LETTERS TO THE EDITOR

EBULLIENT... INNUNDOS

Editor, The Times: In regard to your recent ebullient editorials and innundados concerning the combination of Floyd and Martin counties into one judicial district your consideration of possible gains to our people is respectfully called.
1. The political parties will be more evenly balanced theoretically at least increasing chances for better government.
2. Figures in the fiscal drain will be likely to develop.
3. The inquesture of our patriotic politicians is a healthy sign of progress.
4. Better candidates will be placed in the field. Placidity will be fatal.
5. The electorate will be better informed.
6. Court-house convivance will be less congenial.
7. The less fortunate will be less innocuous.
8. Competition will produce a higher type, more statesmanlike politician.
The wish of political peridy is often the father of the accusation. The habits of suspending judgment and courteous criticism are wise ones to develop.
Benevolent heat will soon dry out proved politicians. The foster fight bill was not enacted into law.
Yours very truly,
EDGAR C. BINGHAM

Van Horn Speaks Out On Welfare Fund
Charges Lewis with attempts to thwart public law and violate contract

The following is the record of a press conference on March 16 when Ezra Van Horn, one of the trustees of the so-called Miners' Welfare Fund, was interviewed by newspapermen:

Q. You don't propose to do any bargaining with Mr. Lewis until the other trustee is appointed?
A. I am ready and willing to meet with Mr. Lewis at any time in an attempt to work out all of these matters pertaining to the welfare fund.
Q. Under the contract you have the right to go to court by yourself, don't you?
A. I understand so.
Q. Do you think you might do that if Mr. Lewis doesn't act within a reasonable time?
A. That may be true.
Q. Have you approached Lewis personally since Friday?
A. No, sir. I talked to him last, a week ago.
Q. You sought to have him agree to the third trustee at that time?
A. That is right.
Q. Can you tell us the name of any person you suggested?
A. No. I suggested several names.
Q. Did he reject them?
A. He said he would take the list under consideration.
Mr. Van Horn dwelt at some length on the eligibility proposition, saying that was a highly controversial point. He said Lewis insists all members of the United Mine Workers in good standing should be eligible regardless of whether they are employed by employers signatory to the 1947 agreement, and he (Van Horn) insists that only employees of employers signatory to the agreement and who contribute to the welfare fund should be eligible.
Q. Must the twenty year period be continuous or may it be over several years?
A. It may be over several years—not necessarily continuous.
Q. Have you proposed any alternative amount for the pension fund against Lewis' \$100?
A. No, sir.
Q. What is Lewis' attitude with regard to going to court?
A. He insists this is not a matter that should go to court. Are you willing to say how much longer you will wait before going to court?
A. No, sir.
Q. How much money is in the 1947 fund at this time?
A. A little over thirty million dollars.
Q. Has anything been done toward merging the two funds?
A. No, nothing has been done. It has been discussed a great many times but nothing has been done regarding it.
Q. Is it considered possible to do it?
A. There is always some question as to the procedure in merging funds of that kind.
Q. Why isn't this fund invested?
A. Mr. Lewis has refused to invest the money.
Q. Have you suggested that it be done?
A. Yes, sir.
Q. What is the reason for his refusal?
A. The only reason he has given me is that he could not legally invest the money until the fund had become activated.
Q. Doesn't that seem curious?
A. Well, it doesn't seem to be the consensus.
Q. What did Murray think?
A. Murray thought the funds could be invested.
Q. Couldn't you two have agreed to invest it?
A. It never came to a vote.
Q. Did anything come to a vote?
A. There were some things—routine matters—that were voted upon, on which the vote was unanimous.
Q. Since September, when Lewis made the first proposal for \$100 per month, the whole thing has held on dead center because of the eligibility matter, is that right?
A. That is right.
Q. How about the Burke resolution?
A. That resolution was that the money was to be paid to all UMW mine workers. The basis that we discussed was as to the proposal for \$100 per month, at sixty years of age, and after twenty years of service in and around the mines.
Q. Mr. Murray proposed a resolution which was not satisfactory to Mr. Lewis, that it was not on an actuarial basis—in general what were its terms?
A. I don't just recall what it called for. It applied to employees of the employers and to some of the other men.
Q. Was it satisfactory to you?

A. No, it was not satisfactory to me because it referred to some employees who are not employees of the employers. It is my belief that there are some 335,000 men who are employees of employers under the 1917 wage agreement. Of that number about 81 1/2 per cent will become 60 years of age or older in the year 1948. If you take 81 1/2 per cent of 335,000 and multiply it by 1200, you would have the number of dollars that could be paid out during 1948 — that would be roughly \$32,600,000. Bear in mind under the contract there are other benefits to be paid to the mine workers, such as hospitalization, death benefits, disability payments, etc.
Q. Could the welfare fund afford a pension?
A. It could afford a pension of some kind but not of this proportion. It must also be borne in mind that the only contract in the industry is one running up until June 30, 1948.

The following letter was addressed March 16 by Mr. Van Horn to John L. Lewis, the other trustee of the Welfare Fund:

Dear Mr. Lewis:
As a result of your letter to all members of the United Mine Workers, given widespread publicity on March 12, and a press conference held on that date, I have addressed a letter to those signatories to the 1947 Wage Agreement, in which I have a record and to the beneficiaries of the Welfare Fund outlining the factual situation pertaining to said fund and the reasons why said fund has not been activated. A copy of said letter is enclosed.
You are Chairman of the Board of Trustees of this Fund and as such Chairman and Trustee you have made impossible the establishment of a program under such Welfare Fund by your actions, among which are the following:
1. You have insisted on disregarding the Labor-Management Relations Act, 1947, by demanding that persons not entitled or eligible for benefits be paid benefits.
2. During the year 1947 you were absent from Washington for many weeks and no meetings were held during your absence.
3. On January 31, 1948, Mr. Murray's resignation as Trustee was accepted. I promptly submitted to you a list of suggested persons to serve as a successor Trustee, and you advised me that you would take this list under consideration. Thereupon you went on a vacation and for many weeks your office would not disclose your whereabouts; even though I called your office many times requesting you to call me, you did not respond to such requests, and to date you have not suggested a single name for the successor neutral Trustee.
4. I have repeatedly requested that you supply to me, in my position as one of the Trustees of this Fund, a complete list of names of the signatories to the Contract, so that I may know the companies which have employees who are entitled to benefits of the Fund. You have adamantly refused me this information.
5. In 1947 the Trustees employed a firm of actuaries to make an actuarial study and report to be used by them for the establishment of a program of pensions under the Welfare Fund. This firm of actuaries submitted their report on November 17, 1947. You did not like the facts reported therein, therefore you caused the termination of their employment and ignored their report.
6. The report of said actuaries did not substantiate your position. You then secured an additional study from the Social Security Board of the United States Government. Such report was submitted to the Trustees and for all practical purposes contained the same conclusions as those of the actuaries employed by the Trustees and you have insisted on ignoring both reports because they do not substantiate your position.
7. I have caused an accurate age inventory of those employed in and about the coal mines to be made from the employees' Social Security records and have caused this information from signatories to the Agreement, which covers more than 82 per cent of the industry, so that there is now available sound actuarial data for the establishment of a program under the Welfare Fund. You refuse to give any consideration to this study.
8. You refused to agree upon a third Trustee. Know request you, in accordance with the Wage Agreement, to join with me in an application to the District Court of the United States for the District of Columbia for the appointment of a neutral Trustee. Failing to hear favorably from you on or before March 19, 1948, I will feel free to take such action as I deem appropriate without your joinder.
Very truly yours,
EZRA VAN HORN
Trustee, United Mine Workers of America, Welfare and Retirement Fund, 1947

Remember me?

About three years ago, you heard a lot about me when Okinawa was a big name in the newspapers. I'm still laid up with wounds suffered there, but I'm coming along fine, thank you. Besides, the Red Cross is helping me out in so many different ways, too. It gives me needed advice on family problems and anxieties. It provides me with recreation. It gives me advice on government benefits and pension adjustments. Best of all, it bolsters my morale—a guy needs encouragement sometimes. I may not be a headliner now, but the Red Cross hasn't forgotten me. You won't forget the Red Cross will you? So give—all you can—to this great friend.

work. The UMW president charged that the government had taken sides with soft-coal producers to "defeat" the miners. He denounced the peace formula as a "grocery offer." He did not even sign his letter of reply.

The government turned an offer to cut in railroad coal use up, the mines re-open. The new order would bring about a 25 per cent reduction in freight movement by coal-burning locomotives on the basis of locomotive miles. It would apply to all commodities but coal itself.

J. Monroe Johnson, director of transportation, said the order would be issued this week-end unless the miners return. He already has made a 25 per cent cut in passenger traffic hauled by coal. Steel output also has dropped since the miners walked out.

The Association of American Railroads said reports indicated the railroads as a whole had a 34-day supply of coal as of Tuesday.

The association said the 25 per cent reduction in coal-burning passenger service largely affected local lines.

The last time Truman intervened in a coal dispute it cost the union a \$700,000 fine and Lewis a \$100,000 fine.

The current layoff, walkout, strike—call it what you will—is a result of the pension plan provided in the contract for miners failing to get to work.

Under stipulations of the agreement which became effective July 1, 1947, the coal operators were to pay 10 cents a ton into a welfare and retirement fund for UMWA workers.

The agreement further provided that a portion of the 10-cent-a-ton royalty should be put aside in a separate fund for payment of pensions.

The contract stated that the overall welfare and retirement fund should be operated by a board of trustees composed of a representative of the United Mine Workers of America, a representative of the employers and a "neutral" party selected by the other two.

The operators appointed Ezra Van Horn, Cleveland, Ohio, as their representative, and the union chose John L. Lewis as its trustee on the board.

Subsequently, Thomas E. Murray, New York, was chosen as the neutral trustee. Murray resigned his position on the board January 21 of this year. News-service dispatches from Washington said Murray resigned because "he could not get his fellow-Lewis-without having 'suggested' a single name for the successor 'neutral' trustee."

Since the first meeting of the trustees, Van Horn charged in letters to the miners of the agreement and the beneficiaries of the fund. "Mr. Lewis has at all times refused and still continues to refuse to discuss any subject, even pensions for all miners of the United Mine Workers of America who have had 20 years' service in the industry, are 60 years of age and retired from service in the industry—disregarding the requirement of the law that persons who receive benefits must be employed by signatories to the agreement."

The "real subject matter at issue" was described by Van Horn as "the question of disability of persons to receive pensions or other benefits."

Van Horn and Lewis took the position that all members of United Mine Workers of America are entitled to benefits, regardless of whether or not they are employed by any of the signatories to the contract who are paying into the fund.

Van Horn has insisted that "only employees of members signatory to the agreement and who contribute to the welfare fund should be eligible."

Mr. George Archer, Jr., is at her home after being a patient at the Prestonsburg General hospital.

Miss Burke and Others From Floyd Scheduled For Folk Fest Roles

After a few years' wartime interruption the American Folk Song Festival will be revived on Sunday, June 13, at Traipsen Women cabin on the Mayo Trail, 13 miles south of Ashland, under the direction of its founder, Miss Jean Thomas. It was announced this week.

This year, several from Floyd county will take an important part in this nationally-known event. Miss Alice Gray Burke, daughter of Mr. and Mrs. E. R. Burke, of Prestonsburg, will appear in the Elizabethan program as a host-in-waiting. She will also model the "Traipsen Woman" frock designed by a member of the Carolina Folk Players and named for Kentucky's "Traipsen Woman," Miss Thomas. Bradley Kincaid will sing the ballad of the same name. Kincaid, a member of WSM, will act as master of ceremonies at the festival, and will also sing the ballad, "Love of Rosanna McCoy," for which he supplied the music.

Featured on this year's program will be the folk play, "Love of Rosanna McCoy," adapted from the book, "Big Sandy," by Jean Thompkins. The play was adapted by 14-year-old Rosanna McCoy, descendant of old Randall McCoy. She plays the leading part and Jack Dempsey Hatfield, descendant of "Devil Anse" Hatfield, will sing and play the part of young Jone Hatfield, son of Devil Anse. Mrs. Mary Vinson Clark, cousin of Chief Justice Fred M. Vinson, will play the part of Levisa, mother of young Jone Hatfield, and wife of Devil Anse. Frankie Jane McCoy will play Sarah, mother of Rosanna and wife of old Randall McCoy. Little Bud McCoy, age 10, will play and sing the part of Little Randall McCoy, son of old Randall.

Miss Burke and Others From Floyd Scheduled For Folk Fest Roles

After a few years' wartime interruption the American Folk Song Festival will be revived on Sunday, June 13, at Traipsen Women cabin on the Mayo Trail, 13 miles south of Ashland, under the direction of its founder, Miss Jean Thomas. It was announced this week.

This year, several from Floyd county will take an important part in this nationally-known event. Miss Alice Gray Burke, daughter of Mr. and Mrs. E. R. Burke, of Prestonsburg, will appear in the Elizabethan program as a host-in-waiting. She will also model the "Traipsen Woman" frock designed by a member of the Carolina Folk Players and named for Kentucky's "Traipsen Woman," Miss Thomas. Bradley Kincaid will sing the ballad of the same name. Kincaid, a member of WSM, will act as master of ceremonies at the festival, and will also sing the ballad, "Love of Rosanna McCoy," for which he supplied the music.

Featured on this year's program will be the folk play, "Love of Rosanna McCoy," adapted from the book, "Big Sandy," by Jean Thompkins. The play was adapted by 14-year-old Rosanna McCoy, descendant of old Randall McCoy. She plays the leading part and Jack Dempsey Hatfield, descendant of "Devil Anse" Hatfield, will sing and play the part of young Jone Hatfield, son of Devil Anse. Mrs. Mary Vinson Clark, cousin of Chief Justice Fred M. Vinson, will play the part of Levisa, mother of young Jone Hatfield, and wife of Devil Anse. Frankie Jane McCoy will play Sarah, mother of Rosanna and wife of old Randall McCoy. Little Bud McCoy, age 10, will play and sing the part of Little Randall McCoy, son of old Randall.

Rainy Weather is Duck Soup to the UNIVERSAL Jeep

"LET IT RAIN IF IT MUST!" That is what you will say if a Universal "Jeep" is at work on your farm. Just put on the top and get on the job. With the steady traction of its 4-wheel drive the "Jeep" just keeps on pulling, in spite of soft ground or slippery footing. You don't have to worry about "impassable" roads. Four-wheel drive takes the "Jeep" through helps you with spring towing and hauling jobs that must be done.

GET A "JEEP" AND GET GOING

There are plenty of jobs the "Jeep" can do on your farm right now. When field tasks are completed or road work is done, your "Jeep" need not stand idle. Its power take-off delivers up to 30 h.p., operates many kinds of implements and farm machinery, helps make the "Jeep" America's most versatile farm tool.

16 CONVICTED IN VET FRAUD

Frankfort, Ky., March 18 (Sp.)—Sixteen convictions, all on counts of fraudulently drawing Veterans Readjustment Allowances, have been obtained in Kentucky since inception of the program in September, 1944. Barnes, commissioner, Department of Economic Security, and administrator of the job insurance program, announced. Veterans allowances are paid through the State Unemployment Insurance Division but are financed by the federal government. All 16 of those convicted pleaded guilty. Barnes said, adding that most of the cases disposed of thus far have been flagrant cases of fraud.

A total of 54 cases have been referred to the federal courts by the Unemployment Insurance Commission, Barnes said. Four have been dismissed and 34 are pending. In addition, 40 alleged fraud cases have been submitted to the U. S. district court at Louisville by special federal investigators, Barnes said. He explained that all cases of fraud uncovered by the Unemployment Insurance Commission must be submitted through the local department of the Veterans Administration.

"We have recovered more than \$3,000 in benefits illegally drawn by veterans who have been convicted in federal court. The Unemployment Insurance Commission is not permitted to accept funds after the case is in the hands of the district attorney except with the court's permission. Retention does not lessen the burden of guilt and conviction in no way relieves the responsibility for repayment," Barnes explained.

Man Who Built First Bridge Here, Founded Banks, Succumbs Mar. 14

For Rogers, who with the late W. H. May built in 1897 the first bridge to span the Big Sandy river here, died in a Lexington hospital March 14 at the age of 75 after a long illness.

Mr. Rogers is survived by his widow, daughters, Mrs. Donald P. Layne of Long Beach, Calif., and Mrs. T. C. Rindley, Jr., of Lexington. Mrs. M. D. Garred, of Ashland, and a son, Lon B. Rogers, of Pikeville. A sister, Mrs. John Blankenship, Beaver Dam, Ky., also survives.

In 1903 Mr. Rogers organized banks, at Greensburg, Manchester, Hyden and Hindman and the same year founded the Pikeville National Bank.

In 1907 after organizing the Prestonsburg Bridge Company, Rogers became interested in a mine in Pike county. Coal from the Marrowbone-Eikhorn seam proved suitable for coke and he established a coking plant at Condale, selling in 1915. Later he and his brothers, Lon and Jim Rogers, operated mines in Pike and Mingo counties. He held extensive coal properties in McDowell and Buchanan counties, W. Va., and real estate in Mingo county, W. Va.

Funeral services for Mr. Rogers were held at the Lexington residence.

KENTUCKY ON THE MARCH

By EWING GALLOWAY

There are two general classifications for letters and newspaper clippings coming to me in response to my state-wide request for articles of community betterment projects "realized or definitely planned" in the last two or three years—the windy and the mealy.

The windy writers usually substitute glittering rhetoric for concrete facts. They substitute high-sounding words for concrete facts.

All of the community progress material used in this column thus far has been well-written, and there is a lot more good stuff to come.

The best example of strictly mealy writing is from an annual report of H. Karmes, agricultural agent in Marion county, printed in the Lebanon Enterprise and sent to the Editor Oliver Kelly, Mr. Karmes' handling of facts may make you wonder if he wasn't a good newspaper reporter before he started teaching better farming.

Here are some brief paragraphs from his report:

"The agent spent 147½ days in the county, 377½ days in the office. He made 536 farm visits, conducted 139 meetings which were attended by 6130 people and traveled 9482 miles in the performance of his duties. There have been distributed through his office 33,648 bulletins and circulars. One hundred twenty circular letters, totalling 34,300 copies, have been mailed.

"In specific projects, 42 people were entered in the Corn Derby, 28 of whom completed their records. The agent has long advocated the use of resistant tobacco, tobacco plant and treatments, the use of artificial heat in the curing of tobacco and the sowing of legume cover crops.

"A survey of the dealers in Marion county indicates that 67 per cent of the farmers in the county are using root-resistant tobacco, and that at least 770 plant beds were treated for prevention of disease. Cane dealers report 11 carloads of cane sold for use in the curing of tobacco. Over 44,000 pounds of vetch seed were sold in the county."

Pollution charges against two men resulted in fines of \$100 each in Kentucky courts in the past few days. Charles Vinson, of Louisa, Route 1, was arrested for putting sawdust in the Big Sandy river on December 5. Rather than have the case go before the grand jury, Vinson pleaded guilty to an amended charge of laking fish other fish by and was fined \$100 in the court of Judge L. P. Weilmann. Vinson was arrested by Conservation Officer D. A. Gause. In another pollution case, James P. Payne, of Barbourville, was fined \$100 for putting sawdust in the waters of Fishing Creek in Knox county. Resolution of Protest

UNITED MINE WORKERS OF AMERICA
Local Union 5895
Wayland, Kentucky
March 16, 1948
Hon. Earle C. Clements,
Governor of Kentucky:

Whereas, during the campaign period of the last state election of the Commonwealth of Kentucky, the present Governor, Hon. Earle C. Clements, toured the coal fields of Eastern Kentucky and persuaded the miners and other laboring people to believe that he was a staunch friend of labor. The miners supported his candidacy and we believe that we gave him the vote that was necessary to his election. We think that we carried the balance of power.

Whereas, the Governor had championed the cause of labor in the national Congress, we could reasonably have assumed that he would be labor's champion as Governor of Kentucky. He fought the Taft-Hartley bill in the national Congress.

Whereas, Hon. Earle C. Clements has sponsored the HIGHWAY FOSTER BILL which he believes is an equally ANTI-LABOR and can be used to trample labor, and for which purpose we hope it will never be passed.

Be it resolved that Local Union 5895 go on record as condemning the State Highway Police Bill as Anti-Labor. We even class it as a Kentucky Taft-Hartley Bill.

This resolution is adopted by unanimous vote.

Recommendation

UNITED MINE WORKERS OF AMERICA
Wayland, Kentucky
Wayland, Ky.
March 16, 1948
Mr. Alex L. Davidson,
County Judge

Dear Sir:
Whereas, at the last election the Pick and Shovel ticket that was endorsed by Local Union 5895 elected five members to the City Council of the city of Wayland, Kentucky;

Whereas, by some technical procedure of the election officers there were a certain number of votes disqualified in two districts, and this disqualified two of the PICK AND SHOVEL CANDIDATES and qualified two of the BROOM CANDIDATES;

Whereas, one of the members of the City Council and member of our Local Union, Brother Hager Taylor, has been claimed by death; and

Whereas, the right to appoint a member of the City Council has devolved upon the County Judge of Floyd County, Alex Davidson.

Be it resolved, that Local Union 5895 go on record as asking Alex Davidson to appoint a member of the City Council that may be designated by the Local Union 5895 since it was a PICK AND SHOVEL member who passed away.

Be it resolved, that Mr. Davidson be asked to appoint Garvis Turner as a member of the City Council to fill the vacancy created by the death of Hager Taylor.

This resolution is adopted by a unanimous vote.
(Adv.)

What is LICENSED SALE?

The Kentucky business man, and his employees, cannot prosper if the people of the state and community do not prosper. A community which enjoys the benefits of Licensed Sale of beverages is a community that draws trade... not only to the beverage store, but also to the food shop, the meat market, the shoe store and all other business establishments. The legal, licensed alcoholic beverage industry produces pay checks for many thousands of Kentuckians throughout the state. These pay checks flow into cash registers of Kentucky business men... make more trade, more jobs, more prosperity!

WHAT IS PROHIBITION?
Businessmen in so-called "dry" areas know that prohibition harms business. Trade flows from prohibition, toward Licensed Sale. The loss of beverage taxes and license fees in "dry" communities opens the door to higher taxes to replace this lost revenue. Prohibition is a business-killer!
