SECTION MAY LOSE PRIORITY

As Senate Takes Step To Kill Labor-Surplus Legislation thru Rider

The recent action which placed Floyd and other counties of this section in a labor-surplus area may, after all, mean nothing if an appropriation bill rider eliminating the law which provides for preferential treatment for such areas is voted.

Congressman Carl D. Perkins strongly protested Senate action to eliminate the law providing for preferential treatment.

The protest was contained in letters to President Eisenhower, Vice-President Nixon, Speaker Martin, House floor leaders Halleck and McCormack, and the 18 members of the Senate-House Conference Committee which will consider the bill.

Twelve Kentucky counties have been designated as labor-surplus areas. They are Floyd, Johnson, Martin, Magoffin, Knott, Pike, Perry, Letcher, Breathitt, Leslie, Harlan, and Bell.

Perkins said the plan that has been in effect prevented the displacement of labor at no cost to the Government. The appropriations bill rider could be disastrous if a crisis required the rapid expansion of our defense program, he warned.

"Successful bidders will be concentrated in those areas with a tight labor market or even a shortage of labor," Perkins wrote. He said it would create housing shortage and related problems.

The economic well-being of the country will be best served if the Defense Department is encouraged to place its procurement contracts in labor-surplus communities," he declared.

Under the program, if a bidder from a labor-surplus area is the lowest acceptable bid, he is given a chance to meet the low bid. If he can meet it, he gets the contract.

This program, Perkins said, costs the Government nothing and helps unemployed workers.

Memphis Senator John Sherman Cooper, chairman of the Senate Committee on Labor and Human Resources, declared that it was in effect, I felt it was my duty to try to use it. Even while trying for the classification, I warned that it would not guarantee getting contracts because in the 12 years of the law has been in effect I know of no contract that came to East Kentucky because of it.

"On the other hand, in the last few months, I have heard of Kentucky firms losing defense contracts even though they had the lowest bid, to labor-surplus area contractors."

Cooper said he voted for the rider because "I am against the use of arbitrary powers. There will be distress areas always, but I don't think we should give the power to a few men in Government to ignore contractual laws and bid bidders."

"At a time of the highest employment this country ever had this law should not be a contributing thing in our economy."

The real problem in East Kentucky, Cooper said, is "to get some contracts in there."

Watson Lewis, Wayland, Dies from Heart Attack; Was Native of Alabama

Watson Lewis, 71, colored Wayland, died at his home Wednesday, 3 a.m., as the result of a heart attack, from which he had suffered over a year. He was seriously ill six weeks. He was a member of the Baptist church for 40 years.

A son of Taylor and Sarah Lewis, natives of Alabama, and he was married to Alice Stroud Lewis, 64, who survives are the following: sons and daughters: Lonnie Morris Lewis, 34, and Mrs. Carrie O'Hannon, Cleveland; Mrs. Fanny Woods, Wayland; Mrs. L. V. Minn, Westport; "Doc" Brown, Burton, Logan, W. Va., and a sister, Mrs. Francis Chambers, Chicago, survive.

Funeral rites will be conducted at the Church of Christ, Wayland, at 2:30 p.m. Sunday. The Rev. A. Patrick and William Mosley officiating. Burial will follow in the Martin cemetery at Wayland under the direction of Hill Bros. Funeral Home.

As a result of a homesteaders club, Joseph Mr. and Mrs. Wilford Denny of Crider, Kentucky, finished two beds, a chair, three tables, a chair and a sewing machine. Wire worms have damaged beans and other winter crops in Herald.

(Continued from Page 1)

Production over all five fields in Southern West Virginia and Eastern Kentucky for the calendar year is 31,065,200 tons while production for the same period last year reached 30,067,200. The Big Sandy field last year over the same period produced 6,028,810 tons and it has mined only 6,066,660 tons over the corresponding period for the calendar year in 1953.

Where the Big Sandy field shows its worst slump is in the national percentages. While the national percentage for the week ending July 4 has a slight lead over the same period last year, the Big Sandy field shows a drop from 40 in 1952 to 27 in 1953.

But the national percentage during the calendar year this year is slightly under that of 1952 as this year's percentage to date is 12.81 compared to 14.87 last year.

The Big Sandy field's percentage of the national total for the calendar year is not too far behind that produced last year for the same period. This year's percentage of the country's total is 2.71 while the percentage of the total last year was 2.73.

Production in the Williamson field is reaching greater paces this year over the corresponding period last year. For the week ending July 4, the field mined 38,700 tons over the 37,700 tons dug for the same period in the 1952 and for the week ending July 11, the field mined 246,400 tons as compared to 218,150 for the corresponding period in 1952.

Total U. S. production for week ending July 4 was 1,750,000 tons while that for the same period last year was 1,711,000 tons and "the total production for the calendar year to date is 234,375,000 tons under the 242,442,000 tons mined in the same period last year."

Injured Martin Youth Recovering at Hospital

Condition of 16-year-old son of Mayor and Mrs. E. P. Grady, of Martin, who was seriously hurt in an auto wreck at Martin Saturday night, is improved. He suffered a broken thigh and a punctured lung, and is in St. Mary's hospital, Huntington.

A Brimham boy, who was driving with him when the auto left the highway and hit a tree, sustained a broken wrist.

The annual production of bituminous coal in Hopkins county, Ky., has increased 9 million tons since 1940.

The annual production of bituminous coal in Greene county, Pa., has increased more than 4½ million tons since 1940.

There are about 300 companies each producing more than 100,000 tons of bituminous coal yearly, with thousands of companies producing less.

In Harrison county, homesteaders have made 97 fence baskets and the same number of wattle baskets.

RESIDUAL OIL FIGHT IS LOST

Perkins Says 'Big Oil' Beneficiaries of Move; House Votes Down Bill

The battle to exclude residual oil from the United States as an aid to an ailing coal industry was lost on the floor of the House of Representatives last Thursday when 249 ayes and 161 nays voted on the bill.

As first it seemed the fight might be won when the House adopted a rule to consider the measure by a vote of 219 to 183. However, after consideration of the bill got underway, both the administration and the minority leaders were against the bill.

Rep. Carl D. Perkins, who was in favor of the proposed legislation, argued that residual fuel oil would displace 50 million tons of coal. Among other things he said: "Big oil are the beneficiaries of this arrangement. The gentleman from Mississippi mentioned the technological lag in the coal industry. It has been mentioned the technological lag of the oil in the Venezuelan area. His statement would have been more accurate. The gentleman from Ohio, Mr. Hays, hit the nail on the head when he stated this was a dumping process, because Standard and other companies, on account of a backward technology, produce a relatively high proportion of residual fuel oil and lesser quantities of gasoline, than the refineries in this country produce. The proposal in this bill will force them to overcome this weakness. But if they are permitted to continue the easy course of dumping this oil on a distant coast in this country, there will be no necessity to take any such constructive step. Certainly we want to find more uses for coal, but Congress should not permit Big Oil to destroy this basic industry."

Clark county homemakers made hats, bags and place mats from straw braid in their project work.

Report Says Future Use of Coal Will Be Twice That of Present

Importance to the national economy—past and future—is given emphasis in a study published by the Population Reference Bureau, Inc., and reviewed by the Bituminous Coal Institute. The Bureau is a non-profit organization that specializes in gathering, correlating, and distributing population data.

Estimating that bituminous coal's current rate of consumption will be doubled during the next 25 years, the report—edited by Robert C. Cook, director of PRB—explains that the appraisal is confined to the use of coal as a source of energy and does not include potential consumption in the event that coal is "more widely used than it is now" as a major raw material for the chemical industry.

"The Industrial Revolution got its start on the energy from coal," the report states in retrospect. Coal provided most of the energy for our industrial plants until the turn of the century when oil began to be used about 1902. Since then, the use of coal as a source of energy has proportionately declined. Yet total consumption is up by 60 percent.

The demand for coal will rise to 800 million tons per year by 1975, according to PRB, which also points out that "when petroleum begins to run out," coal can furnish the basis for synthetic liquid and gaseous fuels.

"Depletion of competitive fuels continues at a merry pace," the report adds, "and this could eventually reverse the cost ratio so that the higher relative cost of petroleum and natural gas will work advantageously for coal as a source of energy."

The PRB prediction of an 800-million-ton level in coal demand by 1975 conforms with results of a number of studies conducted by both government and private industry, although some fuel experts believe that the nation's annual coal requirements at that time will be in excess of a billion tons.

AFRICAN OIL FROM COAL

The government of South Africa is expanding 120 million tons of coal into an oil from coal plant to be the largest in the world when production begins next year.

OHIO MINE BIG PRODUCE

The Georgetown, Ohio, mine of Hanna Coal Co. produced 2,539,821 tons in 1952 by surface mining operations. It, rated as the second largest bituminous coal mine in the world.

BOOKMOBILE DISPLAYS

Arrangements have been completed for bookmobile demonstrations and displays at county fairs during the summer and fall for the Kentucky Bookmobile Project. Book-filled mobile libraries such as Project books to provide for all the state will be shown by library volunteer attendants. Miss Loretta M. Davis, University of Kentucky, is chairman of the fair promotion committee.

25 Floyd Counties Get Mayo Diplomas In Exercises Today

Twenty-five students from Floyd County received diplomas from the various departments of Mayo State Vocational School, Palmyra, today (Thursday).

Commencement exercises were held at the Mayo Memorial Church, Palmyra, at 1:30 p.m., during which 74 graduates were presented with diplomas and heard C. H. Farley, superintendent of P.E.K. county schools, deliver the address. Those graduating from this county were:

Floyd Davis, Pyramis; Ernest Douglas, Besay Layton; Forrest Music, Auker; John D. Seicher, Prestonburg; Vernon Gaudin; Altha Vaughan, Auker; Mary Helen Patrick, Wheelwright; Dale Candlish, Langley; Rose Marie Boyer, West Prestonsburg; Betty Jo Bonham; Wheelwright; Lena June Brannan; Duval; Vanell Elkins, East Point; Loren Freeman, East Point; McKinley Hall, Martin; Nancy Hill, W. Prestonsburg; Alex. Hogen, Auker; Genevieve McCown, Price; Eddie Merritt, Lancer; Orla Egan, Auker; Nancy Patton, Emma; Anne Rose, Garrett; Elizabeth Varney, Prestonburg; Betty Ruth Young, Prestonburg; Carl Budgee, East Point; and Glenn Greene, West Prestonsburg.

This 25 graduates will bring the total number from Floyd county this school term to 61, 38 having already received diplomas. The number in the graduating class from Floyd county exceeds that of any other county in Eastern Kentucky with Johnson county following closely with 22.

—8—

(Continued from Page 1)

make valid its contract.

To a letter from the company's legal counsel insisting on Thornburgh rights under the contract with the Board, Samuel Alexander, director of local school district finance, State Department of Education, replied that Thornburgh's attempts at bond selling had failed and that the Board cannot "be forever prohibited from selling bonds to finance a school district school building project." He suggested "it might be wise to seek the final answer from the courts."

If the bonds sell as expected, the only other foreseeable bit to resumption of work on the school building here would be refusal of contractors to do the job at their original bids. Some materials, including copper and steel, have advanced in price since work was suspended as a result of the bond sale failure.

Thornburgh is expected to be in the county a meeting with the Board at the Martin high school building at 7:30 p.m., August 11. This schedule will be widely publicized so that, no document will have the excuse that he did not know the service is available. All interested persons are being invited to attend the Martin meeting.

The several Women's Clubs of the county will sponsor the clinic throughout the stay in the county, but the cooperation of the public is necessary, it is pointed out by Clark, for success of the work.

CUT IN RABIES HELD POSSIBLE

Clark Says Two Steps By Dog-Owners Would Control Rabies Threat

The number of rabies cases in Floyd county could be cut 75% annually if the people of Floyd county would do two things during the visit to the county late next month of the mobile rabies clinic, M. V. Clark, Floyd County Health Department administrator, said this week. These two steps are:

1. Immunization against rabies of 60% of the dogs in the county.

2. Destruction of the 10% of the dogs that are not chained or wanted by any individual.

Mr. Clark admits that's a big order, but he points out that the situation is so serious that drastic measures are necessary.

He estimated that there are at least 8,600 dogs in the county. That estimate is based on the county's population of 54,000 persons. He figured five persons to the family and that three out of every four families own a dog. And he admits that his dog population figure may be low.

Even if the county falls short of 60% immunization, Mr. Clark says if as many as 3,500 dogs are immunized next month and clinics are held every two years over a period of six years, rabies would become as rare as smallpox with humans.

Whatever the success of the clinic, it all depends on the residents of the county and their interest in public health, he added. "Everybody," he said, "knows that something must be done. It's a very common thing to hear the expression, 'Something has got to be done about the dogs.' But how many making such statements and thinking along those lines are willing actually to help do something about this dog situation?"

No attempt has been made by the health administrator to estimate the number of animals bitten by rabid dogs each year or the loss in money through deaths of animals so bitten or through treatment of animals and humans after they have been bitten. But the cost, he said, is great, not to mention the danger in which humans are placed and the physical and mental suffering incurred after they are bitten and under treatment.

One instance Mr. Clark cited as evidence of this. This is the case of 17-year-old Russell Hall, of Wheelwright, who died of rabies recently. From the bite of a dog on his thumb this boy died, and now 32 other persons, including members of his family and at least one sector who treated him, are taking anti-rabies treatment at a cost of around \$200, not to mention the anxiety such suffers.

That is the county's opportunity to get things started toward eradicating rabies. Mr. Clark maintains "if we will show our appreciation to the state for this mobile rabies clinic service by getting at least 3,500 dogs treated, I am sure we can get this same service every other year."

To plan the dates, time and places where the mobile units will work in the county a meeting will be held at the Martin high school building at 7:30 p.m., August 11. This schedule will be widely publicized so that, no document will have the excuse that he did not know the service is available. All interested persons are being invited to attend the Martin meeting.

Vets Not Required To Apply for Term Renewal, VA Rules

Veterans with 10 term insurance in force will no longer have to apply to Veterans Administration for renewal of their policies for another 10-year term before their old policies expire.

VA said it will do this for them automatically if their old policies are not lapsed at the expiration of the term period with the final premium having been timely paid. The new procedure went into effect July 23, 1953, when the President signed Public Law 148. It will save at least \$600,000 a year in administrative costs.

The new law covers only those term policies that expire on or after July 23, 1953. VA said it cannot be retroactively to term policies which expired before that date.

Approximately 270,000 World War II term policies are expected to be renewed automatically under the new law during the fiscal year 1954. Although the law also provides automatic renewal for the more recent post-Korea term policies, none of these is scheduled to expire during fiscal 1954 because they have not been in force long enough.

Once the automatic renewal is effected, the veteran has new 10-year term policy on which he must pay the increased premium timely if he wishes to be covered against death.

Ashland F.B.I. Agent Quits After 10 Years

Ashland, Ky., July 30 — Willard H. Hayes, Federal Bureau of Investigation resident agent here for 10 years, is resigning his post to become assistant vice-president of Ben Williamson & Company, an Ashland hardware concern.

Hayes will assume his new duties Saturday. He is a native of Athens, Tenn., and a graduate of Duke University. He was in charge of F.B.I. activities in seven Eastern Kentucky counties. Hayes joined the F.B.I. in 1940 and was in Washington, Boston, and Louisville before coming to Ashland.

NINE STATES MINE MOST COAL Ninety-three per cent of all the bituminous coal produced in the U. S. last year came from nine states: Alabama, Illinois, Indiana, Kentucky, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia.

A wall 45 feet high and the width of the standard gauge railroad track, could be built around the borders of the U. S. from the bituminous coal mined last year in this country.

If he misses any premium payments, including the first renewal premium, he may reinitiate the policy at any time before the end of the term period under the usual reinitiation procedure.

TO ALL MY RELATIVES, FRIENDS AND TO THE VOTERS OF FLOYD COUNTY:

Please go out and vote for and support my niece, Imogene Stumbo Moore, for County Court Clerk, August 1st.

Your help and support will be greatly appreciated.

She was hindered from seeing you by a careless driver—so please don't forget her, your friend.

DuRan Moore

For

COUNTY COURT CLERK

Dear Friends:

The only unpleasant thing about an election campaign is that everyone can't win. I realize that many times it is necessary to choose between relatives and friends, but we have our duty to God and our country, and my utmost desire is that we make the best of it.

I feel good toward my opponents in this race. I don't want to hurt any of their feelings, or the feelings of their friends.

I promise to always strive to keep my mind and body clean, and working to uphold the good that we have in the world, and not for the infamy of those things that seek to tear down and destroy. Both in office and out, I have always tried to do all of the good that I could to as many people as I could, and to be honest and kind to everyone.

I believe that you feel that I have been a faithful servant to the people in the County Court Clerk's office. My only obligation is to the people. I will not be obligated to any politician or clique. I have always strived with all my ability to do what was fair and honest and efficient for the good people of our county. I have always felt that the good could be made better, and the better best; that is and will always be my aim.

Kathleen and I have many fine friends and relatives throughout Floyd county. We appreciate your kindness toward us. We realize that the County Court Clerk's office is more important to more people than any other office in the county. Every man and woman in the county will have some business or interest in this office during the next four years. No business could successfully operate, nor no home could be secure without this office being in clean and faithful hands. We have kept your records well and have been faithful and true to the trust that you have put in us.

I have had in my custody in the County Court Clerk's Office all records of your deeds, mortgages, contracts, automobile and truck licenses and registrations, your registration as a voter, the election boxes and ballots and tabulations, marriages and marriage licenses, sales and transfers, discharges, and various other licenses and records, and a record of all money spent by the County Fiscal Court.

You can readily see the importance of having this office in efficient hands. Every family will have some kind of interest or business in the County Court Clerk's Office in the next four years, and I want each of you to realize that only with your help will it be possible for me to continue to serve you for the next four years, and that if I am nominated and elected the office will still belong to you, yours to give and yours to take away, and so long as you put your confidence in me it will be operated for your benefit and convenience. I have tried to secure and keep the most efficient help.

You can always feel free to come into the Clerk's Office and transact business and visit with us. We will be glad to be of service to you. We have and we will continue to save your time and money.

I appreciate the kindness and the courtesy that you have shown me in the past. I am grateful to you all and will always do my very best to make you happy that you have helped me in this election.

If not obligated to someone else I will sincerely appreciate your vote and influence in this race. Please give me your kind consideration.

Your friend,
DuRan Moore

Hear DuRan Moore speak over WPRT, Prestonsburg, Ky., Friday at 4:45 p.m.

(Pol. Ad.)

MINISTERS ENDORSE WARRENS

We, the undersigned Ministers and Church Members, having been "used" in recent political propaganda for the purpose of influencing votes in the Sheriff's race, would like to ask if the candidate or candidates who have expressed such high regard for our judgment would be willing to let us choose the next Sheriff of Floyd county as well as the Deputies?

Yes, we expect to have a voice in selecting the Sheriff and the Deputies for the next four years but not by voting for a candidate whose sole aim is to entice us with promises which will be forgotten as soon as the vote is counted. We are not interested in political promises. **WHAT WE WANT AND INTEND TO HAVE IS AN HONEST SHERIFF IN FLOYD COUNTY.**

In order to accomplish our aim, we recommend and beg that each of you who are interested in better government and law enforcement in this county cast your vote for **HURSCHEL WARRENS**—the one candidate in this race who will conduct the affairs of the Sheriff's office in such a manner that we can all be proud of the job he has done.

We have known and associated with Hurschel Warrens both in our church and private lives. We know him to be a man of high moral character and above reproach in his dealings with his fellow men. He has always demonstrated a willingness to take advice from good citizens. There can be no doubt but what the good people of Floyd county will be helping to guide and administer our law enforcement program when we elect Hurschel Warrens as our next Sheriff.

Sincerely yours,

Ministers of The Regular Baptist Church

DEFEAT BURCHETT

If you desire a change in the office of County Attorney vote for Henry Stephens and win.

It is a fact well known by every competent observer in this county that I had at least fifteen hundred votes when I started in this race before three of my opponents became candidates. And with such a start how can I fail to win?

I will be in this race until the votes are counted. I know there will be rumors that this or that candidate is the one to defeat Burchett but none of us who know me will say that I am one. I never did run a weak race at any time. I want to thank each and every one who are so loyally supporting me to make my race a success. Urge your neighbors and friends to go to the polls and vote for me.

I know that there are a great number of people undecided who is the candidate to defeat Burchett and when you ask people who know, they say that it is me. If you desire to defeat Burchett, now is the time to get behind the man who can defeat him.

Be safe and win and vote for Henry Stephens on the Democratic ticket, August 1st, 1953.

(Pol. Ad.)

TO ALL OUR RELATIVES, FRIENDS, AND VOTERS OF FLOYD COUNTY:

Since our families have always been Floyd county taxpayers, I think we should vote for and support Imogene Stumbo Moore, our daughter, for County Court Clerk. She is a very capable and dependable person and we as taxpayers of Floyd county should support her.

Sincerely your friend and neighbor,

WALTER STUMBO
LUTIE SPURLOCK STUMBO

THE TIME FOR DECISION

The time for you to vote for your choice of candidates is near. Before you vote you have these great decisions to make:

Will the man I choose pass laws that will give equal justice to all? Can I choose a man who will not pass laws to take away from the poor and give to the rich? Am I choosing a man who is willing to work for the interests and welfare of the children of our state? Should we choose a man who is honest, capable, and courageous?

There are many other decisions we must make but let us lay aside all our dislikes and grievances and choose men who will serve their community, their county, and state to the utmost of their ability.

Friends and relatives, it has been a great pleasure to campaign with you the past few weeks. If you cast a vote as you have expressed your sentiment to me and to others, we cannot go down in defeat. We will come to victory with one of the greatest majorities anyone has ever received for State Representative.

I thank you for the kindness and courtesy that you have shown me in this campaign.

I will appreciate your vote and the vote of your friends this Saturday, August 1.

Thank you
ULYSSES S. COLLINS

TO THE VOTERS:

You voters will be reading and hearing rumors of every kind being circulated and passed along by "would-be" goodwill fellows who seemingly just heard the latest and always add, "if true this is bad," and act as though they are sorry that such "stories" are out on the named candidate.

Just as a warning to any of my friends and supporters, I want the people to understand that I have not and will not stoop to any tactics that would defame the name of either of my opponents in this race. I want and ask that none of my friends and supporters in their soliciting of your vote to cast any reflections on either of my opponents, L. or C., of course, appreciate the help and support of all the people and since I have been before you as a candidate for this same office four years ago, I am sure you know me well enough to not let any rumor, misrepresentation, or false propaganda weaken your fight in this race, which is a fight for the betterment of all Floyd County.

It will be rumored from time to time that I am favoring this or that candidate in other races, but stop and consider how ridiculous this would be if you were a candidate. I am making my own race and want all the help I can from every source but will not play one candidate against another by promises and falsehood.

I will conduct the office of Sheriff in the same manner which I am conducting my campaign, by hard work and strictly attending to business. My duties will not be and I am not to be swayed in as deputy in order to have the right to carry a pistol in his "hip pocket," but will be good, moral, upright citizens interested in doing the job of law-enforcement in every respect, selected from your community; there will be instructed to protect the rights of the rich and poor alike and be at all public places of worship, school gatherings for public entertainment and to serve promptly all criminal processes in any court of the county without regard to any fee.

I have lived in Floyd County all my life and all my ways of living among my fellow men are well-known by all and if either of my opponents have any facts detrimental to my reputation other than a citizen who believes in good morals, good government and fair play in all dealings with his fellow-man, then I ask only that such facts be given to the public in writing by either opponent with his signature attached and not by any rumor or rumors passed along by these so-called "goodwill fellows."

My opponents have also lived among us for years and their reputation and acts are well-known to most all the people and I have nothing to add to or take away from this reputation.

I ask my friends, relatives and supporters to keep up the good work being done by them until the polls close on August 1st.

Your friend,
BILL HILL

Baby Killed, Others Of Knott Family Hurt In Automobile Wreck

A 20-month-old baby was killed and five other members of a Knott county family were hurt, one critically, early Monday when the family automobile struck a bridge on U. S. 2, two miles north of New Rochester, Ohio.

Dead is Brenda Sue Hicks, daughter of Mr. and Mrs. Tom Hicks of Mound.

The State Highway Patrol said Hicks was driving, apparently off school about 5 a.m.

Critically injured was Eugene Hicks, 12. Mrs. Hicks was hurt seriously. Also injured were Hicks, Pauline Hicks, 10, and Bobby Hicks, 5. A seventh family member, James, 8, was uninjured.

OPENINGS AVAILABLE for capable ambitious women with car. Four hours daily, 9:00 a.m. to 1:00 p.m. at the following address: Prestonburg, Harold Lloyd, White Avenue District, Mrs. P. O. Box 1142, Huntington, W. Va.

HALL, DODGER 'BONUS BABY'

Wheelwright Youth Signs for \$15,000; Hailed As Prospect

Morris "Tootie" Hall, 17-year-old catcher for the Wheelwright high school baseball team until his graduation last May, has signed a contract with the Brooklyn Dodgers and will leave Friday to report to the Class A Tri-State "Colonials" team at Triple-A class play.

Television news cast stated that the boy commands such a salary from the outcast of his professional career because he is considered "a good right now as most catchers in the majors."

"Tootie" is the son of Mr. and Mrs. Clifford B. Hall of Wheelwright. Six feet, four inches tall and weighing 185 pounds, he stands in both baseball and baseball while in high school.

Wrote Earl Ruby this week of Hall in his column in The Courier-Journal.

"He's a good right now as most catchers in the majors. All he needs is professional baseball experience to give him every necessary to cope with older, tougher fellows. I can't recall ever seeing another young prospect with more possibilities."

Hall was so expert in baseball that he was offered full four-year scholarships by three universities—Georgia, Georgia Tech and Florida.

"He accepted the Florida offer and decided he'd study to be an engineer."

Hall was the top annual Kentucky High school baseball championship eliminations, being a several baseball schools followed the play through regional to the state finals at Parkway Field in Louisville.

"Wheelwright didn't play many games, but what the scouts saw of the boy back of the plate they liked."

Several more offers, but none convinced Hall he should forget his college scholarship for baseball until Cliff Alexander came along.

Cliff and the boy talked at great length. Cliff finally agreed to start him at Pueblo, Colorado, in Class A farm.

Hall said he might agree to go—provided he received Triple-A class pay.

Cliff came around to that, also, and told Hall he was sure he'd never need the engineering degree.

You belong in baseball, not in engineering," said Morris signed the Brooklyn Dodger contract—and will go to a business school during the off-season.

Fishing Slow At Lake, Anglers Sign To Buy Licenses, Pay Fines

Fishing is slow at Dewey Lake, and apparently a growing percentage of those who do catch aren't taking the time to buy a license or to measure their catch.

Conservation officer Raymond Copley this week reported the arrest of eight persons here within the last two weeks—six of them within the last week. All except one had the 15 fish and 4000 cents.

Julius L. Spott, of Martin, arrested for fishing without license, escorted by his wife, was taken to the station last Thursday. Others nabbed by the conservation were: Paul Charles Spradford, O. to license; Donald Kiser, Red Jacket, W. Va., and C. L. Blankenship, Louisa, no license arrested Saturday, Randall Blankenship, and Arvid Gilman, Williamson, W. Va., possession of underage bass both arrested last week.

Don J. J. Moore, Tampa, Fla., and Adolph R. Friedman, Edinburg, were fined for fishing without license.

Eric Henson, assistant state enforcement officer, Department of Fish & Wildlife Resources, assisted Copley in the lake patrol last week when the six arrests were made.

Army women damaged affairs in Lynch county by eating the young growth after the first cutting.

Education Specialists To Aid Floyd Teachers At Martin Conference

Rural teachers will get the benefit of assistance from specialists in the teaching art at the conference to be held at Martin high school, Monday and Tuesday.

All rural teachers are expected to attend both days of the conference, and they will be paid for the time spent there, Otis D. Spurlock, rural school superintendent, said. High school seniors, recent high school graduates, P.T.A. members, civic groups and school patrons are invited to attend the sessions.

The conference is one of the meetings planned in conformance with a State Department of Education regulation requiring more conferences and in-service training for teachers.

Assistance will be given teachers by three special instructors:

Next Tuesday, Mrs. Regina Mayo, of the Floyd County Health Department's nursing staff, will present one of the latest films on tuberculosis and will give the history in the story of t.b. in Floyd county.

The European oil embargo has been found on five farms in Hopkins county. The Chesapeake & Ohio Railway hauled more than 75 million tons of bituminous coal last year, which was tops. The Pennsylvania Railroad, second in coal tonnage, hauled more than 68 million tons.

In Leitcher county, Tennessee, Beauty strawberries produced over three times as much as Blakeshores. Ed more than 68 million tons.

GUY HORN HAS A GOOD CLEAN RECORD

He has worked hard to make you a good Jailer— why not give him your vote and let him make you

A GOOD SHERIFF

My dear fellow Republicans

I am making this appeal to you as a REPUBLICAN rather than as a CANDIDATE. The time has come when we must make a choice, whether we will elect some one from our party or not. We must do what we think is right, for our people, our county and our REPUBLICAN PARTY. We all know we cannot hope to elect a candidate this fall unless we present our best. We must offer to the people of Floyd county candidates that the people will believe in, have faith in, men of good character. They must be men of integrity. They must be fighters. They must have been tried and found not WANTING. WE MUST PRESENT OUR BEST.

I am going to ask you to do something that has never been done before in a CAMPAIGN, to my knowledge. I am asking YOU as a Republican and a Good Citizen to investigate your candidates for SHERIFF. Check them close, are they Good Citizens? Are their REPUTATIONS clean? Will that same reputation bear close inspection as will be the case this fall? Are they FIGHTERS or RUNNERS? Are they financially able to make a RACE? Will they run a RACE? Last but not least WILL THEY MAKE GOOD OFFICERS? Will they come out of office as clean as they went in?

After looking them over carefully pick the man that will make the best officer, the one who will make the best race, the one you know will put up the best fight, THE ONE YOU KNOW WILL BE A WINNER THIS FALL. GET BEHIND HIM AND HELP PUT HIM ACROSS. THEN YOU WILL HAVE BEEN A GOOD CITIZEN AND A GOOD REPUBLICAN.

GORMAN COLLINS FOR SHERIFF, A WINNER THIS FALL.

(Pol. Adv.)

Vote for JERRY B. STEPHENS No. 5 on the ballot A Good Democrat

I want to thank all of my good friends in Floyd county for their kindness and the nice flowers I received while I was in from a car accident. Please don't be misled by rumors. I am out again. I can not quit. Your support will be appreciated.

Vote for JERRY B. STEPHENS No. 5 on the ballot A Good Democrat

Is Lon Hill A Democrat Or Republican?

It is expected that, as usual, the 1954 House of Representatives will have a good Democratic majority. To accomplish any Progressive legislation for Floyd County, we need to send a good Democrat to serve in this legislative.

I notice that Lon C. Hill is running for Representative in the 90th District and is running under the color of the Democratic party. In announcing for this office he swore an oath in his election papers that he was affiliated with the Democratic party and had supported its nominees at the last regular election. Many others besides myself noticed that Lon Hill was carrying Eisenhower-Nixon stickers on his automobile during the presidential campaign last year. He was out-spoken in his support of the Republican nominees and I understand that he made an open fight for these two Republicans in the David precinct.

Can we afford to have the kind of "Democrat" in the Legislature who votes Republican and then runs on the parties' ticket that has the most votes in Floyd County? This type of switching around and bolting the party is typical of Mr. Lon Hill and the members of his family who are campaigning for him. Is it true that the Hill-bolted the party to support the Republican nominee for Congress when Lon's brother was defeated in the Democratic primary for Congress?

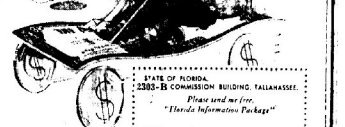

As a good Democrat in Floyd County, I intend to cast my vote especially in this primary for a good Democrat in whose stability and party loyalty the 1954 Democratic majority in the General assembly can depend. I personally intend to vote against Lon C. Hill because of his Republican sentiments and will vote for a loyal Democrat who has supported the Democratic party over a period of many years and has always worked for its nominees.

ELZIE COLLINS.

Vacation Dollars Go Farther in Florida

When vacation prices are higher in most resort areas, you'll find greatly reduced summer rates at every beach in Florida. Cool breezes sweep the peninsula. Wonderful bathing, sunning and swimming. Fantastic attractions provide a never-ending round of things to do and see. For a vacation that's excitingly different, come to Florida this summer.

The people of Floyd county who know James Carter know that he is a man who belongs to a church and attends regularly. They also know that he has no BAD HABITS and has been and will be available 24 hours a day, when needed. He is

a man that can be depended on for any emergency that may arise in connection with the office of Coroner. James J. Carter has proven that he will not make a joke of the office of Coroner.

A licensed Mortician with several years experience James Carter is well qualified for Coroner. All the help that James Carter receives from the good people of Floyd county will be greatly appreciated.

RE-ELECT
James J. Carter
for Coroner

To The Fathers and Mothers Of Floyd County

As the election is drawing near I feel I should speak in behalf of my husband, Joe H. Cooley, who is a candidate for the Democratic nomination for sheriff.

My husband and I were both born and reared in Floyd county. We are now living at Lancaster in a modest six-room frame house. He is a veteran of World War II and served overseas approximately three years. Two of my brothers are also veterans of World War II. One was shot down over Berlin and was a prisoner of the Germans.

Our family, dear mothers, can understand and sympathize with your sons who are in service. My husband will protect them when they return and they will not be thrown into jail in order that some officer can get a fee. My husband plans no big mansions or the purchase of any big private automobiles from fees belonging to the county.

My friends and friends, we must eliminate collection of poisonous snakes from law-abiding citizens. We must keep the highways and country roads free from drunken drivers. Fathers and mothers, we have a small son. We know the fear in your hearts for your child when he steps out of the yard. Will he or she come back safely or will his precious little body be picked up crushed and broken?

MILDRED STUMBO COOLEY

FORD OWNERS

Put Your Car in "Trip-Top" shape!

You folks who plan a vacation or weekend trip in your Ford will want to make sure it's in good operating condition before leaving.

The smart thing to do is have it "traveled" by our own mechanics who will check it for necessary adjustments and for any worn parts that may need replacing.

It is estimated that army worms caused damage on 15 percent of the cropland in Mason county.

LABOR'S REAL FRIEND

It has recently occurred to one of my opponents that he NEEDS votes, and he has belatedly set out to cultivate the working man and sell himself as a "friend of labor". The working man's REAL friend is NOT A LOBBYIST for the WHEATSEY INTERESTS. He is the man who WORKS to support his family, tries to improve his community, and helps his fellow-man. Your next Representative should be interested in, and willing to work for, the best interests of the men, women, and children in the 96th District.

Your REAL friend wants to provide greater benefits for you and better opportunities for your children. He doesn't do the bidding of political kingpins, or "bosses," because he deals DIRECT WITH THE PEOPLE and his motto is SERVICE.

This man is YOUR friend,

LON C. HILL

Democratic Candidate for

Representative

(Continued from Page 1)

Last fiscal year \$50,000 was distributed. To qualify for a public-library grant under the Legislative Appropriation Act, a county must spend from local funds a sum equal to at least 5 per cent of the amount received from the State. The rate of matching funds is determined from assessed property valuations of the counties.

Henry county homemakers made 183 brass and copper planters for plant arrangements in one month.

A ROAD THE CREEK BUILT

The above picture is of a road on the Open Fork of Middle Creek. It is paved with the same rolling roads that have been washing down from the hillsides to the creek bed for centuries. When the buffaloes beat a trail through this valley centuries ago they followed the creek bed, the same creek bed that serves the people in this valley now for a road. Pioneers and settlers came, used horses and sleds for transportation on it.

Floyd county was organized in 1800. The creek-road was there then. Kentucky has been a state for 161 years. The road hasn't changed much except by erosion under the waters of many rivers. The only move to build a road in this valley was when Judge Henry Stumbo went out there and told a landowner last March to tear his fence down for the bulldozer. The fence has been down since then but no bulldozer has ever shown up.

Will we go on for generation after generation without roads, using the same road beds beat out by the bison and the pioneer? Will we ever cease paying taxes for roads that go only to feed a political machine? We may unless we awaken to demand more than soft promises for our tax dollar.

A vote for Jarvis Allen is a vote for a man who will give you more than promises. He will give you roads.

FRIENDS OF JARVIS ALLEN

ing for advantage in the big game next Saturday, checking wherever possible on what the other fellow was about.

The only official word issued in an effort to make the election more orderly was that of the purgation board which asked precinct officers to:

1. Make proper use of the "Purgation Recommended" stamp.
2. Keep each voter's voting record accurately and up-to-date.
3. Make proper use of the comparative signature book and that this book not be returned with its pages blank, as some precinct officers have done in the past.
4. Conform with the law by administering the voter's oath when a voter is challenged as to eligibility to vote. The oath then has to be returned to the County Clerk for possible scrutiny by the grand jury.

The board also said election officers are reminded that comparative signature books must be kept separate from other election supplies and turned over to a representative of the purgation board at the time the ballot boxes are returned to the County Clerk here, Saturday evening.

The result in tight races are not expected to be known before next Wednesday.

—4—

(Continued from Page One)

the desired effect on files there. The people seem to have built up a resistance to this inspection, and now it requires a liberal dose of 22% chloroform to turn up their toes. That failing, the recommended antidote is a stiff forehead drive with a fly-swat.

MRS. JOE H. COOLEY REMINDS MOTHERS

Of The

UNSOLVED MURDER OF MURIEL BALDRIDGE

The following news item appeared in an issue of The Courier-Journal. It is a grim reminder of the failure of law enforcement in our county.

State Detective Quits; To Seek Sheriff's Post

Louis, Ky., April 1 (AP)—State Police Detective Arch Thompson, who worked on some of Eastern Kentucky's most sensational murder cases the past six years, resigned today to run for Lawrence county sheriff.

Thompson, who served as sheriff for the State police, said he would seek the Democratic nomination in the August primary.

Worked On 43 Murder Cases
Thompson worked on a total of 43 murder cases in the 28-county Eastern Kentucky area he covered.

Among his unsolved cases was the brutal bludgeoning of Prestonsburg High School cheerleader Muriel Baldrige in 1940. Numerous arrests followed over a period of months, but her killer was never found.

Mothers, I pledge you that if my husband, Joe H. Cooley, is elected sheriff of this county that he will work untiringly and unceasingly to solve the Muriel Baldrige case. He has told me time and again that if he is elected he will do so. I trust him. You can too.

God Bless you all,

MILDRED STUMBO COOLEY

(Mrs. Joe H. Cooley)

SATURDAY, AUGUST 1

6:45 to 7:00 p.m.

ROBERT WELLMAN..... (X)

For COUNTY ATTORNEY

DEMOCRATIC PRIMARY, AUG. 1

Listen to Robert Wellman on Radio Station WPRT at 2:00 p.m., Friday.

During the past weeks of this campaign, I have been actively soliciting the support of the citizens of Floyd County. I regret that I will be unable to see all of the voters, for time is short. I am sincerely grateful for the support, enthusiasm and courage you, the voters of Floyd County, have shown me. This is my final written appeal to the voters of Floyd County for the nomination for this office. In concluding this primary campaign, may I remind you that:

1. I have brought you the facts and have told you the truth concerning the conditions which exist in this office.
2. I have no law partners nor associates and hold no political job. No other candidate for this office can make this statement.
3. I have practiced law for four years and am well qualified. Qualifications for this office, contained in Sec. 100 of the Kentucky Constitution requires that a County Attorney be a licensed and practicing lawyer for at least two years.
4. Other than my platform, which contains the rules by which I shall conduct the office, I make this one promise—that, if elected, I shall not seek the office four years from now. It is my sincere belief that others deserve a chance and I learned as a child that: "Turn About is Fair Play."
5. I am a veteran and served my country 3 1/2 years in World War II. I served overseas two years and fought as a soldier in Europe.
6. I shall obey the law I am sworn to uphold.

Sincerely,

ROBERT WELLMAN

David Clark To Open Free Library, Aug. 3

The David Womans Club free library will open Monday evening, August 3. Hours will be 6:30 to 8:30 p.m. every Monday and Friday evening. Later, the library will open another evening, if the demand for books is great enough. The library project was started early last spring and all work has been done by volunteers help along with the help and advice of Miss Linda Stephens, of the Prestonsburg high school library. Space for the library was given to the club by the Princess Ekshorn Coal Co. and the company carpenter made shelves, etc. for the room. There are over 200 books in the library, fiction, historical, mystery, paper back novels, children's books, with a good selection of magazines and periodicals. These were collected from the people of David, and a few from Prestonsburg. The work in the library will be done by members of the club each one scheduled to work on a date given, or get a substitute. The only fee charged is when a book is kept over the allotted two weeks.

Visitors will be welcomed anytime the library is open, and anyone wishing to donate books may contact any member of the David Womans Club.

HEALTH FOR ALL

READY FOR SCHOOL?

The first day of school is a big event in a child's life. He may have spent years in nursery school of kindergarten, but he feels that first grade is the real thing. He is eager, and at the same time worried. He may even be afraid.

Of course, parents see the necessity of taking Junior to the doctor to make sure there are no physical defects, such as poor eyesight or hearing, that will hold back his school progress. Many schools will give reading readiness tests to be sure he is mentally ready for first grade. But often his emotional preparation is forgotten. There may be fears and wrong attitudes which will interfere with his adjustment to school.

Just wait till you get to school. They'll make you behave. Thoughtless parents may have used threats like this which make school a terrifying prospect. Older children may speak of teacher as a combination of ogre and policeman and exaggerate the difficulty of school work. If the damage has already been done, all members of the family will have to work together to repair it.

An older child can take Junior around the school and make him feel familiar with the building. A shopping expedition for clothes and school supplies will help make present associations with the prospect of school. The change to a rigid schedule can be made gradually as summer ends, and the time needed to get Junior up, dressed, fed, and off to school can be worked out so that there will be little tension and confusion when the great day comes.

Mother will be wise to hide her feelings and not tell the youngster how much she will miss him while he is in school. With many children adjustment takes a few weeks, and parents will have to be patient and understanding. It will only distress and perplex the child to be asked endless questions about what he does in his first school days.

Parents are in an important position to make the first days of school a happy adventure that will lead to a good emotional adjustment to school life.

DuRan Moore

Can't Beat the County By Appealing

In late 1952 and early 1953 the Wm. Cotton Company, of Louisville, a reputable accounting firm in the State of Kentucky, conducted an audit of the fiscal affairs of all the present and many of the past officers of Floyd county. Their purpose was to determine what, if anything, each of the present officers of this county, and, for a number of years back, the old officers, owed Floyd county in fees which had been retained by them over and above their constitutional limit.

A complete report was made to the Fiscal Court of Floyd county. On the basis of the Cotton audit, all of the present officers of Floyd county, EXCEPT ONE, settled with the Fiscal Court and paid back all fees which they had received in excess of their salaries. That one exception was DuRan Moore.

On April 16, 1953, at a Special Term of the Fiscal Court, DuRan Moore appeared, and the court worked out with him the amount he owed in excess fees to Floyd county. The proceedings of that meeting appear in Fiscal Court Book No. 6, page 208, part of which is as follows:

"On motion of Edgar Howell, seconded by M. C. Wright, it is ordered by the court that DuRan Moore, County Court Clerk, turn over to the county the sum of \$4,600.09, for excess fees collected by him. All voted unanimously for said motion."

Instead of doing as all the other present officers of Floyd county did, and paying back this money to Floyd county, which was rightfully due it, DuRan Moore was not satisfied. The records of the Floyd Circuit Court show that on June 1st, 1953, DuRan Moore appealed the order of the Fiscal Court, in a suit No. 16,091, styled "DuRan Moore v. Henry Stumbo, et al."

Your appeal to the Circuit Court, DuRan Moore, to justify your keeping money that rightfully belongs to the people, will be met with the same deaf ear the people will turn to you, when you appeal to them for votes on the basis of your "sincere and honest" term as Court Clerk.

If DuRan Moore will try to avoid paying what a firm of public accountants finds he owes you from past service, can you, the people, expect him to take care of your records and do justice to you in the future?

(Pol. Adv.)

To the Voters of Floyd County:

It has been circulated among the voters of Floyd County by some of my opponents, that certain county officials are backing me in this campaign and, if elected, these officials will control the office.

I want to inform my friends and the voters that this is a malicious untruth. No one has ever given me one cent on my campaign, and no one ever influenced me to announce for jailer. If elected, I will be at the jail all times with my helpers, seeing that the prisoners are treated as I, myself, would like to be treated, and to give courteous and considerate treatment to prisoners' relatives and friends.

I lost my earnings the result of an accident while hunting. I have no income other than my little "pension" here in the courthouse. Prior to my unfortunate accident, I was employed as a coal loader by Pike-Floyd Coal Co., Betsy Layne.

I do not want jail, but do need your sympathy and help for a better living. I am self supporting and want to continue being so. I firmly believe that God will help those who help themselves.

I have lived in the basement of the jail for the last seven years, and during that time, have clearly earned the duties and responsibilities of a jailer, therefore, have all the confidence in the world that I can efficiently and justly operate the jail as good or better than any previous jailer. If elected, I will kindly accept any reasonable advice, but I will be the jailer, and not be dictated to by any individual.

YOUR VOTE AND SUPPORT WILL BE GREATLY APPRECIATED.
My position on the ballot is No. 11.

GROVER C. DESKINS
Candidate for Jailer
of Floyd County.

Hollie Conley ☒

MAYTOWN

Mr. John Isaac is spending a few days with his parents, Mr. and Mrs. James Price, in Artois.

Mr. and Mrs. Thomas Patrick and Sandra Sue spent last week with Mr. and Mrs. Sam Jones in Grundy, Va.

Jim and Paul Osborne, Kathy Patton, Jimmy Dean and Patsy Manning are all confined to their homes with mumps this week.

Mrs. Lucy Patton, Marcela Patton and son David, are spending the week with relatives in Zionsville, Indiana.

Mr. Roy Hicks honored Mrs. Herbert Jones with a household shower in the home of Mrs. Mary Starnes.

Archie Cassidy, George Patton, Buck Newley, Ed Statton, Clyde Patton, Hush Rowland and Henry L. May attended a fried chicken dinner, given by the Safety Committee of the Kentucky West Virginia Gas Company at Allen last Thursday.

Ken Miller is attending ROTC in Greenville, Tennessee for four weeks.

Mrs. Sad Patsy and son, Jimmy, have been visiting her sister in Columbus, Ohio.

Nickey Turner spent a few days at Camp Lejeune, N. C., as the guest of Roy Day. He was accompanied home by Roy, who has a 15-day furlough.

Mrs. Jesse Howell and children, of Ashland, have been visiting her mother, Mrs. John C. Hayes.

Mrs. Bernard Hayes and daughter, of Detroit, are visiting relatives here.

Herschell Bagley and children, Bill, Bob and Barbara, are spending their vacation with his mother, Mrs. Amy Bagley.

Mr. and Mrs. Claude Layne and children spent two weeks in Pittsburgh, Pa., with Mrs. Layne's sister, Mrs. Arnold Moore, and husband.

Our sincere sympathy is extended to Rev. W. F. George on the death of his father Sunday night.

Jake Crum, who is serving in the army, has been visiting his brother, Hattie Crum, and Mrs. Crum for several days. He left Tuesday for Germany.

Mr. John May, and Mr. and Mrs. Ken Miller have been visiting Mr. and Mrs. Miller's parents, Mr. and Mrs. B. V. Miller, of Orange, N. J. They also toured in New York and other points of interest.

Children attending the 4-H Club Camp at the J. M. Palmer Camp Ground, Ashland, Palmer, and Claudia Lower, Dena, Tommy and Glenna Martin; Reba Joyce and Brenda Salyers; Bonnie Hopson; Janice Gayman; Carol Turner and the French youth who was visiting the Arnold family. The boys and girls were accompanied by Mrs. Garbald Martin and the county agent, O. E. Borga.

THOMAS WANT ADG PAY

To the Republican Voters Of Floyd County:

Lewis Dingus, who is a candidate for Sheriff on the Republican ticket, is my brother, and I urge all our friends, relatives and Republicans who are interested in victory in November to vote for him at the coming primary election.

In the face of great odds, I made the race for Sheriff on our ticket. You know how well I represented the party, with the loyal support of the Republican party and those of Democrats who held good government above mere political party.

Both Lewis and I have for many years fought for our principles, and he will give the ticket the fighting strength it needs in November. Unless we can win in November, the primary fight in August is useless.

Please go to the polls, August 1, and vote for Lewis Dingus, who can win the final election for Sheriff.

D. P. "TERRY" DINGUS

Let's kill two birds with one stone—Help a fighting, deserving, qualified Floyd county girl and at the same time give Floyd county the best Clerk we ever had.

VOTE FOR DINGUS!
(Pol. Adv.)

The usual railroad hopper car holds 80 tons of coal, but super sized cars now on the rails hold upwards of 100 tons.

About 55% of Indiana's bituminous coal production comes from surface mines.

Floyd County Times, July 30, 1953 — Sec. 2, Page 3

In the month of December, 1952, electric utilities consumed 10,800,000 tons of coal, a record high for a single month.

Consumers of bituminous coal on the Ohio River receive 28 million tons of bituminous coal over the river per year.

What Car Belongs Here?

Not many people would hesitate in naming the car they feel belongs in that inviting driveway. It's the entrance to a fine American home, with a tradition of gracious living behind its handsome pillars—and the car which so obviously belongs before it is a Cadillac.

But here is a fact which it is important to remember—*a Cadillac like this belongs in the driveway of millions of other American homes which are far more modest than the beautiful structure shown in the illustration above. For it is practical, as well as thrilling, to own a Cadillac.*

Listen, if you doubt it, to these amazing and significant facts:

- there are twenty-two models of other makes of American motor cars which actually cost more than the lowest-priced Cadillac;
- a Cadillac will actually run farther on a gallon

of gasoline than numerous cars which are built and sold primarily for economy!

—a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy.

—and, finally—according to authentic used car evaluations—a Cadillac may be expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of these significant facts, don't you think you should consider a Cadillac for your driveway? Whether you live in a mansion or a house designed for easy living—a Cadillac belongs.

You can buy a Cadillac for prestige and glamour—or you can buy it for economy and common sense. And whichever you buy it for, you'll get all four.

Better come in and see us today. We'll gladly give you the facts and a demonstration.

JAILER

Sober, Friendly and Accommodating.

IT'S A GOOD WORLD

BY WILMA

And a small one, since one finds Floyd counties everywhere. It was a joy to visit Mr. and Mrs. Kendall May in Cincinnati and to learn that Mr. May is now a Christian. The last time we conversed with him in Maytown he spoke of desiring to become one. They drove with us to Indiana, where Edgar was happy to see Millard May again. We also saw their mother, Grandma is sixty for her eighty-two years. She has the keen intellect that characterizes the Martins wherever you find them. She was a Martin, from Ball's. Mrs. Kendall May was a Crut. She moved from her childhood home, near Martin, when she was ten. She is as sweet as her name, Narcissus.

We visited with the A. D. Burroughs family in the beautiful city of Dayton. They are dear old friends of the best kind. Their former friends here will be interested to learn Howard is in Korea. A. D. Jr. with the army in Texas. Virginia and Georgia are married to fine men, and have lovely children in Dayton. The feast they prepared for us was indeed a treat.

We enjoyed the opera, Gesemon and Delila (operatic spelling) by Saint Saens. The oratorio follows the opera carefully, and the script adheres closely to the script with only one exception, a minor one, quite plausible. The plot is intelligible, the music is outstanding, but WHY do we continue opera in French or German, when earlier ones in our own language were much better received? Greater enjoyment would be had by all if it were not necessary to follow the interpretation in the libretto. Since only a minority are familiar with the language that in itself helps explain why opera fares badly in small cities. Summer opera in Cincinnati has not had a capacity house to date. More would patronize it, if the scores were sung in the English language. The music was both beautiful and inspiring.

What has happened in Martin, everybody moving away? For years the highway sign have read population 3,000. Now, it suddenly drops to 1,100, a more logical figure than that imposed when a few decided to vote the town was but failed, despite the ruse.

The success that marked the recent educational meeting in Bowling Green, when Fred Wilkie gave impetus to Section 186 of the Constitution, is encouraging. Our State Superintendent of Public Instruction is carrying his fight to the cities, whose vote they defeated some previous desirable measure. Kentucky owes Wendell Butler a debt. He places our children before his political career. Many politicians or servants decline to support the measure, which citizens in urban areas oppose. Floyd county usually favors progressive legislation. We need to increase our margin this fall for Section 186, to offset opposing votes from cities. This law does not in any way affect the qualification, as some fear. And that amendment soon expires anyway.

A mother has written suggesting that she should be allowed to shoot young boys not to kill our lovely birds, just for sport. Her idea that Boy Scouts may teach youth to preserve our wild life for beauty and song is worth passing on to leaders. If we begin early enough it is simple to teach children to love wild life and to conserve it.

Maytown suffers keenly in losing Blunthe Dargatz from its faculty. But abounds with energy, takes a keen personal interest in her students, and is ever ready to assist them with their problems that occur beyond the walls of the classroom.

Floyd county stands of Rev. Wayne Kink will be happy to learn he is now fulltime pastor of a church in Houston, Texas and that the Lord is blessing marvelously there.

Everyone rejoices with the signing of the truce. May we not hope the peace as we did after the last war ended. Do not miss the account of war atrocities against prisoners, by Dean, was correspondent, in the newest Digest. It is horrible, says none can question that the only solution to world problems to say is more Christianity at home and abroad. When we see individuals and groups in the homeland fanning over trifles one wonders how we can hope for peace and understanding among nations. America is finding out that friendship cannot be bought. Continue, we have been helping for years are still saying, "Oh, me!" as if we were it to them.

Remember David Lee Grigsby, critically ill in St. Mary's hospital, Huntington, from injuries following a motor accident. He is a fine kid.

HALE ON SPOT
with Old Age Pensioners

HENRY C. HALE in Point 4 of HIS PROMISES FULFILLED AS STATE REPRESENTATIVE, which has been published in The Floyd County Times, says the OLD AGE PENSIONERS, "I HAVE VOTED AGAINST AND WORKED FOR DEFEAT OF THE OLD AGE LIEN LAW."

Why, Mr. Hale, do you think you can hoodwink old people into voting for you when the record shows that you were present and did not vote against Senate Bill 101, commonly known as the Old Age Lien Law? For three terms, Mr. Hale, we sent you to Frankfort to represent us and when a Pork Barreled Legislature drags out this vicious law to rob us old people of our meager possessions, you sit there tongue-tied and paralyzed, and you never as much as raised your voice nor lifted your little finger against this Bill, and as the Record shows you were present and would not even vote against it.

Among the aged who live in this county this law has destroyed the peace of mind that existed in the humble cottages of these old folks and cast a cloud of gloom and despair over them as they are nearing the end of the way. We old people have worked hard all our lives and have had a hard time rearing our families and have had very little opportunity to accumulate enough of the world's goods to own a little home of our own until we have just about come to the end of our lives. Then, you come along, Mr. Hale, and ask us to send you to Frankfort to represent us, which we did three times, and when this vicious Bill was brought up, as stated above, you sit there and permit this Bill to be passed without making a protest of any kind against it and rob us Old People of the Supreme achievement of a lifetime.

Mr. Hale, with your hundreds of acres of land and wealth, it might be hard for you to understand what we old people are talking about, but you do know that we cannot eat these little homes, and in order to receive something to exist on, that we are forced to sign on the dotted line.

Yes, Mr. Hale, you think we are too old and feeble and weak in mind and body to check your record, but this has been done and you can't say. Old People with "TRICK" affidavits. You did not vote for us when you had a chance. Now we will not vote for you. Let everyone remember your action in this matter on Election Day and help defeat Mr. Henry C. Hale and all others who did not vote against it.

"Last we forget"
JOHN LAFERTY
"An Old Age Pensioner"

The following is a transcript from Arthur Y. Lloyd, Director of the Legislative Research Commission, which shows exactly how Mr. Henry C. Hale and others stood on this bill:

Commonwealth of Kentucky

LEGISLATIVE RESEARCH COMMISSION

FRANKFORT, KENTUCKY

March 24, 1953.

Honorable Bill Adams
State Representative
District 92
Isom, Kentucky

Dear Bill:

Pursuant to your request today I am enclosing a summary of the vote on Senate Bill 101 (1952 Regular Session).

When I started to check this vote I found that we had already done so previously for a Senator, so I am enclosing a complete copy which shows both the Senate and the House of Representatives. While this is labeled "unofficial" it is unofficial in the sense that the official publication of the House Journal has not yet been printed. However it is taken from the official Journal kept by the respective clerks in each house.

If we can be of any further service to you at any time please do not hesitate to call on us.

Sincerely yours,
ARTHUR Y. LLOYD
Director.

A Confidential Report On Jarvis Allen

Take a practical view of this election and what kind of a "pie" this election will bake. Floyd county has a population of over 50,000 people, the property in Floyd county is assessed for over \$29,000,000.00. The county's budget is over \$214,000.00. JARVIS ALLEN's experience, knowledge and legal training is needed by you to foster Floyd county's economy and progress.

**NOMINATE
JARVIS ALLEN**
Your
COUNTY JUDGE

JARVIS ALLEN IS AN INDEPENDENT
person who will bow to no special interest, official, or person.

JARVIS ALLEN PRACTICES FAIR PLAY
and will return Equal Justice under Law to the people of this county.

JARVIS ALLEN IS IMPARTIAL
and will administer the office for the benefit of all citizens alike.

JARVIS ALLEN IS THOROUGH
and sees that people do not just get "lip service" but get positive results.

JARVIS ALLEN IS A LAWYER
and is qualified to administer the office according to law and not by guess-work or reliance on outside advice.

JARVIS ALLEN IS A FORMER TEACHER
in the county school system for five years.

JARVIS ALLEN IS AN EX-COUNTY COURT CLERK
and knows the details of county government from the "inside."

JARVIS ALLEN IS A VETERAN OF WORLD WAR II
and can be expected to show a complete knowledge of veteran's affairs and deal effectively with them and their problems.

JARVIS ALLEN IS NEEDED BY THE PEOPLE
of Floyd county to administer the road funds, and all other tax monies for the best interest of the public.

YOU NEED JARVIS ALLEN IN OFFICE
as your County Judge to protect your interests, to keep economy in County Government, to promote tax reductions and to give you the service you should have.

JARVIS ALLEN HAS BEEN FAIR TO EVERYONE
and can not truthfully be accused of the slightest selfish, dishonest or illegal act after four years of faithful public service.

DON'T SHORTCHANGE YOURSELF WITH PROMISES
when you need reliable performance.

BIBLE QUIZ

By A. F. HARKER
Prestonsburg, Ky.

1. What does the Bible say about "turning up a child?" Proverbs 22:6.
2. What great teacher said: "Children obey your parents in the Lord, for this is right?" Ephesians 6:1.
3. Why should parents reason rather than "provoke their children to anger?" Ephesians 6:4.
4. What does this mean: "One bad apple will spoil a whole basket of good apples?" Proverbs 13:20.
5. What lesson did Jesus teach the disciples when he sat a child in the midst of them? Matthew 18:3.
6. When children "talk back" to their parents what commandment is broken? Exodus 20:12.
7. Why are the first five years of a child's life the most important? Because "A mother's heart is the child's school room." (Spurgeon)
8. How could good mothers bring in a new world order? (Spurgeon)
9. What strong command is given by Moses for parents to teach their children, the statutes of the Lord? Deuteronomy 6:6-9.
10. Why is it important to teach children the value of money? "Don't stoke them in the cradle and let them go barefoot in the stable!"
11. Why should all children be educated? "If the iron be blunt, and he do not whet the edge, then must he put forth more strength." Ecclesiastes 10:10.
12. What is the first and most important step in every child's life? Matthew 6:33.
13. What is the sure way of overcoming all temptations? 1 Corinthians 10:12, 13.
14. What three words in Daniel 1:8 show the strength of his character?
15. What wise man said: "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise." Proverbs 20:1.
16. Why are Christian teachers of first importance? "It is better to build fences around the narrow roads on the mountain than hospitals in the valley."
17. What plan does God have "for bringing His Kingdom on earth as it is in heaven?" Matthew 28:18-20.
18. When Christ rebuked Peter and told him to put up his sword what hope could there be for peace? Matthew 26:52.
19. When Christ told Peter: "Ye could call down twelve legions of angels from heaven to defend himself, why did He refuse to do it?" Matthew 26:53, 54.
20. What new and mighty weapon was given Peter on the day of Pentecost when 3000 volunteers heard the call and joined the Christian army? Acts 2:41.

GUY HARN for Sheriff

HIS RECORD SPEAKS FOR ITSELF.

No. 8 on Democratic ballot (next to last name in Sheriff's race)

Sec. 2, Page 6 — Floyd County Times, July 30, 1953

The Yeastings Club, an organization of Louisville's younger Negro business men, has adopted the Bookkeeping Project as its special interest for 1953-54. It plans a benefit dance in the fall.

Slightly more than 90% of the coal produced in Illinois comes from surface mines. Electric utilities ordinarily maintain local stockpiles that will last more than 100 days.

FVT. OWENS IN 49TH DIV. WITH THE 49TH INFANTRY DIV. IN KOREA — Pvt. Buford Owens, formerly of Lockey, Ky., recently joined the 49th Infantry Division in Korea.

Owens, who entered the army in January, 1952, was last stationed at Camp Breckinridge, Ky. The 49th Division arrived in Korea in December, 1951 and captured "T-Bone" Hill in the see-saw battles the following June. An Oklahoma National Guard unit called to active duty in 1952, it was the first national guard outfit to enter combat since World War II.

As of July 25, sixty-four of Kentucky's 120 counties have been "activated" in the Kentucky Bookkeeping Project, reported Donald P. Brown, Frankfort, executive director. That means that work has been started in these counties toward organization of local support or has been advanced by varying degrees. Mr. Brown hopes to have the work completed by September 15.

TO ALL OUR RELATIVES,
FRIENDS, BROTHERS and
SISTERS IN FAITH

Since Imogene Stumbo Moore is unable to finish her house-to-house campaign, we take this means of appealing to you to go out to your voting precinct on August 1st and cast your vote for Imogene.

You will never regret voting for her, and God will bless you for helping a Floyd county girl, a teacher and an honest woman.

No doubt most of you have already heard that Imogene was hit by a car and seriously injured, but we have reasons to believe she will be able and know that she is capable of taking care of the office of County Court Clerk efficiently.

Sincerely yours in the Bonds of Calvary,

HARRY and FANNY MOORE
ANNE S. TACKETT

(Pol. Adv.)

TO THE PEOPLE OF FLOYD COUNTY:

The heat of political campaigns cause many of us to say and do things that are no credit to us or to our county, and I want the people to know I realize we must all live together after the election and that hard feelings make living no easier. For this reason I want to say that I hold no ill-feeling toward any of my opponents.

As the campaign nears its end I have no will promises to make to the people. I promise you this—that I will do my level best to serve all the people of this county honestly, fairly and to the very best of my ability. I invite the people to investigate my record as County Judge the past four years and then compare it with the record of my opponent, Mr. Allen, during the four years he was County Clerk.

As in every election year, rumors fly, and these have it that I am tied with this candidate or that. This is absolutely untrue. I am running my own race, not some other candidate's.

As proof of my good will toward my opponents, I pledge them now that if one of these should defeat me in the coming Primary Election I will give him my active and whole-hearted support in November. Will they promise as much?

HENRY STUMBO

NAME MOREHEAD AUDITORIUM HONORING BUTTON, MOTHER

Morehead, Ky., July 24 (AP)—Known as a town where murder was an everyday affair and liquor-fueled feuds were so bitter it is said that blood poured down the streets many, many times, especially on Sunday. There were no churches at that time.

So the Buttons, mother and son, started a little shack-like school, under Christiana's sponsorship, down where the big white courthouse now stands. They dedicated themselves and their school to the education of Christian school-children and in a couple of years had made such headway they were able to move to the hillside site of the present college.

Over the years a number of tudent-architecture buildings have sprung up on this hill to house the ever-changing students. The last structure built by Dr. Button is now the Button Memorial Auditorium.

BETSY LAYNE

POETRY IS MEETING TOPIC

The Betsy Layne Woman's Club held its regular monthly meeting Thursday night, July 16, at the home of Mrs. C. H. Dickerson.

Mrs. O. J. Williams, program leader, with a program in the Fine Arts department, literary division, had as her topic, "Poetry Corner."

Mrs. Williams first defined poetry and gave a brief discussion on the different types of poetry. The next topic was "Poetry Corner," with Mrs. Williams discussing the fact that Poetry Corner is in Westminster Abbey, where are monuments to many English poets and one American poet, Henry W. Longfellow.

The second portion was excerpts from "The Raven" by Edgar Allan Poe. Next Miss Alice Williams presented a review of Longfellow's "Song of Hiawatha." Mrs. Williams then gave a resume of poetry in the Bible, with Psalm 121 being read as an illustration. Lastly, Mrs. Williams touched briefly on literature, discussing Edward Lear, who was the first to use the five-line form constantly and who made literature popular.

A highlight of this portion of the program was a literary contest, conducted by Mrs. Williams. Each member was asked to write a limerick, with the time limit being set at fifteen minutes. The group selected the limerick written by Mrs. Beecher Hardwick as the winner.

Mrs. Beecher Hardwick presided at the business session. The score card for the new club year. The following departmental chairmen were appointed: Community Welfare, Mrs. T. J. Chaudhry; Publicity, Miss Alice Williams; Spiritual Value, Mrs. E. P. Davis; Youth Conservation, Mrs. Glenn Blackburn; Fine Arts, Miss Alice Williams; International Relations, Mrs. W. P. Howell; Program and Year Book, Miss Alice Williams. The hostesses, Mrs. Dickerson and guest, Mrs. Clyde Blackburn, London, Ky.

WHITTEN For JAILER

After solicitation by my friends and after long deliberation I have decided to enter the race for Jailer on the Democratic ticket. It was a matter of long deliberation as I have been engaged in the restaurant business in Prestonsburg but as I was crippled in the mine and have been so for 22 years it was very hard indeed for me to be on my feet, several hours each day.

Thank you
DENZIL WHITTEN

TO MY KIND FRIENDS:

I am glad to be able to say that I feel you have been well satisfied with DuRan Moore for Clerk. Regardless of the outcome of this race, it does me and his friends good, to know that he has been true and efficient in the work that you have given him to do.

We know that with his age and experience he can do a better job in the future. It means a lot to be able to feel secure in that you have a friend, and faithful servant in your Clerk's Office at the County Seat.

Others might do as well, but we don't know about that. When you vote for DuRan, you know who will be the Clerk, and how things in the office will be carried on. Don't take a chance. This is just one office, but combined with all the others, it means much to the future welfare of your county.

Your vote is very very important. Use it well and everybody will be better off in the future.

I have been rebuked a few times for speaking up and asking my friends to help DuRan. Now, if DuRan and I were not half-brothers, I would be obligated to him anyway. He started helping me when he was a small boy, and he has continued to do so everytime I have needed help. The last time I was in a race, he wrote letters and campaigned for me from the South Pacific.

I think that he is a fine young man. Our mother is Minnie Jones Moore, granddaughter of Nelson Craft and Eliza Reynolds. I was the only child of mother's first marriage. My father gave his life to Our Country before I was old enough to remember.

Mother married Marson Moore, who was born and raised on Beaver Creek, and was the son of Wid Moore and Susan Mosley. He has been a good step-father, and my brothers and sisters are all Moores. DuRan was born in Kentucky, I was born in Indiana. He married a Campbell and selected Floyd county for his home. I married a Stone and selected Knott county.

For these reasons I come around and talk and wish for my friends to vote for DuRan. I don't desire to hurt anyone, but those of you who know me, and feel that DuRan is worthy of your support, and not otherwise obligated, we will greatly appreciate your vote for him.

I lived at Wayland when a boy where my step-father worked. I have served Floyd county as an official. I love and respect and trust the people of Floyd county. I have sent to Floyd county two times out of three to get special juries to try important cases since that I have been Circuit Judge. You will always be my friends to me.

May God be our keeper now and forever.

Your friend,

JOHN CHRIS CORNETT

'Bear' Facts-

By PAUL RYANT
UK Football Coach

LEXINGTON, Ky. — NO MAT-
TER WHAT the weather, come
more, it is the time more often
than not on game days or com-
mish, the mere mention of a Ten-
nessee-Kentucky football game al-
ways arouses a lively discussion.

For the benefit of the grandstand
strategist's off-season planning on
the subject of best ways to beat
the Vols, I offer this week a scout-
ing report on the "Colossus of the
South."

First, it should be realized by one
and all that the "change in adminis-
tration" from General Neyland to
his capable assistant, Harvey Rob-
inson, will in no way have any ad-
verse effect on the efficiency of the
Tennessee football machine. The
new man in the driver's seat, a Vol
quarterback of the early thirties and
Neyland's chief assistant since 1946,
is not new to the Tennessee sys-
tem. Robinson has said he plans no
basic changes, but reportedly he will
strive to improve the passing game
to put it on a par with their danger-
ously potent ground attack.

THE VOLUNTEERS actually may
not be four and five deep in ex-
perienced linemen at every position
for the coming campaign since their
losses included a few top players,
such as lineman Doug Atkins, John
Michels and Frank Holahan. But
the key to their personnel situation,
which means just must, is the
abolishment of the two-platoon
system, is in the admission by Rob-
inson that "the big factors in the suc-
cess of the 1952 team were the ex-
ceptional strength of our defensive
unit and the performances by sev-
eral different men in the key tail-
back position."

A host of good, experienced tail-
backs plus the best pair of ends in
the conference (Franklin and Rol-
lins) and the best linebacker (Bar-
bich) should make the single wing
go in the traditional Tennessee
style. And reports also reveal that
Coach Robinson spent better than
60 percent of spring practice time
pushing that tailback powered of-
fense, apparently considering the
defensive situation well under con-
trol.

WITH THE ADVANTAGE of ex-
tra practice as they prepared for
their Cotton Bowl engagement last
New Year's Day and a cleverly-ar-
ranged '33 schedule, the Vols are
going to be tough to beat. They will
very definitely improve as the in-
tense timing vital to the single wing
process is perfected and the season
progresses to the homecoming clash
with UK.

Berry Crop Drops Two-Thirds from 1952

Frankfort, Ky., July 27 (Sp.) —
Kentucky's 1953 strawberry crop
was less than a third of that pro-
duced during 1952, according to a
final report on the crop made today
by the State Department of Agri-
culture.

The total this year was 79,162
crates, which includes strawberries
marketed through associations and
major processors within the state.
The 1952 production was about 240,
000 crates. The market value of this
year's crop was \$559,323, for an av-
erage of \$7.03 a crate.

Poor weather conditions last sea-
son when the plants were started
and this spring at blooming and
bearing time were blamed, along
with labor shortages in some areas
for the sharp decline from last
year's production.

A drought last summer severely
damaged new plant beds, which
were fewer in number already be-
cause of a scarcity of labor.

A late frost at blooming time cut
the unexpected yield still more with
the Bowling Green and Paducah
areas suffering a 40 per cent loss.
Then just as the berries were ready
to pick in the western part of the
state rain started and continued for
10 out of 14 days of the harvest.

In the Louisville, Jefferson and
Somerset areas just the opposite
happened with hot dry weather at
harvest time reducing the yield.
Only the area around Covington had
a normal season.

Despite the discouraging crop this
year, growers have increased their
plantings for the 1954 crop and,
with normal or near-normal weather,
next year's yields should show a
big increase, the report said.

AT CENTRE SUMMER TERM

Garland Howard, of Allen, is at-
tending the 1953 summer session at
Centre College, Danville. The sum-
mer session is an accelerated pro-
gram designed to accomplish what
normally would be a regular semes-
ter's work.

Howard is the son of Mr. and
Mrs. Allen Howard. He was gradu-
ated from Millersburg Military In-
stitute with the class of 1952.

Notice to Bidders

The Floyd County Board of Edu-
cation will accept bids on plumbing
for the Wayland school at its meet-
ing on Aug. 4, 1953, at 1 p.m. Plans
and specifications are on file at the
Superintendent's office. The Board
reserves the right to reject any
and all bids.

on Steleway Farm, Bourbon county

TO MY FRIENDS, EX-PUPILS AND THE MANY TEACHERS WITH WHOM I HAVE WORKED IN THE PAST:

I served as your County Superintendent of Schools for
9 years and taught in the public schools of this county for
54 years. In all, it was a lifetime of service. It has been a
long time since I have seen some of you. Time flies and
we all grow old. I am retired from active participation in
public affairs and have been for a long time. But at this
time when Good Government is an issue in our county I
deem it my duty to speak for Joe H. Cooley, my cousin,
for Sheriff. I have known him all the years of his life and
I assure you he is worthy of your support.

As I have said, time flies. I am 77 years of age and it
does not seem very long ago when I served you as your
County Superintendent of Schools. We were young, eager
for good government and a good county. Together we did
our bit. Why not continue the good fight for a good county
and a better place in which to live? To do so we can
support Joe Cooley and having done so we will have the
assurance that we have done our county a service.

This is, perhaps, the last accommodation I may ever ask
of my friends and fellow teachers.

Your support will be appreciated by Joe, myself and
all the forces working for Good Government.

Sincerely,

HARRY N. COOLEY

HALE ON SPOT AGAIN

"More Than 700 Kentucky Churches in a Co-Operative Temperance Effort"

TEMPERANCE LEAGUE OF KENTUCKY, Inc.

(Successor to Anti-Saloon League of Ky.)

210 McDowell Bldg. 3rd & Walnut, Louisville, Ky.

PHONE Jackson 1632 NIGHT, ATwood 4794

WALTER C. HOUSE, Executive Director

July 15, 1953

To Whom It May Concern:

The Temperance League of Kentucky has received inquiries con-
cerning the voting record of Mr. Henry C. Hale on wet and dry legisla-
tion while he served as a member of the Legislature.

In looking up the record we are sorry to report that in our opinion,
Mr. Hale assisted the wet cause both in the 1948 and the 1952 sessions
of the Legislature.

In 1948 Mr. Hale voted for House Bill 197. This bill was the most
terrible wet measure passed in a good many years. It crippled the
county unit plan local option law.

In 1952 a bill was introduced to nullify the 1948 wet amendment.
The committee which held the bill appeared to be very reluctant to
report the bill out for passage. A maneuver was started by the Drys
designed to take the bill away from the committee so that the House
could vote on the measure.

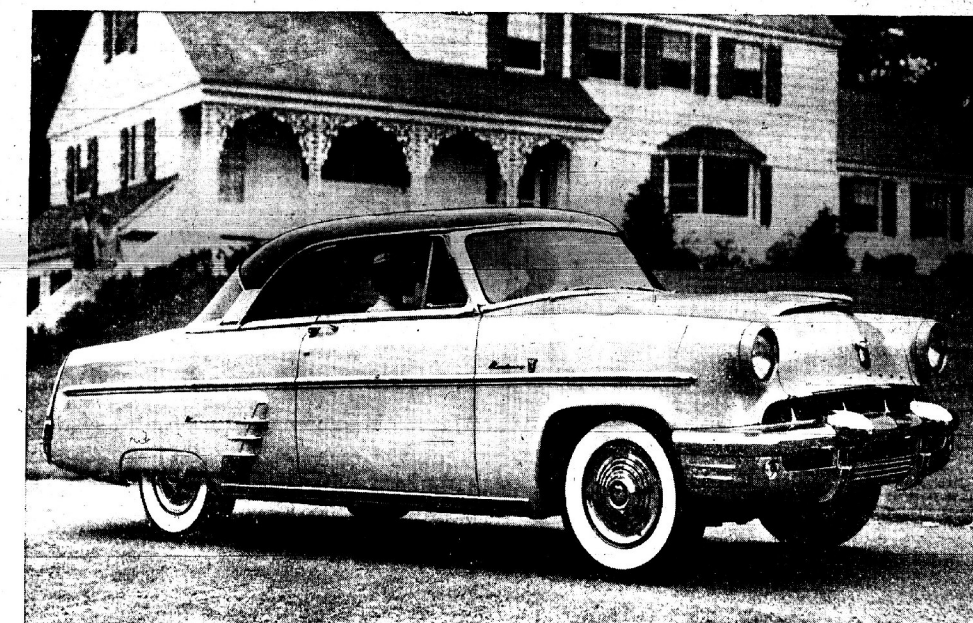

Again in our opinion, Mr. Hale helped the wets, for the record
shows that Mr. Hale although present failed to vote. Again Mr. Hale
seemingly refused to help the dry cause and acted against the wishes
of the good Christian people of our state.

Sincerely yours

WALTER C. HOUSE

NOW...MORE THAN EVER...IT PAYS TO
MAKE UP YOUR MIND ON THE ROAD!

Coop

You'll find a fresh new design note in Mercury's
beauty—inside and out. But the real thrill
comes when you get behind the wheel and head
her for the open road. Here's surging V-8 power
combined with a nimble handling case that makes
other cars seem stodgy. Here's V-8 performance
you can count on in every driving situation
—for Mercury is no newcomer V-8, no old-
fashioned straight eight. V-8 engines are the
only kind that have ever been good enough for
Mercury—and this is the greatest yet.
After you've driven a Mercury, come back and
get the facts about its proven high trade-in
value. Year after year, Mercury is consistently
tops in its field! Now—more than ever—it pays
to drive a Mercury! Drive one today.

Vote for LON C. HILL for Representative

2ND NAME ON DEMOCRATIC BALLOT

Floyd County Times, July 30, 1953 — Sec. 3, Page 3

The top 50 coal companies produced one-half of total bituminous coal production in 1952.

Canada imported 20,861,288 tons of bituminous coal from the U. S. last year.

It's All Mixed Up—Let's Change It By Voting For

NORVEL MARTIN

Son of the late Kendall Martin of Eastern, Ky., for the Democratic nomination for

JAILER OF FLOYD COUNTY

The only school teacher on Democratic ticket for Jailer.

WILL NOT TAX SCHOOLS

Frankfort, Ky., July 27. — The Attorney General's office assured regional representatives of the Federal Department of Health, Education and Welfare that schools operated by it within the Port Knott military reservation are not involved in the attempt of Baldwin county to assess certain private property within the reservation.

No effort has been made to assess other than certain large apartment buildings within the reservation, and it is now expected that these structures are subject to state taxation, the opinion declared, "but this is not applicable to buildings unless used for private gain."

Two thousands coal mines in Virginia each annually produce more than a million tons.

POLLUTION PROBLEMS CITED BY COMMISSION CHAIRMAN

Frankfort, Ky., July 27 (Sp.) — Candidates for city offices in Kentucky were asked today by Henry Ward, chairman of the State Water Pollution Control Commission, to consider sewage treatment needs in their cities in developing their platforms.

Ward said that the majority of municipalities either do not have sewage treatment plants or existing facilities inadequate. The commission recommends that the cities have provision of financial aid for treatment works but, insists that the cities cannot ignore these problems, he said.

The major problem confronting the cities which need sewage treatment plants is one of financing the cost of construction. Ward said, "Some are asking the Water Pollution Control Commission to approve plans for major sewer extensions without making provision for treatment plants. In these instances, the commission is confronted with the suggestion that existing water pollution be increased and, of course, this is something the commission cannot very well do."

An Attendance of 1,000 Expected at Church Meet.

Rev. Roy R. Boardwright, the Secretary of Department of Sunday School work for the Baptists of Kentucky, announced that he expects an enrollment of 1,000 at the Kentucky Baptist Sunday School Week at Oodamore, which is near Bardonia, August 10-14.

Dr. V. L. Stauffer, assistant professor of preaching of the Southern Baptist Seminary, Dr. Laurence Cleland, pastor of the First Baptist Church of Cape Girardeau, Missouri, Rev. Arthur Hicks, State Sunday School Secretary of Missouri will be among the speakers.

The first session is to begin on Monday, August 10, at 7:30 p.m. with Robert James and Reverend James S. Haskins in charge of the musical program. A young ladies sextet from the Parkland Baptist Church, Louisville will furnish special music at all the sessions.

This year Kentucky Baptists are making preparation in their churches to increase the Sunday school enrollment 70,000 in 1954, which is Kentucky's share of the "Million More" for the entire Southern Baptist Convention.

By: ROGER TURNER

"Happiness is not a point to be reached... it is a way of traveling..."

No doubt you can recall many instances when you thought to yourself, "Oh, if only I had that new dress I'd be happy, or 'One more promotion or raise and I'll be happy.' The fact that we can remember thinking this very thought, in so many instances, should be proof enough that when we get the one thing we so badly wanted we immediately want something else before we can be happy. What a common walling... one of which we are all guilty... planning our hopes on something as yet unattained, instead of being thrilled with what we have, content to go along looking forward to what we may get in the future.

True, desiring something is an important part of our lives... it is an incentive and something for which to strive. However, why wait for happiness? Let's be happy TODAY, despite what we may or may not have. If something comes along, then let's remember that an extra blessing from heaven.

HALE For COUNTY CLERK

Since announcing for the office of County Court Clerk on the Democratic ticket, my wife and I have visited practically every precinct in the County. From what the voters have told me, I feel more and more confident that I can win this race.

My opposition has, for lack of better campaign material, attempted to smear and undermine the favor I have with the voters by telling the people that I am not an independent candidate but am being run in this race by particular persons or special interest groups. I want to assure each and every one of you that my candidacy is an independent one. I am thirty-three years of age, married and have two children. I believe that you can easily believe that I am capable of making up my own mind and of running my own campaign.

If any of my opponents who are circulating this rumor would take the trouble to check my record during the three terms I have served this County in the State Legislature, they would find that my voting record proves that nobody can dictate to me. My voting record has been established by looking directly at each Bill and determining whether or not it would serve the best interests of the people of Floyd County.

During the three terms I have served you in the State Legislature, I have actively worked for larger appropriations for education resulting in better teachers' salaries and more money for retired teachers; I have stood solidly behind Mine Safety legislation, increased unemployment benefits and workmen's compensation. I have supported the road program, sponsored a bill to allow land-owners to get gas from lines running over their property. I sponsored a bill for duplicate hunting and fishing licenses. I have sponsored bills and worked in the interest of the railroad workers and have always supported benefits for the old aged, needy blind and dependent children.

I have not previously indicated in print the large number of people to whom I am related in this County, and for the information of the voters I should like to state that my father was James Hale, of this County, the son of George Hale, of Middle Creek. The Hales are closely related to the Shyphards, Howards, Wiremans, Stones, Salyers, Baileys, Pattons, Messers and Nelsons of Floyd county. My mother was Susie Stephens Hale, and she was closely related to the Mays, Flannerys, Bradleys, Crips, Barnetts, Pattons and Allens of Floyd county. I married Winifred Osborne Hale, of Martin, Kentucky, and her father and mother were Maryland Osborne and Alla Taylor. My wife's grandparents are Julia D. Martin, Buck Osborne, Ambrose Taylor and Celia Rogers. Her great-grandparents include Add and Emeline Martin, Bill Osborne and Polly Barnett. My wife's family is closely related to the Allens, Gearhearts, Combs, Greens, Spurlocks, Bakers, Wehls, Weddingsons, Mayas, Fairchilds, Porters, Clarks, Adams, Chas, Pratts, and Halberts.

However, I do not expect my relatives to vote for me for any reason other than the fact that I am capable of running the office of County Court Clerk, and will do so with efficiency.

Sincerely,

HENRY C. HALE

An Open Letter

From the

Troy B. Sturgill Children

TO OUR FRIENDS IN FLOYD COUNTY:

It is only natural that children who have love and respect for their father and mother would cherish their every desire and ambition in life, as well as be appreciative for the training and affection that their parents have bestowed upon them. So it is in keeping with these thoughts that we children of Troy B. Sturgill make an appeal to our many friends to support our father in his race for Sheriff of Floyd County.

It is with a great deal of enthusiasm that we make this request because it is one way that we can repay dad for the many sacrifices that he and mother have made in order that we might have received the good, wholesome and useful things in life. It is our opportunity to repay him for the many lessons that he has given us that have helped us to grow into manhood and womanhood with a sense of value for the good things in life that would help us to be useful citizens to our communities.

Our parents gave us the fundamentals in Christian living, as should be the training in every home, and we grew up with the firm understanding that it would be their only wish that we build our lives and the lives of our children on Christian principles.

It is with pride that we have an opportunity to cite the record of our father as a public servant and private citizen of Floyd county, and we are grateful for the confidence that the people of Floyd county have displayed as to his ability and integrity by having previously elected him to public office. We know that he has devoted much of his life to the cause of serving the people of Floyd county in a sincere, conscientious and faithful manner. We know

that he has spent much time and money for the up-building of Floyd county and through his efforts many roads have been built and many contracts for other improvements have been made.

We are proud of the fact that he is the only candidate who has submitted to Congress a written appeal for the Canalization of the Big Sandy—first in 1948 as Sheriff of Floyd county and second in 1953 as chief clerk of Kentucky State Senate. He has twice been elected President of Kentucky Sheriffs' Association and through his wide contact in the state could be useful to the people of this county in their efforts to attract other industry.

We are pleased that our father's record has never been marred by court action and he has never been arraigned before any jury or group of citizens for trial as a result of court action. It is heartwarming to hear people say the many nice things about dad as we travel in the campaign. We are proud of the fact that he has the confidence of the people and has always maintained his self-respect.

We are confident that our father will win this race and we promise you for him that he will render the same efficient, courteous, and accommodative service that he has rendered in previous years. It is on his record that we solicit your vote and will ever be grateful and thankful for your confidence.

Your friends,

**GWENDOLYN STURGILL DINGUS
WINIFRED STURGILL SKAGGS
BILL STURGILL
BARKLEY STURGILL**

Get relief from HOT weather with a ROOM AIR-CONDITIONER

TO THE VOTERS OF FLOYD COUNTY

As you know the election is fast approaching and I am making my final appeal to you and asking you to give due consideration to the man you are going to vote for the office of Jailer of Floyd county who will represent you for the next four years. I have covered most of the county and tried to see you all, but in order that you may better understand the type of man I am, I am giving you a history of part of my life:

I was born and reared in Floyd county on Doty Creek near McDowell, and my parents were Adam and Mary Turner nee Webb. I was brought up the hard way on a rough-and-poor farm and learned to work hard and was taught by my blessed Dad and Mother (long deceased) to be honest, sober and to do unto others as I wanted them to do unto me. I have farmed and worked in the mines practically all my life trying to make an honest living for my family. I am now a retired miner and consider myself a poor man.

I am 70 years of age and have Martins, Sturgills, Howells, Tacketts, never asked for an office before and my parents were Adam and Mary Turner nee Webb. I was brought up the hard way on a rough-and-poor farm and learned to work hard and was taught by my blessed Dad and Mother (long deceased) to be honest, sober and to do unto others as I wanted them to do unto me. I have farmed and worked in the mines practically all my life trying to make an honest living for my family. I am now a retired miner and consider myself a poor man.

Three Floyd 4-Hers Win Star Camper Rank French Boy Is Honored

This county had three winners as star campers in the annual district 4-H camp held at Nightingale, Johnson county and ending Friday, July 17, according to a list of winners released by O. E. Boggs, county agent. The three Floyd countians were Rose Salvers, and Donald Love, all members of the Maytown 4-H Club, and Joyce Ann Sturdivant, member Betty Layne 4-H Club, all members of the French farm boy who is studying agriculture in America, and who was a visitor at the Love farm for two weeks, was made an honorary 4-H member. He is now at the farm of Ernest Neal in Johnson county.

The section of the camp to which Floyd and eight other counties belonged discontinued activities Friday but another section represented by other and adjacent counties will continue to stay at Nightingale for a longer period of time. The Floyd county delegation at the camp was the largest of any other, consisting of 18 members and three leaders. The leaders were Mrs. Grace Stanley, Rose, Mrs. Lewis Campbell, Allen and Miss Betty Ruth Salvers, Betty Layne.

Amey Price, Martin county, won the gold medal as the highest honor of the campers. Joe Neal and Phillip Bradley, Johnson county, won the silver medals. Bronze medals went to Jo Childers, Pike county, Marybeth Washburn, Johnson county and Dracile Newman, Pike county.

The star camper list included besides the three Floyd campers, Paul Hinkle, address unavailable, Mary Childers, Margaret Hatfield, Teddy Clyde Hatfield, and Johnny Shephard of Pike county. Harlan and Lamson and Marlene Lemaster, star campers, were from Johnson county. Johnny Shephard was the winner of the recent state contest conducted among 4-H members.

Mr. Boggs, in commenting on the camping activities of the 4-Hers said: "Our camp was most successful. We were especially pleased with the interest shown by the members from Floyd. This interest was highlighted on visitors' night last Thursday when the largest number of visitors from any county appeared from this county."

TB Social Work Will Be Continued

Frankfort, Ky., July 27 (Sp.) — The Kentucky Tuberculosis Association, a private organization, has agreed to continue the present social service program being conducted in the six state-owned and operated tuberculosis hospitals, a service recently discontinued by the state because of budget troubles. The Association, through its spokesman, Irvin Nichols, executive secretary, made the pledge to Gov. Lawrence W. Wetherby and the staff of the State Tuberculosis Sanatorium Commission. The Association has agreed to underwrite the cost of the service at hospitals in Glasgow, Paris, Ashland, Madisonville, London and at Hazelwood Sanatorium near Louisville. Nichols said that the "very nature of the social worker's duties" is of immense help to the patient and his family and assists in developing those factors which will promote a speedy recovery, lessen the necessity of dependency and aid the patient's re-establishment as a useful member of his community.

HI HAT

(Last Week's Correspondence)

A birthday dinner was given Saturday for Betty Newman at the home of her son, Green, and his wife, Betty, received many pretty gifts.

It was hoped the lunch room would be ready for the opening of school which was Monday Saturday night of this week an auction will be held in the "Pine Theatre" after the show. The auction sale will consist of gifts donated from various people from the White House to our state capital, as well as local people's gifts. The purpose is to raise money for the luncheonroom. James Robert Stephens, who will be a senior at U.C. this year, is working with the road engineers in Leitcher, Pike and Johnson counties. He is studying engineering.

Christine Hall, Annette Herson and her husband visited their parents the past week-end. They are employed in Dayton, Ohio. Cliff, Irene and daughter, Edna May Aders, and George Little are vacationing in Florida for two weeks.

It is rumored we may lose the Stephens, Orville and Ann, soon to Christian church where they recently purchased a farm. Bill Hayes, who has been very ill for a long time, is feeling about the same.

Joelle Breeding is visiting in Louisville. A cooling system is being installed in the Price Theatre. We are sorry to lose a Hi Hat teacher, Miss Cecelia Chadill, she married a Whitesburg boy last week. They are going to Detroit, Michigan to find employment.

In Kenton county, 11 homemakers clubs honored foreign-born women in their communities, and a county-wide International Day was held.

SUBJECT TO REARREST

Frankfort, Ky., July 27 — A parolee prisoner is subject to rearrest at any time prior to his restoration to full citizenship rights, Franklin Circuit Judge William B. Ardrey ruled in construing Kentucky's parole law.

The jurist upheld contentions advanced by the State Department of Welfare that parole offenders could be arrested even though they had been out of prison for many years on a comparatively short sentence.

CARD OF THANKS

We wish to express our thanks to all our friends and relatives for the kindness through the illness and death of William Brannham and to the Davis and Misses employees, to Rev. Bob Martin, Rev. Edna Hughes and Rev. Clayton Wells and for all of the beautiful flowers and especially to the Hall Bros. Funeral Home of Martin.

—Mr. and Mrs. Sam Brannham and Family

"WHEN THIEVES FALL OUT"

There is much truth in the old proverb which tells us that the just get their due when thieves fall out. It is equally true that when good men disagree the bad men get their chance.

Good government is the result of good judgment and determination on the part of honest voters. In a race where there are several good candidates it is very important that the good citizens vote for the strongest good candidate rather than divide their votes for the benefit of the bad one.

The office of Representative is too important to our schools, our people, and our future to let it fall into the hands of the whiskey interests.

Vote for the man who will work for your interests.

LON C. HILL

REPRESENTATIVE
HONEST—ABLE—UNBOSSED

Why FORD'S your best buy!

"WORTH MORE" IS THE ANSWER... IT COSTS SO LITTLE TO BUY... SO LITTLE TO RUN... AND HAS SUCH HIGH RESALE VALUE!

The best buy in an automobile usually means the amount of pleasure and satisfaction the owner gets from his original investment, plus low day-to-day running costs, plus the amount of value he recovers when he sells his car.

What is it that makes Ford your best buy? Is it the fine styling and craftsmanship of its Crestmark Body... or its new "ride" with curve-bugging and bump-leveling qualities never before known in low-priced cars? Or is it Ford's famous V-8 or

Millage Maker Six? Maybe it's the easy way the car handles with Fordomatic Drive, or Ford's Master-Guide power steering! Perhaps it's Ford's suspended pedals, or Center-Fill Fueling or Full-Circle Visibility!

Actually, it's not just any one or two of these fine things that make Ford your best buy. It's all of Ford's "Worth More" features combined... features which make Ford worth more when you buy it... and worth more when you sell it!

"Best buy" when you ride! Ford's famous roller cushioned seats, front and rear, are so soft and so comfortable, interior fabrics, color-keyed to Ford's smart outside colors, would be a credit to any car at any price.

"Best buy" when you drive! Ford's suspended pedals operate more easily... eliminate dusty, drafty foot holes. And Ford drivers have a choice of Fordomatic Drive, Over-Drive or Conventional transmission.

"Best buy" at the gas pump! When you need to "fill 'er up", you do it the modern Ford way with Center-Fill Fueling. And Ford's Automatic Power Pilot gives you power to operate on a lean diet of regular gas.

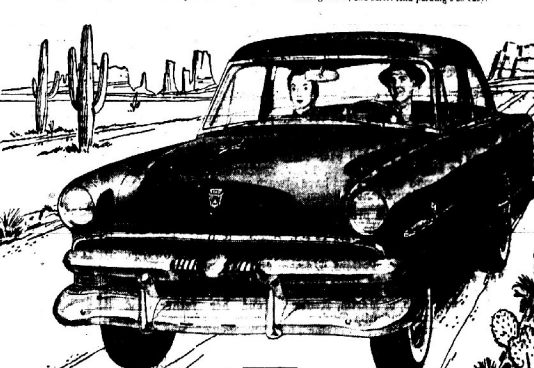

"Best buy" on the road! The rougher the road the better your Ford rides because Ford's new "ride" cuts front and rear shock along up to 80%... takes you over the bumps... and cuts sideways on turns.

"Best buy" in engine power! Only Ford in its field offers you a choice of V-8 or Six. Ford has built more V-8's over 13,000,000... than all other makers combined. And Ford's Six—the most modern in the industry—with Overdrive, won the Mobilgas Economy Run Grand Sweepstakes!

"Best buy" in power steering! Ford's Master-Guide (available on all V-8 models) supplies hydraulic "muscles"—automatically wherever you need them—to do the work of steering for you. All you do is guide the car. Makes all driving easier, and safer. And parking's so easy!

WORTH MORE WHEN YOU BUY IT... WORTH MORE WHEN YOU SELL IT

FORD

COME IN... VALUE CHECK IT... TEST DRIVE IT!

WILCOX FOR MAGISTRATE

DISTRICT I

This is to introduce myself, Lewis Wilcox, as a Republican candidate for Magistrate, Dist. 1.

I have lived my entire life on Little Point. I am the son of Ad and Emma Harmon Wilcox. I am related to the following: Wilsons, Harmons, Badgetts, Musics, Auxiers, Blackbourns, Robinsons, Hornes, Baidridges, Watsons, and Castles.

I married Lillian Langley, daughter of James and Bertha Saunsons Langley, a granddaughter of Joseph and Susan Click Langley, and Boone and Mahalia Potter Sammons, and am thereby related to the following: Fannins, Wrights, Fitzpatrick, Johnsons, Wallens, Robinsons, Keels, Spurlocks, Kirks, Crisps, and Richardsons. She is also a niece of John W. Langley, and Mrs. B. M. Spurlock and a cousin of Martin Leete.

I'll always be grateful to any support you can give me.

LEWIS WILCOX

(Pol. Adv. — 7-16-53)

STATE BOARD NAMED

Frankfort, Ky., July 27 — Members of the State Board of Election Commissioners for the coming year were named by Gov. Lawrence W. Wetherby. W. M. Hughes, Morganfield, was reappointed as Democratic member and Harold Margotte, Louisville, was named as Republican member to succeed James P. Miller, Louisville, whose name was not on this year's list of recommendations. Third member of the panel is Acree Austin, Clerk of the Court of Appeals, who is chairman by virtue of his office.

The State Board names members of the County Boards of Registration and Purgation, as well as County Boards of Election Commissioners.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.

Western Kentucky Teachers' College Bowling Green, Ky.

"APPROPRIATE FOOD"

One of my students recently brought me a good story about how customs once became so fixed that they will take precedence over hunger or common sense. He and another young chap had been fishing in Lake Cumberland. The only time place in their possession had stopped, so that they did not know what time of day it was after their night of fishing. They made their way to a small country store and decided to get some food. The other fellow ordered some cheese and crackers and was enjoying them, as who wouldn't? Suddenly the two fellows glanced at a cobwebby clock in the store and saw that it registered only seven o'clock in the morning. Perforce the man eating cheese and crackers threw them out the door, saying, "I do not eat cheese and crackers for breakfast." The minute before, he had felt that no other earthly food could taste like these old standbys. Now there is custom for you!

Now Evangelists have been criticized and razed about their strange eating habits, such as baked beans of pie for breakfast. Some of us Middle Western or Southern people feel that such food habits would be enough to send such people to a mental institution temporarily or longer. We people who were brought up on fried bacon or ham, eggs, not biscuits, gravy, jam, milk, and a few more such articles as breakfast regularly look down our noses at the funny people elsewhere. Take the Far Southerners, for example, with their endless bowls of grits. Why people away from the South eat their grits as if the very eating were a form of patriotism! One of my friends, who used to teach in South Carolina in the summers said that he would sooner have thought of defending the North than refusing his grits for breakfast. Poor, degenerate people of whatever origin who eat certain things for breakfast, to the exclusion of everything else still find it hard to live in a world where his hands or legs or bacon-and-eggs people are still in the majority.

To a great many ways I have lived as a rebel against customs, though I admire them greatly. This custom of putting desserts at the end of a meal instead of the beginning still worries me. What could be better to start or stop a meal than blackberry cobbler? What is there incompatible about pie and meat at the same time? Some people seem to feel that there ought to be a law against eating pancakes, sausage, and syrup together. Those who fear to break customs do not know what they are missing. I not mixing these together, as a good many people have learned to do in recent years. At fidelity we used to laugh at and feel sorry for the boy who would keep his quoniam, meat and vegetables and then pour a generous measure of asparagus molasses over everything. We felt that he was to be pitied, because he had lost his mother early and had, like Topsy, only "brother" to with no "brother" and "sister" in the family. I have apologized and hope that no amount of petticoat government has ever persuaded him to look his quoniam, meat and vegetables over her foot, every stylish lady in the land would soon be doing the same thing, not to pour sorghum over a plateful of victuals would brand one as far behind the times.

Since ice cream is one of our commonest foods, it seems perfectly appropriate to serve it at any time except very early in the morning. I have a confession to make, though I am not sure that it is anybody's business, something when I am alone, I eat ice cream for breakfast! Do you suppose that some angels would haunt me for being so depraved?

MARION MARTIN

FOR CONSTABLE

District No. 2

Dear Voters of Mountain District No. 2:
I have been a constable for the past 10 years and I am proud to be a constable. I am the son of the late Martin of Warland, Kentucky. I have worked in the coal mines for the past 10 years and am now a member of the United Mine Workers of America and have been for some time. I feel that I am qualified to be a constable of this district and will be able to treat them and you in the manner they deserve.

I have been a deputy constable for the past 10 years and I am proud to be a deputy constable. I am the son of the late Martin of Warland, Kentucky. I have worked in the coal mines for the past 10 years and am now a member of the United Mine Workers of America and have been for some time. I feel that I am qualified to be a deputy constable of this district and will be able to treat them and you in the manner they deserve.

Thanking you in advance for your votes and influence, and assuring you that I will endeavor to do my best, I am, Sir, very respectfully,
Yours for the office and the way and manner that you will see fit to have done to the best of my ability.
MARION MARTIN

This is my family.

For them and for you I became a candidate for the office of County Attorney. I ask only for the chance to serve you as you need to be served in this office.

My family and I have met you in your homes, your places of business and your places of worship in my campaign for this office. I want to thank you for the courtesy and consideration you have shown us and the encouragement you have given.

As you read this the campaign is in its waning hours. I have given you the truth about the condition of your county and the decision is now in your hands.

I have waged an honest campaign and have not said or done anything dishonest. When I return to my home on the eve of the election I know I can face my wife and two small boys unashamed of anything I have said or done in my campaign.

I have fought the honest fight and I shall always appreciate any honest thing which you can do for me on election day.

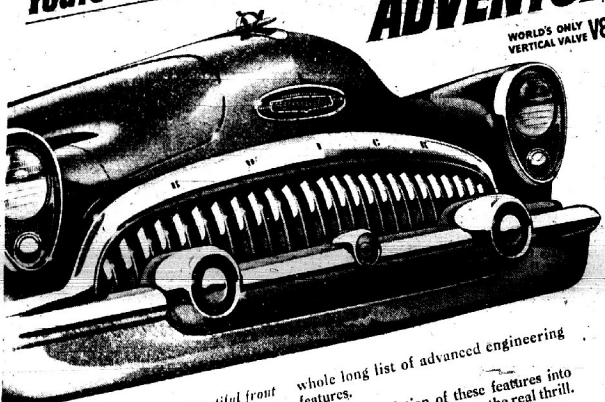

When I fall asleep the night before election day I shall do so with a prayer on my lips and hope in my heart that you good people will do what is best for Floyd county.

Yours for a better Floyd county,

EDMOND HERSHELL TACKETT

No. 5 on the ballot.

You're off to a NEW POWER ADVENTURE

Get behind this big, bold, beautiful front in the driver's seat—and get set for a new kind of automotive pleasure.

Get set for everything symbolized by the "V" of that ornament nestling in the nose of the hood.

Get set for the thrill of bossing the new V8 engine that crowns fifty great Buick years with record-high power.

This is an invitation to drive a 1953 Buick Roadmaster—where you command the power of the first Fireball V8 engine.

It is the only American passenger-car V8 with vertical valves—for greater engine compactness, uniform oil distribution to valve stems, full turbulence in the fuel charge.

It is the first such V8 to reach 8.5 to 1 compression ratio—the first to exhaust through a muffler of zero power loss—the first with a

whole long list of advanced engineering features.

But the translation of these features into performance is the real news, the real thrill.

You accelerate, cruise, climb hills with the performance of a case of almost limitless power—effortless ease of almost limitless power—effortless ease of almost limitless power—

HUNTING SEASON BAG LIMITS SET AT COMMISSION MEETING

Frankfort, Ky., July 13 (Sp.)—The hunting season and bag limits for 1953 were approved at a called meeting of the Fish and Wildlife Resources Commission held today in the offices of Commissioner Earl Wallace.

In every instance the season and bag limits are to remain the same as for last year, except there is no provision for a training season for raccoon or opossum dogs. The Commission pointed out that a season is provided from October 21 through November 19 during which raccoons and opossums may be taken with dogs only. The season for taking these two animals and muskrat, skunk, red fox and muskrat with guns, traps, dogs and by other means is November 20-January 18, both dates inclusive.

Other seasons and bag limits approved were: Quail, November 20 through January 18, with a daily bag limit of 10 and a possession limit of two or more days of hunting; 20. The date of the

rabbit season is the same and the bag limit again was set at eight a day, with 16 after two or more days of hunting.

The season for snuff or snuff grouse was again set for November 20 through January 18, with a bag limit of two, or four after more than one day of hunting. The squirrel season was set at an earlier meeting of the Commission. It opens on August 25 and extends through November 5 with a daily limit of six and a possession limit of 12.

A proposal was offered by Henry Ward, Commissioner of Conservation, that the Department of Fish and Wildlife Resources construct a dam in Carter county on Smoky Fork where it runs into Tipton Creek to create a lake of 45 acres in the Carter county park area. The Commission pointed out that a dam 40 feet high would be required, the land would be furnished by the state as well as blueprints and preliminary work for the dam. He stated that the park area needed water facilities to improve its appeal and that the proposed lake would provide fishing for a huge population in Kentucky and nearby states.

After a discussion of the proposal the Commission voted to construct the dam, with work to be started as soon as possible. Dr. A. W. Hall offered a resolution that the Commission consider as a project for next year a plan to construct a 175-acre lake near Covington, provided the land for the lake is made free to the Department. The resolution was approved.

The Commission voted unanimously to rescind a regulation permitting the sale of tagged Florida crapple in Kentucky. It was pointed out that crapple taken from Kentucky waters are being tagged with tags similar to those used on Florida crapple, and sold in the state. Due to this violation it was agreed to ban the sale of all crapple in Kentucky.

Following a discussion of the lake construction plan, Commissioner Wallace pointed out that it would be impossible, due to lack of funds, to consider any other lake project for the next two years. He pointed out that commitments already made will tie up all available funds for that period.

Built under construction or in the planning stage are lakes at Lebanon, Williamstown, Louisville, Carter county, Greenup county, Covington and Bowling Green. Commissioner Wallace promised that these commitments would be fulfilled as rapidly as possible.

During an afternoon session the Commission voted that there should be no hunting in Kentucky for the period November 6 to November 20 except for waterfowl as prescribed by federal regulations.

It also voted to purchase the 175-acre Shanty Hollow Lake in Warren county which lies 15 miles northwest of Bowling Green. The lake has been operated as a commercial venture and with the purchase by the Department will be open to the public for fishing. The purchase price, \$80,000 includes 255 acres of land which lies adjacent to the lake.

TO THE VOTERS OF FLOYD COUNTY

It has been impossible for me to see and discuss the issues of this campaign with each of you—yet I have seen many of my good friends and I am most grateful for their kind words of encouragement and with your continued support I am confident of victory on August 1st.

The issues of this campaign have been discussed by me in previous articles in this paper. You know what I stand for in the way of administering the affairs and business in the Sheriff's office. I have a proven record as to the manner in which I have conducted the affairs of the Sheriff's office as well as a record as to how I have accommodated the general public. I also have a record as a private citizen as to the way I have lived among my fellowman and you, the voters, are entitled to know my record and I have put forth effort to reveal it to you. After knowing this record you should not be deceived by promises by someone who has not made their record either as a public or private citizen available to you for your consideration. I have nothing to hide or protect about my record because I have long been proud of my record as a private citizen and public office holder.

You read and hear much about good government in Floyd county, and I am convinced it is the wish of the people to have good government, but I think they would prefer sound government conducted by experienced, sober, efficient and accommodating people who can temper the soundness of good government as is desired by the people. If each candidate who opposes me will reveal his record to the voting public, it is then and only then, that the people can cast their vote based on the actual record and not on a lot of idle promises that could never be fulfilled.

The Sheriff's office is the most important office in county government and should be held by a person who is experienced in the business of the office in order that he might render efficient service to the public. I have an unquestionable record in regard to:

A. LAW ENFORCEMENT—As in the past, I promise to be sober and have sober deputies—I will put forth full effort to see that churches, schools, and property owners received the fullest protection under the law—I will have a deputy in each magisterial district that will be paid a salary, and he will be thoroughly familiar with the basic understanding of enforcing the law. I have previously pledged to you my undivided attention to the much abused traffic law.

B. COOPERATION WITH THE SCHOOL SYSTEM—As I have in the past, I will cooperate to the fullest extent with our school system. I believe in a strong school system, and will use the influence of my office to see that we have an independent school system free from political pressure so that our teachers can do a good job for our children. I have raised four children in our school system and have a great desire to work towards its improvement as to more adequate buildings and teacher conditions. I appreciate the many teachers who are supporting me in this race.

C. FISCAL AFFAIRS—I collected and turned over to the county and to our school system over four million dollars of the taxpayers money during my term as sheriff. Every penny of this money was accurately accounted for. The records of the office were well and efficiently kept and based on this record, I am grateful for the support of most of the leading business men in our county.

D. ACCOMMODATING—I am always glad to be able to assist and help people with their problems. I have devoted much of my life, both in and out of office, to the pleasure of being a friend to people. I have always given freely of my time to accommodate the public. This record lends the people to say, "I am the same every day."

There will be many wild rumors and idle promises during the next few days and I urge you to consider the source of the rumors and promises and then you will not be deceived. I know the people of Floyd county and they know me, my family and my record, and it is upon these things that I ask you to vote and work for me until the polls close on August 1st. I am most grateful for your support and effort and will always be working for you in Floyd county.

Your Friend,

TROY B. STURGILL

CLIVE AKERS

FOR

TAX COMMISSIONER

FRIENDS, most of you know me and you know MY RECORD.

My grandfathers were Jake (J. P.) Akers and Alamander (SQUINT) Martin.

I have spent a good part of my life in school. I received elementary education on LEFT BEAVER of Floyd county, then I attended the CANEY CREEK COMMUNITY CENTER at PIPPASS, KY., where I completed two years of COLLEGE. In the year 1935 I graduated from college at Morehead, Ky.

Fifteen years of my life was spent as a HIGH SCHOOL TEACHER and ATHLETIC COACH. During the summer months of that time I worked as a MINER and a FARMER to further the education and support of my wife, three boys and daughter.

It has been a pleasure to have served you as TAX COMMISSIONER. I have tried hard to be FAIR, EFFICIENT, HONEST and ACCOMMODATING.

My record as a SCHOOL TEACHER, a CITIZEN and as your TAX COMMISSIONER is OPEN to all taxpayers, voters and citizens of Floyd county.

It will be my policy in the future as in the past to maintain SOUND and EQUITABLE PROPERTY ASSESSMENTS BASED UPON LOCAL CONDITIONS and I will be AGAINST "UNFAIR BLANKET RAISES".

If my record meets your approval I believe you will agree that I have the right to solicit your support August 1st.

YOURS FOR A BETTER FLOYD COUNTY,

CLIVE AKERS

THE OLD BASEBALL PITCHER
