and Mrs. Roy Hamilton, is stationed at Ft. McClellan, Ala.

Pvt. Jesse Vance, son of Mr. and Mrs. Jesse Vance, is at Camp Perry, Ohio.

Pvt. Robert Vance, son of Mr. and Mrs. Jesse Vance, is stationed at Salt Lake City, Utah.

Pvt. Herman Conley, son of Mr. and Mrs. Sam Conley, is stationed at Camp Crowder, Mo. Y.

Seaman 2nd class Charles George, son of Mr. and Mrs. Steve George, is at South Brooklyn, N. Y.

Misses Daisy Lea Stemoer and Wilma Hamilton are working in Danville, Ky.

Mrs. J. C. Olson, daughter of Mr. and Mrs. M. C. Anderson, has returned to her home in Plano, Ill.

Theodore Storie was visiting his daughter last week-end. He is in the signal corps at Lexington.

Milford (Burr) Anderson is in the signal corps at Lexington.

WAYLAND-ESTILL

Miss Mame Lea Bellamy, daughter of Mr. and Mrs. Roy Bellamy, is visiting her sister, Clara, who is employed in Washington, D. C.

Mrs. J. P. Ring was in Prestonsburg last week on business.

Mr. and Mrs. Eph Edwards and family, formerly of Estill, have moved to Midas.

Mrs. Bunyan Onty is leaving for Akron, O., where she has a position in the Akron Bible School.

Mrs. R. P. Crumpler, of Wayland, plans to return home Oct. 9 from Cascade, Va., where she has been visiting relatives since Sept. 23.

Richard Vincent has been confined to his home with a rather serious throat ailment.

John Haymond has been ill with tonsillitis.

Mrs. Andrew Pow, of Northampton, Mass., has been visiting Mr. and Mrs. George Pow.

Mr. and Mrs. Frank Harmon and sons spent the week-end at Norris Lake, Tenn.

Mrs. W.-O. Campbell has heard from her brother, Pvt. Lindsay Calhoun, who is somewhere "across the water."

Pvt. Edgar (Blackie) Johnson, former employe at Wayland, is at Camp Stewart, Ga. Pvt. Chester Allen, son of Mr. and Mrs. Alex Allen, Steele's Creek, is home on furlough.

Misses Beulah Wolf and Zella Boyd are selling Christmas cards to finish paying for the piano at the Church of God.

Mr. and Mrs. A. E. Chambers, former managers of the Glo boarding house, have moved up Beaver Creek.

Lawrence Woodall, formerly of Wayland, is in the service, and has been home on furlough.

Henry Sparks, son of Mr. and Mrs. Jim Sparks, of New Estill, is home on furlough.

Mr. and Mrs. C. D. (Bud) Ford, of Holden, W. Va., were visiting friends and relatives at Wayland and Steele's Creek, over the week-end.

Mrs. Charley Curritute is doing practical nursing at the Stumbo Memorial hospital.

Mr. and Mrs. John Warman have purchased property in New Estill, and now are making plans to remodel their house.

Mr. and Mrs. Wilburn (Nig) Cooper will move into their new home at Martin Branch, next week. A "house-warming" or camp-fire cooked steaks seem indicated, as a welcome for the new neighbors.

Mrs. Rachel Beverly, widow of Hiram Beverly, of Martin, was visiting relatives at Wayland and Steele's Creek last week-end.

Mrs. Smith Elder, sister of Mrs. W. E. Warwick, of Wayland, died suddenly last week. Mrs. Elder was known to young and old as "Aunt Molly" for she had made the Warwick residence her home since the death of her husband a few years ago. Mrs. Elder was born at Dayton, Tenn., about 60 years ago, and is survived by one sister, Mrs. W. S. Warwick; three brothers, D. W. and Arthur J. Eastman, of Cleveland, Ohio; Dr. Thomas Eastman of Chicago, Ill. Besides her sister and brothers, Mrs. Elder leaves a son and two daughters, Webster, Elder, Cleveland, Ohio; Mrs. Jim Stines, Middleboro, Ky.; and Mrs. Paris Alford, Hickory, Ky. The burial took place at the Martin Branch cemetery last Friday.

GOING AWAY PARTY Mesdames V. A. Hayes and Arnold Cassidy were hostesses to a delightful "going-away" party for Mrs. Paul Wells Tuesday evening on the Cassidy home, when a large number of friends called to bid Mrs. Wells goodbye. The honoree was the recipient of numerous attractive gifts, which she acknowledged. The hostesses served dainty refreshments to their guests.

RED CROSS WORK STARTED Mrs. Ed Stines is newly appointed chairman of the Maytown Red Cross sewing, and desires that all who will assist, contact her at once. With machine and both hands and handwork to do, also knitting for those who are capable. It is hoped that every woman will do something in connection with this work. None should be a slacker here. For those who cannot sew are volunteer teachers or the worthy example of some brave woman who, by the magnet, thread and findings, or who employ some needy woman to do their share of the sewing. All who wish to help with this worthwhile of all programs, will do so in some form.

SALVAGE GROUP TALKS TO CHILDREN Mrs. Ed Sutton has been named local chairman of the County Sal-

LODGE HEAD NAMED Mrs. Jean May, one of Maytown's most popular leaders, has been named to succeed Mrs. Dean Ambrose, who moved to Detroit as the head of the 24th Street Ladies, which has a large chapter of 40 or more members. Mrs. May is an enthusiastic worker in the lodge and in other organizations. Her husband is a resident here, but he has held various positions which he has admirably discharged for her best interests. The lodge presented Mrs. Ambrose with a certificate of appreciation and a gift of \$20.00 in recognition of her faithful services.

SHOWER FOR BLIND Mrs. George Allen collected a shower for Maytown's two blind women this week before departing for Kingsport. Mrs. Allen, who has done much community work voluntarily, will be missed in this capacity.

BAND HONORS MASTER The Maytown band honored Jesse Elliott, who leaves Thursday for the army, by presenting him with a handsome going-away gift. One day this week, Miss Beryl Stewart was chairman of the venture. All the children met Thursday to have their picture made together. Mr. Elliott has been faithful in his services. Efforts to assist the entire community in any way, and he will be deeply missed when he is gone.

Day and Night Ambulance Service

BIG ENOUGH to do a BIG JOB!

This huge American bomber carries a large load a long distance—and does a job no smaller plane can do.

It is America's salvation today in other ways as well. The size of our land and its rich resources. The size of our great production plants. And the size of the electric industry that powers the machines that make planes, tanks, guns and ships.

Like other American industries, the electric industry gained

its size, skill and experience under the free democratic system for which we're fighting. It grew by supplying better and better service to more and more people at lower and lower prices—building on the invested savings of millions of Americans—under practical business management and public regulation.

Because the electric companies were ready when war came—because no war plant had to wait for power—precious time

was saved for Victory. How big should an electric company be? Big enough to do the job, right around the clock and the calendar.

MISSIONARY SOCIETY

The Woman's Missionary Society of the Baptist Church met with Mrs. Henry Shepley, on Tuesday evening, with nine members present.

The meeting was opened with the singing of "Stand Up for Jesus." Mrs. J. B. Clarke presided over the business meeting and heard the committee reports.

Mrs. Cohen, leader for the evening, gave the devotional, which was followed with prayer by Miss Virgie McComb. The lesson discussion was, "Think on These Things Learned Through His Disciples."

The ladies served a dessert course to the following members: Mesdames E. P. Hill, Jr., J. R. Hurt, J. B. Clarke, John Hale, R. W. Fisher, George Cohen, Grover Lowe, and Misses Anna Martin and Virgie McComb.

QUEST OF RELATIVES Mrs. Frank Layne visited friends and relatives in Charleston last week-end.

HERE FROM LACKEY Mike Staley, of Lackey, was a business visitor here the first of the week.

BUSINESS CALLER Gomer Martin, of Drift, was transacting business here last Tuesday.

IN PRESTONBURG Mrs. Irene Wells, Chester, S. C., and sister, Mrs. G. A. Balley, of Charleston, were here Tuesday, en route to Martin where Mrs. Wells has business interests.

IN PAINTSVILLE Mrs. Madge Hendell, Mrs. T. J. Music and Ralph Snoddy spent Tuesday in Paintsville.

ON FURLOUGH Leonard Sammons, who is in training as tall gunner on an army bomber, is home on furlough.

MR. HALL HERE TUESDAY Lee Hall, of Auxier, was here on business Tuesday.

VISITS HUSBAND Mrs. Bert T. Combs visited her husband at Ft. Thomas last week.

IN CINCINNATI Mrs. I. T. Craft and grandson, James T. Craft, visited in Cincinnati last week.

Lyons, 1st Floyd Man To Receive Officer Candidate Bars

Special to The Times Fort Knox, Ky., Oct. 5—Harry D. Lyons, Glo, Ky., accomplished the feat of being the first general course—the step from non-commissioned officer to commissioned officer status—as he graduated from the Army Ordnance Force Officer Candidate School here with the gold bars of a second lieutenant in the army of the United States. A son of Mr. and Mrs. Ora Lyons, of Glo, he is the first Floyd countyman to earn a commission from an officer candidate school.

Second Lieutenant Lyons' class of selected enlisted men is the eleventh to be graduated from this department of the Armored Force Harbor. Under the new expansion policy, the school graduates several thousand officers annually instead of a few hundred as originally planned.

For the past three months these new officers have received detailed training regarding the maintenance of the Armored Force, including actual maintenance and operation of the main types of vehicles in the hardest-hitting land branch of the army. In addition to required shop practice and classroom work, tactical operations in the field and physical are being emphasized.

NOTICE TO SUBSCRIBERS: When requesting a change of address, be sure to give both old and new addresses. Subscription price is now \$2 per year.

Floyd County Goes To War

Where Floyd Countians in Armed Forces Are, What They're Doing Told

Newspaper readers over America, a few weeks back, found a photo showing a young American soldier of the armored forces making a little bit of water on a long way out of the Libyan desert, of interest. But to folks hereabouts the picture was deeply interesting. For the soldier facing the camera was Prestonburg's Sgt. Bob Walters, son of Mr. and Mrs. Brad Walters. Sure that time he more than likely has been in several battles with Rommel and his Afrika corps.

Capt. Grady Sellards, formerly of Prestonburg and the University of Kentucky, Lexington, is now Post Property Officer at Camp Swift, Texas.

Inducted to the Thomas July 11, Pvt. Beckham Stamba, former assistant at the Floyd county jail, completed training at the 990th air force technical school, Atlanta, Ga. City, N. J., in seven weeks and now is with the 4th air base squadron at Selbridge Field, Michigan.

William (BB) Bowling, of Prestonburg, is studying instrument surveying in the field artillery at Fort Bragg, N. C.

Assigned to the 49th general hospital, Camp Carson, Colo., recently was Pvt. Herbert Spradlin, of Cliff.

Skilfully trained in the use and repair of deadly weapons of an American armored division, Capt. Thomas Burga, Jr., son of Mr. and Mrs. T. M. Burga, of Edgar, last week was graduated from the gunnery school at Fort Knox.

Assigned to the 49th general hospital, Camp Carson, Colo., recently was Pvt. Herbert Spradlin, of Cliff.

To Branch Immaculate, RTO Camp Walters, Texas—Harold I. Lockwood, Prestonburg.

To 30th Medical Regiment, Camp Barkley, Texas—Willie V. Roberts, Oborn.

To Company K, 64th Ordnance Regiment, Q APO No. 511, Nashville, Tenn.—Leonard Garrett, Ivel.

To 30th Medical Regiment, Camp Barkley, Texas—Edgar Turner, Wayland.

To 30th Medical Regiment, Camp Barkley, Texas—Walter Blackburn, Galt Creek.

PERSONALS Mr. and Mrs. Glenn Whitt, of Lexington, were the week-end guests of their parents, Mr. and Mrs. Lum Whitt, here. Glenn is employed in the U. S. radio signal corps.

Kermit Martin, son of Mr. and Mrs. A. J. Martin, here, enlisted in the U. S. Marine corps and left Wednesday for the training station at Parris Island, South Carolina.

Nine of the 76 army selectees to leave this week for Huntington, W. Va., for the final check-up prior to induction for the U. S. army, were from Betsy Layne and surrounding communities. They were—Betsy Layne, Haskel Crum, Thomas Eugene Lewis, Jesse Elliott and Cecil Rice, from Harold, Osa Pressure Irvin, Les Clark, Bert Perry and Carl Robinson; from Jertell, Kenneth Tackett.

For the past several weeks, Dr. O. G. Pennington, of the State Department of Health, Bureau of Dental Health, has been in the Betsy Layne high school grounds repairing or extracting faulty teeth of students of Betsy Layne school and various other schools of the county.

For Member Floyd County Board of Education CHAS. SLONE of Blue River, Ky. Educational Division No. 1, November election.

Your support will be appreciated.

WINNING the WAR Begins on the farm

IT'S TRUE . . .

that no planes roar down upon your home. . . no shells plow up your fields. . . no armies trample your crops and fields. Yet in this war, victory begins on your farm—by producing more food for freedom—and by saving more in War Bonds and Stamps. Here indeed is an opportunity every American will welcome. For by saving your money, you help save for yourself as well as your country. What's more, your money invested in War Bonds help keep down

the prices of the things you buy; helps make the money you spend go further—now. By putting your money into War Bonds and keeping it regularly, month after month, you will be sure of having the money when you can use it best. And if you need the money, you can get it back anytime after 60 days from issue date of the Bond. Don't delay—your "fighting dollars" are needed now. Make Every Market Day "Bond Day"—Invest at Least 10%.

NOTE—Now You Can Buy War Bonds Through Your Rural Postman!

EVERYBODY CAN BUY U.S. WAR Bonds * Stamps

This space is a contribution to America's All-Out War program by . . .

THE FLOYD COUNTY TIMES

To relieve distress of MONTHLY Female Weakness AND HELP BUILD UP RED BLOOD! Lydia E. Pinkham's TABLETS (with added iron) have helped thousands of girls to relieve functional monthly pain and weak feelings. Pinkham's Tablets ALSO help build up red blood and thus aid in promoting more strength. Made especially for women. Follow label directions. Worth trying!

SHIKE'S POKES
(The views expressed herein are those of the writer and not necessarily those of this newspaper—Editor.)

If I was a judge in that potato contest at Martin between Val Hatton and Doc Collins—well, I could see them both as winners. Val could sell his sweet potatoes for pumpkins (most of Beaver Creek's pumpkins were washed off this year) and Doc could whitewash his Irish potatoes and sell them for aspirin.

But then I was talking to Doc Sunday, and he says that Val and Ducky, instead of digging their 50-foot rows of potatoes made a mistake and dug his 100-foot row. Doc sez that is an awful mistake for an engineer and a math teacher to make.

Synthetic rubber seems to be a mysterious substance that everybody knows how to make, but nobody makes any of it.

Boys, after all, has a lot better to lend Uncle Sam 10 per cent rather than give Hitler 80 per cent.

I saw a woman the other day who called her husband "Airplane," because he was no good on earth.

Talking about production, that poem by an American Marine hits the spot: "Suppose our lines should form, turn break Because of things you failed to make— That Extra tank, or ship or plane For which we waited, all in vain. Will you then come and take the blame?"

The way I see it, the main thing the matter with our war effort—is a startling thing to say, nevertheless true—there are too many people concerned about how to make a good thing out of this war—how to dodge sacrifice—let the other fellow do it—how to take advantage of war opportunities at others' expense. If we survive this ordeal—AND WE MUST—then every fellow will have to "paddle his own canoe."

Ill bet Mr. Curry Ginter from Jack's Creek is eating more this week. New store leath.

Yep, you can tell it's war time. I saw Harve riding his "Spotted Buck" to work Friday—the Ark-Kansas Traveler.

Washington, D. C.
You can write it down that the President will keep his executive powers rather than ask congress for any new legislation dealing with wage stabilization.

There are two reasons for this:
(1) Wage control legislation would be sure to stir up another bitter congressional controversy, as bad or worse than the brawl over farm parity prices. It might even require months to get both houses to agree on a bill satisfactory to the administration.

(2) The President believes that the policy proposed by the War Labor Board's recent steel wage decision—limiting wage increases to 15 per cent over scales prevailing on January 1, 1941—plus additional rationing of consumer goods, will be sufficient for the time being to brake inflation threats to the working man's pocketbook.

Inside fact is that the War Labor Board is contemplating only one further step in its wage stabilization program, and this is not so much an anti-inflation move as a concession to certain labor groups and a contribution to the prosecution of the war.

Wages in certain industries, including shipyards and tool-and-die plants, are above the 15 per cent increase ceiling set by the executive order. The question—shall wages in these industries be brought down to conform with ceilings in other war plants which pay below the ceiling? The answer is—there will be no reduction in wages in other war plants which have decided definitely against that.

Instead, to prevent piracy and migration of workers away from vital war plants paying below the 15 per cent ceiling, the War Labor Board is planning to amend its wage policy to permit the payment of "premium wages" (above the ceiling) in such plants.

Note: One industry sure to be allowed premium wages is aircraft, which has lost many workmen to piracy and migration, to higher-paying shipyards.

NEW ARMY FOOD
To save shipping space, the army is sending food experiments in dehydrated form. Experiments in taste, preserving dehydration have been carried out and tested on a group of army officers.

At the Chicago depot of the quartermaster corps, the cooks sat down to a menu of dehydrated foods, principally eggs made by adding water to a yellow powder.

It has been discovered that one pound of dehydrated turnips will serve 28 persons, after water is added.

BEHIND THE AIR CORPS
This will be won or lost in the air. But despite that, the air forces will win or lose the war on the ground. In other words, the success of operations in the air depends on ground crews who outnumber air crews ten to one.

Featured in the headlines and the newsreels every day are the pilots and machine gunners. But the unsung heroes of this war are the ground crews.

Real fact is that it takes only one man to pilot a fighter plane, but it takes eight to ten maintenance men to keep it in shape for flight. A four-to-one ratio is required. A flying engine bomber requires a flying crew of nine, and a maintenance crew of 25. Often a ground crew will be assigned exclusively to one plane, and will become attached to it with the affection a stable boy has for a race horse.

Chief of Staff General Marshall has revealed that the over-all strength of the air force is expected to reach 1,000,000 men by the end of 1942, and 2,000,000 by the end of next year. If the war is won in 1943, it will be won by these 2,000,000 men. But 1,800,000 of them will be "fighting" on the ground.

They are the over-boys, the grease monkeys, the men who spend all day overhauling an engine which has been flying all night, the men who know what the heat is like in the deserts of Africa, because they don't get up in the air for relief, as do the pilots.

OVERSEAS CANDY
The quartermaster corps is in the market for 2,500,000 pounds of hard candy: peppermint, orange, lemon, lime, anise, and cherry.

The hard candy is being bought for overseas troops, as part of the regular field ration. Official explanation is that candy is an excellent source of energy.

AFRICAN CAMEL CREWS
They are the mechanics, the armorers, the metal workers, the welders—yes, and they are the pilots and shovel men who build the land-para units in foreign ports, and repair them after enemy bombers have passed over. They are also the cooks and the mess boys, the pay messes, the dog drivers, the truck drivers. In short, they are the men who perform every duty that keeps a plane in the air.

They do everything except replace the African camel.

LACKEY
Mrs. Thomas Hatcher entertained the Women's Club in the home of Mrs. W. T. Hatcher Wednesday evening, last week. Mrs. George Pow of Wayland, had as guest at the meeting her sister, Mrs. Andrew Pow, Northampton, Massachusetts.

John Fraure, Jr., of Auxier, is working at Forter Junction depot during the absence of J. E. Lee, who is ill at his home in Stanton, Virginia.

Dr. and Mrs. M. M. Collins have returned home after an absence of several days. While away Mrs. Collins attended the board meeting of the Kentucky Federation of Women's Clubs in Louisville. From there they went to Dilshoro, Indiana, for a few days.

Fvt. Cordell Castle is visiting his mother, Mrs. Jennie Castle, here.

Mrs. W. T. Hatcher, Mrs. Mike Staley and Mrs. M. M. Collins attended the funeral of Mrs. Will Howes at Betsy Layne Thursday.

HUEYSVILLE
Mrs. Wayne Hall, Miss Nola Gearheart and Mrs. Len Crisp were Shopping in Garrett Tuesday.

Mrs. Jack Fitzpatrick and children were visiting friends at Reed Branch Friday.

Several residents of this place attended the annual meeting of the Church of Christ at Gio last weekend.

Several Hueysville boys who are in the army have been home on leave.

Round-Up YOUR SCRAP this week ... so you can get in the SCRAP next week!

\$5,000.00 in PRIZES offered in Kentucky's Big State-Wide SCRAP COLLECTION DRIVE STARTING MONDAY, OCTOBER 12th in every COUNTY and CORNER and HOME in this State!

Donald M. Nelson says "There is enough iron and steel on farms alone, if used with other materials, to make twice as many battleships as there are in the world today, or enough 2,000-lb. bombs to drop three per minute from big bombers incessantly for more than three years."

SCRAP COLLECTION CONTEST RULES

- 1. ELIGIBILITY—Every person reading within a Kentucky county is eligible to contribute to the county's total collection. Persons and their families engaged in the business of buying and selling scrap iron or collecting it as a commission are NOT eligible to compete as individuals or firms. They may, however, help to increase the county's total by initiating scrap collection, the contest credit to go to the original owner who turned it in. All the organizations competing as such for one of the prizes are eligible to collect scrap metal to be entered in the name of that organization. The same material, however, may NOT be credited to both the organization and the individual. Every individual living in the state and not engaged in the business of collecting scrap metal is eligible to compete for the prize to an individual. Every state Junior Organization (in units) such as 4-H Clubs, Boy Scouts, F.A.A. Clubs, Girl Scouts or Camp Fire Girls, is eligible to compete for Boys' and Girls' prizes.

KENTUCKY SCRAP METAL DRIVE Sponsored by Kentucky's Newspapers

All prize money and all advertising of this campaign are patriotic donations of Kentucky's newspapers

HERE ARE THE PRIZES IN CASH OR WAR BONDS

- Select Your Prize and then WORK for it! \$1500.00 in the county with highest per capita percentage. \$750.00 in the county with the 2nd highest per capita percentage. \$500.00 in the county with the 3rd highest per capita percentage. \$250.00 in the county with the 4th highest per capita percentage. \$250.00 in the county with the 5th highest per capita percentage. \$250.00 in the county with the 6th highest per capita percentage. \$250.00 in the county with the 7th highest per capita percentage. \$250.00 in the county with the 8th highest per capita percentage. \$250.00 in the county with the 9th highest per capita percentage. \$250.00 in the county with the 10th highest per capita percentage. \$150.00 in the county with the 11th highest per capita percentage. \$100.00 in the county with the 12th highest per capita percentage. \$100.00 in the county with the 13th highest per capita percentage. \$100.00 in the county with the 14th highest per capita percentage. \$100.00 in the county with the 15th highest per capita percentage.

NOTE—The county percentage turned in by the various organizations enumerated above in each of the counties may also be counted in each county's total percentage for county prizes. SPECIAL NOTE—You should be interested in helping your county win one of the county prizes because the money will be used for civic improvement in your county as designated by: The County Judge, The County Clerk, The County School Superintendent, The County Salvage Chairman and Chairwoman, The County Agent of Agents, The Head of the County Parent-Teacher Association and the Editor or Editors of the County Newspapers.

PACKING IN SUPPLIES TO NEW GUINEA FRONT

NEW GUINEA—A seemingly endless single file of native porters forms the supply line to the fighting front in the interior of New Guinea where allied forces are fighting Japs driving on important base of Port Moresby. Each native totes about forty pounds of supplies over the hard route to the fighting line.

Seven Floyd Students Enroll at Morehead

Seven Floyd county students are enrolled for the fall quarter at Morehead State Teachers' College, according to the final registration count, completed last Tuesday. They are Gayle Bickford, Winifred Sturgill, William David Skiles, Gordon Moore, Oliver Little, Jr., Edna Glyn Jones, and Ruth Helen Hewitt. Morehead College has adopted an accelerated study plan as a part of the wartime program, which divides the school year into quarter periods instead of the semester system formerly used, and which will allow students to finish an ordinary four-year college course in three years. The present quarter, which opened Sept. 23, will close on Oct. 18, and the winter quarter's registration will begin Monday, Jan. 4.

Flocks of northwestern ewes in Todd county show profits of \$15 to \$23 per head.

Cover crop seedlings in Lee county include 30,000 pounds of vetch seed, 7,500 pounds of rye straw and 5,000 pounds of crimson clover.

Nuptials of Miss Webb, Mr. Martin Solemnized At Lexington, Ky.

Marriage of Miss J. Webb, of Lexington and Mr. William Edward Martin, of U. S. Navy, at Lexington, Ky., on Tuesday, Sept. 29, is announced. Plans for the wedding were kept a complete secret to relatives and friends, and accompanied by her sister, Mrs. W. R. Smith, of Hindman. Miss Webb and Mr. Martin arrived for a 10-day leave. The bride is the attractive daughter of the late S. E. Webb and of Mrs. Minta Allen Webb of Lackey. The union culminated a courtship of several years. The wedding was a complete surprise to many friends and relatives throughout this section, but this realization was less than that experienced by the bride and groom when, on the day following their marriage, the groom received orders to report for duty at once.

Mrs. Branham, Hostess To Woman's Group

Regular monthly meeting of the Woman's Society of Christian Service of the Methodist Church was held in the home of Mrs. Ooble Branham, West Prestonsburg, Tuesday evening. The topic was, "Our Great Fellowship of Love." Mrs. Mabel Branham, leader, was assisted by Mrs. M. J. Leele, Mrs. Anna Woods, Mrs. Cecil Kendrick, Mrs. G. R. Allen and Mrs. O. T. Stephens in presenting the devotional program. The secretary will observe the annual "Week of Prayer and Self Denial" with an all-day meeting in the church, Thursday, October 29. Mrs. G. R. Allen and Mrs. J. D. Mayo were appointed delegates to the district conference at Ashland, October 29. Mrs. G. R. Allen, chairman of the Christian School Relations Committee, presented a plan for the "School Children's Aid" which was highly appreciated. The Society will solicit clothing and other wearing apparel which can be renovated and remodeled to fit children, ages 6 to 14. The work will be done by the women of the church and distributed by Mrs. O. T. Stephens. Mrs. Stephens stated that there is a great need for this work and the Society solicits the aid of any family who has clothing that can be used and will gladly call for them. Call telephone No. 6581 or 6591. At the close of the business session Mrs. Branham served refreshments to the following members: Mrs. E. J. Whitley, Mrs. Anna Carter, Mrs. Cecil Kendrick, Mrs. O. T. Stephens, Mrs. W. B. Garrison, Mrs. G. R. Allen, Mrs. M. J. Leele, Mrs. Mabel Branham, Mrs. Lillian Keenan, Mrs. Okey Denton, Mrs. Anna Woods, Miss Golbek, Mrs. J. D. Mayo, Mrs. Ike Lockwood.

Trustee Vote Elimination

(Continued from page one) ing, with the consolidated teachers being voted their first month's pay for the "best" teachers of the third month as soon as monthly reports are received at the Superintendent's office. Because of a teacher shortage resulting from army demands and attractive defense jobs, the Board of Education this week applied to the State Department of Education for its first emergency certificates to qualify as teachers persons who lacked the ordinary qualifications of teachers. These certificates were sought for Otis Conley, named as successor to George E. Allen, Trades and Industries teacher at Martin and Maytown high school; Miss Luta England, who will fill the vacancy created at Jack's Creek by the resignation of Minta Baldrige. There yet remains a vacancy in the Branham's Creek school.

Part-time Agriculture teaching contracts in the Betsy Layne, McDowell and Board Tuesday employed were approved by the Board at their meeting. Under these contracts the Agriculture teachers for each school will instruct evening Key and farmers, the state paying two-thirds of the \$150 cost of the course, the Board of Education the remainder. Because of shortage of school buses and of road conditions which make bus transportation of pupils impossible in some parts of the county, the Board Tuesday employed the following to operate trucks as "feeders" to the regular bus lines: Epi DeLong, from Johns Creek to the mouth of the Key; Key and Reynolds, from Frasure's Creek to the McDowell consolidated school; the mouth of Whitten, from Johns Creek to the mouth of the Key; Key and Gilbert, from Weeksbury to Wheelwright.

TOWN-WORLD

(Continued from page one) come we didn't. Writer of the draft story was told the "best" would leave, morning of the 8th. Back at the office, he looked to his right. On that calendar the 8th was Tuesday. Unfortunately, he had forgotten to tear off the September page. Why tell a country boy anything about coming events by day of the month, anyhow? Make it next Thursday or Friday, or the Friday of the September page.

MOTHER AND CHILD

That particular type of individual who will jerk his car all over the road, just to hit a dog and break the scene on the highway at "Bald Alley," near here, Wednesday morning. A huge, old hound pup had been hit by a car, his hind legs broken. He was down, in the middle of the highway. And out there with him was another pup, evidently a brother or sister-and of course his mother. A long stream of cars approached; horns blew raucously. But the two miniature dogs did not budge. The pup that had been hurt was doing nothing but standing there, hurt inside. I honestly believe the mother, like a real mother, she was catching her "child" with her teeth, jerking him along, trying her doggone best to get him out of that highway and the path of traffic. And no car or car horn was scaring her away from her mother's duty, either. Hope that pup gets well, just for his mother's sake.

Miners Work Saturday

(Continued from page one) les of the Abland area might do to copy Floyd's method. He also praised County Judge Hill for the co-operation given WPA Supervisor W. A. Toney in the scrap drive. In addition to the statewide junk collection drive sponsored by Kentucky newspapers, with \$5,000 in prizes offered, Kentucky druggists this week announced that they are sponsoring among themselves a scrap drive and offering War Bond prizes to druggists contributing the most scrap by the end of October.

Davidson, Hartsook, Civilian Recruiters Named by Navy

LI. G. E. Kincannon, Jr., officer in charge of naval recruiting in Kentucky, announces the appointment of Alex L. Davidson, Prestonsburg, and Roy Hartsook, Wheelwright, and Roy Shortridge, of Pikeville, as civilian representatives of the navy for their localities. They have been sued certificates as "Honorary Member, Civilian Recruiter, U. S. Navy." These men have been especially active in keeping their respective localities up to par with other localities in navy enlistments and as well as service at all times. They will answer questions pertaining to the navy and naval reserve. Anyone desiring this information is requested to contact one of these civilian representatives or the regular navy recruiter.

Hunters Are Cautioned Against Damaging Telephone Lines

Hunters are requested to be doubly cautious this season when in the vicinity of telephone lines. With the armed forces and war industries depending so heavily on telephone communication, it is especially important that every line be kept in service at all times. To do this, it is essential to keep the equipment free of damage. Shots fired near telephone wires or cables may shift their mark and accidentally cut a wire or shatter an insulator. Aside from putting scores of possibly hundreds of telephones out of service, this will interfere with an important war call. H. L. McCrary, group manager of Southern Bell Telephone and Telegraph Company, says that caution against accidental damage to telephone facilities is just another of the simple but vitally important ways in which citizens can help assure the best possible telephone service for the calls of war.

Mrs. Margaret Guiley has become Letcher county's first home demonstration agent.

Partners in Calloway county have ordered 7,500 tons of agricultural limestone since July 1.

NOTICE Your 1942 Canceled School Taxes are now due, and if paid by November 1, a discount of 2 per cent will be allowed. ADRIAN COLLINS, TAX COLLECTOR. 10-8-42

WANTED! SCRAP IRON AND STEEL. I pay 50c per 100 pounds for scrap delivered on my yard. GRANT WALTERS On Route 23 Between Prestonsburg and Allen.

Shop Wisely-- Shop Well-- Remember These Six Points in Your Daily Buying!

SHOP FOR VICTORY! RATIONING: Rationing safeguards your share of goods that are scarce. Co-operate with the government and your local merchant in making rationing work--whether it's sugar or tires. Remember, it's not smart to get more than your share. PRICE CONTROL: Price Control protects you from rapidly rising prices--safeguards your budget. Understand the regulation and what it means to you. Then, work with--not against--your merchant. PLAN SHOPPING TRIPS: Make one well-planned shopping trip do the work of several. That's one way to prevent needless purchases and unnecessary returns. SHARE YOUR CAR: Car sharing saves gas, rubber and machines. If you MUST use a car for shopping, team up with your friends. Make one car do the work of four. DON'T ASK FOR UNNECESSARY DELIVERIES: Unnecessary deliveries waste gas, rubber and trucks. Carry home small bundles yourself. That's one way to make our tires outlast the Axis. TAKE CARE OF WHAT YOU HAVE: Making things last longer is a patriotic duty of every American in wartime. Have your household appliances repaired whenever possible. Don't throw them away. When in doubt call a repair man.
