of Price, this county.

Gas company representatives contend the firm is not a public utility and that it does not have a gas supply sufficient to fill the demands of its two affiliates, the Louisville Gas & Electric Company and the Pittisburgh-West Virginia Gas company. Moreover, they argued, those applying for gas service have vailable either, or both, bottled gas or coal.

THINGS YOU SHOULD KNOW-

About How The Alcoholic Beverage Business Will Be Handled In Prestonsburg Under The New Law

CITY ADMINISTRATOR --

The City Council must create by ordinance the Office of City Alcoholic Beverage Control Administrator. The Council may either delegate the duties of City Administrator to a presently established City Office or if the Council does not do this the Mayor must appoint a City Administrator.

LICENSE QUOTA--

The State Board at Frankfort will conduct an open hearing as to the license quota for Prestonsburg and any person or group of persons may have his saf regarding how many licenses should be issued. The present State Board has co-operated fully with local citizens in setting quotas.

ZONING--

The City Council may, or may not, zone the area in which alcoholic beverages will be sold in Prestonsburg. When zoning does not seem advisable, the law still provides ample means for restricting the location of licensed premises in accordance with community welfare and the wishes of local citizens.

APPROVAL OF LICENSES...

The City Administrator must approve every applicant for a license before his application must be sent to Frankfort. THEN the State Alcoholic Control Board will thoroughly investigate the character and fitness of the applicant. Only local persons of good reputation will be considered for licenses by the State Board.

ADVERTISEMENT OF NOTICE TO APPLY FOR LICENSE-

Each applicant for a license will be required to advertise in local newspapers for at least two weeks, his intention to apply for a license. (Any person with reasonable grounds may protest the issuance of such license.)

NO SALOONS-

Contrary to continued statements and rumors of the Drys.—There CANNOT be any saloons in Prestonsburg.—Under the NEW LAW ONLY PACKAGE STORES will be permitted to operate. (Kentucky Revised Statutes 243.230.) Liquor cannot be sold by the drink or consumed on the premises. It will be sold only by the package.

NO ROADHOUSES-

Contrary to continued statements and rumors of the Drys.—There CANNOT be any roadhouses in Prestonsburg. License will be issued only within the corporate limits of the city, and only in locations and premises approved by the City Administrator and the State Board.

STATE BOARD WILL CONTROL-

All licenses come from Frankfort. They are issued only by the State Alcoholic Beverage Control Board. The present State Board, appointed a little more than a year ago, has already demonstrated its purpose to improve conditions in the liquor business throughout the state. Liquor retailers who violate the law are having a very rough time, and many of them have already lost their licenses. We feel that the good people of Prestonsburg will appreciate these assurances of more vigorous law enforcement.

In your pharmacy you see many things that are important to you and your community

You see a wide variety of attractive merchandise shelves lined with important drugs, chemicals and her medicinal products.

You see the pharmacist himself, a friendly person, a reliable merchant, a good clitzen. But there's one thing you'll never see—and, in a sense, it's the most important of all.

What is it? It's your pharmacist's professional knowledge and technical skill.

To get his college degree and to pass the state examina-ons required of all pharmacists, he must have a knowledge of many sciences.

SUPPORT YOUR LOCAL RED CROSS CHAPTER

THESE are the people who own your electric light and power company. Chances are you are one of this group, too.

They represent a cross-section of America - ho farmers - mechanics and milkmen. Yes, people from all walks of life have put their savings into companies like ours. They're direct owners.

But there are countless indirect owners, too who don't know they have a sinke in the electric industry. They're people with life insufance policies and savings accounts. When banks and insurance companies accept your money, they must invest It wisely and productively. And because business-managed electric companies have a long record of successful service, much of that money is invested in utility securities.

So, you see, the electric industry is owned by the

OUR CITY IS DEEPLY IN DEBT—cannot meet its financial obligations—cannot repair our streets, nor make other needed improve-ments (we hear that the electric bill is causing much embarrassment). Assessments on our property have been greatly increased our taxes have zoomed sky-high—and still the city needs money, and more money.

Bootleggers are as thick as fleas! (Some of them just teen-age boys!) They do enormous business, but they pay no taxes, and they multiply the problems of law enforcement.

IS THE QUESTION

That You Will Answer With Your Vote?

Are You In Favor of the Sale of Alcoholic Beverages in Prestonsburg, Floyd County, Ky.?

Question: Would legalized, controlled sale of liquor and beer reduce drunkenness?

Answer: No. In 1946 when we had legalized sale of liquor the Police Court records show more than 900 arrests for drunkenness, against a little more than 300 arrests for drunkenness in 1948 when we were legally DRY.

Question Wouldn't legalized sale of alcoholic beverages reduce hootlegging?

Answer: If it did in Floyd county and Prestonsburg it would do differently than it does in most other places.

Examples to prove the above. In Caldwell county when it was "WET" (60) sixty drunks were convicted in two months. In that wet county (50) fifty of the sixty drunks were drunk on illegal liquor. (Boollegged.)

In Harlan county when it was wet state revenue men found that 65 pct. of all liquor sold was illegal. (Bootlegged.)

In 1942 United States Revenue records of (50) fifty dry counties showed only 300 bootleggers. Average 6 tgr a county, while the same records showed (2,225) TWO THOUSAND, TWO HUNDRED and and TWENTY-FIVE BOOTLEGGERS in (51) FIFTY-ONE WET COUNTIES.

THERE ARE MORE BOOTLEGGERS OPERATING IN VET CITIES AND COUNTIES THAN THERE ARE IN SIRY COUNTIES AND CITIES, according to all available government records.

Question: Then it I vote to favor the sale of alcoholic beverages in Prestonsburg, I am really voting to add legal sales to the present illegal sales and really multiply the users and the amount of alcoholic drinks used, isn't that right? Answer: Yes, that is right. You will be voting for a great increase in the sales of all kinds of intexteating drinks and a great increase in drunkenness and all the poverty and pain and crime that goes with it.

Question: But wouldn't the city get revenue out of the licensing of the liquor business if we vote wet?

Answer: Yes, the city of Prestonsburg would get fees for licenses and probably a lot more fines from drunks and others arrested, but probably not as much as it would cost the city to take care of additional policing and care of persons arrested.

Evidence: Some years ago after legal liquor came back into Louisville the Navor of the city appealed to the Legislative Council in Frankfort for more liquor tax because, he said, "Louisville was losing money." Said lie, "... Outlays for she keep of prisoners, their medical care and the care of dependents of liquor addicts have increased steadily." In eight years arrests for drunkenness had climbed from 2,155 in a "DRY" year to 12,200 in a "WET" year. And the controlled "saloons" had been responsible for attracting 4,000 boys and girls under age to become their customers, and led them to be such good customers that the 4,000 had been rerested for drunkenness while still boys and girls "under age."

Question: But won't having liquors sold legally in Prestonsburg bring business to our city?

Answer: There is no doubt but that it would bring a lot of business to Prestonsburg. Every policeman would have more business, the jailer would have more business, the men who sold the liquor, both legal and illegal, would have more business. Repair men at garages and relief agencies all over the county would have more business. Hospitals and doctors might have more business and poorer collections. But there is serious dou's about getting "more business" of the sort that would benefit Prestonsburg.
