TO THE VOTERS OF FLOYD COUNTY:

We have another important election coming on August 6. I realize that many of you are deeply interested. Many of us have friends and relatives running for one or more of the several offices to be filled, and many others are interested solely for the welfare of our homes and our loved ones.

The most important and the most far-reaching good that many of us will be able to do during the next few weeks, for the welfare of ourselves and those who come after us, will be the part we take in helping to select the right kind of officers to serve the people of Floyd county for the next four years.

Floyd county is blessed with much wealth and prosperity and with many of the finest people in the land. Let's keep it that way and strive to make it just a little bit better as we travel along.

We need good, sober, honest and qualified officers who have the welfare of the people at heart. I feel that on the whole that you will choose the best available when the time comes. You have some fine prospective candidates for possibly all offices. There are several seeking the nomination in the Democratic primary for the office of County Clerk. I know most of them, and I believe that most of them are good fellows, but somehow or other, I have the idea that DuRan Moore would serve the people in a most friendly and excellent manner, and that we would be pleased with the way he would conduct the County Clerk's office during the next four years.

You know, I wouldn't want to brag very much on DuRan because I am his oldest brother, and as older brothers oftentimes are, I sort of feel like that I helped him grow up. I am sure that you would like him, and that he will conscientiously apply himself to the job and make you and the people a good and dutiful clerk. He knows that life becomes just a little fuller as we live not only for ourselves but for the welfare of others as we travel along Life's Highway.

We will appreciate your consideration for him, and we only hope that your decision will be for the best. May God be with us all, not only in this, but in all other decisions that we are called upon to make, now, and forever throughout the future.

Your friend,
JOHN CHRIS CORNETT

morning Dottie Hensley, a 73-year-old Ashland woman, was reported missing. Followed a four-day search. Had the poor, old soul slipped and fallen in the river? Or fallen among thieves? Or had she grown despondent and ended it all?

No, she hadn't and she didn't. She was found Tuesday afternoon—serving a 10-day term in the Cabell county jail, Huntington, W. Va., for drunkenness.

Headline writers, with Father Time jabbing them in the seat of the pants toward the deadline and with metal type being indelible as it is, have to write it to fit. And sometimes what they write throws folks into fits. That C-J headline this week referring to Pikeville as "Pike Village," for instance.

FOUND-A TOWN

If the present State Administration does what District Engineer Parker recently promised the Prestonsburg Junior Chamber of Commerce, it will have achieved something no other administration has ever done. Solely promised Parker: "The distance to Prestonsburg will be placed on that highway sign at Pikeville."

The applause, we are told, was terrific. Whoops!—Prestonsburg, county seat of the 40th county to be formed among Kentucky's 120, oldest town in the Big Sandy region, has at last been discovered.

WHAT A LOOSE TONGUE DID
It's surprising what a man's fool tongue will get him into. Take the men-folks in Passaic, N. J., as an example. In that city of 63,000 the garbage problem loomed bigger and bigger and smaller. In fact, the big question around town became: How high can a pile of garbage get?

Maybe it's because it all happened at a New Year's Eve party—anyway, when the "girls" allowed as how it was time they quit talking and did something about it, one of the husbands present chimed in with "Why don't you do something?"

That was enough. The women did. They went to see the Governor, they got a law changed, they arranged for special election. Now they're out canvassing the city, ringing doorbells, swinging verbal punches with old-line politicians, button-holing voters, planning, scheming. And what are their husbands doing—all because one man asked for it? They're staying home, baby-sitting, washing dishes, sweeping and mopping about late, oh, cruel fate. That's what they're doing.

BIRTH ANNOUNCED

Announcement is made of the birth on Thursday, June 16, at the Prestonsburg General hospital to Mr. and Mrs. V. A. Smiley of a daughter, Deborah Sue. Mrs. Smiley and daughter are now at home here.

Knott County Farmer Stroke Victim at 89

Billy Stone, retired Knott county farmer, died Tuesday at his home at Pippas, victim of a cerebral hemorrhage at the age of 89.

A son of Hardin Stone, he was a native of Knott county where he was widely related. Surviving are 10 sons and daughters: Bud, Pierre and Isabelle Stone, all of Pippas; Jesse Stone, of Lebanon, Mrs. Julia Ashby, Laskey, Mrs. Mary Blackburn, Charleston, W. Va., Earl, Sadie and Clinton Stone, all of Detroit, Mich., and Mrs. Madge Newman, Kokomo, Indiana.

Burial was made at Pippas this morning under direction of the Ryan Funeral Home.

TO THE PEOPLE OF FLOYD COUNTY:

After long and careful consideration we have decided neither of us should become a candidate for the Democratic nomination for Clerk.

There are a number of candidates for Clerk, all of whom are gentlemen and all of whom have supported us at some time or other in the past. We decided in fairness to our friends that it was best not to enter this race. We have no ill will or enmity toward any one. We want it definitely understood, now and forever that we have made no promises or deals with any candidate for any office to give them our support. If any candidate comes to you with that story, it is a falsehood and you should vote against them.

We live in a free country where every man or woman has a right to seek office or vote for his or her choice. I want my friends to vote for whom they may choose and for the one they think will make a better public official.

"You people have been very kind to us. We are thankful and grateful to you from the bottom of our hearts for all you have done for us. We owe the common, every-day man and woman more than we can ever repay. Your support and loyalty have meant much to us. We have not betrayed this loyalty and confidence. We are just as anxious to serve you and accommodate you when in or out of an election. We are the same every day. Please call upon us at any time we can be of any service to you.

SAYS T-H BILL FORBIDS STOP

Of Work in Some Fields But Stoppage in South Within Law, Is Claim

Although it is conceded John L. Lewis could call his United Mine Workers from their work in the Southern coal fields, June 30, he was warned Tuesday he will be violating the Taft-Hartley Act if he orders them out in some other fields.

The warning was issued by George H. Love, president of the Pittsburgh Consolidation Coal Company, as Lewis and Northern and Western Commercial operators met in an effort to write a new contract that may set a pattern for the entire coal industry.

"We don't think the no-contract no work policy applies to us on June 30," Lewis told newsmen. "We consider that we have a contract that runs to August 14. That's the law of the land. You can't make a contract that supersedes the law of the land."

He based his interpretation on a section of the Taft-Hartley Law that requires unions to stay on the job for 60 days during negotiations for a new contract.

Under the notice given by Lewis, the 60-day period will not expire for U.S. Steel Corporation and its subsidiaries until August 13. It will expire August 14 for other steel companies operating "captive" mines and for Northern and Western Commercial operators.

The Southern Coal Producers Association which has been meeting independently with the Mine Workers at Hotwell, W. Va., gave their own notice some seven weeks ago. That means Lewis could shut down their mines June 30.

Lewis previously told reporters that the legal rights of the operators were "unimpaired" by the union's notice of contract termination. But he ducked questions whether the miners will work in other pits if they close down the Southern fields July 3 after their traditional 10-day vacation.

Informed that reporters had been given the "dope" in Washington, Lewis retorted, "Why don't you go back and ask the dope?"

Spurlock Wins Trip For Insurance Work

Richard Spurlock, Prestonsburg, insurance man, with his wife and son, Dickie, left Wednesday on a 10-day trip to Detroit and Canada as guests of the Kansas City Life Insurance Company.

Mr. Spurlock will attend in Detroit the fifth annual meeting of the company's select President's Club of which he is a member. Less than 10 per cent of the company's 2,000 agents in 39 states and the District of Columbia attain membership in the President's Club, Ray Schweyboldt, Covington, general agent, said.

Following the Detroit meeting, the Spurlocks will go to the Grateau Frontenac, Quebec and there they will be guests at the celebration of 25 years of service with the company by W. E. Babo, president. The trip will also include a St. Lawrence river cruise.

Council Fire Marks Close of Day Camp

A Council Fire Friday evening, June 10, at 8 o'clock at the playground closed Day Camp for the Girl Scouts at Davis. Thirty girls registered and attended camp from 9:30 a.m. to 3:30 p.m., through the week.

Various activities were carried on during the week. Twenty intermediates and seniors earned First Aid badges. The Scouts worked with several crafts: bands, paper weaving, shell, wood, clay, paints (crayon, enamel, oil, spatter, finger). They had singing for an hour each day and supervised games for one hour daily. Each child carried a nose-bag lunch each day except on Wednesday when the group hiked up above the water tanks for their cook-out.

They had as all-day guests on Tuesday Mrs. Schindler's 10 Brownies from Prestonsburg, and on Wednesday afternoon Mrs. Curtis Anderson's troop of Intermediates of Prestonsburg. Friday afternoon, a tea was given at the cabin for the Scouts and their guests. Approximately 80 persons were served. Guests included Mrs. Russell Shaw and troop of 10 Brownies, Mrs. Hanford May, Mrs. E. Dick Roberts and daughters, Mrs. Thomas Hereford and son, Mrs. Chalmers Frazier and Kay Ann, Mrs. Fred Francis and son, Mrs. Elizabeth Collins, Mrs. Curtis Anderson and five Intermediates, all of Prestonsburg; Mrs. Arnold Clarke, Mrs. Dawson Bussey, Mrs. Carl Wise, Mrs. Russell Harman, Mrs. Ora Howard, Mrs. Otis Bussey, Mrs. Wm. Crawford, Mrs. Charles Schindler, Mrs. J. J. Nekoranec, Isabel Ellis, Mattie B. Hollifield, Ann Everly, Sue Pendergrass, Wm. Crawford, I. C. Spott, Max Burns, of Davis, Charles Hooper, of Huntington, West Virginia.

Mrs. T. C. Spott and Mrs. M. E. Thompson were in charge of the tea with Girl Scouts as aides. The Scouts, led by Misses Ann Everly and Sue Pendergrass, entertained with several songs. Articles the girls had made during camp were on display during the afternoon. A few of these will be on display for a few days in the window of Francis' Store in Prestonsburg.

Mrs. Wm. Chawford was chairman of the camp committee. Others helping with camp were Mrs. Otis Bussey, who made a camp movie showing a little of each of the activities; Misses Ann Everly and Sue Pendergrass, who were in charge of music; Mrs. Ora Howard, Mrs. Carl Wise, Mrs. Walter Crase, Mrs. J. J. Nekoranec, Mrs. Curtis Anderson, Mrs. Charles Schindler, Mrs. Russell Harman and Miss Fae Lou Barrett, Scout executive of Pikeville.

Ann Barr was the first to organize and manipulate the Tammany society for political purposes, according to the Encyclopedia Britannica.

WHAT ARE SOME OF THE POWERS AND DUTIES OF THE COUNTY ATTORNEY?

In traveling over the county, I find in every section the good citizens are outspoken in criticism of the manner in which our local option laws are being enforced. The "Illegal Liquor Traffic" in this county needs no discussion in this writing as it is well aired throughout the county. "Rumors" as to the reason it is not being enforced is talked also. Your guess as to this is as good as mine.

I challenge any person as well as my opponent to deny that it cannot be enforced. We have sufficient and adequate laws for its enforcement and need only an officer with a "willing mind" to carry out such laws.

Being a candidate for County Attorney, I want to point out the powers and duties of the County Attorney in dealing with "Illegal Liquor Traffic," then judge for yourself whether proper steps have been taken to curb this unwholesome "rumor" that has caused the good name of Floyd county to be questioned among its better neighbors.

Can the County Attorney Enforce Local Option Laws?

Under our system of law enforcement your "Key Man" in every Commonwealth proceeding, whether it be a minor offense or the commission of a serious crime, is your COUNTY ATTORNEY. Why? Before any person is brought to trial he must be informed of the charge whether the proceeding is had in the Justice, County, Quarterly or Circuit Court either by warrant, or indictment if in the latter court. The manner in which a warrant or indictment is obtained is rather well known by all, namely, by affidavit or the presenting of evidence before the grand jury.

Who Presents This Evidence?

Your County Attorney is charged with the duty of presenting evidence before the grand jury by the presentation of witnesses and the interrogation of them in regard to the offenses and crimes committed in your county, without limitation or rules of evidence.

How Is Such Evidence Obtained?

(a) By power vested in our Circuit Court, your County Attorney may require the attendance of any person within its jurisdiction to give testimony before the grand jury pertaining to any violation. We all know that the members of the grand jury are only in session for a limited number of days and depend wholly upon the County Attorney to present the witnesses and obtain the necessary evidence as to all the violations. (b) Persons holding United States license for sale of Alcoholic Beverages in Floyd county, name and place of business may be obtained from office of Collector of Internal Revenue, Louisville, Ky.

Is our County Attorney not aware of Section 242.400 Kentucky Statutes, which provides:

The possession of a United States tax stamp commonly called a United States License for the carrying on the business of a retail dealer in Alcoholic Beverages or the having the tax stamp or license at the place of business in a dry territory shall be prima facie evidence of guilt under this Chapter.

(2) An attested copy of the record of the office issuing such license showing its issuance shall be admissible in evidence in any action under this section.

Have the facts concerning these licenses been called to the attention of the County Attorney? If you will recall, not too long ago your Circuit Judge, according to your local paper, commented to the grand jury that there were more than 20 federal liquor licenses issued to persons in Floyd county. Was any action taken by your County Attorney?

What About the "Cry" that the citizens fail to help?

I believe you will agree that this is a very "poor excuse" as no person will willingly disobey the orders of our court and refuse to testify before a grand jury. If he does, there are ample penalties provided for such refusal. The citizens as a whole are anxious to have good law enforcement and need only the cooperation of the official seeking to enforce the law. It should not be necessary for the citizens and taxpayers of this county to pay the County Attorney a large salary and at the same time set up "enforcement headquarters" at the courthouse.

What Is Your Remedy to Correct the Situation?

Go to the polls on August 6, vote for the candidate you honestly believe will do the job you want done. If you are not satisfied with the "Illegal Liquor Traffic" in Floyd county, then let's have a change—vote for

JOHN ALLEN

Jesse Wallen, chairman, James Lafayette and Joe Maynard, also remain temporarily unchanged.

Wells, president of the local, reiterated this week the union's claim that the employees ceased work because McKinley Sparks, of the bus firm, failed to comply with the agreement he made with the workers to issue cut-off slips to Otis Patrick and Glenn H. Hall, drivers. Instead, he alleged, Patrick was discharged.

The local union leader also alleged Sparks told the Grievance committee on June 6 that Hall had agreed to work for less than the monthly minimum wage provided by the existing contract and that he had reason for firing Patrick. This reason, Wells quoted him as saying was his alleged failure to report \$85 collected in taking a special bus to Carter caves.

Wells in a prepared statement this week claimed Sparks admitted, however, that Patrick offered him the money and that the driver was told to take it to the bus company's office. At that June 6 meeting, Wells added, Sparks agreed with the committee not to fire Patrick but to issue cut-off slips to Patrick and Hall and to return them to work according to their seniority. Two days later, Patrick, it was said, received from Otis Patrick, president of the company and a brother of McKinley Sparks, notice of discharge.

Employees attending last Friday's meeting said Sparks told them two other drivers are slated for discharge.

rean had this to say of Kentucky: In the nine months prior to the Centennial, Ill. disaster in which 111 miners were killed, compliances amounted to 29 per cent; in the three months following the disaster, compliances reached 36 per cent and for the year ending June 30, 1948, compliances amounted to 39 per cent.

For the nation as a whole, compliances for the three quarters ended April 12, 1948, Kentucky inspections numbered 774 and resulted in 267 reports of imminent danger.

Horn Is Sponsor-Member Of Outboard Motor Club

Carl Horn, of the Home Furniture Company of Lexington, is now elected a sponsor-member of the Outboard Boat Club of America, it was announced last week.

As a sponsor-member of the national organization of fishing, fishing and boating enthusiasts, Mr. Horn's establishment will become headquarters for information on fishing and fishing in this area, and also service this idea for local club activity and data to help members in their quest for pleasure on the water.

Well, the arrangements which have been made in buying and the recreation growth in interest in the sport, thousands of better and better enthusiasts throughout the country are being brought together in the Outboard Boat Club of America for development and promotion of fishing and boating.

Local and state anglers have been organized and a number of clubs already in existence have become affiliated with it to spread the scope of service and enjoyment to all lovers of America's recreational waters.

Methodists Here Hold Church League Lead; David Is Runner-Up

With a decided edge in practically all ornaments of play, particularly in the box with Garber, a southern starling, the Prestonsburg Methodists have an unblemished record in the Church School League. David Community Church, which has won its one game played, is in the No. 2 spot and Martin's Methodists are third with a 1-1 record. Prestonsburg Baptists and Presbyterians are yet to break into the win column after two games.

Scores: June 14—Prestonsburg Methodists 6, Presbyterians 2; June 17—Prestonsburg Methodists 20, Presbyterians 5; June 20, Prestonsburg Methodists 33, Martin Methodists 3; June 15—David Community 4, Presbyterians 3; June 18—Martin Methodists 20, Presbyterians 10. Presbyterians 10.

DON'T SHOOT—IT'S ONLY AN EXPERT TELLING YOU HOW TO CATCH BASS

By the Fishing Editor (the sucker): So you want to catch fish—ALWAYS—do you?

The simple, simplest! Just do like the man says. And what he says is terrific. If you don't think so, fish this river of our country—try that you know of, ever heard of or read of, and come home empty-handed, swearing, "Never again!" jumping, disgusted and half-convinced there are no fish in the river—try that as an appetizer, then beat yourself and turn through SPORTS AFIELD to Jason Lucas.

And there it is—"How to Catch Bass—ALWAYS!" with the "ALWAYS" printed in red! You see red in the title and see reader as you go on into this learned discourse.

So you think there aren't any fish left in the river or the lake or wherever you've been wasting your time and crawling on your wife's patience? Let Jason tell you about it. It's so simple. Why, you just look on your hardware, something that'll sink, say, toss it out there smack where you want it to sink. Let it sink. No, don't start your lure back. Wait—let it sink. Steady does it. Down, down she goes to the

depth the fish are lying—if you know—and then start to back. No, don't be in a hurry. Reel a few turns, slow down, jerk it.

(It doesn't say here what you do about such small matters as hooks catching in spongy moss, partially buried cans, automatic radiators and the like. Besides, it's your hook and your problem.)

And for the floating lure and surface plugs, take your time. Too many people, with modifications, And that's how you catch bass every time.

See Mr. Jason Lucas. After reading what this fellow had to say by way of advice, the editor of this bit of lore hastened to interview two other fishermen who had come home with nothing to boast of except the fact they didn't lose a lure or a fish. And all three said they'd beat Lucas to it—they'd already tried the "steady-by-jerk" method, let's the lure sink, etc., etc., etc. And all three were ready to concede Jason Lucas only two things:

1. He caught fish, say, using the method.

2. Maybe he held his mouth right and they didn't.

NEXT MONTH DATE VIEWED FOR TOURNEY

Big Sandy League To Supply Larger Number of Teams

The district tournament of the American Baseball Congress, scheduled to be held this week, has been postponed until next month, Marvin Main, Prestonsburg, district commissioner, announced Tuesday.

The tourney was postponed because of delays created by a recent illness of Mr. Main and absence on vacation of W. A. Malone, president of the Big Sandy League which is expected to supply most of the teams in the meet.

After conferring with Bill Stone, Pikeville, state ABC commissioner, Mr. Main announced the district tournament will probably be held the week preceding the state meet which begins in Pikeville, July 18.

A definite date will not be set, however, until next week when Malone and Stone will confer with team managers of the district.

PRICE WINNER IN TWO GAMES

Martin Has Five Errors In Ninth To Drop 4-Run Margin Over Henry Clay

Returns from the Big Sandy League this week, as usual, were incomplete, with the widely scattered teams failing to report and also lacking contact by telephone. The available scores:

Henry Clay 10, Martin 9; Allen 10, Clear Creek 3; Martin 6, Weeksbury 4 (last Wednesday); Price 4, Clear Creek 3 (Wednesday); Price 6, Allen 2 (Saturday); Harold 11, Price 10 (Sunday).

The Henry Clay-Martin game was a comedy of errors. Denzil Halbert, of Martin, reported his team made 14 errors, five in the ninth inning when five double play balls were hit. The bases full, Martin went into that last fatal stanza leading, 9-5, when with two out the debacle came.

Osborne and Turner hurried for Martin, Bailey and Boatner for the winners. Price trailed in last Wednesday's game with Clear Creek until the ninth when T. Hall, Ward, C. Hall and Pack delivered, as pinch hitters. Before that, the winners had scored only one run on Junior Meade's homer. Littlejohn was the winning pitcher. J. C. Osborne hurried for the losers.

T. Hall hurled three-hit ball in Saturday's defeat of Allen by Price. C. Lafferty, although losing in going all the way for Allen, held Price to seven hits. At Harold Littlejohn at-

Fish, Game Club Meeting Announced for July 11

Next meeting of the Floyd County Fish & Game Club will be held at the Clear Creek school, July 11, G. W. Newman, HI Hat, president of the club, announced this week. Door prizes will be given and a picture of sportsman appeal will be shown.

ELKHORN CITY AND DRIFT TIE FOR 2ND SPOT

As Wheelwright Holds To First Place; Drift Loses to Wayland

Elkhorn Baseball League games over the last week made little change in the standings, with Wheelwright holding the lead and Pikeville sinking deeper into the cellar. Elkhorn City did gain a tie for second place with two victories while Drift was splitting two games.

Rain spoiled last Thursday night's games but two of these were played, Friday and Saturday. Drift won over Wheelwright Saturday afternoon, 4 to 0, behind Lefty Hinchman's three-hit hurling. Wheelwright was the losing twister. On the preceding night, Elkhorn City smashed Weeksbury, 17 to 5.

Fifth-place Wayland trounced Drift last Sunday, 3 to 1, behind the steady pitching of Stapleton. A youngster from Maytown, Gunnels, young Emma moundsman, held Wayland to seven safeties, but one of these was Adkins' lone homer over the centerfield fence with Frady on base. Wayland's third run was scored in the ninth when Jones singled, Stapleton walked and Boyd with two down, singled. Drift's lone run off Stapleton came in the fourth when Brannan led off with a single, went to third on Conn's single as Conn was thrown out trying to stretch his hit into a double, then scored on Heinze's out, second to first.

Elsewhere in the league Sunday: Elkhorn City dunked cellar-dwelling Pikeville, 10 to 4; Clear Creek defeated Weeksbury in a neighborhood contest, 8-4. Dennis was on the mound for the winners. Adams for the losers. Astor Meade, went to third on Conn's single as Conn was thrown out trying to stretch his hit into a double, then scored on Heinze's out, second to first.

ALEX L. DAVIDSON FOR COUNTY JUDGE

I promised the people of Floyd county, four years ago, that if they would elect me County Judge I would do the very best job I could, and that promise I have made every effort to keep.

I make you the same promise again, and I feel that with the experience of these four years behind me I will be better qualified to handle the office than before.

Now, I do not mean to say I have been perfect in every respect as County Judge. I have made mistakes, many mistakes, and I am the first to admit that I have. But I have tried my very best AND WHATEVER MISTAKES I HAVE MADE WERE HONEST MISTAKES. No man is perfect; no man can be all things to all men, and the voters of this county know this as well as I do.

I also admit many things have been needed by Floyd county that have not been done, but I think the people should have the facts about this matter, so they will understand exactly why we have fallen short in some respects. Several years ago, an indebtedness of nearly a million dollars was piled up against this county. Because of that, there must be paid, each year, interest and principal on that indebtedness. After taking care of the bonds as they come due, with interest, there is comparatively little left with which to do the many things that should be done.

Each year I have been in office, we have met our debt obligations as they came due, and I assure you, every year I am your County Judge these debts will be paid until this county is debt-free.

Right now, Floyd county has over \$300,000 in the bank, placed there in a sinking fund against this county debt. With sound business handling of the county's financial affairs, this debt will be paid within another four years. Many of the bonds against the county, now drawing heavy interest, could be retired at this time but, unfortunately for us, they are not callable.

All this I point out to show why the individual needs of communities in the county—roads, bridges and other improvements—cannot be available immediately, no matter how much you or I may want them.

Permit me to add: I intend to run a clean race during this campaign. I have no ill word to speak of any opposition I may have. I want the people simply to know the facts and to consider me as their servant strictly on my merits. I promise you courteous and faithful service and an honest administration. Did I seek your support on any other grounds, I would not merit your votes.

Your friend,
ALEX L. DAVIDSON
(Pol. adv.)

TO THE PEOPLE OF FLOYD COUNTY:

As the primary election campaign drew on nearer its close, it became evident to me and to Bill Hall that for either to win the Democratic nomination for Sheriff there must be a union of our people and our forces. So, during the last several days, by agreement between Bill Hall and myself, a canvass of most of the voting precincts of Floyd county was made by representatives of both of us, with the understanding existing between us that the man determined by this canvass to be the stronger would make the race and the other would withdraw.

This canvass has been completed, and the results show Bill Hall to have the greater strength. So, in accordance with my agreement and as a man of my word, I am withdrawing from the race.

Our agreement had one consideration in addition to the test of strength, and one only. That was that whichever of us withdrew would give the other his full support in every way within his means.

Knowing Bill Hall would have done the same, had he lost, and having the fullest confidence in him as a man and as a citizen who will render you all splendid and honest service as Sheriff, I unhesitatingly endorse his candidacy. I ask all my friends and relatives to join with me in the fight to nominate him in August and elect him Sheriff in November.

To each of you who were kind, offering me the encouragement of your support, I wish to express my thanks. Your confidence is deeply appreciated and will not be forgotten.

(Pol. adv.) J. M. (Melvin) HALL

TO THE PEOPLE OF FLOYD COUNTY:

As a candidate for the Democratic nomination for Sheriff of Floyd county I hereby present for your thoughtful consideration this statement.

I am not A RICH MAN. My father died when I was four years old and left my mother with nine children and heavily in debt. Being one of the oldest, I soon had to assume responsibility for the support of my mother (now dead), and my other brothers and sisters. I worked my father's rough mountain farm for the support of the family and in winter seasons when farm work was not required, I sought and obtained work with drilling contractors, where I did every sort of work they had to do until I became an experienced driller. During these years of hard work I saved my wages until I had enough money to make the down payment on a well drilling outfit and went heavily in debt for the remainder. Without assistance from any one, by hard work and strict economy, I finally paid for the drilling outfit with which I, by hard work and good management, was enabled to support my wife and three children and make my widowed mother comfortable and happy in her last years.

If elected Sheriff I will use the same energy and determination to be an honest and capable official that I have used in the pursuit of my own business. With our rapidly increasing population and business activities the Sheriff's office presents many difficult problems that require cool judgment and discretion. I will see to it that no deputy sheriff is permitted to oppress or impose upon any citizen of this state, but I shall see that every deputy I appoint is an honest, sober and upright citizen of our county and they will all be required to do their whole duty in the execution of the processes of the courts, that the law may be promptly and fairly administered; that society be protected to the end that all our people may live peacefully in their homes and that our county may become a better place in which to live. This is my platform and I shall adhere strictly to it when elected. Give me a chance.

Yours for faithful service to all the people,
JOHN MAY

Telephone Service Keeps on being a BIG BARGAIN

The price you pay for telephone service is low—low in comparison to the costs of most other things you buy—low in comparison to our costs of supplying service. For only a few pennies a day you are in speaking distance of friends and relatives at any hour—a real package of convenience and pleasure!

Always a bargain, telephone service is growing in value every day as the circle of friends and relatives you can call becomes larger, and service becomes faster and better.

Yes, telephone service is a big bargain. And it's growing bigger day by day.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

TO THE PEOPLE OF FLOYD COUNTY:

Upon the solicitation of many friends and good citizens, I have at last decided to seek county office, and this is to announce my candidacy for the Democratic nomination for County Judge.

I have served as Magistrate in District No. 3 for the last 10 years and during this time have tried to remember always that my duty is, first of all, to the people, rich and poor alike.

My record has been such that I have no regrets; I have worked to be of service without thought of enriching myself at the expense of others. And if elected County Judge, the same motives will be behind my every act in office. I pledge my efforts, in particular, to better rural roads.

Your help in the coming campaign will be deeply appreciated.

Mr. and Mrs. Ollie Lafferty, Mrs. Martin Lafferty, Mrs. Ashland Deroy, of Sloan, Mr. and Mrs. Earl Lafferty and baby, of Dover, Ohio, were visiting relatives here Tuesday.

W. A. Malone and son, Billy, are visiting relatives in Washington.

Misses Milled and Olga Frances Preston left last week for an extended visit with Mr. and Mrs. Howard Moore at Adams, Ky.

Revel services at Hunter, conducted by Mrs. G. L. Gray and Billy Ball closed Friday. They were assisted by the Rev. Floyd Lafferty, of Sloan, and the Rev. Jimmy Wells, of Ashland.

Mr. and Mrs. Claude Atkins are visiting relatives in Ohio.

Between 1601 and 1989, 2,000 Frenchmen of noble birth fell in duels, according to the Encyclopedia Britannica.

To the Fathers, Mothers, And Other Voters of Floyd County:

This writing is to give you a little of my life story. I was born and raised in Floyd county, near Goodloe postoffice. I am 54 years old and have spent 37 years in the coal mines. Also have been a union man ever since organized labor came into Kentucky. Am also a member of Local Union No. 8503, McDowell, Ky., and expect to live and die one. Also am a minister of the gospel and, by the help of God and man, I expect to win this place for Jesus. Jesus said, "Without me ye can do nothing."

This is what I stand for:

1. I elected, eliminate the restrictions on visiting hours.
2. Through State Board of Health, clean the jail to a sanitary condition.
3. Freed prisoners like I eat myself.
4. Fathers and mothers, if your boy gets sick in prison, I will contact you if it is the hour of midnight.

Meet me your father and I will prove this. Thank you.

To the People of Magisterial Dist. No. 4:

This is to let you know that I am a candidate for the nomination for Justice of the Peace of Magisterial District No. 4, subject to the action of the Democratic party at the August primary. I have served you heretofore and always have been ready to do the best I can for you and your interests at all times and have never failed to have my district share in anything that comes along. You all know that I am ready to accommodate you any time you call, whether rich or poor. Why change when you have a man who will do the job?

The same fellow every day and one who can see you all the time whether there is a election on or not. A man who is qualified for the office and who will do the job right. Your support and influence in this election for me will be appreciated. Most of you know that I am a fellow who will return the favor.

Shelby Newsom Withdraws From Magistrate Race In Favor of Ellis Martin

I want to thank my friends and neighbors for the support you have promised me so far in this campaign. Although I have decided not to make the race this time in order to keep harmony among my friends, relatives and neighbors here at McDowell, Ky.

Ellis Martin being my neighbor and lifelong friend, and his father, Marion Martin, being a brother in the Old Regular Baptist Church, I have decided on my own accord to oppose him in this election.

We have several good men who are candidates for Magistrate but as for my feelings I ask and hope that my friends and relatives will support Ellis Martin in this coming primary for Magistrate, District 3.

TO THE VOTERS OF FLOYD COUNTY:

It is indeed a pleasure for me to visit among you many good friends of our county. I have spent several weeks now traveling over the county. The more of you that I see and become acquainted with, the better that I will understand the needs, the desires, and the problems of our friends and neighbors when in the County Clerk's office.

We still have several days before election day, and I will try hard to see and become acquainted with many more of you. You give me courage to keep on and on. If you elect me, I will work in office just as hard and diligently as I have worked in this campaign. As I go over the county, you good people help me to realize more and more each day that you are the best at the polls and that this year, regardless of politics or politicians you are going to place your choice at the polls for the best interests of our homes and our communities as we move to build in the future. We want our children to keep better educated, and live happier and better lives than we have been able to live.

Let us hope that in this election the people will win at the polls. Let us hope that greater confidence will be placed in the men we elect to office. Let's not have some one in office we cannot understand, and who does not understand us. Let's not have some one in the Clerk's office that we do not feel are our friends, that we cannot love and respect, and above all that we do not trust. If you elect me, I will try hard to conduct your County Court Clerk's office, and myself, in such a way that you will feel proud of your office.

I might not get to see every one of you before August 8, but I will be trying to meet you and become acquainted. In case I don't see you, I wish to say this at this time, through this great county newspaper, that every family in the county will have some kind of business or interest in the County Court Clerk's office in the next four years, and I want each and every one of you to feel that I realize that, with your help only, will it be possible for me to serve you as your County Court Clerk, and that after I am elected, the office will still belong to you, yours to give and yours to take away. If you will help me, you will be able to come to the Clerk's office during the next four years to transact business or to visit, and you will feel at home and among friends. No job will be too large or too small for me to fail to work with you and your family and your friends for the welfare of us all.

My father, Marion Moore, was born on Left Beaver. His mother was Susan Moore, who in 1812 married William (Will) Henderson Moore, and after his death she moved over to Salisbury Branch, above Wayland. My mother was the daughter of John A. Jones, who lived near Hindman. During the time I was in service in the last war I married Kathleen Campbell, daughter of Turner Campbell, of Mouse. After the war was over, and I returned from Japan, we settled down at Martin among relatives and friends. I have been in school at Caney Creek with many of you and your sons and daughters, and I though my education was interrupted by the war, and I didn't go through college. I have sufficient education to make over a good County Court Clerk. I hope that you will be able to help me attain this position.

I appreciate the courtesy that many of you have shown me in this campaign. If elected, I will forever be grateful to you for the privilege of serving as County Court Clerk, and may the friendships that we form be everlasting and beneficial to us all in the future.

If not obligated to someone else, I will appreciate your help in this race, and will do my best to make you glad that you helped me.

Your friend,
DuRAN MOORE

I am not a politician who will shake your hand and hug your neck or make wild promises in order to get your vote. I am just a veteran who is trying to do a good job for the people and do service which will permit me to go to sleep at night knowing that I have wronged no one, but feeling that I have contributed something to the betterment of my country.

Some folks fail to keep in mind at all times that the lasting things and the truest friendships are based on things deeper than "glad-handing," back-slapping and honeyed, hypocritical phrases. There are some who may expect of me a loud welcome and a show of cheerfulness for their particular benefit. Such folks call me a poor politician, and I admit I am. BUT I CONTENT IT IS NO DISGRACE TO BE A POOR POLITICIAN.

I prefer to be an every-day friend, treating all alike, going about the business of being a public servant with as little show as possible. Frankly, some of my experiences of recent years have been such that being gay and light-hearted comes hard to me.

I have served you as County Clerk for the past four years. I have done the work as it should be done, keeping the office open six days a week and I have never refused to open the office for the public at any hour of the day or night since I have been in office.

I am not trying to get rich by collecting every dime possible but have given free services in many cases, thus looking to the welfare of the citizens of this county.

The teachers of Floyd County who came to me to have their retirement papers filled out and acknowledged did not pay, although according to law I should have collected at least one dollar from each of them.

I have turned over to the Floyd County Fish and Game Club the hunting and fishing license so that they might be sold in various places convenient to the public. I permitted the Club to retain a major share of the fees, but contributing hundreds of dollars each year to help it protect and increase game and fish reserves in Floyd County. Floyd County stands near the top in the sale of hunting and fishing licenses as a result of my cooperation with the Fish and Game Club.

No person has ever been charged by me for writing a deed, regardless of how far I have gone out in the county to take the acknowledgment. All blank deeds, mortgages, bills of sale, and every other blank form have been furnished free of charge to the public and never have I charged or permitted anyone to charge for them. I have paid the postage on all deeds, other documents and automobile licenses mailed from this office. That service alone saves the public hundreds of dollars a year.

We spend hours each day looking up deeds and mortgages and other public records for persons and never make any charge for this service.

We acknowledge and place the county seal on thousands of papers for veterans, miners, teachers and old people and take no charge, although you all know the law says that I shall collect fifty cents for each time I see the seal.

People, I have tried to comply with the law in all respects and have been frank and honest in dealing with you and in handling your business, thus looking to your happiness and making sure that every transaction recorded here is legally executed for your protection. I have examined each paper you have lodged for record and have advised you if I saw anything wrong.

I have handled the elections for the last four years as straight and as honest as possible, giving advice and fair treatment to all parties concerned. I believe the public appreciates the fairness and rapidity with which the votes have been counted during my term of office. All past elections as well as the coming ones have been and will be handled with strict impartiality on my part.

Never has any veteran been charged for having his discharge recorded. I have paid thousands of dollars in salary to persons to record these discharges without remuneration to myself. I have furnished hundreds of free copies of discharges to the Veterans Administration and no man has ever paid more than one dollar for a copy of his discharge from this office for his personal use, although at least sixty-two other counties in this state charge one dollar and fifty cents for this same service. It was necessary for me to charge this one dollar fee, which is permitted by law, to help defray the cost of hiring typists for this work.

I have conducted my private life in a sober and dignified manner so that you, the public, could be proud of me as a public official. When I have told you anything, you know that I have told you the truth. I may not be a "Back-Slapper" or a "Smooth-Tongued" politician but I have served you with complete honesty and truthfulness.

Friends, you don't owe me a thing for the services I have performed, but you do owe yourselves every effort possible in selecting the person you do know will faithfully and honestly serve you as your County Clerk. This is perhaps the most important office in the county in its effect on your personal life and well-being because here are recorded the deeds which protect your title to your home; the marriage records which protect your rights and titles to property; your voting records which insure the exercise of your birthright; and virtually every document concerning your happiness and welfare. You owe it to yourself to place a man in charge who will protect and safeguard these documents as he would his life.

Sincerely,

JARVIS ALLEN

Move Started To Curb Fireworks on July 4; Sale Forbidden Here

A cooperative effort designed to curb the annual July Fourth use of fireworks is announced by W. L. Martin, state fire marshal. The move will involve the combined work of two state agencies, the State Fire Marshal's office and the Kentucky State Police and one federal agency, the Interstate Commerce Commission.

The drive will be directed principally against the unlawful sale and transportation of fireworks. It will be concentrated in the areas where the fire hazard has assumed the greatest proportion in previous years and in those areas in which local citizens requested that regulations against the sale and transportation of fireworks and explosives be enforced.

"Each year," Martin pointed out, "the stories carried in our newspapers and over radio stations paint a sordid picture of the toll of both life and property claimed by fireworks, not to mention the untold human suffering and misery they bring. Annually large shipments of explosives reach Kentucky from other states. Our state calls for a drastic drive against the source of supply and the mode of making these dangerous explosives available to the public."

"In Eastern Kentucky the Christmas season is the time when fireworks are most used. One noise-maker, even has become locally known as a 'Christmas cracker.'"

All vehicles used to transport explosives, Martin explained, are required to have permits from either the Interstate Commerce Commission or the State Fire Marshal. The Interstate Commerce Commission plans to make spot checks of Kentucky's highways for trucks without permits carrying these types of explosives. At the same time, the Kentucky State Police will be active in preventing the establishment and maintenance of roadside stands on rights-of-way throughout the state. A special drive will also be waged against operators of these stands who are residents of other states where the sale of fireworks and explosives are prohibited by statute.

Many towns and cities in Kentucky, including Prestonsburg, have ordinances prohibiting the sale of fireworks. Approximately 35 towns and cities, ranging from the second through the sixth class, have adopted the 1945 standards of safety by ordinance which automatically brings the sale and use of fireworks under the control of the town, and among these is Prestonsburg.

The sale of explosives which are capable of destroying life or property or inflicting heavy damage under Kentucky law now constitutes a misdemeanor punishable by a maximum of 30 days in jail or a fine of \$10 to \$500, or both.

"In 1945, the last year for which figures are available, more than 4,000 persons were killed or maimed by fireworks," Martin recalled. "We by fireworks." Martin recalled. "We certainly are anxious to do our part to lower the figure to the lowest possible minimum."

Much of the trouble in Kentucky, Martin explained, comes from various irresponsible persons from states bordering Kentucky, Ohio, Indiana and West Virginia, who have prohibited the sale of fireworks but not prohibiting their manufacture. Transportation from other states into Kentucky without the necessary permit constitutes a violation of Interstate Commerce Commission regulations.

"These persons," Martin said, "in previous years have set up temporary roadside stands along public highways in violation of law. When state police apply the 'heat' to their operations they moved to railway rights-of-way. The cooperation of both the railway companies and the state police will be potent factors in helping to correct this condition."

Fragments of an oak-stained churn, 1,000 year old, were found last year in Northern Ireland, according to the Encyclopedia Britannica.

FRIENDS AND CUSTOMERS:

When one attempts to put on a sale of major importance it is customary to give honest reasons and in this case we have a very good one. We bought too heavy in clean merchandise that must be sold quickly. With good to make room for incoming goods. Therefore, we have employed H. E. Dale, a New York Sales Specialist, and gave him the green light to set the prices that he thinks will move at least one-half of our stock quickly. To you goes a big saving and I suggest that you be on hand when the big savings are being made. It is a great opportunity that I can buy it "wholesale" in many instances.

The Greatest Event in the History of our Business

TO THE PEOPLE OF PRESTONSBURG:

After carefully considering the needs of Prestonsburg and what can be expected to be done here, I have decided to become a candidate for the office of Mayor.

I have no motive behind this decision other than to try, as every good citizen should, to see the city grow and its people enjoy life under honest, progressive leadership.

Sincerely,

THOMAS HEREFORD JR.

(Pol. adv.)

KENTUCKY ON THE MARCH

By EWING GALLOWAY

Bowling Green's Community Week was a whopper.

Started on a Sunday, and all the city's preachers spoke about the church's responsibility to the community.

Organizations participating included the Rotary, Kiwanis, Home-makers Club, Boy Scouts, Girl Scouts, Western State College Trade School, the R.E.A., the city schools, League of Women Voters, Business and Professional Women, American Legion, Veterans of Foreign Wars, Junior Chamber of Commerce. About 40 women's organizations participated—too many to list in my limited space.

Charging a penny fee for voting for the community mother of the year, the Business and Professional Women raised \$600 for the Bowling Green Youth Center.

The Committee for Kentucky was represented by Executive Director Maurice D. Bennett, Mr. and Mrs. James W. Armstrong. The third Armstrong, Bill, put on a community-program picture show.

Purpose of the program was to stimulate interest in civic progress. And it was so successful that civic leaders are already planning a similar program in 1950.

The Harrison County Recreation Board says that in the nine months ending in February, it attracted 22,154 spectators and players. Cash receipts were \$5,645, which covered expenses and left about \$60 in the treasury.

Clay recently celebrated a week by conducting a blitz against rubbish, and according to the Clay Tribune's editors, Ted Stanton, Sr. and Ted, Jr., the town is so clean now that you couldn't find a tin can in an alley or an old cardboard box in a back yard.

If Sebre and Providence haven't had clean-up weeks this season, their civic leaders have been doing. The rivalry between the two Webster county towns is not just keen. It is just like a fresh safety razor blade.

RISNER

Mr. and Mrs. Whits Click, of Risner, had a family reunion and Father's Day dinner Sunday, honoring Mrs. Click's father, S. M. Ousley. All of Mr. Ousley's family was present but two grandchildren, Herbert Ousley and Mrs. Millard Sizemore, and a daughter-in-law, Mrs. Willard Ousley. Those present were his three children, Willard Ousley and Mrs. Rufus Stephens, of Alpharetta, and Mrs. Whits Click; grandchildren, Judy Carol and Brenda Hicks, David Reffitt. Others attending were Willie Hicks, Virgil Reffitt, Rufus Stephens, Doris Ratliff, all of Alpharetta; Melvin Allen, of Ohio; Mrs. B. H. Ousley, Mr. and Mrs. Ballard Ousley and son, all of Risner.

Tip about that trip..

For fun-on-the-run, as you've already discovered, there's no travel route like that Buick of yours—especially if it's really in the pink. So while you're readying yourself for vacation tours, how about doing the same for your car—with a little of that special Buick care that does so much to make trips top-notch? For instance—

Got plenty of pep? Our engine tune-up is just the ticket to bring back flashing, new-car liveliness on hills and straight-aways.

Can you "stop on a dime"? The answer's yes—when our experts get through truing up worn drums, mounting new linings to replace old worn ones.

How's your view? It'll be good, night and day, when you let our experts check your lights, windshield wipers, and windows.

Want a good steer? That's just what you've got, after our front-end experts get through adjusting your steering mechanism to give it new-car lightness.

Chassis sassy? Does it ride roughly—squeal and squeak at you? Drive in—we'll "shoot the works" with our grease guns and oilcans to take the noise and stiffness out of your ride—give you easier steering. And a Buick-trained mechanic will give your car a conscientious trouble-preventing inspection as well—without charge!

In short, start your trip in our shop and you'll find it free of our worries all the way. Drop in—see our facilities—talk to our experts—and see for yourself it's the best insurance of a good time that you can buy.

'In Kentucky' Hits New Circulation High

The summer issue of "In Kentucky" is off the press with a record-breaking number of stories and features and a circulation that reaches a new high of 40,000 copies each issue.

The increased circulation is a jump of 3000 over the spring issue and 13,000 over last year. "In Kentucky" is sent to all the 48 states and many foreign countries.

The cover of the summer issue is as richly colored in deep green with a picture of a young couple watching a sunset at Kentucky Lake.

A story telling of plans to build and improve state airports is covered on two pages of the magazine with various illustrations. Vacation facilities are also given with color illustrations of Kentucky's Elbow Forest and Pennsylvania State Park.

Illustrations are shown of the planned new buildings for the State Fair. A two-page spread tells of the vocational educational program in Kentucky.

Other stories and features round out the 28 features in Kentucky's 63rd publication.
