Elect as your CORONER An old-time Farmer AD WARRIX From Bull Creek ON REPUBLICAN BALLOT A good, honest man (Pol. adv.)

To the Voters of Ward No. 2:

I am now a candidate for member of the City Council. My running mate, Mr. Art Hager, and myself decided to run after we were assured we had the backing of the good people of this ward and also the town in general, because they want a change.

We will not vote to hire a bunch of thugs or policemen that don't live here and pay their taxes here. We will vote to give good, sober, discreet young men that live inside the corporation limits that will do their duty jobs as policemen, men that know how to treat our neighbors when they come to this town on business or any other purpose.

When I came back to this town, I found it as bad as Hitlerism. We promise when we are elected members of the City Council dictatorship will vanish in this town and let the people in general have a say-so in business matters. We will do our best to get something done in this town that will give employment to the unemployed as we can see there has been nothing done and we don't believe there will ever be as long as the present City Council rules.

The Good Roads Amendment

The Soldier Vote Amendment

- 1. The Good Roads Amendment will protect your Road Fund from diversion to other purposes. Guarantee that your gasoline taxes, auto license fees, drivers licenses, etc., will be used for highway purposes only.
2. Kentucky needs every penny of its Road Fund for ROADS!
(a) To Match Kentucky's portion of Federal Highway Aid
(b) For road construction and maintenance deferred during four years of wartime shortages of material and labor.
(c) For postwar jobs for Kentucky's returning veterans and war workers.
(d) For 27,890 miles of Kentucky's rural roads still "in the mud!"

3. The Soldier Vote Amendment will give to Kentucky men and women the right to vote in Kentucky elections while away from home and serving in the Nation's Armed Forces. Our constitution now denies this right. Vote "YES" for the Soldier Vote Amendment and correct this injustice.

Appeals Body Cites Martin Candidates

Making donations and taking up collections for the afflicted, the sick and the poor as a means of winning political campaigns were criticized by the Court of Appeals recently in a case from Martin county. The opinion quoted special Judge W. D. O'Neal, Whitesburg, who tried two Republican primary contests and who declared the practice appeared to have become a custom in Martin. He aided candidates had to join in unless they wanted to be considered lacking in generosity.

TO THE PEOPLE OF FLOYD COUNTY:

The November election is not far off. I have not been able to see all the voters and discuss with you the importance of this election.

I do not have to tell you that this is the most important election that we have ever had. Existing conditions are such that every voter, regardless of political sentiment, should give to every candidate of both parties serious and careful consideration. You should cast your vote for the candidates who you think will give you and your neighbors the best service. I am asking you to elect me your Sheriff upon my record and to have sober deputies. This I have done. I now promise you again that every deputy sheriff I have the next four years will be sober, kind and honest men.

The boys who are rapidly returning to their homes from the battlefields of the world must be protected with men who are sober, kind and patient. Many of them are coming home to us with mangled bodies and shattered nerves. They must have kind and careful treatment by officers of the law, instead of beating and abuse by drunken officers.

During my administration there has been no deputy sheriff making false arrests of high school children of our county—children who are members of our best families. This has happened in the past. Instead, I have protected them, and I promise you now that your boys and girls will be protected and cared for by sober, discreet men. I promise you to protect your schools and churches at all times. All the high school principals will tell you that any time they need an officer during entertainments of any kind, I am always anxious and willing to be there.

I do not have any doubt about my election. My majority will be the largest ever given in this county. I urge you to go to the polls on November 6th and take someone with you. Help us to get sober men in office.

Your friend,
TROY B. STURGILL

TO THE VOTERS OF FLOYD COUNTY:

As you know, I am the Republican nominee for the office of Clerk of the Floyd Circuit Court. I have come to the conclusion from the campaign that I have made that a majority of the voters of Floyd county intend to, and will, support W. W. Cooley, the Democratic nominee, who also received his nomination without opposition. Mr. Cooley has made a very fine record as Clerk of this court and I do not believe that I can defeat him in the November election. It would therefore be useless for me to continue in the race.

I desire to thank my many friends for their assurance of their support and influence in this race.

C. E. HALE

TO THE VOTERS OF FLOYD COUNTY:

My Friends: The final election campaign is drawing to a close and I want to express to you all my deep gratitude for the wonderful support and encouragement you have been kind enough to give me. My race for County Court Clerk. This encouragement has been extended throughout the county.

Since it is a physical impossibility for me to meet each of you personally, as I would like to do, I am using this means of making my appeal to you. I am your nominee for County Court Clerk, and as some of the voters may not know me I will try to introduce myself.

I am the son of the late L. P. Bove, of Prestonsburg, Ky., and myself lived in Prestonsburg for several years. My father was killed by a fall of slate in a coal mine when I was 12 years old. He was a member of Zebulon Lodge No. 273 Masons. After my father's death my mother and her children moved to Wayland, Ky. My mother took a job with the Southern Bell Telephone Company and has worked for them now for several years. My sister, Mrs. Frank Wolfe, now lives at David, Ky., and her husband is employed in the mines here.

Being the oldest child in the family, I went to work in and around the mines at an early age to help support the family. Therefore, I know the hardships and problems of the coal miners and of other laboring people and you can count on me 100 per cent. I am the only miner in the race for County Court Clerk and I earnestly solicit your support and will appreciate all that you can do for me in this campaign.

LET'S FINISH THE JOB!

I enlisted in the armed forces April 14, 1941 when it looked like war was inevitable. I have served our country since that time willingly and gladly at whatever assignment given me and I am fully qualified to serve you as your County Court Clerk.

There comes a time in everyone's life when a man doubts his wisdom, his ability and his future. It is impossible to avoid such times but what we have to do is to reject such doubts and as Emerson said, "Carry himself in the presence of all opposition." I am aware that I have tremendous opposition as we are all familiar with money pool and "big slates" deals in our county. I have no money. As you all know, a soldier's pay does not allow one to acquire it and my people are poor, working people and cannot help me in that respect. Even if I wanted them to do so and I can honestly say I do not want money spent in my behalf for it is my belief that the practice of using money in elections is today the greatest threat to free American democracy.

I am now eligible for release from military service and will be free to devote my time to you good people of Floyd county. Show your votes if you want me to serve you. I think you will indicate by your votes that you do want me to serve you. I am in the race to be elected and will serve you to the very best of my ability and give you my promise that you will not regret any support that you may give me.

EX-SERVICE MEN'S NEWS

by CLAUDE S. SPROWLS, Exec-Secy Disabled Ex-Service Men's Board 209 Walton Building Lexington 9, Ky.

TRAINING-ON-THE-JOB UNDER THE "G.I. BILL"

The G.I. Bill provides that education or training institutions shall include all public or private elementary, secondary and other institutions furnishing education for adults, business schools and colleges, scientific institutions, colleges, local schools, junior colleges, teachers colleges, normal schools, professional schools, universities and other educational institutions and shall also include business and other establishments providing training on the job.

Before a veteran begins his education or training allowed under the G.I. Bill he should ascertain that the institution in which he intends to enroll for his course is an approved institution. Such institutions must be approved by the State Department of Education. Establishments desiring state approval should contact this office.

A trainee veteran may receive subsistence allowance while training on the job. This allowance is in addition to any wage or salary paid by an employer to a trainee. In every occupation there is a wage or salary which represents the minimum entrance wage of a journeyman in that occupation. An employer may pay a trainee salary representing the difference between the subsistence allowance provided by the federal government and the "journeyman's pay." The combined wage cannot exceed the minimum wage for such occupation.

A disabled veteran in receipt of pension benefits may receive the full amount of subsistence allowed under the G.I. Bill provided the combined totals do not exceed \$92 per month for a veteran without dependents and \$103.50 per month for a veteran with dependents. The only time these amounts may be exceeded is for a disabled service veteran eligible for benefits under Public Law No. 16, 78th Congress (Vocational Rehabilitation), is to be rejected for such benefits. The veteran may then receive the full amount of his pension and subsistence allowance regardless of their combined totals while in training under the G.I. Bill.

At no time is the veteran's pension award adjusted. Only on the subsistence allowance may adjustments be made. Veterans taking part-time courses will have their subsistence allowance adjusted accordingly. Veterans taking correspondence courses will receive no subsistence allowance.

The Veterans' Administration is allowing a veteran in school under the G.I. Bill to work part-time without affecting the subsistence allowance. However, a veteran must maintain passing grades at all times or corrective action will be suggested.

Veterans taking institutional training and employed full time will receive no subsistence allowance.

SELF-REGULATION
is succeeding...

The far-sighted program of the United States Brewers Foundation is succeeding. The program is workable and practical. It helps remove those occasional conditions which cause criticism of a billion-dollar industry which contributes heavily, through taxation, to the financial support of Federal, State and local governments.

Facts and figures substantiate this statement. Through cooperation with law-enforcement agencies, Self-Regulation has eliminated many conditions unfavorable to the public interest. An experience of over five years proves that Self-Regulation works.

Forgotten Man - 1945?

You didn't forget him in Normandy. Six days after D-Day, the dollars you contributed to the Community War Fund helped cheer him up with a U.S.O. show staged right on the beach.

You stood by him in France. Often your money helped send U.S.O. entertainers right behind the front lines to bring him a glimpse of home again... the familiar face of a movie star... a hit song from Broadway... or the latest gags from radio.

You did him a great service. And he remembers you for it. But now that he's earned his victory in Europe, let's not leave him to battle with boredom in his off-duty hours.

For when time is crowded with boredom, it does things to a man that sometimes make him almost forget himself. Who he is. What he believes in. What he fought for.

General Eisenhower is so aware of this problem that he has asked the U.S.O. to quadruple its entertainment program to keep up the spirits of our men still in Europe. Fifteen hundred U.S.O. entertainers are now overseas, including 18 complete acting companies. They're playing to more than a million men every week. But to continue this work on such a huge scale, to continue to bring American cheer to American boys, takes money—your money.

When you give to the National War Fund—through your local community campaign—your dollars not only support the U.S.O. They help all the 20 other agencies of this great fund. They keep up the hopes of those abroad, and give aid to servicemen's families who need aid at home.

When the man from your neighborhood calls, remember the boys still overseas, won't you? And give generously—you'll be glad you did!

At this juncture, Patton went in to pitch for Prestonsburg. His walk to Gearheart loaded the bases and Moore went in to bat for the youthful Hewlett. Patton forth with fanned Moore to end the ball game and the series.

The Sheriff Does Not Raise Your Taxes
I find that a number of people have the mistaken idea that I have raised their taxes. A Sheriff does not have anything to do with the amount of taxes any citizen has. The assessed valuation of all property is prepared by the Tax Commissioner, and sometimes raised by the State Tax Commission, and the tax bills are given to the Sheriff for collection.
When there is a mistake in your tax bill—even though I am not responsible for such mistakes—I am always ready and willing to help you get such errors corrected.
Your friend,
(Adv.) TROY B. STURGILL
