We Stand on Common But Shaky Ground

We join Senator Morton in a venture into frustration.

Speaking a few days ago at the State Fair, the Louisville Republican "deplored" the fact that so many Kentuckians are leaving the state for the greener pastures to be found in other states.

He did not know it, perhaps, but he merely echoed the laments published in this and other newspapers of Kentucky, particularly in those of this section of Kentucky.

But what is the answer, Senator? Anything new? Anything that hasn't already been proposed? And what can we do to put into effect those things that have already been suggested as a means of keeping Kentuckians at home?

Jobs — good, well-paying jobs, work as lucrative as the employment offered in those "greener pastures" — is the simple answer. And the only answer. But how to provide those jobs? — there is the unanswered question.

Until that question is answered and until jobs are made available, we deplore and lament in vain. People must live, and if they can't live in Kentucky where they belong they must live elsewhere.

And don't mention, please, "Operation Bootstrap." In the matter of economic strength and position to help ourselves in the establishing of new businesses such as factories, we are without boots, not to mention bootstraps.

We have some of the raw materials needed. We have a rich supply of fuel, and we have the workers. But transportation we do not have, and if we produced things to sell in great volume we would be much like the oil-gusher far removed from either pipeline or highway. Until the Big Sandy and the Kentucky and other streams are made arteries of transportation, thus reducing the cost of getting products to market, we are a marked section — marked for depression and unemployment and desertion by those young enough and ambitious enough to want to get ahead in life.

Let the federal government invest in our greatest natural resource, human beings, let it dam the headwaters of our rivers and then canalize these streams, and we shall be in position to halt the outward flow of Kentuckians.

Until that is done, Senator Morton, The Floyd County Times and all sundry may point and point to what should not be, to what is wrong and so on, and yet we shall be merely setting out into other ventures in futility and frustration.

By Way of Introduction

I am JOYCE SHIRT ALLEN of Prestonsburg, Ky., Republican nominee for County Court Clerk. I was born on Right Beaver Creek at Lawley on November 6, 1930.

My mother is Theckley Osborne Short, daughter of Mary Radtiff Osborne or "Aunt Mary-Mill," as she is known to many friends and relatives throughout the county and the late J. M. "Mill" Osborne, of Eastern, Ky.

My father was the late Kenneth Short, who came to Floyd county in 1927-28 on construction of the compression stations at Warco and Boldman and was widely known in this county, especially among the gas company personnel and their families.

You, the voters, have been asking about the "Short" of my name and as stated above it was my maiden name which I retained as part of my name after my marriage to JAMES P. ALLEN, of Harold, Ky., son of James "Jim" Allen and Lillie Sturgill Allen, also of Harold, Ky. After my marriage, I became aware of at least two other Joyce Allens in Floyd county and therefore decided to write my name JOYCE SHIRT ALLEN as a matter of record.

I sincerely hope I will have the opportunity to personally meet and talk with you but if I cannot, I wish you would inquire among your relatives and friends as to my qualifications for clerk.

Sincerely yours,
JOYCE SHIRT ALLEN

FARM NOTES

By ROBERT M. JONES
County Agent

Due to COVER CROP

Due to the drought throughout the late summer there will be a shortage of hay this winter. Because topsoil fields have not made much growth in the adjoining states, the same situation exists which probably will increase the cost of cover crops. It is too late to produce much hay for winter this year, but a good cover crop will answer the same purpose. A good planting of small grains will supply many days of pasture this fall, winter and spring. Not only is it valuable as a pasture but it will provide a cover that protects your soil, and supplies organic matter to your soil when it is turned under. Seed on 9-10-10 or 6-12-12. This fertilizer will insure a good stand of small grain and will also be available for next year's crop.

Mine Rescue, First-Aid Contests Are Satuday At Pikeville Saturday

Annual mine-rescue and first-aid contests sponsored by the Big Sandy-Elkhorn Mining Institute will be held Saturday morning and afternoon at the Pikeville city park. It was announced this week by J. H. Mosgrove, secretary of the mining group.

The mine-rescue contest will be held at 9 a.m., and the first-aid competition at 2 p.m. Teams from mines over a wide section of Eastern Kentucky will compete.

TEACHERS LIST HELPS NEEDED FOR SCHOOLS

Returns from a questionnaire, "What Do You Think?" were tabulated this week by the attendance department of the Floyd county school system. Teachers, who were quizzed on - among other things - their preferences in the kind of supervisory assistance they needed this year, indicated in their answers that they chiefly wanted aid in materials selection with guidance of pupils running a close second.

Social Security Hits New High in Promoting Security for Families

With the payment of monthly benefits for the first time early in August to more than 100,000 of 50 and 65, the Federal social security program reached a new and important milestone in its mission to promote the financial security of the American family, according to statement made today by Thomas B. Thompson, district manager of the Pikesville, Kentucky office of the Social Security Administration.

Excuse the Preachment

Dr. Frank Dickey, president of the University of Kentucky, said yesterday that the University is not a factory where scientists and engineers are turned out, assembly-line style, but that it is a place where the proper atmosphere for learning is created and that the job is the individual's.

To My Many Friends and Relatives Of Floyd County:

My son, Dick Spurlock, is the Republican nominee for Circuit Court Clerk of Floyd County. He has never asked for any County office and I am making this appeal through your county paper to you for your support and vote. I am disabled and am unable to see you personally, and I shall appreciate it if you will take this message as a personal talk to you. Dick promises you a SOBER, HONEST and a COURTEOUS administration and I will stake my reputation on this.

It would please me very much if you could come to see me at any time.
Always your kinsman and friend,

To The Citizens Of Floyd County
I, Harold Conn, a Democrat, of Tran, have had the distinct privilege of having been closely associated the past few years with DICK SPURLOCK, your candidate for Circuit Court Clerk, and it is my firm belief that Mr. Spurlock is without question one of the finest, most admirable Americans I have ever been associated with. Truly it is an honor to me to have such a great person as my friend. Citizens, today I thank God that I am an American and a Kentuckian with the privilege of voting for such a good, honest citizen as DICK SPURLOCK.

To The Voters Of The 29th Senatorial District Composed Of Floyd, Knott and Martin Counties
Following the loss of my friend and neighbor of many years, the late Senator Doug Hays, I was chosen by the Senatorial District Committee to be the Democratic nominee for State Senator to fill the unexpired term.
I never requested the nomination, because I had no desire to be a candidate for any office. Convinced, however, by my friends and party leaders that because of my past experience and my relationship with the present State Administration I could be of service to the people of Eastern Kentucky, I agreed to accept the nomination.
My name will, therefore, appear on the November ballot as the Democratic nominee. I humbly ask your support.

SUPPORT AND ELECT

BERT N. PORTER

THE REPUBLICAN NOMINEE

I was born and raised at the MOUTH OF COW CREEK, EMMA, KY., and am now 39 years old. I'm the son of the late Bertram Lee Porter and Margery Harris Porter; married to Matta Sue May, daughter of the late Caleb Sherman May and Martha Louise Muncie May. We have one daughter, Madelyn Sue, a Junior at Prestonsburg high school. I have one brother, Walter Harris Porter.

I am a member of the IBEW Local Union No. 317, AFL-CIO, a veteran of World War II and am now commander of Walter Kerr Bowling Post 869, Veterans of Foreign Wars, member of the American Legion Post 129 and a member of all MASONIC bodies.

I have a small business at the mouth of Cow Creek, and I believe that you will find that I'm a fair, just and HONEST man to deal with. When I'm your MAGISTRATE I'll put our entire DISTRICT on an EQUAL BASIS and I'll personally guarantee that our road equipment will be used to build and maintain our much-neglected roads of our District and County for 12 months each year and not just at election time, as has been a common practice in the past. My office will be conducted with respect at all times whether it be at the courthouse or in my home.

For fairness and equality for all, BIG or SMALL support and elect me in November.

To the People
Of Prestonsburg

After several weeks of talking with many of the good citizens of the town, and after weighing the matter carefully even prayerfully, I have decided to make the race for Mayor of Prestonsburg at the coming November election.

I propose to make this race not out of any particular personal ambition of mine but out of a desire to help our community become a better place to live in and a more decent, law-respecting and law-abiding city.

From time to time in coming weeks I will frankly state my position on the several matters that should be of interest to us all.

I will be on the ballot as a candidate who will fight and fight hard to win but who will oppose others in a spirit of goodwill, with my main purpose to be of service to the place I live in and to the people among whom I live and work and make a living.

Your support and the influence you can use in my behalf will be deeply appreciated.

TO THE GOOD CITIZENS OF MAGISTERIAL DIST. 2:

There is a lot of talk going about among the people that Zeb Ousley is elected Magistrate that I will be his clerk or boss. Now I want you all to know that every word of that is false. Zeb is able to conduct his own business. I know, and he Lord knows, there has never been any such promise made. I have a job, am working for myself, and I want the people to know that there is not a nicer man anywhere than Zeb Ousley. He worked for me three years and I found him to be honest, sober and absolutely reliable. I don't think the people of District No. 2 could elect a better man. I am 74 years old. I can't afford to lie. Zeb is no relation to me, except by my first marriage. As to being his clerk or boss, that is

absolutely wrong. You who do know Zeb, ask all the men who work for him—they will tell you he is fair and honest. You can rely on him. I hope you all will help Zeb. Let's give him a good majority at our November election. I want you who read this article to know this is from the depths of my heart. And good neighbors, remember we have to give an account for our behavior here. So I pray you will all believe what I have written and go out and support Zeb Ousley, and the good Lord will bless you for supporting such men. May the good Lord bless each of you.

I remain, as ever,

TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, P.M.
Western Kentucky Teachers College, Bowling Green, Ky.

"NAILS AND HAIR"
A whole book, a very interesting one, could be written about such odd subjects as finger nails and hair. Even superstitions about these necessary appendages would run to many pages. If all the stuff that has been written about falling hair were brought together, it would be a good thing, provided a can of gasoline and a lighted match were ready for the fun.

Finger nails are queer things, anyway. It is very bad luck to cut a baby's nails until it is so old that age varies in various parts of the world; hence I am unable to give a specific pronouncement. Be sure to burn or bury nail cuttings; if an enemy could get hold of them, he would have you in his power, by making a conjure bag and putting these or cast-off combs inside. Biting finger nails prove just about everything from some high-sounding psychological something to plain craziness. And nucking one's finger portends most of the ills that can happen to humanity. And the day on which you cut nails will determine your luck, good or bad, from now on. You had better wait until the sixes are right here, you undertake such a dangerous thing. And toes and fingers are unlike in this matter; the month of March is unlucky, and near old Friday, the "most unluckiest" day of them all, should be avoided for nearly everything.

Don't wash your hair on certain days, also unlucky for just about all your activities. Don't sit in a draft after washing your hair, even in hot weather; pneumonia and all its friends will camp on your doorstep if you violate such simple rules. And look out for shaving lirr on the neck; that will make the hair coarse and very plentiful, too. Just how the hairs know a razor from a pair of shears is more than most superstitious ones have told me. And, unless you want to dare the fates, don't burn hair-combings; that will make your hair brittle. And start right now to attack your falling hair; you will probably still be attacking the remnants when you are old enough to retire. Patent medicine will relieve the swelling of the pocket, but it is an afraid that it will seldom relieve falling hair. Buy two bottles of stuff and try an experiment; let one be a loudly-advertised hair restorer and the other one plain, undiluted branch water. Rub the patent stuff on one side of your head according to directions; ditto, the branch water. After a six-week treatment, please advise me of the results. I think that would add a

Right To Work Group Files To Incorporate; Ex-Unionists Members

The Kentucky Labor Committee for the Right to Work filed its formal incorporation papers in Parkersburg this week. To be eligible for membership in this group it is necessary that its members be former union members or former union members or non-union employees before the rank of foreman.

The incorporation papers state the purpose of the committee is to obtain legislation to prevent union membership being made a basic condition of employment in Kentucky. The group hopes to provide Kentuckians with the freedom of choice to be able to join or refuse to join any labor organization and also provide relief of being able to withdraw from a gangster, racketeer or communist backed organization without fear of losing one's job.

The original incorporators are: R. P. (Pete) O'Connell, former member of the Railway Clerks Union, 2303 Manchester Road, Louisville; Ed. N. Schumann, former member Local 10, International Typographical Union, 425 S. 3rd Street, Louisville; and W. Holla, former member International Brotherhood of Electrical Workers, 904 Evelyn Avenue, Louisville.

Mr. Schumann said he has long fought compulsion in any form as being evil and un-American and believes that working men themselves must throw off the shackles which now bind them and future generations unless something immediately is done about it. He also said, "the recent McClellan hearings in Washington of corruption, goon violence, communist infiltration and despotic grab for power makes it necessary for rank and file members to again gain control of its own leadership. Right to work forces the union boss to sit rather than compel a person to join."

HOW DO YOU LIKE THE MACHINE?

The Republican voters at the Primary Election voted for and nominated GORDON COLLINS for County Judge.

But look who's running—GORMON COLLINS.

Was the rank and file of Republican voters consulted? Or did the Machine go to work after the Sheriff had managed to stay on the County Election Commission through the Primary, and then hand-pick himself for the final election instead of his brother?

Sheriff Collins speaks of me taking the Fifth Amendment. Is he taking the Fifth Amendment and refusing to answer my question in the Floyd County Times of September 5, which read:

"To what court has all this whiskey, gin and beer that we have confiscated been taken? The law provides that such illegal liquors shall be turned over to a court of law."

The people have a right to an answer. Why is it not given? The people themselves would do well to make some honest, searching questions in these and other matters of this sort.

To the Man Postponing a Dream!

The man you see above—watching a beautiful new 1957 Cadillac as it takes the sweep of the boulevard—is representative of a goodly number of American motorists.

He is a gentleman who would like ever so much to own a Cadillac car—but who feels the time is not quite propitious for him to do so.

Well, we have some sound advice for this gentleman, and for those like him, and it is this: Come in, sir, and see for yourself!

First of all, you will find that today's Cadillac car is exceptionally practical to own and to enjoy.

In fact, its relatively modest cost, its wonderful efficiency of operation, its great dependability and its marvelous resale value mark it unmistakably as one of motordom's soundest investments.

And then you will discover that your dealer is currently prepared to give you a most generous allowance on your present car. In fact, the transition to Cadillac is easier today than it has been in many, many years.

And, as if this were not sufficiently gratifying in itself, your dealer can assure you of prompt delivery on your favorite model.

In short, if you are the man postponing his dream of a Cadillac, then the odds are that the "golden moment" has arrived!

You should visit your dealer today—take the wheel for yourself—experience the marvels of Fleetwood luxury—and listen to the revealing facts about Cadillac practicality.

He'll be waiting to welcome you—soon!

To The People

Of Floyd County:

You have a right to know as much as is possible to be learned about those who are asking you for your votes for public office, and I hereby invite each of you to inquire into my private life and all my business dealings with any and all men.

It is on the basis of personal honesty and an honest desire to see the right things done for Floyd county that I am asking your support of me in my race for the office of Sheriff, one of the most important in the county.

Please inquire about me, consider yourselves, your families, your neighbors and all who live in Floyd county and depend upon their officials to serve them honestly—then vote as your conscience dictates. I cannot ask you to follow any other guide or to attempt to do more.

Your friend,
D. P. (Perk) DINGUS

MARTIN YOUTH STILL MISSING

Search on for Hicks, 19, Who Disappeared Monday En Route to Mayo School

Foul play is feared in the disappearance of Bobby Ray Hicks, 19-year-old Martin youth. State police and county and city officers over a wide section have been alerted. No trace of him had been found as of noon today (Thursday).

The youth, a son of Mr. and Mrs. Lawrence Hicks, of Martin, was graduated last year from Martin high school and he left home at 8 a. m. Monday to hitchhike to classes at the Mayo State Vocational School at Paintsville. When he failed to return home Monday night his parents became alarmed and instituted a search.

Young Hicks did not reach the Paintsville school, his parents were told. A check with armed forces recruiters disclosed that he had not joined any branch of the service, and his whereabouts remain a complete mystery.

Young Hicks was described as 5 feet 7 inches tall, weighing 180 pounds, having black, curly hair and brown eyes. He wore a gray nylon jacket with red lining, checked shirt, tan pants and black shoes.

James Basil Kidd, 64, Stroke Victim Thursday At Pikeville Hospital

Civil Defense Week Observed

Frankfort, Sept. 18 (Sp.) — Gov. A. B. Chandler has proclaimed this week, Sept. 15-21, "civil defense week" in Kentucky and urged all citizens to participate.

The governor's proclamation said that "a strong and efficient civil defense is recognized as a means of attaining peace or personal and national survival in the event of enemy attack."

The strength of the nation's civil defense "depends upon the state of individual and community disaster preparedness throughout the nation," the Governor said.

Chandler Calls Education Meet

Frankfort, Sept. 18 (Sp.) — Gov. A. B. Chandler has called the second Governor's Annual Conference on Education to meet at Louisville, Sept. 28-29.

Chandler said the approximately 500 persons to attend will represent business, labor, agriculture, public service and the professions.

Theme of the conference this year will be "education beyond the high school."

This theme was adopted, Chandler said, "because we are faced in our State with critical problems involving the state colleges, the University of Kentucky, and the state program of vocational education beyond the high school level."

Chandler added "the university and the colleges have the greatest responsibility in their histories. Buildings and staffs are inadequate to meet even present day needs, much less the tremendous additional burden that must be borne in the future."

The governor declared "as our state continues to become industrialized, we will have an ever greater need for trained labor, and our program of trade and industrial training must be expanded to meet these needs."

Arts and crafts, swimming and getting together in special units formed the center of the Prestonsburg, David and Paintsville day camp program held the last of July and first of August at Sandy Valley Council's Girl Scout Camp Chatterwa located on Dewey Lake.

The six-day program was under the direction of Mrs. Robert Hughes, of Prestonsburg who was assisted by Mrs. Russell Preston, of Paintsville. Approximately 75 girls of the Brownie Scout and Intermediate Scout levels get together for camping after the regular overnight camping program finished at camp. Senior

Scouts from the various communities helped the volunteer mothers. Three units were formed of the different age groups. The Lower Brownies organized Sweet Bee Hill, the Upper Brownies gathered together at Lakeview and the Intermediate Scouts formed another. The latter group ended their program with an overnight camping and cookout program the last day. The camp was in session Tuesday, Wednesday and Thursday of two consecutive weeks.

It was the first time that the local day camp programs have been combined among neighboring communities near the camp-

Barren-co. Girl New Rea Queen

Frankfort, Sept. 18 (Sp.) — Again it is a Barren county beauty who is "Miss Kentucky Rural Electric Co-op of 1957."

Miss Annette Harlow, 18-year-old brunette, succeeds her best friend and classmate, Miss Bunny Wells, 1956 queen, as winner of the annual contest held at the State Fair.

The new queen is 5 feet, 7 1/2 inches tall and weighs 123 pounds. Her measurements are 38-24-36. The daughter of Mr. and Mrs. Charles P. Harlow, Annette and her sisters, two brothers and a brother-in-law, live on a 214-acre farm.

She graduated from Temple Hill school last spring and is working in a sport-shop in Glasgow, nine miles from her home.

As winner of the state title, Annette won a bouquet of red roses, the crown for a year and a chance to go to Dallas on an all-expense-paid trip early next spring to compete for the national title of Miss Rural Electrification of 1957. Here she hopes again to succeed her friend Bunny.

Society Displays One of Earliest Multi-Fire Guns

By Charles F. Hinds
Secretary-Treasurer, Kentucky Historical Society

Frankfort, Sept. 18 (Sp.) — The Kentucky Historical Society has on display in the Old State Capitol one of the few Requa guns in existence. The Requa was one of the first multi-fire weapons developed in the United States, of which the inventors during the Civil War.

The Society's Requa is minus one of its barrels, which was used as a substitute for a poker in the adjutant-general's office for more than a century. According to tradition, the gun was manned by Frankfort Home Guards in defense of the St. Clair Bridge in Frankfort against John Hunt Morgan's raiders.

Almost from the first introduction of gunpowder into Europe for military purposes, efforts were made to produce "volley-fire" weapons, which send the maximum number of rounds toward the enemy with the least possible number of guns.

Probably the first such weapon ("tribaud" or "tribalidequin") was employed in a fourteenth-century battle by the English against a solid rank of armored French pikemen. Almost all of the rapid-fire guns until recent times were modeled after this multiple-barrel and volley-type weapon.

When the Civil War broke out in 1861, inventors on both sides rushed to develop an efficient, multi-fire gun. One of the first to be offered either side, the Requa Battery, looks suspiciously like the fan-shaped, volley-firing Gatling machine gun.

The Requa was built in 1861 by the Billingshurst Co., of Rochester, N. Y., for the Union Army. The tests were successful, and it was used by both the North and South.

It was variously known among the soldiers as the Billingshurst "covered bridge" gun, or "street-sweeper." Covered bridges were in abundance during the Civil War. With the rate of fire of 175 rounds a minute from its 25 barrels, the Requa came to be a popular bridge gun. It literally cleared the bridge of enemy cavalrymen. Several of these defensive weapons were delivered to Kentucky, presumably as added deterrent to cavalry raids from the South.

After the Civil War, the machine gun developed into an automatic, rapid-fire rotating or "single barrel" basic weapon. In 1876, General Custer left his four Gatling machine guns behind when he and his men rode to their death. In the Spanish-American War, the offensive potentiality of the machine gun was dramatically demonstrated at Santiago, Cuba, by Capt. John H. "Gatling Gun" Parker.

Veteran Benefits Are Increased

Frankfort, Sept. 16 (Sp.) - A new federal law authorizes increases to all veterans drawing compensation for service-connected disabilities. Director R. B. Thomas of the Kentucky Disabled Ex-Service Men's Board has reported.

Also increased will be the special allowances for dependents paid to veterans whose service-connected disabilities are rated at 50 per cent or more.

The increase will be approximately 10 per cent, except for those totally disabled veterans rated at 100 per cent, whose increase will be from \$191.00 to \$225.00 per month.

There will be no effect on the amounts received by veterans drawing non-service connected pensions or survivors of veterans drawing death compensation or pension.

Veterans who are receiving compensation need take no action to receive the raise. It will be paid automatically.

Thoroughbred racing began at Saratoga Springs in August of 1954.

MAYTOWN

W. S. C. B. MEETS

Mrs. E. Roberts and Ivan Bouch were hostesses to the Maytown Women's Society of Christian Service last Tuesday evening in the church basement. Mrs. John Leen was program leader on the topic, "How Large is Our World?" Mrs. Leen read the scriptures, which was followed by Sandra Sue Patrick's singing of the "Lord's Prayer." Others on the program were Mesdames Henry I. May, Thomas Patrick, Howard Ramey, Baisden Osborne, and Misses Karen Burchett and Cheryl Leen.

At the business meeting the reports were read and several topics were called to the Society's attention. Two of these—giving a donation to the M.Y.P. for their movie projector and helping with repairs on the parsonage—were discussed, but no vote was taken.

Mrs. Patrick, secretary of spiritual life, reported that a prayer lesson has been started. All members are urged to come a half-hour earlier the next meeting and join in the service. She also reported that a prayer box will be placed in the vestibule of the church for the convenience of those requesting prayer.

Mrs. Lucy Patton put her birthday money in the bank.

Hostesses for the October meeting will be Mesdames Elizabeth Leen and George Patton. Program leader will be Mrs. Charles Patton.

At the conclusion of the business meeting, a short social period was enjoyed and a dessert course was served the twenty-two members by the hostesses.

Mrs. Fletcher Gayheart, Ruby Mae, Rhoda Ann, Fletcher, Jr., and Gordon Hicks spent last week at the State Fair. While there they stayed with Mrs. Gayheart's brother, Clarence Edward Napier, who is employed with the Louisville police force. They were accompanied by Mrs. Kermit Howard, of Dwale.

Mr. and Mrs. Eves Frazier, of Lebanon, Indiana, and Mrs. Sam Kissell and children, of Olathe, Kansas, were visiting Mr. and Mrs. Frank May and other relatives here last week.

Mr. and Mrs. Charles Patton and Bala spent a week's vacation with Mr. and Mrs. Clyde Crisp and family in Maloneson, Ky., and Mrs. Ann Hilder of McArthur, Ohio. They were accompanied by Mrs. Catherine Patton, who visited her sisters, Mrs. Lily Adams, of Flatwoods, Ky., and Mrs. Ann Hilder, of McArthur.

Mr. and Mrs. Wendell Jones, of Middlesboro, spent the weekend with Mr. and Mrs. Wiley Jones.

Paul Osborne, Randolph Hicks, Conrad Brannan, and Fred Martin were the boys from Maytown who helped represent Floyd county in the 4-H Club poultry judges contest last week at the State Fair in Louisville.

Mr. and Mrs. Roy Hicks and children have moved into their new home below Warren.

Mr. and Mrs. Baisden Osborne, Paul and Ray attended open house at the Millersburg Military Institute last week. Their son, Jim, is a student at the school this year. Mr. and Mrs. Alroy Click moved last week to Martin where Mr. Click is employed by Hall Brothers Funeral Home.

Mr. and Mrs. John Hagans, of Pikeville, and Mr. and Mrs. Lee Prasure, of Shelbyville, were the Sunday dinner guests of Mr. and Mrs. Hugh Rowland.

Mr. and Mrs. Gene Prasure and children have moved into the Viola Street house which was vacated by Mr. and Mrs. Roy Hicks. Sandra Sue Patrick, Linda June May, Glennis Ramey, and Jimmy Hagan left this week for Morehead College.

Mr. and Mrs. Kenneth Blevins have purchased the Lowell Howard property on Wilson Creek and hope to move in soon.

Everybody was happy to learn that the condition of Earl Edward Webb is improving. Earl Edward Webb is a patient at a Lexington hospital where he is partially paralyzed by a blood clot.

The F. F. A. boys from Maytown who attended the State Fair were Robert Beffitt, Clennon Turner, Paul Maggard and Stevie Allen. They were accompanied by their teacher, Roy Denney.

Don't forget the Flower Show, Saturday, September 21 at 10 o'clock. Those wishing to make entries may bring them as early as 8 o'clock. The PTA is having a dinner in the lunchroom prior to the Flower Show.

These figures were compiled as of September 1, 1957, which shows by registration on the books a Democratic majority of 5,181 in District One. It will take a lot of crossing by Democrats to elect a Republican. It could happen, but the possibility is very very limited. We will give the figures in No. 2 later. Keep these figures as they are published, and when it is completed you will have the total in the county.

MORE and BETTER GRAIN

when you use
Southern States Small Grain Seed

Here's Why

- Seed is true to variety.
- Seed is treated for smut and other seed borne diseases.
- Seed is high germinating.
- Seed is high in purity.
- Seed is guaranteed. (A guarantee with a meaning.)
- Seed of new, improved varieties available.

Why Gamble?

A very poor harvest season such as we had this year is harmful to the production of good quality small grain seed. Southern States supply is good, but with heavier than usual demand the supply could become short.

Report is Made on UK Medical Center

The University of Kentucky's
new Medical Center will rank
among the top third in the nation,
Dr. William R. Willard, dean of
the UK Medical School, said in
a recent address in Paintsville.
"It is our belief," he continued,
"that this new center will help
to solve the medical problems
now facing our people in Ken-
tucky and it is our responsibility
to help meet such needs."
Describing the progress in de-
veloping the Medical Center, Dr.
Robert Stratus, medical philo-
sophist, noted that it will train phy-
sicians, dentists, and nurses and
will encourage more young men
and women to enter rural practice
in the years ahead.

Floyd County Sends 72 For Study This Year At Pikeville College

Pikeville, Ky., Sept. 18 (Sp.) —
Seventy-two Prestonsburg and
Floyd county students are among
the 464 enrolled for the fall ses-
sion at Pikeville College.
Pikeville's second four-year stu-
dent group is somewhat larger than
last fall's 49, and sets a new record
for a fall semester at the former
junior college. Dr. A. A. Parr, col-
lege president, said it also is the
most widely distributed enrollment
geographically in the school's 68-
year history. Also represented are
13 other Kentucky counties, 16 oth-
er states and five foreign countries
— Cuba, Germany, Iran, and
Korea.

ALLEN

The Woman's Society of the
Methodist Church met Thursday
night in the home of Mrs. Lowell
Williams for its regular monthly
meeting. The meeting was opened
with prayer by Mrs. Tincy
Crisp, with the president, Mrs.
Tincy Crisp, presiding over the
meeting. Devotions were given by
Mrs. Tincy Crisp, Mrs. Virginia

Little Temple Hill Has 'Corner' On 'Miss Kentucky REA' Title

The tiny community of Temple Hill has done it again! Last year the little town near Glasgow produced "Miss Kentucky Rural Electric Co-op of 1956," the beautiful and charming Bunny Wells. This year the town scored a repeat, providing "Miss Kentucky Rural Electric Co-op of 1957," Miss Annette Harlow.

Adding to the coincidence are the facts that Bunny and Annette are best friends, were classmates at Temple Hill high until Annette was graduated last May, and were cheerleaders together for two years.

Both girls won the right to compete in the state contest by winning the title of "Miss Farmers Rural Electric Co-op" at the Annual Meeting and Electric Fair Show of the Co-op this summer and last when Bunny won her local title, Annette was runner-up.

Annette, who was obviously a favorite of the crowd of 6,000 watching the state finals at the Kentucky State Fair, credited a part back success over the other 20 contestants to Bunny.

"Bunny just told me how to win and things like that," she said.

After winning the state title last year, Bunny went on to capture the national title of "Miss Rural Electrification of 1957."

One of Annette's prizes is an expense-paid trip to Dallas next February, where she will try to duplicate Bunny's feat.

Another Prestonsburg athlete who has made good in the armed services is Leon "Blue" Childers, the tow-head stepout from Emma.

Blue's latest achievements must have been as a result of both his pitching and hitting ability. He was selected as the most valuable player on the Astori Navy Marine Flyers who won the All-Japan Baseball Conference. The honor was awarded Childers as a result of a player's poll.

To quote an Air Force publication: "When Childers was named the team's Most Valuable Player, the guests filled the ballroom with applause to acknowledge a job well done."

"Childers, who was rather outspoken with his bat during the season, turned a timid receiver into a trophy and sat down without delivering an acceptance speech."

Paul Philip Hughes was practically walking around the ends last Friday night in Prestonsburg's first defeat of the season at the hands of Hazard, 13-6.

The senior quarterback, who runs like a skier twisting between markers holes, practically strolled for 41-yard run for Prestonsburg's only tally. Hughes isn't slow but is the type of runner who uses his block to the best advantage. When he sees daylight P. P. H. can turn on the steam.

Quoting from a booklet called "Football Facts" issued by the University of Kentucky about Floyd County's Lovell Hughes: "One of the most widely-sought backfield prospects in the country as an all-American schoolboy receiver."

The 6-2, 177-pound Prestonsburg ace holds a slight edge over teammate Jerry Blanton in the race for the starting quarterback job this season. . . . Like Blanton, he was sensational as a UK freshman in 1956. . . . Excellent passer, superb split-T ball handler, extra fine runner and one of the best defensive secondary men on the squad. Highlight of three-season freshman career came as he tossed two touchdown passes in leading the UK fresh to a 19-0 victory over the yearlings of traditional rival Tennessee. . . . Showed all the earmarks of potential greatness under varsity game conditions by sparking his team to a 26-20 victory in the annual Blue-White intra-squad game winding up spring practice. . . . Connected five times in six tries through the air for 100 yards and three touchdowns, picked up 26 more yards running and returned three kickoffs 66 yards. . . . Was not generally known to the public is the fact that three, not one Blue-White games were staged last

COLLEGE OPENING

Eastern Kentucky College football fans will be closely following the opening games of the University of Kentucky and Morehead this week with many of the former high school stars in the area performing for both units.

Morehead, which plays Maryville, Tennessee, at home Saturday night, will have Bert Dixon and Tom Spradlin (Prestonsburg), Robert Igo (Hazard) and Buddy Fields (Whitesburg) in the starting line-up along with Doug Moore and Curtis Cassell from Catlettsburg.

Lovell Hughes, Prestonsburg's two-time all-state high school quarterback, will start at the same position for the U. of K. Wildcats when they engage Georgia Tech at Atlanta, Saturday afternoon. Jenkins' Bob Collier will start at one guard post.

JENKINS-FLEMING

One of the best early-season matches in the E.K.M.C. will be staged in Fleming Saturday night when the favored Jenkins Cavaliers face the Fleming-Neen Pirates. Although they have won both games by close scores 6-0 and 1-0 in the league. From early season play, Jenkins, Fleming and Belfry are the three strongest in the 10-team E.K.M.C. league. Fleming beat Beltry, 7-6, in the opening game for both teams. The conference title may not be decided, however, until October 28 when Beltry will tangle with the Cavaliers in Jenkins.

PLAYER-OF-THE-WEEK

Paul Philip Hughes, 17-year-old senior quarterback, won the weekly Black Cat Player-of-the-Week award for his outstanding play in Prestonsburg's 13-7 loss to Hazard.

Hughes ran exceptionally well in scoring a 41-yard t.d. on a punt return and accounted for more than half of the group yardage gained. He was a whiz on defense in coming up fast from his safety position to get the heavier Bulldog ballcarriers.

SCHEDULE SHIFT

Prestonsburg and Painville high schools are about to work out the 1957 schedule shifts which would have one playing its weekly football game on Thursday night and the other on Friday night.

Although the change was not definite as of Tuesday noon, Painville would play Lousa this Thursday night at home and Prestonsburg would play Elkhorn City Friday as originally scheduled.

When both Prestonsburg and Painville play on the same Friday night, the crowd is small, but with one playing on Thursday and the other on Friday the crowd increases by about 30 percent at both games.

LOSS TO HAZARD HIGH FIRST FOR BLACKCATS

By Gordon Moore

Three teams—Jenkins, Elkhorn City and Fleming—remain the only unbeaten high school football teams in the Eastern Kentucky area after last week's action.

Prestonsburg and Painville tasted defeat for the first time in losing to Hazard and Jenkins. Irwin Wilson's Beltry Pirates, whipped neighboring Pikeville, 35-0, Fleming stepped outside the loop to down Lynch 12-6. Elkhorn City over-powered Raceland of the N.E.K.C. circuit 27-0, and Whitesburg was shut out, 32-0, by Benham. Earlier in the week, M. C. Napier and Wallins battled a 1-7 deadlock.

Rain-soaked conditions forced postponement of a number of games Friday until Saturday, but the delay failed as the weatherman refused to cooperate. In the surprise game of mud on the mud-laden action, E.K.M.C. favorite Jenkins had to come from behind in the final four minutes to edge Painville, 14-12. The speedy Tigers zoomed to a first-year 6-0 command with a 68-yard line play scoring drive, with halfback Jim Wells getting the marker. Nick Dichenko's crew came roaring back in the second quarter after Painville had run a punt back to Jenkins' 20-yard strip. Fullback Bill Elkins grabbed a fourth down Painville pass on his own 18, then streaked down the sideline 82 yards for the six-pointer and the extra point.

Painville pulled ahead, 12-7, on Mike Minix' six yarder in the third and had apparently won until Jenkins quarterback Frank Hodges' pass to end Nicky Danek scored 1-0.

The Hazard Bulldogs rebounded from last week's opening setback to Jenkins to down Prestonsburg, 13-7, in about four inches of mud on the Hazard field. Following the opening kickoff, Hazard sent junior Astor Sizemore around end for a 35-yard score that climaxed a 7-play 60-yard drive. The point

after gave the Bulldogs a 7-0 margin.

Midway the second frame, Paul Hughes grabbed a Hazard punt on his own 41 and rolled off an elusive trek to pay dirt. Allen's kick tied the count at 7-7. After an exchange of bobbles, Hazard drove to the Prestonsburg one, but the time ran out before the Bulldogs could score.

In the 41-Hazard third quarter, Sizemore, Kenneth Cobb and J. Hardy alternated on gains of four to eight yards, with Sizemore going the final fifteen yards to score in the 70-yard march through the middle of the Prestonsburg line.

Penalties in the fourth period prevented another Hazard threat, and the losers, who stayed within their own 20-yard marker until the final two minutes, marched to Hazard's 27 in two plays before the game ended.

back on the job

THANKS TO WOODMEN...

Telephone Installer Ernest E. Smallwood, Bristol, Virginia, spent seven months last year in a sanatorium, afflicted with pulmonary tuberculosis. He is now happily back on the job.

The cost of his treatment was more than \$1,200. Yet he paid nothing. Woodmen of the World Life Insurance Society took the bill. Free treatment of pulmonary tuberculosis is another non-contractual "plus" benefit of membership. More than 5,000 Woodmen have benefited from this service.

It is an example of the true fraternal regard the Society has for each of its members . . . and of a great service unparalleled in the insurance industry.
