This Town... That World

Yesterday's spring fever has turned today to the flu.

NO SUBSTITUTE
Life would not knock radio and television, but the fact remains that during the New York newspaper strike 17 Broadway plays have closed. Now, New York is fairly blanketed by both radio and TV, but theatergoers depend upon newspapers and their critics to point them to what is worth seeing. They want it in black-and-white and we're not referring to the kind of picture that comes in over their set.

NO WONDER
A woman phoned her bank to arrange for the deposit of a \$1,000 bond.
"Is the bond for redemption of conversion?" a clerk inquired.
There was a pause. Finally a confused woman asked, "Am I talking to the First National Bank or the First Baptist Church?"

TV SCRIPT
The man's head hurt dreadfully. It had been a tough day at the office. As he drove into the driveway at his home the family dog walked squarely in front of the car.
"You dunno? Can't you stay out of the way?" he abetted, bellowing out the screech of his tires.
The dog tucked his tail between his legs and slunk away, casting respectful glances over his shoulder. He was so shook that he was forced to lie down for a spell in the master's bed.
"Don't take it out on the poor dog," said a grim voice from the doorway. "This was the wife." "Pick on somebody your own size."
"Charge!" yelled the man, and leaped to the fray.
After ten minutes of family derision he returned from bed and gave each, master and mistress, an Anad.

DR. PETERSON IS SUSPENDED

Conflict of Interest Alleged by Governor; Counter-Statement Made

Suspension of Dr. Frank D. Peterson as vice-president for business administration of the University of Kentucky this week brought on a state of charges and counter-charges.
The suspension was voted Monday by U. K. trustees after Governor Combs had written Peterson of using his position for personal profit. Conflict of interest was alleged as Peterson was accused of selling real property to the university at a profit and of owning interests in three firms which did business with the university.

Peterson claimed Combs had applied more political pressure on the Lexington school than the five preceding governors combined and that "he is trying to twist this political pressure by a smear on me."
Peterson's charge, Governor Combs said, is ridiculous. "I did what I had to do. I couldn't see over the rim of the evidence which had come to me."
In his counter-charge Peterson said this of the Prestonsburg Community College:
"The Governor approved paying \$142,000 for 28 1/2 acres in Prestonsburg for a part of the community college site; \$5,000 an acre." The 63-year-old Peterson said.
"His director of the budget asked Dr. Dickey to write a letter to the state to justify it. All other communities studied the sites for the community college."
"The purchase contract for the

Funeral Of Aged Hunter Resident Preached 6 Months Before Death; Final Rites Held At Graveside

Graveside rites for J. W. (Uncle) Joel Lykins, 96, who died Monday at his home at Hunter, were held Wednesday at 10 a.m. with only two hymns selected months ago and a prayer. He had had his funeral conducted six months earlier.
The aged man was a member of the Regular Baptist Church for 70 years, had his catel made from walnut lumber more than a year ago. The pre-death rites were conducted in September from the Salisbury Regular Baptist Church, with the Rev. Mack McClendon officiating in the

GOVERNOR DEDICATES NEW MUD-CR. SCHOOL

COMBS URGES NON-PARTISAN AID APPROACH

Attack On Tax Revenues By Politicians Deplored; School Cost \$340,000

What was described as "the largest crowd ever to gather on Mud Creek" heard Governor Bert Combs last Sunday afternoon deliver the principal address at the dedication of the John M. Stumbo elementary school which only recently opened for classroom work near Gretna.
The Governor declared that Kentucky's needs, especially those in the areas of education and care for the blind, deaf and mentally retarded, should be approached on a non-partisan basis.
"It is tragic," he said, "that the revenue for our schools should be jeopardized for political considerations. It is even more tragic that for the last several years we have had every question of importance to the people of Kentucky has been converted into a political issue for the benefit of a self-seeking candidate."
Governor Combs was introduced by Superintendent of Schools Charles Clark, Music for the occasion was supplied by the Betty Layne high school band.
The new consolidated school is located on the site of the old school, and contains 18 classrooms, a gymnasium and lunchroom.
The Governor, referring to a proposal by A. H. Hager, Chandler to exempt food, clothing and medicine from the sales tax, said Combs contended would cut state revenues by nearly \$28,000,000 a year—said:
"Those who would tamper with Kentucky's revenues are not willing to reveal their plans. Let us take care not to jump from the frying pan into the fire."
The Governor reported that Kentucky, by investing \$75,000,000 in public school buildings in the past three years, has provided an additional 3,265 classrooms.

Dewey Reservoir Closed To Prevent Floodwaters From Reaching Ohio River

Gates of Dewey Dam were closed Tuesday at 2:30 p.m. to prevent John Creek floodwaters from entering the Big Sandy and eventually adding to the swollen Ohio River.
Flood conditions already exist along the Ohio. The Big Sandy was adding to the Ohio's rising cresting at Pikeville at 26 feet Wednesday afternoon and expected to reach a standstill at Paintsville at 1 p.m. this morning (Thursday) with a peak of 38 feet.
The flood-gate here was closed Wednesday morning to prevent backwater from entering low lands of Prestonsburg. Pumps were put into operation to carry off the accumulation of surface waters before they could flood the town.
Although Dewey Lake is expected to take on the semblance of a lake next week, no order has come through to hold the water behind the dam. Unless such word is received, the water will be returned to the level at which it has stood through winter while waiting of rough fish has been done by personnel of the Division of Fish.

GOINGS DIES IN OHIO FIRE

Prestonsburg Resident Succumbs In Columbus; Interment Made Here

Louis Grant Goings, of Prestonsburg, died last Thursday in an apartment house fire in Columbus, Ohio. He had gone to his room approximately 10 minutes before the fire erupted and was dead when firemen reached him.
A native of Glasgow, Goings was a son of the late Alala Goings and Mrs. Katharine Massack Goings, Prestonsburg, Ohio. His second wife, Willadene Foley, survives.
Surviving by his first marriage are four daughters: Mrs. Carol Beaugher, Columbus, Ohio, Miss Gwendolyn Crawford Marie Goings and Miss Rodney Goings, all of Cleveland, Ohio. Ten brothers and sisters survive.
Funeral rites were conducted Monday at 2 p.m. from the Floyd Funeral Home Chapel, the Rev. W. D. Jagers officiating. Burial was in the Harris cemetery at Lancaster under the direction of Floyd Funeral Home.

LAWMAKERS COMPLETE REAPPOINTMENT JOB

Exactly a month after the special session on reapportionment convened, the Kentucky General Assembly completed the task of reapportioning its 38 Senators and 100 House members.
The new districts were practically untouched by redistricting. The only changes made were in the members of District No. 8 (Magalloway District) and in two No. 95 (Magalloway District 3 and 4) and No. 96. The Senatorial District still is composed of Floyd, Knott and Martin counties and it is still the 20th. Just before the special session adjourned, Gov. Bert T. Combs, at a joint House-Senate meeting, signed into law the two bills that altered the redistricting.
Combs told the legislators they had done "a better than average job." At a press conference, Combs said, "I have no doubt the bills are well sufficient, and predicted they would be upheld in a federal court test."
The legislation raises the county representation from five to seven and Fayette county's from one to two. In the House it boosts Jefferson county's delegation from 11 to 17, Fayette county's from two to four, and gives one more member each to Campbell, Warren, Harbin, Boyd and Christian counties.
"Over-all, the measure gives more populous counties three additional Senate and 13 additional House seats."
The re-drawing of House and Senate district lines was made necessary because of population shifts from rural to urban areas. Both redistricting acts adopted a middle course between the requests of urban and rural forces in the legislature.
The press conference, Combs quoted, "is a research analysis as to the effect of the redistricting; assuming 100 per cent as an index of ideal representation, results in the area to continue profitable operation. Floyd county's quota is 75 acres, it is said.
"The final decision will be made on the future of the strawberry processing plant here at the Friday night meeting," it was said by Jack Pinar, Floyd County Extension agent. "Remember, the deadline for plant orders is Friday."
No preliminary figures are available as to the acreage pledged in this county but it was said last week that only eight new acres had been pledged.
The Paintsville meeting will be held at 7 p.m., Friday, said and everybody interested in the program is urged to attend.

NLRB TO HEAR PICKET CASES

Unfair Labor Practices Charged To Individuals, Seven Mine Union Locals

Charges of unfair labor practices alleged against seven United Mine Workers locals and more than 100 individuals, including roving picketers, will be the subject of hearings scheduled next month by the National Labor Relations Board.
The NLRB hearings will be held at Lexington and Hazard, The Lexington hearing, scheduled April 16, will involve charges of mass picketing, assaults on employees and threats against coal companies in Floyd, Knott, Pike and Perry counties.
Several weeks of quiet have preceded the NLRB action, with the exception of scattered dynamiting which have not been definitely ascribed to the labor trouble in Floyd county. The situation has been peaceful, and last week Bernard Howell, who is described as a picket leader, was quoted as saying conditions had improved in this county and that he thinks the miners' problems can be solved without further picketing. His statement was made after Perry county picketing had threatened to resume picketing Monday. Gibson later decided against the action, State Savings Bond today, "insuring your own family's security."

ASC SHAKEUP IS PROSPECT

Present Committeemen Defeated At Farm Poll; Convention Slated Today

A shakeup in the organization of the Floyd Agricultural Stabilization and Conservation Committee was in prospect this week after two community elections last Saturday resulted in victories for opponents of the present county committee.
The present county ASC committee is composed of Daniel Akers, of Gretna, W. M. Hicks of Hippo, and Lewis Burchett, of Emma. But farmers said to be opposed to them now hold possibly four of the five community committee posts.
Membership of the county committee will be determined today (Thursday) when the five community committees meet here.
The two community elections held last week were directed by the State ASC committee. Results of the September 24 poll in the Right Beaver and Left Beaver communities were protested to the state ASC, resulting in the voting last week.
Committeemen previously elected in the other three communities of the county are: Middle Creek, Woodrow Fitzgerald; Middle Creek, Webster Fitzgerald; Cow Creek, Lewis Burchett.
The county committee is elected for a term of one year, or until successors are named.

COLLEGE CONSTRUCTION ENVISIONED BY SPRING

Five Trainmen Injured When Locomotive Derails After Hitting Rock Slide

Five trainmen were slightly injured, shortly before midnight Monday, when a locomotive of the C. & O. Railway Company derailed after hitting a rock slide blocking the track near Wheelwright.
Given first-aid and examination at a hospital but later dismissed were Henry Salisbury, engineer; Walter Myhrner, fireman; Vigil Peters, conductor; W. E. Hall and Bryan Barber, brakemen.
Two engines and a caboose comprised the train. Dicky Spawton, trainmaster at Martin, said. The trucks were cleared about 10 p.m. Tuesday.
A compromise agreement on the financing of the Prestonsburg and Elizabethtown community colleges has been effected between the state and trustees of the University of Kentucky, and it is hoped construction of both colleges will begin in April or May.
Dr. Frank G. Dickey, president of the university, said Monday that the law colleges will be financed with \$975,000 from capital construction funds and \$1,200,000 from a state bond issue by U. K. This total of \$2,175,000 will finance the planning of two other colleges, one at Somerset and the other in the Hazard-Blacksburg area. The U. K. board of trustees earlier decided that Blacksburg had reopened the study after several questions about the location there had been raised.
George Lee Shannon, of Prestonsburg, one of the architects preparing plans for the college structure here, said he expects completion of planning had been caused by illness of personnel of another firm which has been doing the planning of mechanical installations. He expects the entire planning job to be completed by March 15. Dr. Dickey said Monday he hopes work on the structure here can be started next month or in May.

GIRL CHARGES RAPE ATTEMPT

Johnson Executes Bonds Totalling \$5,500; Trial Set March 18 at Stanbo

Bonds totalling \$5,500 were taken this week for the release of John Ed Johnson, 21, of the Middle Creek community, charged with the rape of a minor.
Johnson waived the rape attempt charge to the grand jury. His trial on the second count was set for March 18 in quarterly court.
The girl told county officials detailed facts of her rape last Sunday night with Johnson, of which she went with another couple to the Shamrock on Dewey Lake and of getting beer and whiskey, of driving around while the boys drank, of later picking up another couple after they had driven back to Middle Creek and then of returning to the Shamrock.
The girl said that as they were driving back on this second call at the Shamrock a man whom she identified as Denver Shepherd told her another girl had been raped, taking her to a motel Johnson then drove to the Sunset Motel at Banner, she said, and the man raped two more. Ordered to leave the car and go to the motel, the girl said she and the other girl ran inside Room 3 and locked the door.
Thereupon, she told authorities, Johnson forced his way into a bed and raped her. She said she was charged before the United States Commissioner at Pikeville, and trial was set in U. S. district court on Monday for April 22.

AGENTS SEIZE BRUSHY STILL

120-Gallon Still Found In Outhouse Basement; Brushy-Cr. Man Named

Acting on a tip, Claude Flannery, Alcohol Beverage Control Board agent, and two federal officers searched an outbuilding belonging to Johnnie Nickles on Brushy Creek, Monday last, and seized a 120-gallon moonshine still and four barrels of moonshine.
The distilling equipment, and much more found hidden in the basement of the building, and entrance was made by means of the two which were used as a means of escape. He was charged before the United States Commissioner at Pikeville, and trial was set in U. S. district court on Monday for April 22.

Disposition of Funds Raised for College Site Explained by Reynolds

Dr. Frank D. Peterson, suspended administrative vice-president of the University of Kentucky, does not know the people of Floyd county stilling a fund for the college site. Governor Combs' purchase of the Prestonsburg Community College site.
The investment was made Wednesday morning by W. J. Reynolds, Jr., chairman of the Big Sandy College Development Corporation's finance committee. Peterson had earlier criticized Governor Combs for approving the purchase for all land and that said that all other communities have done better for their college.
A total of \$40,949.17 was contributed by residents of Prestonsburg, Floyd County and by others interested in the college site, he said. The money was expended, as follows:
\$41,875 sent directly to the State Treasurer.
\$20,000 paid to Joe M. May for a part of the site.

FLOYD CLUB MEMBERS OBSERVING 4-H WEEK

Floyd county's 1,401 4-H boys and girls, along with 4-Hers all over the state and nation, are observing National 4-H Week, March 2-6. The week's theme is "4-H Young Citizens in Action."

In Kentucky, 4-H membership total is 448,500, nationally, the total is about 2,285,000 members.
Project work, in which members "learn by doing" methods of sewing or caring for a dairy cow or making an electric lamp, develops responsibility as well as skills. Fair projects, in this county, 4-Hers carried 2,093 projects last year. Most popular projects were foods, sewing, woodwork, electric, grooming. But carrying projects is only a part of 4-H work.
Activities such as giving demonstrations, making speeches and taking part in community service projects help give 4-Hers more poise and self-confidence, and more pleasing, forceful personalities.
"The Governor said he had played a 'hand-off' role and let the legislature do its own drawing of district realignments, although he acted as a 'clearing house' for ideas for some of the assembly."
The Legislature completed its business when the House approved the Senate's redistricting plan, 73-64. Previously, the Senate had approved the House plan, 21-6.

Represent Prestonsburg In Report on Progress

A. V. May, Harold Dicks and T. W. Chisholm were in Louisville Tuesday, presenting a report on the progress of Prestonsburg during the year in connection with the State Chamber of Commerce, and the Kentucky city. The report has shown the greatest progress during last year. Everett's Prestonsburg, under the leadership of the Community Development Council, has the most in the Seventeenth Congressional district, bringing in competition with the various other districts of the state.

GARTH VOCATIONAL SCHOOL JOB STARTS . . . Ground was broken recently on the vocational school at Garth by Romyen C. Dyer, Allen contractor, and despite inclement weather, work is progressing. The new structure, to be built of brick and concrete with spacious glass areas, will cost \$187,480.56. The above is the architect's conception. It was designed by Lee Shannon, Prestonsburg architect.

C. H. Osborne, 66, Dies Following Lung Illness; Rites Conducted Saturday

C. H. (Chauncey) Osborne, 66, of Eastern, died Thursday last week at the Valley hospital. He had been in ill health for six months.

Mr. Osborne was a retired employee of the C. & O. Railway Company and was a veteran of World War I.

Mr. Osborne was a son of S. B. and Rhoda Stephens Osborne, the husband of George Gearhart Osborne, who survives. Surviving are a son, Rex Osborne, Ravenswood, West Virginia, and a daughter, Mrs. Halle Payne Wilcox, of Eastern.

Surviving brothers and sisters are W. B. Osborne, Hindman, B. L. Osborne, of Allen, Charles Osborne, Lufkin, Texas, Mrs. J. A. Gearhart, Eastern, Mrs. Town Hall, Sarasota, Florida, Mrs. Ray Martin, Langley, and Mrs. Fred Nelson, in Michigan.

Funeral rites were conducted Saturday from the Wilson Creek Regular Baptist Church, the Revs. Robert Martin and Henry Melius officiating. Burial was made in the family cemetery at Eastern under the direction of Hall Brothers Funeral Home.

Perry-Co. Pickets Hold To Vacate Union Hall; Fire Hazard Is Cited

Hazard, Ky., March 2 — Perry county's roving pickets have been told to vacate the union hall they have been using for their headquarters, meetings and as a distribution point for used clothing.

The building is in the Alliance section of Hazard and is owned by Local 580, United Mine Workers of America.

The union made the request after a fire inspection of the building Friday revealed discrepancies, said Hazard, Hatmaker, president of the local.

"It wasn't being taken care of the way we wanted it to be," Hatmaker said. He and **Harley Caldwell**, a trustee for the local said unionists were afraid the huge amount of clothing the pickets stored in the hall might catch fire.

"Our insurance wouldn't cover it," Caldwell said.

A large amount of bundles and boxes of clothing that reaches almost to the ceiling is stored in one section of the hall. Other clothing is stacked on benches and racks in the building. The clothing has come to the pickets from people all over the United States.

Caldwell and Hatmaker said the local's decision was not a result of any differences with the pickets. "Our local union is in sympathy with them as long as they act in a lawful manner," Caldwell remarked.

The building is the second best the pickets have been told to vacate. Earlier this year, Perry fiscal court ordered them to quit using the brick structure for meetings, following reports that some of the sessions were closed to the public.

To give cherry pie filling, canned cherries or cherry sauce the flavor of fresh cherries, add a few drops of almond extract. Pre-Medical Student Makes All-A Grades; Dean Compliments Young

Gordon Craig Young, a pre-medical student at Berea College, has made all-A grades, according to an announcement from Kenneth H. Thompson, associate dean.

Young is commenting on the excellence of Young's scholastic record with this: "This is a wonderful record with which to start a college career."

Young's grade were the highest in the freshman class, according to the college announcement. A son of Mr. and Mrs. Grover C. Young, Graham street, Prestonsburg, he was graduated from Prestonsburg high school in 1932.

Here's how to get the most for your money when you buy eggs. First, decide on the grade you want. Then check prices of various sizes. Medium-size eggs are more economical than large eggs if they are one-eighth cheaper, says USDA.

Small eggs are a better buy if they cost a fourth less than large eggs of the same grade.

DeROSSETT For CIRCUIT CLERK

This is my first time to ask the good people of Floyd county to entrust to me one of the highest offices in Floyd county, but I assure you that my background, qualifications and Christian training will be an asset in discharging the duties of Circuit Clerk. In addition to the normal duties, I will promote a driver training program in every Floyd county high school. Such training can save you money on insurance premiums. One reason so many young people are killed on our highways is a lack of proper driver training. As an extra service of my office I will send all drivers a 30-day notice that their licenses are about to expire. I invite you to enquire of me. Ask my friends, my neighbors, my business associates, any one who knows me well. If I win it will be on my merits, not shortcomings of any of my opponents. Trusting your judgment, I am, FRANK DEROSSETT FOR CIRCUIT COURT CLERK (Pol. adv.)

Thirty Years Ago

(March 3, 1933)

Wally Nelson, 37, was believed fatally wounded at her home in West Prestonsburg shortly after Saturday midnight when a bullet passed through her right side and lung and lodged against her spine. Ten Casey Creek Community Center honor students are on a "crusade" which will take them to Pittsburgh, Washington and other eastern cities. They are Franklin Stephens, Mary Coyer, Charles Clark, Dan Martin, Kenneth McCoy, Ruth Preston, Russell Hill, Marie Jones, Corbett Franklin and Fred Thornberry. A fight between two boys resulted in the fatal shooting near Lecky, Sunday night, of James Walston, 48, County Agent S. L. Isbell reports that Sam E. Justice, of Leslie Point, had a net profit of \$200.53 for four months from his flock of 300 White Leghorns. Eggs from the flock were sold locally at prices varying from 12¢ to 13¢ a dozen. The Beaver Valley Golf & Country Club at Allen was recently incorporated. Incorporators are T. R. McCrossen, P. A. Maggard, J. S. Bralley, Ernest Logan and J. P. Salisbury. John W. Fisher, 48, of Martin, suffered a heart attack Saturday night while at home, extended from a car window, was struck by a passing truck. Ten Years Ago

(March 5, 1953)

The Prestonsburg City Council decided at its meeting Monday night to annex to Prestonsburg the area from the present upper city limits to include the Dewey Hill home at the University of Labor. A conference here Tuesday between Conservation Commissioner Henry Ward and representatives of the Huntington district office, Corps of Army Engineers, the prospect of a state park in the Dewey Hill area is bright. The money to establish it can be made available. The largest teacher-group in the Floyd county school system has had more than two years of college work but still lacks a degree, according to a questionnaire answered in part by County Superintendent Virgil O. Turner. Five Floyd countyans—Eugene Akers and Mrs. Orpha C. Akers, both of Drift, Claude C. Allen, of Riner, Maris Conley, of Prestonsburg, and W. D. Stealy, of Leipers Fork, passed the examination given at Pikeville recently by the State Department of Revenue for prospective city tax commissioners. Harold B. Rice last Friday resigned his post as county agricultural agent of Henry county. AL SPRING.
Spring arrived at our house last Sunday afternoon when the peepers picked up where they left off last spring and the rabbit which had (or nuttier) came out and hopped casually about. Those peepers broke into their choruses as if in answer to the rhythm beat of a leader. I could imagine one tiny frog taking his stance at the top of the ditch, stomping the mud with his feet in two-four rhythm and swingin' the whole bunch off in verbal song. . . . Believe I know now who found the Lee, Chord, Anyway, those chirpers picked right up on the note they so suddenly dropped months ago.

Prestonsburg acreage was sent to me to approve for the university. I submitted it to the executive committee and returned it unsigned.
"I am sure this did not incur goodwill. They say we are not cooperating."
It was pointed out locally that the Prestonsburg area was not given credit for raising in excess of \$94,000 toward purchase of the \$250,000 site.
Answering Peterson's statement, Combs said "the important thing is whether Dr. Peterson used his office to curch himself. He has not denied that he owned an interest in (the three firms) which did business with the university."
"Some of this was violation of a specific Kentucky statute, and all of it was a breach of his fiduciary relationship with the university."
"The charge of politics is ridiculous. Nothing is involved except Dr. Peterson's guilt or innocence."
Combs said Peterson is entitled to a public hearing. "And if he is innocent, he certainly should request such a hearing at an early date."
Peterson's suspension will be in effect until a firm of management analysts thoroughly studies the university's business operations. No date for beginning completing the study has been given.

Adjoining homes of Mark and Lake Walters, who formerly operated a mine in Perry county, were damaged by a dynamite blast near Hazard early last Saturday.
Defendants in the NLRB hearings are UMW locals 5889, 7768, 8161, 8505 and 8919 and two groups of persons, one numbering 83 and the other 63.
The NLRB said the locals and pickets tried to coerce the coal companies by massing at the entrances to mines in order to prevent entrance or exit of coal or employees, and forced companies to shut down.
It said the incidents started September 12 at the Premium Elkburn Company at McDowell, and spread through the next two months to the last incident reported, on November 2, at the Allen Fork Uppie of Right Beaver Company in this county.
The hearing at Hazard April 23 names as defendants 138 persons and UMW locals 8282 and 9505. The NLRB said many of the 138 were among the rousing pickets accused in the Lexington hearing.
The Hazard hearing involves alleged shooting and mob action at the Blair Fork Coal Company at Telford, Perry county.
The complaint said pickets began displaying "insurrectionary" banners workers December 3, put a chain across a road to the Blair Fork mine and assaulted an employee who tried to remove it on January 7, and shot at mine employees on January 8, 18 and 22.

NUMBER OF TOURISTS IN STATE INCREASING

Frankfort, Feb. 21 (Sp.)—Nearly 20 million out-of-state tourists spent \$205 million in Kentucky during 1962, an increase of \$12 million over 1961, Cattie Lou Miller, commissioner of the Department of Public Information, has announced.

Miss Miller said 1962 was the second consecutive year in which the percentage of increase in tourist dollars spent in the state exceeded the national average. The 20 million visitors was a 8 per cent increase over 1961.

Releasing statistics from the third annual Kentucky travel survey prepared for the Department of Public Information by Dr. Lewis C. Copeland, University of Tennessee economist, Miss Miller noted that the \$12 step-up in Kentucky tourist income in 1962 was double the \$6 million increase in 1961. The national increase in tourist spending was 5 per cent.

Tourists from other states also contributed \$4,800,000 to Kentucky in sales taxes and \$13,025,000 in gasoline and other taxes and receipts during 1962.

The \$205 million tourists spent here in 1962 compares with \$193 million in 1961; \$187 million in 1960; and \$180 million in 1959, the commissioner said.

"This is a solid indication that Kentuckians' efforts to build their tourist industry are on a sound course," Miss Miller said.

Miss Miller attributed Kentucky's increasing travel business to several factors:

1. The state's expanded parks program.
2. Better highways.
3. Increased efforts by private businessmen, community groups, civic clubs and business organization to develop accommodations and attractions.
4. All-out support by the Kentucky press and other news outlets of tourist promotion programs.

In his 1962 analysis, Copeland observed that "tourist spending is the most obvious way of showing the economic impact of travel on the state." Relatively speaking, he added, Kentucky—because of the rapid development of tourism in the state during the last few years—gets a high proportion of the country's tourist customers.

According to the report, all travelers spent \$204 million in the state last year, \$14 million more than in 1961. This total expenditure represents almost 9 per cent of Kentucky retail business.

During 1962 local customers and away-from-home travelers spent \$699 million in Kentucky's third place of business which cater to the needs of people away from home. Almost half of these were expenditures by travelers, and a third came from out-of-state tourists.

Economic impact of the travel business in relation to jobs and taxes for 63,000 Kentuckians, was an integral part of Copeland's report.

"There are 14,000 firms in the travel business which create jobs for 63,000 Kentuckians. This is 8.5 per cent of the businessmen and paid non-farm employees in the state. Payrolls and other personal income paid out in 1962 amounted to \$195 million."

The report pointed out—that purchases by tourists in the state last year created enough business to give jobs to 20,000 persons, with personal income of \$68 million.

It also noted that "besides creating a market for a large volume of goods and services, one-fifth of the receipts of the travel business is collected as some type of tax."

The state collected \$38 million in gasoline, sales and business taxes from firms in the travel business—amounting to 29 per cent of the \$395 million total State tax revenue.

Receives Coveted Award

The Curved Bar was awarded to Miss Elizabeth Lynn Prazier (right), daughter of Mr. and Mrs. Chalmers Prazier, of Breckinridge, at the recent Court of Awards here by Mrs. Robert Hughes, executive secretary of the Sandy Valley Girl Scout Council.

The Week of March 10-16 has been designated as National Girl Scout Week during that time local Girl Scouts will conduct their annual cookie sale.

All money derived from the sale of cookies in the Sandy Valley Girl Scout Council goes toward maintaining and equipping Camp Chatterbox, the Girl Scout camp on Dewey Lake, in Jemmy Wiley State Park.

The camping program offers opportunities to 96 girls in the Sandy Valley Council for outdoor living and nature appreciation.

Union Officer Jailed For Withholding Records

A Williamson resident, former financial secretary and treasurer of the Kentucky Team Local 640, was recently sentenced to 12 months imprisonment after charging a penalty to charges made under the Labor-Management Reporting and Disclosure Act.

J. L. Finley, official of the Me-Adoo Lodge No. 921, Brotherhood of Railroad Trainmen, Knoxville, was sentenced by District Judge Mac Swainford in Richmond, Kentucky, January 28 after pleading guilty to a charge of willfully withholding and destroying books and records of the lodge he was representing at the time in violation of Title 2 of the Landrum-Griffin Law.

The law, administered by the Bureau of Labor-Management, Reports of the U. S. Department of Labor, requires union records to be preserved for a period of five years. Violation can result in a fine of \$10,000 and or 12 months imprisonment.

SCIENTIST URGES CAUTION IN USE OF MODERN DRUGS

Modern drugs should be used with caution, warns Dr. Robert E. Gosselin, professor of pharmacology at Dartmouth Medical School. For example, he writes in a March Reader's Digest article, "What You Should Know About the Drugs You Take," you may die—or may become allergic to the most common medication.

Penicillin is certainly an effective drug—more than 500 tons are consumed each year—but it is often used indiscriminately.

Penicillin shock and other side effects are genuine hazards to those who have become hypersensitive. Anti-biotics should not be used for a runny nose.

Drugs may create symptoms, or hide them. Drowsiness may be caused by a hay-fever capsule, sleeplessness by a diet pill. Certain drugs used in combination can cause restlessness, nausea, confusion, delirium and collapse.

"With our tendency to move frequently, and with various kinds of specialists available," writes Dr. Gosselin, "you may find yourself consulting several doctors. If so, you should insist on learning the name of every medicine prescribed so that you can keep your various physicians informed. . . .

"A number of unintentional suicides are caused by intrinsically safe drugs, each well within the accepted dose, but hazardous when used together or with alcohol."

But if it is unwise to take powerful medicines casually, it is equally irrational to refuse to use medication under a doctor's care. Fear is a major reason patients refuse the medicine they need—fear of being poisoned or fear of becoming dependent or addicted. Others regard taking of drugs, especially painkillers, as a sign of moral weakness.

"We should accept modern drugs as we do the automobile," writes Dr. Gosselin in the Digest. "Both can do a great deal of harm when they are misused and much good when handled properly."

WILLIAMSON SERVES
Grafenwohr, Germany. Army Sergeant First Class Bill Williamson, 27, son of Mrs. Walter Williamson, Duff, Kentucky, recently took part in his unit's phase of annual winter training with other members of the 4th Airmobile Division at Grafenwohr, Germany.

The training tested the unit's combat readiness and included problems in night fighting, communications, nuclear and special warfare.

Sergeant Williamson, a member of Battery B of the division's 78th Artillery in Craulshelm, Germany, entered the Army in 1944 and accrued overseas on this tour of duty in July, 1960. His wife, Pearl, is with him in Germany.

LOG SPLASH DAM AND MILL DAM ON RUSSELL FORK RIVER

This primitive dam, constructed on the headwaters of the Russell Fork River, served the dual purpose of splashing logs downstream and as a mill. It was constructed in the late 1890's.

These old mills and splash dams were an economic necessity when this region was isolated by the lack of modern transportation facilities.

The First National Bank presents these pictures in recognition of our historic heritage.

D. A. R. Chapter Award Goes to Miss Johnson

Miss Lurancy Johnson, daughter of Mr. and Mrs. Charlie Johnson, of Blue River, and a student at Prestonsburg high school, is the 1963 winner of the Good Citizen Award made annually by John Graham Chapter, Daughters of the American Revolution.

Miss Johnson was presented the award by Miss Alice Harris at the chapter meeting held Feb. 21 at the Baptist Church Annex. She read her essay, "Patriotism" at the meeting. Later, she will join other students on the Good Citizen Pilgrimage to Frankfort.

Mrs. J. G. Stepp, chapter regent, was hostess at the chapter meeting.

A letter from Mrs. Robert Hume, Kentucky state regent, gave the invitation to the state spring conference meeting at the Brown hotel, Louisville. Letters from candidates seeking the office of vice-president general, National Society, D. A. R. were received from chapters in Florida, Vermont, Delaware, Texas, New York, and Washington, D. C. The chapter voted its support to Mrs. George C. Estell, of Florida. Delegates elected to the state conference, March 18-21, were: Mrs. U. G. Stepp, alternates, Mrs. Claude P. Stephens, Mrs. Bverett H. Sowards, Mrs. A. C. Harlowe, Mrs. Tom James, Mrs. Edward May, and Miss Alice Harris.

Delegates to the National Congress in Washington, D. C., April 14, 15 and 16 were Mrs. May, Mrs. Estelle, Mrs. J. F. Ribble, Mrs. Pines, elected to the state conference are Jane Ann Kendrick and Harriet Ann Sandberg. Participants to the National Congress is Julia Mayo May, of Washington, D. C. A gift of \$8.00 was given by Mrs. Fred May Francis to purchase a D. A. R. marker. The marker fund netted \$1.28 plus the gift.

Announcement was made from the state recent in which she asked the Harmon Station and John Graham Chapters for permission to visit the Chapters in June. The Chapter was glad to be go-hostess with Harmon Station Chapter to entertain Mrs. Hume at the May Lodge, Jenny Wiley State Park.

The program chairman, Mrs. Winnie F. Johns, presented an interesting program with colored slides of scenes of Duncans Tavern, the Ann Duncan House, Kentucky colleges and lakes, Prestonsburg scenes of the Floyd county courthouse, Garfield Place, the Johns home, Mrs. Winnie F. Johns and her home product sales. Tom Jones and her Jenny Wiley Charters, Jenny Wiley State Park, Dewey Lake and the city flag of Prestonsburg. Miss Alice Harris was narrator. Mrs. D. C. Stephens presented the slides.

A dessert course was served by Mrs. Stepp to Mesdames Edward May, Tom James, Winnie F. Johns, Everett H. Sowards, M. J. Leste, Grace D. Ford, A. C. Harlowe. Guests were Mr. and Mrs. Charlie Johnson and Miss Lurancy Johnson, of Blue River, and Mrs. John W. Sutherland.

ARMY'S MOST DECORATED NURSE RETIRING AFTER 30-YR. SERVICE

Col. Ruby G. Bradley, the U. S. Army's most decorated nurse, is retiring from Army service this week after 30 years in uniform. At the time of her retirement she was director of nursing activities at Brooke Army Medical Center, Fort Sam Houston, Texas.

A native of Spencer, West Virginia, she is sister of Smith F. Bradley, of Prestonsburg, whom she has visited here on several occasions.

She received her nurse's training and was graduated from Philadelphia General Hospital in 1923. On October 16, 1924, she entered the Army Nurse Corps and was assigned as a surgical nurse at Walter Reed General Hospital.

Five years later, with world tensions mounting, she was assigned to Ft. Mills, Corcorand, but was shifted to Camp John Hay, Ragout, Md. as an administrative nurse. On December 29, 1941, she was captured by the Japanese and spent the next 37 months as a prisoner of war. She was liberated from Santa Tomas, Manila, on February 3, 1945. As a prisoner of war she had assisted in 200 major operations, delivered 13 American babies and shrunk to a mere-90 pounds.

Two weeks after her liberation, she was awarded the Bronze Star Medal for meritorious achievement while in the hands of the enemy.

CLOSING PLAN STILL STANDS

For Miners Hospitals, Sturgill Is Advised In Letter This Week

Special to The Times
Washington, Feb. 26.—Josephine Roche, director of the United Mine Workers of America Welfare and Retirement Fund, replied by letter today to Troy B. Sturgill, chief clerk of the Kentucky House of Representatives, concerning a resolution adopted by the Kentucky House of Representatives requesting the trustees of the fund to reconsider their decision to close the four hospitals of the Miners Memorial Hospital Association at Whitesburg, Hazard, McDowell and Middleboro by July 1, 1963 unless they are previously sold under arrangements satisfactory to the trust fund.

"The reply follows, in part: "Please be assured there can be no reconsideration by the trustees of their decision made last fall to close the four hospitals of the Miners Memorial Hospital Association at Whitesburg, Hazard, McDowell and Middleboro by July 1, 1963 unless they are previously sold under arrangements satisfactory to the trust fund."

"The constant reduction in the number of eligible fund beneficiaries in these hospital areas had long made obvious the fact that the trustees under their legal and financial obligations could not permit the trust fund to continue indefinitely financing the operations of these hospitals with their excessive drain on trust fund resources."

Miss Davis Attains Dean's List at U. of K.

A Floyd county student earned Dean's List standing in the University of Kentucky College of Education during the fall semester which ended in January.

She is Charlene Dolores Davis, daughter of Mrs. Georgia S. Davis of Martin. A graduate of Martin high school and a junior in the College of Education she is a member of Delta Zeta sorority and the Young Democrats Club.

A student must earn a 3.5 standing or better, based on a 4.0 grading system, to be placed on the Dean's List.

requirements for her BS in Nursing Education in January, 1949.

In the interim, she had been awarded the Army Commendation Ribbon, the Distinguished Unit Badge with two Oak Leaf Clusters, the World War II Victory Medal, the American and Asiatic-Pacific Campaign Medals, the American Defense Service Medal, Philippine Defense Medal, Philippine Liberation Ribbon, the Allied Occupation Medal (Japan), and the Philippine Presidential Unit Citation.

One month after the Korean War broke out, Col. Bradley volunteered for overseas assignment and was assigned to the 71st Evacuation Hospital, she went as a combat nurse, despite her experience as a prisoner of war carrier.

Away from the frontline troops, she worked to set up casualty hospitals from the North Korean capital of Pyongyang to the South Korean capital of Seoul. Finally in December, 1950, she was ordered to Japan with the 71st Evacuation Hospital, but in a few weeks she was back again, and with tenacious stamina served as the 86th Army's chief nurse until she left Korea in June, 1953.

In June, 1951, she had been awarded the Legion of Merit for exceptionally meritorious conduct in the performance of outstanding service from October 31 to November 30, 1950.

In April, 1952, she was awarded the U. S. Service Medal.

On June 18, 1953, as she prepared to leave Korea, Col. Bradley was given a full-dress honor guard ceremony—the first woman ever to receive a national or international honor guard salute—and Lt. Gen. Maxwell D. Taylor, Eighth Army Commander, awarded her the First Oak Leaf Cluster to the Legion of Merit. She was entitled to wear seven Korean War battle stars.

Three days later, on June 21, 1953, she left Korea to return to the United States where she was assigned as chief of the nursing division, medical section, at Third Army.

The Women's National Press club, Washington, D. C., named her "Woman of the Year" in 1953. In 1954, she was named "Atlanta's Woman of the Year in Defense Effort." A few months later, in May, 1954, the West Virginia Society of Washington, D. C., picked her as "Daughter of the Year."

The International Red Cross Committee awarded her the Florence Nightingale medal in June.

ADDED HOSPITAL CARE PROVIDED IN PROGRAM

Frankfort, Ky., March 4 (Sp.) — Four additional days of hospital care and additional liberalizations of the State's Medical Care Program for the needy and aged will go into effect April 1, Governor Bert Combs has announced.

The Governor reported the expanded benefits at a meeting of the Kentucky Advisory Council for Medical Care, which sets goals and makes recommendations for the Medical Care Program. The program is administered by the Department of Economic Security and the Department of Health.

The liberalized provisions announced by the Governor are:

1. An additional four days of hospital care paid for, raising the limit from six to 10.
2. An increase in the income limit for older persons eligible for medical care. The present income limit of \$1,200 for single persons will be raised to \$1,250 and the present limit of \$1,800 for married couples will be raised to \$2,000.
3. Six additional annual home or office visits by physicians, raising the annual limit from 12 to 18. In addition, the scope of eligible home or office services by physicians has been broadened to include preventive, diagnostic, and rehabilitative services in addition to treatment of illness.
4. The list of medical drugs which may be paid for under the program has been expanded to include drugs previously recommended by the Advisory Council but not previously provided because of lack of funds.
5. The program will now pay for fluoride treatment of children's teeth as a decay preventive measure and the present 600 annual ceiling on dental services has been removed. The Advisory Council has long recommended the fluoride treatment, pointing out that decay prevention will cut dental costs of the program in future years.
6. The Governor said a review of the medical care program showed that additional services could be provided to the aged and indigent citizens who are eligible for the care provided. The program, launched January 1, 1961, is financed by state and federal funds.

CITIZENSHIP SHORT COURSE

Lexington, Ky., (Sp.) — Club members have been selected for an expense-free trip to Washington, D. C. where they will attend a Citizenship Short Course at the National 4-H Center. This announcement, made during National 4-H Club "Week" which is being observed March 2-4, comes from Ray R. Ranta, chairman of UK Extension 4-H programs.

COST OF LOAF OF BREAD NO BENEFIT TO FARMER

The cost of a pound loaf of bread went up by more than half between 1947-48 and 1961-62 from 13.5 to 20.9 cents, USDA reports. Yet the farmer gets less for the wheat in the loaf now than he did in the 1947-48 period. The retailer gets about the same amount. The big increase has been in costs of baking and delivering bread.

After - (Varmint) - Dinner Talk

Gov. Bert Combs joins guests in conversation after the Varmint Dinner given in Frankfort by the Governor for members of the General Assembly, meeting in special session to consider redistricting state legislative districts. Varmints served included rabbit, squirrel, conch, and smoked sausage. Shown (from left), are Troy Sturgill, Prestonsburg, clerk of the House of Representatives; Gov. Combs; Rep. Allen Stone, of Blue River, representing Floyd County; Sen. Jim Whitlock, Lebanon, representing Martin and Taylor counties, and Sen. Virgil Smith, Princeton, representing Caldwell and Trigg counties.

SUCCEEDS MATTHEWS

Frankfort, Ky., Feb. 7—Gov. Bert Combs has chosen the state's chief engineer, David H. Pulicenti, 53, as the new commissioner of finance. He succeeds Robert Matthews who resigned to seek the Democratic nomination for Attorney General.

100 YEARS AGO THIS WEEK

The Civil War in Kentucky
By JOE JOBDAN
(Kentucky Civil War Commemoration)

One hundred years ago this week the Kentucky State Senate, by a vote of 14 to 12, approved the following resolution: "That the course taken by Col. Gilbert in suppressing the late convention assembled here on February 18 is condemned by the Senate as uncalled for by the exigencies of the time, and not needed or desired by the Union Democracy of Kentucky, who are self-reliant and able to control all such assemblies. Such interference on the part of the military is dangerous in its tendencies, and should not pass unrebuked."

However, at a high session at which some of the senators who had voted for the resolution were not present, the resolution was reconsidered and was buried by being referred to the Committee on Federal Relations. The measure referred to the action of Col. E. A. Gilbert, commander of Union Army troops at Frankfort, in breaking up the Democratic Party state convention at Cynthiana, July 17, 1862, and of otherwise having aided and abetted the present rebellion.

Brotherhood Award Made To Combs In Recognition Of Rights Contributions

Gov. Bert Combs of Kentucky has received the "Brotherhood Award" of the Chicago Conference for Brotherhood presented in recognition of his contributions to civil rights.

The interracial organization cited achievements such as establishment of the Kentucky Commission on Human Rights, Combs' sponsorship of two state-wide Governors' Conferences on Human Rights, and endorsement of a Merit System which forbids racial discrimination in the hiring of state employees.

In introducing Governor Combs to the Chicago Conference, Frank L. Stanley Sr., publisher of the Louisville Defender, described him as "one of the most remarkable statesmen of our age" and said that "because of his leadership, civil rights have taken on a new meaning in Kentucky."

KENTUCKY POWER ANNOUNCES A SPECIAL RATE

FOR TOTAL ELECTRIC HOME CUSTOMERS

We are pleased to announce that the state regulatory commissions have approved our request for a special rate which reduces the cost of electric heating and makes it easy for everyone to have completely electric homes.

This new low Total Electric Rate is NOW available to you as a residential customer if all of your home is electrically heated and all of the major appliances in your home, including water heating, are electrically operated.

THE EFFECT OF THE NEW RATE

The new total electric rate reduces the cost of electric heating from 1.5 cents per kilowatt-hour to 1.2 cents per kilowatt-hour. It will mean substantial savings to customers whose homes are totally electric.

WHY A TOTAL ELECTRIC RATE

Any forward-looking business must anticipate the growth possibilities of its market. The new total electric home rate was created to encourage more of our customers to enjoy the benefits of total electric living.

We grow only as your use of electricity grows and as the area we serve progresses.

ELECTRICITY COSTS CONTINUE DOWNWARD TREND

Throughout the history of the electric utility industry the trend in the price of electricity has been downward. In fact, our average price per kilowatt-hour used by the average residential customer is about 18 per cent less today than it was 10 years ago.

INVESTIGATE THE NEW TOTAL ELECTRIC RATE

If you are planning a new home—or thinking of converting your present heating system—now is the time to think about Total Electric Living.

Ask us how this new total electric rate will fit your needs. Call our nearest office and let us show you how you can benefit from this new low total electric rate.

AREA COLLEGE IS ENDOWED BY WILL OF MRS. HORNSBY

Pippa Passes, Ky. (Sp.)—The administration of Alice Lloyd College, Pippa Passes, has been informed that the college is one of seven legacies named in the will of the late Mrs. Anthony Hornsby, of Palmira, N. York.

It is estimated that the college's share will come to \$186,000. This amount will be placed in an endowment fund, the establishment of which was an objective close to the heart of Mrs. Alice Lloyd, founder of the college. The principal will be invested, and the interest used by the college.

Mrs. Hornsby and her late husband began contributing to Caney Creek Community Center of which Alice Lloyd College is a division in 1927. Mrs. Hornsby was manager of Syracuse General Electric Company at Syracuse, N. York, for nearly 30 years. In 1930 a Crusade Team of boys from Caney visited Syracuse. This visit heightened the interest of the Hornslys in Caney. Mrs. Hornsby served on a foreman mission field for five years in the 1930's. Later in the 30's the Hornslys moved from Syracuse to Palmira. Five Episcopal churches and institutions are named in the will in addition to Kenyon College at Gambier, Ohio and Alice Lloyd College at Pippa Passes.

DIRECTOR ON TRIP
William Hayes, director of Alice Lloyd College, left February 12, for Chicago on business in behalf of the college. From Chicago he will fly to Denver, Los Angeles, San Francisco, Portland and then to Seattle, where he will attend the meeting of the American Association of Junior Colleges from February 26 to March 1. On his way home Mr. Hayes will visit Omaha and Chicago.

ATTEND CONFERENCE
Several Alice Lloyd College students and faculty members attended the Council of Southern Mountains Conference in Chattanooga, Tennessee, February 20-22.
Faculty members attending were: June Buchanan, president of the Caney Creek Community Center.

KENTUCKY IS AWARDED FOR RAVEL PROMOTION

Frankfort, Feb. 21 (Sp.)—For the nation's most creative concept and imaginative presentation of travel advertising and promotion, Kentucky's Department of Public Information and its Tourist and Travel Division have won an "Award of Excellence" from Redbook Magazine's 1962 national award.

The award, an engraved bronze plaque signed by John J. Cain, publisher of Redbook, was presented to Gov. Bert Combs here by Warren Shoemaker, Chicago, Redbook's Midwest representative.

Shoemaker explained that Kentucky was chosen for the award in competition with other states which conduct aggressive travel promotion programs.

Combs pointed out that the state's travel program was instrumental in attracting a record number of vacationers from other states last year. "The out-of-state traveler spent \$208,000,000 within the borders of Kentucky last year, \$12,000,000 more than was spent the previous year," Governor Combs added.

Shoemaker explained that Redbook's judges considered all segments of a state's travel promotion program in making the award.

"Advertising alone did not win this award for Kentucky," he added. "Our judges also studied your publicity efforts on behalf of your state's travel attractions, your motion pictures and television films, your attractive travel folders, your exhibits, the tours you conduct for travel writers, your outdoor posters and many other features of your program."

"I am happy to say Kentucky scored high in all categories," he said. "Participating at the presentation were Cattle Lou Miller, commissioner of the Department of Public Information, Charles Warnick, director of the Tourist and Travel Division, and employees of the Public Information Department."

Miss Miller told the group that the national award stimulates a "strong promotion and advertising program which was launched in 1960."

"Kentucky's selection for the award," Shoemaker said, "is not related to the amount of advertising used in Redbook Magazine. Space used by a number of states with larger advertising budgets

exceeded that used by Kentucky."

Warnick, predicting that 1963 will be another good year for Kentucky's travel industry, said his office receives more inquiries about Kentucky's parks than any other single tourist attraction in Kentucky. "In 1962," he continued, "the Kentucky State park system became the finest in the nation. The coming vacation season will give us our first full use of our parks and I am certain that their splendid lodges, fine swimming pools, golf courses and other outstanding facilities will attract more tourists, more vacationers and more dollars to Kentucky than ever before."

In 1961 and 1962, the percentage of growth of tourist dollars spent in Kentucky has exceeded the national average.

Joseph F. Canterbury, 74, Of Pike County, Victim; Son of Stanville Man

Funeral services for Joseph Franklin Canterbury, 74, of Buckley's Creek near Pikeville, were held Tuesday, Feb. 26, at 1 p.m. at home. He died the preceding Saturday at the Pikeville Methodist hospital following a long illness.

Mr. Canterbury was a son of J. H. Canterbury, of Stanville, and the late Emma Smith Canterbury, a native of Virginia, he was a carpenter.
Surviving, besides his father, and wife, Mrs. Florence Allen Canterbury, are two sons and two daughters: Edward Canterbury, Charles Canterbury, Mrs. Ruth Sword and Mrs. Josephine Sword, all of Pikeville. Surviving sisters are Mrs. Mahalia Ratliff, Coal Run, and Mrs. Opal Marshall, Columbus, O. Sixteen grandchildren also survive.
Burial was made in the Bowles cemetery at Pikeville under the direction of J. W. Call & Son Funeral Home.

Kentucky Sanitariums Hold Meeting At Park; Inspection Work Studied

Eastern Kentucky sanitariums, a meeting held at May Lodge, Jenny Wiley State Park, Tuesday and Wednesday of last week, discussed various problems relative to their work. Sanitariums from 11 counties attended. Harry G. McAndrews, director of the Division of Sanitation, Frankfort, presided.

Discussed were inspection of buildings, mobile food containers, public buildings, and restaurants. Studies were made of record keeping.

Among those attending, besides McAndrews, were Steve Sandlin, Jr., and Lloyd Parsons, both area sanitation consultants of the Division, Madge Andrews and Margaret Lykins, both area clerks of the State Health Department.

When fixing up home study areas, keep the table or desk, surface dull and light-colored. This type of surface will add to the available light for seeing. Lighted shiny surfaces, such as highly-polished finishes and mirror tops, produce glare, which becomes irritating to the eyes. A good desk-top finish is a pastel blotter, for example.
