This Town-- That World

So a New York manufacturing firm would like to come to Prestonsburg if we citizens would "go on strike" in furnishing a huge building for its business.

Now, THE TIMES was as verbose as a veredonian as anybody about the need for new industries. Any sensible citizen knows we "must have something to take the inevitable slack in employment. We all know, or should know, that not everybody can work in his own gas field.

But for a private industry to ask us or anybody else to buy, or help buy, space for a building and to help erect it--well, that's too much. We wouldn't venture into a community willing to finance the beginnings of their business?

Buy me a tract of land and construct a building, and I'll start a newspaper on the Seagray Ford of Salt Lick.

New Industries--we want them, and we're ready to go out of our way in the matter of owning the land that would furnish employment. But we're not ready to be played publicly for a sucker.

SHORY--SHORT STORY The Whiskey Pumper gives forth with this one:

Two gentlemen were on a fishing trip in Maine and they had a very interesting time. After a considerable time they found a farmhouse. They knocked at the door, and it was answered by the only person who ever answers farmhouse doors. This lovely woman creature gave them a very nice dinner and the usual night's lodging.

A year later one of the friends got a lengthy legal document with a Maine postmark. He looked it over at first with much trepidation. Then he lit the pipe and it was his companion on the fishing trip.

"Hey, Jack," he said, "you remember the night we spent in that farmhouse last summer in Maine? You didn't by any chance give me the young lady of the house any of your valuable attention?" "Well, I can't say as I don't," Jack replied, a grin on his face. "And by any chance did you give her any name and address?" "No," said Jack, "I don't remember that."

"You're not sure about it, are you?" "No," he said, "I don't remember it. I just called up to tell you I've heard from her lawyer. The gal died last week and left me the farm and \$10,000 in cash."

DEW TELLS Dewey-Goble, formerly of THE TIMES, now a new editor of the Western Pacific edition of YANK, remembers me over the miles and the years, sends me the magazine every week. And one department I never skip. It's MAIL CALL, where in the boys' "give" with their complaints about things in particular or comment on matters in general. Here's a sample:

"Dear Yank: In regards to the G.I. Bill of Rights, it is possible to borrow up to a certain sum of money to set up a man in business. Here's my problem. My occupation, before entering the army, was the corn liquor business. Now, could the government loan me the money to set up a new still and equipment to transport my West Virginia distillate?"

Safety of Floyd Seaman Learned As Ship's Fate Mystery Cleared

Sept. 13 when Commodore Belford Blinn, commander of the Pope, was released from a Jap prison camp and told a part of his story. His ship, said Commodore Blinn, was sunk on Sunday, March 1, 1942, in the Java Sea along with the British cruisers, Exeter and Encounter, after they had blocked a Jap convoy and had subsequently been pounced upon by a Jap force. The last word heard from the Pope was a radio message saying three Jap cruisers were bearing down on her.

Later the Navy Department announced that only two of the Pope's crew survived. As a matter of fact, Commodore Blinn declared, only one man on the Pope lost his life.

"We were actually attacked by four cruisers and five destroyers in a mass of smoke so thick you couldn't see," Commodore Blinn told reporters. "The Exeter and Encounter went down first. We kept firing until all ammunition was gone, the gunners so hot and the ship had been so shaken by her own guns it was like the terrier and rat story."

The story of the Commodore's rescue, was two days and a half later in a 50-man lifeboat in which the wounded had been placed. The Japs jipped up to Malassur prison in the Celebes, eventually transferring them to the notorious Ofuna camp. Ofuna was the worst Jap prison camp known in the Times' story last week by Signalman 1/c Wynant Walters, a returned prisoner, who said he had been told it was a navy prison.

Seaman Norris was graduated from Martin high school in 1937. His brothers, Bill and Hugh, are in the armed forces.

JURY ALLEGES ILLEGALITIES COST PUBLIC

Report Lashes Out At Illegal Claims, Pay Limit Excess

With economy its keynote, the grand jury of the Floyd circuit court in its final report upon adjournment here Saturday lashed out at illegal claims allegedly allowed by the fiscal court, the excess in earnings by officials of the \$5,000 constitutional salary limit, nepotism on the part of officials and the allegedly illegal employment of a county doctor at public expense.

The report, signed by D. B. Arnett, foreman, was the most unusual in years, Circuit Judge Henry Stephens, Jr., commented.

The jury reported that in its two sessions totaling nine days it examined 102 writ bills and returned 62 true bills.

Striking excerpts from the report follow: "We want to go on record as condemning the practice of the Magistrates of Floyd county in allowing..."

WOULD LOCATE FACTORY HERE

Gotham Firm Writes Commerce Chamber; Space Needs Cited

A New York company is interested in establishing a Prestonsburg women's clothing factory. Dr. Earl T. Arnett, president of the newly organized County Commerce Chamber, was notified by letter this week.

The company, which has been in the women's apparel manufacturing business 34 years, said a plant such as it plans for Prestonsburg or some other community would employ up to 400 persons, mostly women, and would require a building with a floor space of 30,000 sq. ft.

"We have every intention of becoming a permanent fixture in the community," the letter stated.

The firm also inquired as to the extent to which citizens of Prestonsburg would cooperate in the building of the size needed.

As work of the September criminal term of the Floyd circuit court was being ended, six per cent of two Floyd county men were stipulated by Circuit Judge Henry Stephens.

One of the two was Sol Johnson, who was convicted at the September term of the slaying of Bert Bush, an Abner Fork and given a five-year sentence. The other, also convicted at that term, was Sammie Endicott, who drew a three-year term for cutting and wounding Fuller Thompson here.

When the grand jury re-convened Thursday, three members of the panel, Clyde Cobble, Alex Wallen and Charlie Hockworth, were ill and three members of the petty jury were transferred to take their places.

Major indictments returned by the grand jury during its last three-day session:

Dr. Randall Thursday reported that the 10-year-old son of Jonah Hall, of the Porter Addition, Prestonsburg, has typhoid and that the illness of the boy's aunt, Miss Thelma Howard, U.S. Employment Service employee here, is suspected of being typhoid.

CANAL WORK RECEIVES O.K.

Of Division Engineer; Public Hearing Date Set for October 22

A division engineer has recommended to the War Department's Board of Engineers Improvement on the Big Sandy river and West and Levisa forks in Kentucky, West Virginia and Ohio.

In a report requested by the House Rivers and Harbors Committee, the engineer recommended canalization to obtain a nine-foot depth from the mouth of the Big Sandy river to Sprigg, Va., on the Tug fork, and to the junction of Levisa and Russell forks on Levisa fork.

It would be accomplished by construction of two locks and dams on the Big Sandy. Local interests would be required to construct adequate terminal and transfer facilities for utilization of the waterways available at all relocated railway and highway bridges and utilities affected.

The report disapproved construction of a flood control works at this time, except for the Dewey reservoir on Johns Creek already authorized. The engineers held benefits would not justify costs.

Hearings on the recommendations will be held Oct. 22 at Williamson, W. Va., in the Mingo county courthouse.

SGT. RUNNELS DIED IN ACTION

December 16, 1944. His Mother Notified By War Department

Baseball will begin its "last round-up" in this section next Sunday and the "two best out of three" will decide whether Prestonsburg or drift is the county's champion. Sgt. Stondy Baseball Leases.

Prestonsburg now it was into the play-off by virtue of a 1-2 victory at drift Sunday over Hornell.

Prestonsburg had a battle of it all the way down to the wire, with Davy and the "lakers' Egg" Brantman leaping his way down the winners' batting order, inning after inning, with little or no damage done. The first run scored off its delivery was unearned, and so was the only run scored by David off Charles Patton, Prestonsburg's stinker-ball artist, a gift as the Prestonsburg infielder suffered from a "stuporous" attack of the jitters in the first two innings.

Tom's run scored off Brantman was a single to center that might have been but for United Mine Workers Union to return all idle mines to work at once.

Throughout the field all was quiet.

MINERS QUIT IN SYMPATHY FOR FOREMEN

Telephone Service To Be Out 4 Hours Tomorrow Afternoon

Coal mining industry of this section slowed to a standstill this week as United Mine Workers of America throughout the field quit work in a "sympathy strike," to aid striking supervisory employees in West Virginia and Pennsylvania.

The number of idle miners in the Big Sandy and Hazard fields may be as high as 14,000, it was said, and it was unofficially predicted here that the strike may last from three to six weeks.

Meanwhile, with half a million workers striking in various industries over the country, all telephone communication in this section as well as throughout the nation will be suspended from 2 till 6 o'clock Friday afternoon while employees are haggling on the question of a strike.

Commenting on the strike, Tom Roney, Pikeville, U.M.W.A. executive board member, was quoted as saying that "the boys seem to feel that Mr. LeVier's support."

LeVier offer to arbitrate the dispute with West Virginia and Pennsylvania. He said that he turned down by management. He was told that the contract between the operators and the union provides that no arbitration between union and operators shall be undertaken while workers are on strike. It was suggested that the men go back to work, after which the dispute would be arbitrated.

For the last six years I have served you as your Circuit Court Clerk and it has been my aim to serve you efficiently and to be friendly at all times with all persons. Your friend,

SELF-REGULATION
In time of war...
Kentucky brewers prepared themselves for the contingencies of war long before we were drawn into conflict. In 1940, when Selective Service became effective, they commended their efforts through the Kentucky Committee in all military training areas. Their effective work in helping maintain wholesome conditions in licensed retail beer outlets in those areas drew high praise from military and public officials, from the press and from civic leaders. Through its Army and Navy Cooperation Program, work in military areas was carried out diligently since its inception.

At the same time brewers did not relinquish their supervision of licensed retail beer outlets in non-military areas. Their self-imposed and fanlighted program of public service went on uninterrupted.

They Live—If You Remember

Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets.

At our home you are sure of completeness in every detail and at prices well within reasonable limits.

Wake Up, Kentucky!

a WHAS program dedicated to helping Kentucky regain her true greatness

Only Kentuckians can restore Kentucky's greatness! Are you cognizant of the vital facts about conditions in our beloved State? Do you realize the value of a blueprint for Kentucky's tomorrow? Are you being blinded by the lustre of history from seeing present problems? To bring the facts to you, WHAS created and developed a weekly radio program to awaken Kentuckians to action.

"Wake Up, Kentucky" is a dramatic presentation of facts as reported by The Committee for Kentucky from its exhaustive research by experts. Some of the facts and figures are not pretty, or pleasing, nor do they bring a glow of pride to our faces, but they are accurate and authentic. Built around a typical Kentuckian, Boone Walker, kindly, resourceful, the confidant of all who know him, this intensely interesting program portrays in vivid word pictures the problems Kentucky faces in health, education, housing, welfare, its constitution, natural resources, labor, industry, agriculture, and taxation.

For an informative, interesting, thought-stirring, entertaining quarter-hour listen to "Wake Up, Kentucky" every Monday evening at 6:30—840 on your dial—on Kentucky's clear channel

Floyd County's Party-- THE DEMOCRATIC PARTY--

Presents to the People...

The voters of Floyd county are offered for their consideration at the November 6 election a ticket unexcelled--if, indeed, equalled--by any group of candidates for county and district office in the long history of the party in Floyd, the Mother county of the Big Sandy region.

These men, by experience, education, training and service to their county as citizens, are eminently qualified to give Floyd county an administration of the several offices in such manner that all the people will benefit and know that they are a part of local government.

We respectfully ask that you men and women of the county consider them from every angle, especially with a thought to the future of the county and your individual communities.

And Please Remember . . . IT'S BETTER TO BE SAFE THAN SORRY!

We submit THIS ticket--and challenge the opposition to match, even approach it--

FOR CIRCUIT JUDGE

EDWARD P. HILL

Although Judge Hill has no opposition in this final election, he graces a fine Democratic ticket and without reservation gives it his full support. His record as your County Judge for two terms and the long and honorable record of his father, Ed Hill, before him, need no comment. His record as your Circuit Judge, we assure you, will be one of which every citizen, Democrat or Republican, cannot but be proud.

FOR COUNTY JUDGE:

Few men in Floyd county know their county and its people better than Mr. Davidson, and none is more interested in their problems. He has, by virtue of his work in the banking business at Prestonsburg and with the local schools, an intimate knowledge of finances and various problems the public must meet. Moreover, he is the type of fellow common folks will be glad to meet and talk about their needs.

ALEX L. DAVIDSON

FOR JAILER

Another veteran of World War II is Mr. Collins and he now wants to serve at home as he did in Africa where he lost a leg when his tank was hit by enemy shellfire. This young man pledges his fullest effort to make Floyd county a good jailer and to earn for himself a reputation in civilian life equally as bright as that gained as a soldier fighting for his country. Surely nobody denies that he is entitled to a chance at the hands of Floyd county voters.

EVERETTE COLLINS

FOR COMMONWEALTH'S ATTORNEY

Again the Democratic party offers a candidate of distinction who is without opposition in the coming election but who, hailing from the traditionally Democratic county of Knott, just naturally joins in the fight for the ticket's complete November victory. He is the present County Judge of Knott county, and has done an outstanding job in that office and will give the people real service as Commonwealth's Attorney.

JOHN CHRIS CORNETT

FOR COUNTY ATTORNEY:

WOODROW BURCHETT

County Attorney at present, Mr. Burchett has no opposition for re-election and that is as it should be--for he has done an outstanding work at a difficult job. His full strength is behind the Democratic ticket--which, also, is as it should be. He not only is a good public official but also a good citizen whose interest in the county extends beyond the mere duties of his office.

FOR CORONER ALLEN TRIPLETT

Mr. Triplett adds strength to the ticket because he is well-known and because, wherever he is known, he has friends. The friendship of so many was gained by friendliness on his part and many accommodations to others. He is qualified for the office and will win by a huge majority.

FOR CIRCUIT COURT CLERK

No Circuit Court Clerk in the history of Floyd county has given better service and done all his work so obligingly as has Mr. Cooley. He has been unfailingly friendly with all people at all times, his office is in excellent shape and he will, by reason of his experience during his first term of office, be better equipped to give you even better service during the next six years.

BILL COOLEY

FOR SHERIFF:

A one-word description of Mr. Sturgill, above all others, is this: "Friendly." At election time, after the election or between elections, folks find the present Sheriff of this county always friendly--never too busy to stop for a chat or to do a kindly turn for others. His record as Sheriff is outstanding. He has not only preserved law and order and carried on the manifold other duties of his office but has done all this in such manner that no citizen could feel that Troy Sturgill wanted to do otherwise than to be a friend.

TROY B. STURGILL

FOR MAGISTRATE, Dist. 1: GLENN BURCHETT

One of the best Magistrates Floyd county ever had, Mr. Burchett emerged from the recent primary the party's nominee for a second term. The people of his district appreciate his sound business sense, his willingness to help in any matter that is right and his ability to say "No" when asked to do the wrong thing.

FOR MAGISTRATE, Dist. 3: HENRY STUMBO

The party's nominee for re-election, Mr. Stumbo is widely known for his honesty and his ability to protect the people's rights. He has never sought to enrich himself at the taxpayers' expense and he has never permitted any other person to do so. He is a member of one of the county's oldest Democratic Organizations and is one of the best men in the county and they are many who are proud to have him as their representative.

FOR REPRESENTATIVE, Dist. 96:

BILL BIGGERS

If he had never done anything but father the bill providing for treatment for sufferers of the dread disease, tuberculosis, Bill Biggers would have done an outstanding work--an achievement few Kentuckians can equal. Such legislation is the type which helps those who need help most. In other legislative work Mr. Biggers has been equally progressive--in the matter of good roads, better pay for teachers, etc.--and the people owe it to themselves to return him to Frankfort.

JARVIS ALLEN

FOR COUNTY COURT CLERK

This young man, whose truly great service to his country with the Eighth Air Force in Europe is known to practically every Floyd citizen, is highly qualified for the office of County Clerk and his determination to give his county good service in civilian life is full assurance that he will make a splendid official. Jarvis Allen is steady, reliable and absolutely dependable and the people's appreciation of his war service will be rewarded by honest service.

FOR MAGISTRATE, Dist. 2: JOHN MAY

As is the case in most Magistrate races in this county, Mr. May had a number of opponents in the August primary but his friendliness and the spirit of sportsmanship he showed in this race left his opponents feeling he was their friend. Young, energetic, a success in his own business, he is the type of man needed to represent the thousands of people in this magisterial district.

FOR MAGISTRATE, Dist. 4: DEWEY ROBERTS

No better Democrat in Floyd can be found in Floyd county than Mr. Roberts who has served his district with eminent ability. Able to carry the load of his district, he is always on his toes, never asleep when something can be done for his section of the county. He is close to his people and they stick close to him. No chance would help--no change will be made!

FOR REPRESENTATIVE, Dist. 97:

Representative Howell occupies the highest position ever attained by a Floyd citizen in the state House of Representatives. As a member of the Legislative Council, he is largely responsible for the entire legislative program of the House. A former teacher, his friendship to the teachers, the aged and the workers has been often tried and never found wanting. While in the Legislature he has steadily grown stronger with the folks back home and that is all the commentary that is needed.

JERRY PONCE HOWELL

FOR TAX COMMISSIONER

Mr. Akers, the party's nominee for re-election, is another Democrat without opposition in the November election. He, however, is very much in the campaign, helping his ticket to pile up the greatest Democratic majority in the county's history. His record as Tax Commissioner has been outstanding. His experience will enable him to improve during the next four years on the service given in his first term of office.

CLIVE AKERS

Space does not permit comment on each Democratic candidate for Constable, but we unhesitatingly commend each of these men to you as officers who will be sensible at all times and afford the greatest protection with the least possible offense to the people:

DISTRICT 1--
MACK HARMON
DISTRICT 2--
RICH HALL

DISTRICT 3--
ED HALBERT
DISTRICT 4--
GRANT AKERS

ALL THESE MEN, THEIR KINSFOLK AND FRIENDS ARE TOGETHER IN THIS CAMPAIGN--ONE FOR ALL AND ALL FOR ONE!

Don't turn your back on us now! I watch over Germany, I'm a long way from home, I get kind of low sometimes. But I'd get a lot lower if it weren't for the U.S.O. Camp Shows. Don't turn your back on me. I'm the widow down the street with two service stars in my window. Besides worrying about my boys overseas, I've somehow got to give my other children the decent, healthy life they deserve. It would be pretty tough if it weren't for my home-town relief agency. Don't turn your back on me. I'm a merchant seaman, I've hit some tough ports in my time, but nothing like the ratholes I've seen in the last few years. But just making a port is okay when there's something there to remind me of home, something like the United Seaman's Service. Don't turn your back on me. They call me a 'displaced person.' I guess that's American for someone whose home is rubble, and whose family has been worked to a tortured death in a Nazi sweatshop. I hope Allied Relief gets around to me. Don't turn your back on me. The dollars you give to your Community War Fund help all of these, and more. Your support of the War Fund sends Camp Shows to those overseas; it bloods supplies to war prisoners; relief and comfort to stricken civilians here and abroad. Somewhere—from the depths of spirit and pocketbook—Americans have met every appeal made so far in this war. We can't stop now. We can't turn our backs on human suffering. Give generously. There was never a greater cause.
