

IN WHICH I OBSERVE

Last week was National Baby Week, since nothing else of importance, real or imagined, was up for consideration. I wasn't certain about how you proceed toward observing Baby Week; but, assured it had something to do with babies, I tried my hand at a bit of writing while letting our toddlers get in his best looks.

This harrowing episode in the life of yours truly went something like this:

"Now, be a good boy while Daddy works a while."

"Tywriter--"

"No, don't do that Please--that's a good fellow. Ooops! Where'd you get that hammer, young feller? Careful, there--if you hit Daddy's typewriter it will work something awful."

"Wite-wite."

"No, no--don't hit the window with that hammer. Crack-crack. Mustn't do that, old boy."

Out comes a filing cabinet drawer; also out come papers, flying from left to right. Exactly nine words have been written while all this was happening. Back swings the progeny into action. Somewhere he has found a screwdriver, a large one, too add to his arsenal. The hammer is brandished in the direction of the typewriter keyboard and I deftly intercept the blow with a brawny forearm. But I am not ready for the old one-two. The screwdriver comes around and smartly raps Daddy across the knuckles.

The typewriter, untouched, said, "xxx?" and this celebrant of National Baby Week took baby home where everything but an unloaded shotgun had been nailed to the ceiling.

THE INEXPLICABLE

Somewhere, somewhere -- Allan Trout, perhaps, or some of his sapient ridgerunners--should be able to explain this thing which I find utterly inexplicable. It's this:

I never pass a lawn which is being mowed but I catch the aroma of watermelon, ripe and fresh--yum, yum! But when I am at the business end of a lawnmower, the grass never grows so lush and green that I catch even the hint of any such delightful smell.

LONG AFTER

Ever have the long arm of coincidence reach out and get you? Well, it got me, Friday afternoon.

It was the evening music broadcast from the Methodist Church.

ANNEXATION  
IS OPPOSED

From Two Quarters;  
Answers Filed Claim  
City Over-Ambitious

Action taken by the City of Prestonsburg to annex adjoining territory to its northern limits and to that part of the corporation embracing West Prestonsburg met opposition from two points this week in the form of answers to the annexation suits filed in circuit court.

City Attorney Bert T. Combs said there was no opposition to annexation of the area at the upper city limits extending to "Ball Alley Rock" and including a part of Trimble Branch, but the going is rougher in West Prestonsburg and the Porter addition.

Answers to the suits for annexation of these areas contend the town is over-ambitious and has no reason to expand to cover any such area. It also was claimed the city has not the facilities to serve the proposed additions.

The answers were filed by Graham Porter and German Miller, etc. City Attorney Combs has filed no motion to require the two litigants to name the other persons represented by the abbreviation, "etc."

A hearing on the two suits being contested is slated, Saturday.

MISSION BOARD  
PICKS MINISTER

Names Dr. Nordenhaug,  
Former Local Pastor,  
Zurich Seminary Head

Dr. Josef Nordenhaug, onetime pastor of Irene Cole Memorial Baptist Church here, has been named president of the International Baptist Theological Seminary at Zurich, Switzerland, it was announced last week by the Baptist Foreign Mission Board.

A native of Norway, Dr. Nordenhaug served his first fulltime pastorate in Prestonsburg in the early 1930's after graduating from the Southern Baptist Theological Seminary in Louisville. He left Prestonsburg to become pastor of the Vinton, Va., Baptist Church, and from there moved to the pastorate of the Rivermont Avenue Baptist Church in Lynchburg. Since September, 1948, he has been editor of "The Commisston," Baptist foreign missions journal, Richmond, Va.

A brilliant student and an accomplished linguist, Dr. Nordenhaug engaged, while here, in translating English-printed books into the Norwegian, and vice-versa. He was married while pastor of the Prestonsburg church to the former Helen Bacon Ramm, of Louisville. They have two children, Ted, 11, and Karin, 9.

'LIBERTY BELL'  
VISIT SLATED

Exact Replica of Symbol  
Of Freedom To Be Shown  
At Prestonsburg, June 5

An exact replica of America's symbol of freedom, the Liberty Bell, will be displayed in Prestonsburg, June 5, as a mute but urgent argument that Floyd countians should invest in U. S. Savings Bonds during the current Independence Drive. H. D. Fitzpatrick, Jr., Prestonsburg, drive chairman, announced this week.

The bell, made in France by famous copper-smiths, was cast from materials furnished by the U.S. copper industry. These 49 supply each of the 48 states and the District of Columbia.

"These bells will ring out a message of thrift from May 15 to July 4, and urge Americans to 'Save for your Independence,'" Mr. Fitzpatrick said.

"Copper is the voice of Liberty during the Independence Savings Bond drive and because of their generosity America will see a bond drive of unprecedented appeal. It will be more than a bond drive, it will be a revival of interest in the historic America with an inspiring moral of today," he added.

After the Liberty Bell assigned to Kentucky makes its tour over the state, it will be located permanently in the Commonwealth. Other Eastern Kentucky towns included in the Liberty Bell tour are Louisa, Pikeville, Hazard, Whitesburg and Ashland. Floyd county's quota for the Independence Bond Drive is \$544,000, Mr. Fitzpatrick said.

Revival Set to Start  
At Abbott Church

Revival services will begin at 7:30 p.m. Saturday at the Community Church on Abbott Creek with Dora May, of Portsmouth, O., and Mary L. Music, of Prestonsburg, as evangelists. The announcement states that everyone, regardless of denomination, is invited to attend.

WELLS IS CLEARED

After hearing the evidence on a murder charge against Brown Mullett, Weeksbury, a Floyd county circuit court jury, late Wednesday, gave Mullett a 21-year term in the state penitentiary in connection with the October pistol slaying of Fred Ray, C. & O. railway train conductor.

A jury of the Floyd circuit court within 15 minutes Tuesday agreed that Billy Hughes, Hueysville miner, was guilty of murder in the pistol slaying on Salt Lick Creek, last year, of Bert Shephard and wrote its verdict a 21-year penitentiary sentence for the defendant.

The Hughes case was the third murder trial of the May court session and by week's end two others may have been heard. Trial of Brown Mullett, charged with the fatal shooting of Fred Ray, near Weeksbury, began Wednesday, and Friday the trial of Bill Kazee, Prestonsburg policeman, in the slaying of Mrs. Elmer Blackburn is scheduled. The Kazee case ends the murder docket for the May term, a part of which

Visiting Specialists  
To Lead Scientific  
Part of Program

Meeting at the Eastern Kentucky Medical Association, upwards of 100 physicians from 11 counties composing the Ninth councilor district of the Kentucky Medical Association are here today (Thursday), for the annual spring session at the Brown hotel.

The Floyd County Medical Society is host to the visiting physicians, it was announced by Dr. George P. Archer, president of the Eastern Kentucky Medical Association.

Dr. Archer said the scientific program would be given this afternoon and evening by specialists from Louisville, Ky., and Huntington, W. Va.

At the afternoon session, beginning at 3:30, these papers were read: "Surgery of the Gall Bladder," by Dr. Charles Edelin, Louisville, and "Massive Hemorrhage of the Intestinal Tract," by Dr. Sam A. Overstreet, Louisville.

Huntington (W. Va.) specialists Dr. F. A. Scott and Dr. Ray M. Bobbitt, discussed, "Diagnosis and Treatment of Backaches" and "Practical Points in the Management of Problems of the Female Bladder" at the evening sess on which convened at 7:30.

Dr. Paul B. Hall, Paintsville, is councilor for the Ninth district, which is made up of Floyd, Boyd, Carter, Elliott, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin and Pike counties.

The councilor district meetings are a part of the Kentucky State Medical Association program of making post-graduate medical training available to its members on the local level.

The Association is divided into 11 councilor districts. Dr. C. C. Howard, Glasgow, is chairman of the State Council.

Senior boys from 22 high schools in Floyd, Johnson, Pike and Letcher counties will gather at Wheelwright Saturday as guests for the annual Senior Day program which features a nine-mile tour of the Inland Steel Company mine at Wheelwright and the new coal preparation plant at Price.

Registration will be held from 8:30 to 9:30 a.m. in the basement of the coal company office. The trip through the mine will start at the main portal, it is said, and continue through the underground passage to the new portal at Price. Many phases of mining will be explained during the tour.

State Delays Floyd Roadwork;  
Plans Paintsville-Dam Route

Although impoundment of water behind Dewey dam is slated to begin next week, creating the strong possibility that the reservoir will attract a large number of visitors this summer, the main direct highway link with the dam itself will probably receive no state attention till next year.

This County Judge Stumbo was told recently at Frankfort when he and other county officials inquired about plans for the Prestonsburg-Auxier road.

Plans are being made for improvement of the route and also for construction of a Johnson county highway to the dam from Paintsville, the officials were told. The Johnson route, it was said, would leave the Inez-Paintsville highway at Davis Branch.

Floyd county cooperation must be gained, however, Judge Stumbo pointed out, since the road must pass through Floyd to reach the dam. Judge Stumbo said this week that the Prestonsburg-Auxier road is in such condition at one or two points that heavy traffic will render it extremely dangerous. At one of these where a house juts out almost to the edge of the road, and where the other side of the highway breaks off into a sheer drop, with room only for one automobile to pass, the county must take action long before next year. It has the choice of either buying the home which crowds the highway, moving it and then widening the road, or by driving piling at the lower side and thus provide more room, Stumbo said.

The road from Mantion on Stephens Branch to Caney Fork of Middle Creek will be advertised for bids within the next month, and bids also will be asked at the same time on the Steele's Creek-Sizemore Branch road, Judge Stumbo, County Attorney W. W. Burchett, and Magistrates J. E. Harris, Ellis Martin and Edgar Howell were promised Monday by Emerson "Doc" Beauchamp, Commissioner of Rural Highways. The court's request that the Steele's Creek route be changed to accommodate more people was finally accepted.

Mr. Beauchamp told the officials the Cow Creek and a mile of the

TEACHERS' WORKSHOP  
HERE IS CANCELLED,  
SUPT. HALL TOLD

The teachers' annual workshop, customarily conducted here in the past few years for the benefit of teachers in Floyd and several adjacent counties and planned for the first part of June this year, has met with a sudden cancellation, it was learned late yesterday (Wednesday), at the office of the Floyd county superintendent of education, Supt. Hall reported today.

The workshop, held for the convenience of teachers who require further college work but often are unable to assume campus residence to obtain it, has been held for period of time each year by Eastern State College of Richmond.

D. J. Carty, public relations director of the college, informed Supt. Hall by telephone that the project would not be undertaken this year. He told Hall a letter was in the mail explaining details of the move. It had not arrived late this evening.

Supt. Hall, urgently advises all teachers who had made plans to attend the workshop here this year, to promptly make the necessary arrangements to attend on-campus classes at some college in order to get the required college hours needed to either continue or advance in their profession.

Further information, Hall said, awaits the arrival of Carty's letter.

WIDE VARIETY  
OF EXHIBITS

To Be Sesqui Features,  
Is Plan of Committee;  
York to Publicize Event

Exhibits of all kinds--industrial, commercial, social, religious, educational and many other types--will be featured attractions at Prestonsburg's Floyd County Sesquicentennial Celebration July 1, 2, 3, 4.

This was the pledge to residents of the 15-county area which was once the original Floyd county from the numerous committees in charge of activities for the huge festivity.

Numerous inquiries have been flooding into Sesquicentennial Headquarters on Court Street from prospective exhibitors who plan to show their products and arts in booth spaces during the four day show, according to Marshall Davidson, Sesquicentennial secretary.

Application blanks for booth space will be available at the headquarters within a few days, Mr. Davidson said.

At a general committee meeting held this week it was decided that no booth space will be allowed on the city's streets or sidewalks. All such booths will be located on large vacant lots, a number of which are now under consideration.

The general committee made its first move for extended exploitation of the Sesquicentennial Celebration when it announced that Jack C. York, writer and publicity expert, had been retained to organize a Press Department to publicize the big event. Mr. York arrived in Prestonsburg Sunday and started activities Monday morning.

Mr. York has been a newspaper and publicity man for about 30 years. Most of his recent work has been on the West coast. He was publicity director for the World's Fair in San Diego in 1935 and was formerly connected with the publicity department of various motion picture studios. His most recent publicity activity was his connection with the highly successful Centennial Celebration last year in his home town of Ironton, Ohio.

Among other items of business handled by the Sesquicentennial

Improvements listed include 10 federal aid projects costing \$1,262,850; 19 state projects costing \$1,495,919; 11 rural secondary roads, 3543-685; and two rural highways, 348-507.

Matching state and federal aid funds will apply to one contract in this section:

Magoffin -- Salyersville-Royalton-Hindman road, from approximately 2 miles south of Ordway postoffice extending 2,182 miles toward Floyd county line, grade, drain and traffic bound slay; Kentucky Road Oiling Company, Frankfort, \$98,183.73.

Contracts financed entirely from state funds were awarded in the following counties in this section--all for bituminous surfacing:

Morgan-Wolfe -- Index - Hazel Green Road from Caney City to Ky. 203 in Hazel Green, 11,112 miles, Kentucky Road Oiling Co., Frankfort, \$55,469.85.

Perry--Cornettsville-Clover Fork road, 8,279 miles, Independent Contracting Company, \$54,422.05.

Arrival and departure, here Wednesday of Southeastern Greyhound buses, on regular scheduled runs, confirmed the agreement reportedly reached in a Tuesday night Lexington meeting between company and union representatives for the return to work of about 3,000 workers idled by the six-day-old rupture in labor relations.

Announcing resumption of service, Guy Hugelot, company president, said that dismissal notices were being sent to the "drivers who were involved in the investigation at Chattanooga," a situation which prompted the walkout.

Edward Oliver, international representative of the A.F.L. union, stated that the drivers would report for work like the rest of the drivers and that if they were "penalized," they would immediately start

Big Crowd Sees Little Girl  
Crowned Queen of Festival  
Amid Floats, Bands Saturday

A big crowd saw a little girl from McDowell crowned queen of Floyd county's fourth annual music festival here Saturday. The multitude also saw all nine of the county's schools represented in the parade of floats and bands in a program concluding a three-day event hailed as the "finest yet" in Floyd county school music history.

The McDowell high school girl was Helen Little, and ranking next to her was Miss Mary June Frazier, of Martin high school. Miss Little was crowned queen, with Miss Frazier and those other reigning school beauties as members of her court: Patsy Evans, Prestonsburg; Betty Finley, Wayland; Emma Lu Cecil, Wheelwright; Libby Ann Daniels, Auxier; Rocine Layne, Betsy Layne; Lorraine Allen, Maytown; Virginia Mae Mullins, Garrett.

Maytown high school again won first place in the colorful parade of floats. It effectively presented a tableaux in the theme of Hansel and Gretel. The Wayland high school float depicting "The Spinning Song" from "The Flying Dutchman" ranked second. Third place was won by Betsy Layne on the theme, "Cruising Down the River."

Although the weather was far from perfect, with the sky darkened by forbidding clouds in the early morning, and rain beginning to fall before McDowell's float, last in the parade, had started. Prestonsburg's

Doubt That They Can?  
Here's What They Did

If any Doubting Thomas has an idea those 42 veterans who recently completed a shop course of 10 sessions for farm training didn't learn enough to be handy around the farm, he is invited by R. C. Barnett, their instructor, to review the list of things they did while studying.

Besides learning enough about acetylene welding to be practical repairman around the "place," the vets actually made five wheelbarrows, 12 chicken feeders, 12 hog troughs, two spike-tooth harrows, two brooder stoves, 12 chick fountains and 75 lap rings.

On top of all that, the veterans repaired a variety of items, including dishes, mowing machines, hay rakes, scrapers, mattocks, chairs, hoes and the like.

TO HOLD PAIR  
AS WITNESSES

In Moles-Dotson Trial  
Which Begins Monday  
In Pike Circuit Court

Pike county authorities announced, Wednesday, that William (Bill) Gamble and Olen Collins will be held in the county jail at Pikeville as witnesses in the trial of Lon Moles and E. K. Dotson, of Prestonsburg, which is slated to begin Monday in the Pike circuit court. The two Prestonsburg men are charged with murder in the mystery slaying here last year of Muriel Belldridge, Prestonsburg high school girl.

Gamble is now in jail at Hazard. Collins was jailed recently at Salyersville, his mother reported, but was later released to return to his home at Duco, Magoffin county. Some doubt was expressed here that Collins would be held prisoner while wanted as a witness at Pikeville.

The trial, expected to be one of the most interesting in Eastern Kentucky legal history, may require a full week for completion, court officials said.

Home Repair Outlays  
In County To Reach  
Huge Total in 1950

Floyd County home owners will spend an estimated \$735,000 on repair and modernization of non-farm dwellings during 1950, according to estimates just released by the Tile Council of America.

"Lower wholesale prices for building products and growing stress on the use of quality materials should greatly benefit Kentucky home owners planning repairs this year," declared A. T. Wintersgill, chairman of the Council's residential construction committee.

Approximately two of every five homes in this region will be redecorated, either inside or out, during the year, the report showed. Roofs will be repaired or replaced on one of every six, and six of every 100 are due for carpentry work.

Seven of every 100 homes will have plumbing repaired, bathrooms tiled or showers installed, the report said. Miscellaneous interior repair will be made in six of every 100 dwellings.

Home repairs will be easier on the 1950 family budget because of a

Fraley Reinstatement Is Target  
In School Board Factional Fight

With the resignation of Fred Fraley from the Floyd County Board of Education accepted and approved by Special Judge Jean L. Auxier, the opposition turned its guns last week on the attempt to reinstate his brother, Ray Fraley, as a member of the Board.

Joe Hobson, attorney for Dr. J. H. Allen and James Green, members of the Board who are engaged in legal battle with the Administration, filed an amended petition alleging that Ray Fraley had abandoned his office and that the action taken last week to re-instate him by accepting his withdrawal of resignation was void.

The amended petition contended Ray Fraley shook hands with other members at the time he tendered his resignation, remarked he had "served too long" and left the room. This constituted abandonment of office, the petition claimed.

Refusing to dismiss this part of the petition on demurrer, Judge

Plans Being Prepared  
For 2 Docks on Lake  
And Access Routes

Present plans of the U. S. Corps of Engineers call for the closing of the gates of the Dewey dam next Monday, Col. Harry E. Pockras, of the Huntington, W. Va., office, Corps of Engineers, told The Times, Tuesday afternoon.

Although the work of relocating gas lines of the United Fuel Company, several miles upstream from the dam, has not been completed by Arvie Burchett, contractor, the undertaking is now past 50 per cent complete and should be finished by June 1, Wilson Stepp, of the United Fuel office here, said this week. Impoundment is expected to create only a slow rise in the water, and only rainfall heavier than normal could result in the rising lake impeding the contractor's work.

Colonel Pockras said plans and specifications for two docks are now being prepared and that bids will be asked on leases of these. One dock will be located in the vicinity of the Brandy Keg dike, and the other at Dewey Park, near the dam itself.

The same paper work is under way in the Huntington office of the

PIKEVILLE MAN  
BADLY INJURED

Auditor for Underwriters  
Unconscious at Hospital  
After Wreck Near Here

Flem Daniels, Jr., 24 years old, Pikeville, auditor for the Coal Operators Casualty Company, was critically, perhaps fatally, injured Wednesday morning when his auto and a coal company truck collided on U.S. 23, on the north side of Abbott mountain.

Dr. George P. Archer, of the Prestonsburg General Hospital, said Daniels suffered a basal skull fracture and that his condition is serious. Unconscious when taken to the hospital, he remained so throughout the day.

Dr. Archer said he was told by a state patrolman who investigated the wreck that the truck skidded on wet blacktop and that the steel bed sweeping into the car, sheared away the top of Daniels' auto. Witnesses were quoted as saying neither vehicle was being driven at high speed.

On the basis of early findings in the investigation, the accident was termed "unavoidable," with no blame presently attached to either driver.

Driver of the truck, which was said to have been owned by the Turner Elkhorn Coal Company, was unhurt. The injured man is a son of Flem Daniels, Sr. of Louisa. Except for the head injury, he was unmarked.

Auxier set a hearing for May 17.  
On his decision depends the administration for a majority on the Board. If he rules Fraley abandoned his office, the board would lack a fifth member and would be composed of two Pros and two Cons.

A meeting of the County Board scheduled for May 16, but by mutual agreement of all parties to the litigation Ray Fraley will not sit in the meeting as a Board member.

Prior to this maneuvering, the Administration withdrew its bill of denials as to incorrectness of minutes of the March meeting when Ray Fraley stepped out as Board member and Fred Fraley was appointed and as to the denial that a quorum was not present when the action was taken by the Board.

An Administration spokesman explained last week that this action was taken to eliminate some of the dissension created in the office of charges and counter-charges.

**GARRETT METHODIST CHURCH**

A large number of people attended our regular church service Sunday morning at 10:30 o'clock. Rev. Allen rendered an inspiring message which benefited all. Every one is cordially invited to attend all services each Sunday. Come and bring someone with you.

The Sewing Club met with Mrs. C. F. Allen, Maytown, on Thursday at 1 p.m. An enjoyable afternoon was spent making pot holders and napkin holders. The ladies have conscientiously worked hard in trying to build up a fund with which we may improve our church. We are working toward a recreation room for our youth. Our church of tomorrow will depend upon our youth of today and every possible effort put forth cannot be too much to interest youth in "the way of the cross." A flower fund was agreed as necessary for our club. As a beginning contributions were made by the following: Mesdames O. J. Webb, O. C. Hayes, H. K. Johnson, C. F. Allen, Morris Petrey and Mrs. V. A. Hayes. It was unanimously voted that the club will only meet once each month during the summer and this will be on the first Thursday. Every lady of our church is urged to attend these meetings. Following the sewing and business meetings refreshments were served to the following: Mesdames E. C. Blanton, Delbert Stone, O. C. Hayes, O. J. Webb, Morris Petrey, Joel Martin, H. K. Johnson, Leck Martin, V. A. Hayes and a visitor, Mrs. Barbara Conley and little daughter, Brenda, of Paintsville. The club will meet with Mrs. V. A. Hayes on June 1.

Mrs. Leck Martin, having passed another birthday, contributed to our Birthday Bank.

The Junior Class won both the attendance and offering banners for two consecutive Sundays.

We were all happy to have a new member, Gaines Rice, join our church this Sunday. We welcome him and pray that he may be a faithful worker in our midst.

Remember that May 14 is Mother's Day. Honor your mother by being present in the church of your choice next Sunday.

**Resolutions of Respect**

In memory of Brother Henry F. Patton, who died April 1, 1950.

Once again a brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected brother,

And, Whereas, he having been a true and faithful brother of our Order, therefore be it

Resolved, That Zebulon Lodge No. 273, F.&A.M., Prestonsburg, Ky., in testimony of her loss, be draped in mourning for 30 days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

**Walter Hall To Direct Morehead College Band Camp, July 5 to 15**

The Morehead College Band Camp will be held on the college campus from July 5 through July 15. The camp will be under the general direction of Mr. Walter Hall, director of the Hazard High School band, who, during the Floyd County Music Festival here Saturday, acted as one of the judges of the event and guest conductor of the All-Festival 100-piece band. The camp will feature private instruction in all band instruments, music reading, ensemble work and marching. Classes in the rudiments of music will be formed and certain other college classes may be audited by those sufficiently advanced in music study. Assisting Mr. Hall will be the college staff and outstanding high school band leaders.

An unusually large amount of Ladino clover is being seeded in Montgomery county this year.

decline of more than five per cent in wholesale costs of building materials, in comparison with prices at the beginning of 1949, the report said. Home owners also will be able to insist on such quality materials as clay tile for repair work, as a result of the present buyers' market, it pointed out.

Expenditures throughout the United States for home repairs and modernization this year will total \$2,350,000,000 to \$2,900,000,000, the report estimated.

**KIWANIANS ARE GUESTS OF HUNTING CLUB**

Five Kiwanians from Prestonsburg attended a luncheon given by the Kwanis Queens, auxiliary of the Huntington Kiwanis at 1 p. m., Monday at the Frederick hotel in Huntington, W. Va. The guests were greeted and welcomed by the Kiwanis Queens' president, Mrs. Evan Cyrus. Unusual decorations of azaleas and dogwood made as huge nosegays were used on the table. The Marshall College High School "Little Chorus," highlighted the entertainment program. Attending Kiwanians from here were Mrs. Edward Leslie, Mrs. Robert Francis, Mrs. Max Burns, of Prestonsburg, and Mrs. Irvin Spotte and Mrs. William Crawford, of David.

is set aside for the hearing of civil cases.

Denver Wells was acquitted Friday of a murder charge in the "eternal triangle" slaying here recently of Earl Frazier, Bonanza man.

The defendant was the only eyewitness to the shooting to testify in the trial. He claimed that when he entered the darkened apartment occupied by him and his wife he saw a man whom he could not recognize rise and move as if to pick up a chair or some other object. The shot followed. He admitted that, had his wife not grappled with him, he might have fired again.

Mrs. Wells, whom her husband recently sued for divorce, was not present for the trial. Commonwealth testimony consisted of statements by witnesses telling of Wells borrowing a .22-calibre rifle from Billy Price and of buying a box of cartridges at the J. H. Nunnery store here, shortly before the shooting. Wells claimed he got the rifle and shells to kill a rabbit.

In the trial of Hughes both the defendant and his young son, Willard, testified that Willard shot Shepherd at the home of Jack Hughes, brother of the defendant, while the latter was bending over Billy Hughes and striking at Hughes with a knife. Billy Gibson, however, testified Shepherd was sitting in a chair after having been aroused from sleep at the time of the shooting. She identified Billy Hughes as the man who killed Shepherd.

The Hugheses, father and son, contended the trouble started after a little girl had told Billy Hughes of seeing Shepherd and another man in bed with a woman. The defendant said he took his shotgun, jabbed Shepherd and told him he should leave after such behavior. Shepherd knocked the gun aside, floored Hughes and was trying to cut him when the boy fired, the defense claimed.

The Commonwealth contended the elder Hughes and Shepherd had been in a minor dispute, earlier in the night, farther up Salt Lick, when Hughes disputed with a companion of Shepherd's and the latter informed Hughes he "would die" for his friend. This evidence claimed Billy Hughes went home, got his shotgun and returned to the Jake Hughes home with his son who was armed with a revolver.

Trial of Willard Hughes, who was charged jointly with his father, is expected to be set for the September court session.

Pleas of guilty to grand larceny in the theft of an automobile resulted Tuesday in one-year pen terms for Ed Moore and Frank Lumpkins. The voluntary manslaughter indictment against Lear Bates and R. L. Holbrook in the dynamite explosion death of a child was dismissed because of lack of evidence.

Circuit Judge Hill probated the sentences of Cap Mimms, convicted on a liquor-selling charge, Bob Griffith, carrying a concealed deadly weapon, and Billie Joe Hall, for shooting into a storehouse.

**Defeat Martin Team 10-9, In Big Sandy League Game At Per'er Field Sunday**

The Prestonsburg "Big Reds" underwent initial fire in Big Sandy league baseball at Porter Field Sunday and emerged victorious over the Martin Legionnaires, 10-9, as organized amateur baseball made its appearance here for the first time in several years.

The game was close all the way. The highly controversial "no balk" rule which has provided much pro and con discussion before and since the baseball season, started also provided, to some extent, the turning point of Sunday's game. A Prestonsburg player was ruled safe at second after a called balk on the Martin pitcher. The Big Reds rallied to take the top side of the fight from thereon.

The score was tied at 9-all going into the ninth inning. Harmon, who had relieved Gunnells, set down the Martin batters in order. "Blue" Childers stepped into a starring role for Prestonsburg when he stepped to the plate and singled in the last half of the ninth to bring home the winning run.

Reported highlights of the game: Jimmy Goble made a double-steal from first to third in the last half of the first inning. May singled to drive in a run while Porter was in the hole with two on which looked like an early rally for the Big Reds but Porter retired the next two batters.

Gunnells, Prestonsburg pitcher, likewise got into a hole in the second with the bases loaded but struck out Campbell to retire Martin.

Martin's half of the third saw Bob Taylor drive in a run and Halbert score on a wild pitch. In the Prestonsburg half of the third, May doubled, Amon Childers followed up with a single and Harmon batted away a triple.

Grigsby started a rally for Martin in the fourth and two runs were scored when McCarty got on base by error. Prestonsburg first baseman May tripled in the fourth to bring in Goble.

Harmon came from Prestonsburg rightfield duties to relieve Gunnells in the fifth and Amon Childers to May accounted for a double play which relieved a threatening situation.

Burchett singled in the sixth to bring Goble home and Childers scored from third base when Grigsby erred on second.

"Blue" Childers singled in the seventh. Bob Taylor, Martin left-fielder, saved the day for his team with a sensational catch of Bill Goble's swat to the 325-foot line.

Harmon got out of a tight spot in the eighth by striking out Taylor with two men on base.

**THE GREAT AMERICAN HABIT**

Flipping switches is The Great American Habit. Even children have it. And it's a habit that has given America the world's highest standard of living.

In the home, electricity is just about the smallest item in the family budget, but what else makes life so easy, so healthy, so comfortable?

In industry, electricity lends the employee the strength of giants. Electric motors multiply his muscular strength by dozens or even by thousands—making it possible for him to produce more, better, faster—to earn more.

Electricity is certainly a vital part of our American life yet, oddly, this country spends only 2% of its vast income for electric service. Such a bargain in efficiency didn't happen by accident, of course. Business-managed electric light and power companies pioneered the electric industry—progressed and expanded because of investors with faith and vision, employees with skill and experience.

There are still broad fields of electric living yet to be tapped. Business men can do the job better than bureaucrats. That's always been the secret of America's progress.

And one of the very first numbers played was, "Sweeter As the Years Go By." I remarked, "First time I've heard that hymn in years. Now, if they'll play the other one, that will be something."

And they did, the very next minute—"Church in the Wildwood." The coincidence lies in this: A mere matter of 32 years ago when I first attended a school away from home, these two hymns were companion-pieces at chapel, almost every morning, as will be recalled by Dr. Orris Gearheart, Pike Commonwealth's Attorney J. A. Runyon, Mrs. Carrie Hays Hall and others who attended school at Morehead, way back then. To hear one of these hymns, even today, is for me to listen for the other to follow.

And—grant me this sentimentality—they sound sweeter as the years go by.

**TO WHOM IT MAY OR MAY NOT CONCERN:**

This similarity of names is downright embarrassing, as witness the time a certain Norman Allen turned up in Prestonsburg, announced his intention as being that of "aimin'" to rob both banks, and turned from that bit of derring do to cut quite a caper while trying to get away with an automobile, the owner of which he did not know and cared naught about knowing. Then there was the more recent case of an A. B. Patrick being in durance vile on a charge of cutting and wounding, Prestonsburg's A. B. Patrick and I wish to state that those were two other fellows and that we are, and have been for at least a reasonable time, engaged in no extra-curricular activities whatsoever.

**AH! NO HEADACHES!**  
(By Jack York)

There'll be no more headaches attendant to the Floyd County Sesquicentennial Celebration.

That's all been taken care of, ladies and gentlemen!

The Sesquicentennial General Committee has been presented with enough Stanback headache tablets and powders to take care of its mental sufferings.

It all came about in this manner: Ed Harmening, headache tablet and powder representative, has been employing Prestonsburg as his headquarters to "cover" the 15 counties of the original Floyd for the past week. He's been hearing plenty about the Sesquicentennial Celebration in his travels. Thinking it over, Mr. Harmening came to the conclusion there's many a headache attached to the organization, exploitation and promotion of such a stupendous operation. So he decided to do something about it—sort of do his bit to help the Sesquicentennial Celebration along.

So... he dropped by Sesquicentennial Headquarters on Court street and donated several hundred sample packages of Stanback Headache Tablets and Powders to relieve the General Committee members' megrim pains, cephalalgia, migraine—all of which amounts to just plain, old-fashioned headaches.

**"Youth United," Theme Of May Festival Here Next Thursday Evening**

Julia Mayo May and Bill Baker Burke will reign as queen and king during the May festival exercises to be held on the playground here, Thursday night, May 18, at 8 o'clock.

The festival is to be an annual event, with the theme changing each year. For this year's festival the theme is, "Youth United."

The queen and king are nominated from the eighth grade from scholastic records of the girls and boys, with citizenship maintaining 50 percent of the record. Nominees for this honor are then voted on by popular vote of the fifth, sixth, seventh and eighth grades.

Every child in the grade school will participate in the festival.

In the Coronation march, one of several scheduled program events, these pupils will participate:

Heralds: Paul Phillip Branham, Tommy Allen; honor guard: Den 5, Cub Scouts—Bill Jones 11, Victor Calhoun, Harold Ward Cooley, Herndon Burns, Glenn Anderson, Ralph Davis, Jr.; flower girls: Sara Ann Cooley, Kay Anne Frazier, Rita Hale, Cheryl Harris, Eula Jean Peters, Linda Lou Spivey; crown bearers: Barbara Baker Harkins, Bill Holiday Harkins; attendants: Libby Birchett, Winnie Sue Cooley, Martha Archer, Dorothy Herald, Linda Sue Stephens, Lois Ann Reed, Mary Lou Miller, Dorothy Rowe, Sue Carroll Stewart, Joar. Stephens.

Special numbers will be rendered by each room, with the Maypole dance given by seventh and eighth grade girls. One of the features of the festival will be the parade of the United Nations flags.

**SESQUI PLANS FOR 15-COUNTY CELEBRATION  
SHAPE UP WITH GROUNDWORK UNDER WAY**

By JACK YORK

Prestonsburg will be the hub July 1, 2, 3, 4 around which a 15-county festivity—the Floyd County Sesquicentennial Celebration—will swing, affording residents and visitors the first big event of its kind ever staged in Eastern Kentucky.

Present plans of numerous Sesquicentennial committees are rapidly whipping into shape and give every indication that Prestonsburg and friends from all the surrounding area will have a "big time" during the four-day-long celebration, according to Franklin Moore, general chairman of the celebration.

General Chairman Moore pointed out this week that while Prestonsburg will be the centerpoint of the 15-county area, every person residing in the original Floyd county should look upon the celebration as his very own, individually and collectively.

Those counties which, in whole or in part, made up the original Floyd district of long ago, all of which are expected to play an important part in the coming celebration, are: Breathitt, Elliott, Floyd, Johnson, Knott, Lawrence, Letcher, Magoffin, Martin, Menifee, Morgan, Perry, Pike, Rowan, and Wolfe.

One of the unique features of the celebration, contained in the accurately comprehensive history book of that vast territory now being compiled here, is the plan to include the names of all living residents of the original Floyd county area on special pages of the volume devoted solely to that purpose, Moore announced.

Proper application for inclusion of the names of all living residents of those counties in the memorial history must be made through the offices of the Sesquicentennial Celebration offices, Court street, Prestonsburg. Additional details as concerns these names listings will be announced later, Mr. Moore said.

Mrs. Beatrice Collins, Lackey, of the Lackey-Garrett Woman's Club, has agreed to head a group of club-women who will contact the various women's organizations throughout the district. Among those who have enthusiastically accepted responsibility for certain names, are: Mrs. Winifred Blackburn, Perstonsburg, president of the V.F.W. Auxiliary; Mrs. Ona Hamilton, president of the Prestonsburg Woman's Club; Mrs. Winston Ford, Prestonsburg, acting deputy commissioner, Girl Scouts; Mrs. Nancy Webb, Prestonsburg, worthy matron of the Eastern Star; Miss Alice Harris, president, West Prestonsburg Civic Club; Mrs. Anna Belle Harris, West Prestonsburg, Rebekah Lodge; Miss Sara Clay Stephens, Prestonsburg, president of the Junior Woman's Club; Mrs. R. D. Francis, Prestonsburg, director, The Kiwanianes, and Mrs. J. R. Camlica of the same organization.

One of the interesting sections of the historical book will be a section devoted to all "Sesquicentennial Babies"—this being appropriately illustrated pages containing the name of every baby born in the 15-county territory since the first of the present year and up to the time of publication of this historical volume.

Henry Sealf, widely known Eastern Kentucky historian, is now putting the finishing touches to the manuscript of his history of this area. More than 15 years of almost constant research into historical corners and crannies by Mr. Sealf has revealed to him, and thus forming this valuable work, a story replete with folklore, legend and frontier Kentuckiana.

Meanwhile, other plans of the Sesquicentennial Celebration committee are rapidly forging ahead. Among these is a beauty contest, details of which are now being worked out by its sponsors, the Junior Chamber of Commerce.

Bob Wellman and Paul C. Hayes are the committeemen who are now handling details of the beauty contest. They plan to have several important announcements ready within a few days. It is planned to have a representative beauty from each of the celebrating 14 counties from which a Sesquicentennial queen will be chosen to compete in the Miss Kentucky finals for the Atlantic City Beauty Pageant.

A beard's contest, the winner of which will be crowned King of Beards, and will rule over the July celebration with the beauty queen, will be another feature of the Sesquicentennial Celebration.

A beard's committee to work out details for the whiskered contest was named today by General Chairman Moore. This committee is composed of Thomas Hereford and Tilden Belvard Friend, representing the Prestonsburg Lions Club; and Marshall Mahan and Paul Combs, sponsored by the Kiwanis Club. That committee will contact Lions and Kiwanis Clubs in the 14 celebrating counties with a view to obtaining bewhiskered contestants from each.

**ALLEN**

The Woman's Society of Christian of the Methodist Church held its May meeting Monday night in the home of Mrs. Jewell Allen. The president, Mrs. George Adcock, presided at the business session, with a discussion of bake sales to be held every two weeks. The proceeds of the sale will go to the church building fund. Mrs. Mae Schroder joined the Society. The worship program was in charge of Mrs. Mae Webb. "Christianizing Our Homes" was the subject of the program and was given as follows: prayer by Mrs. W. J. Kenney; poem, "Keep Sweet," Mrs. Mae Webb; also talk by the leader, "Rose of the Home in the Peace Movement"; "Christian Home Movement in China," by Mrs. Harry Snodgrass; "India's Festival of Lights," by Mrs. Palmer Crisp; song, "From All the Dark Places," by the group; talk, "The Christian Home in Africa," Mrs. G. L. Gray; "The Christian Home Around the World," by the leader, Mrs. Webb; scripture reading, 1 Cor. 13:4-8, by Mrs. Carole Webb; closing hymn, "Close to Thee." The study course, "Women of Scripture," was in charge of Mrs. G. L. Gray. Games were then played with Mrs. Willard Kinzer and Mrs. Galloway Laferty in charge. Refreshments were served to Mesdames W. J. Kenney, Raymond Harry, G. L. Gray, Palmer Crisp, Carole Webb, Mae R. Webb, Mae Schroder, Galloway Laferty, Willard Kinzer, Charles Callison, Harry Snodgrass, Fred Workman, George Adcock, and Rev. W. J. Kenney. The June meeting will be held in the home of Mrs. George Adcock.

**DANIEL BOONE BOY SCOUT TROOP LIVES UP TO NAME—THEY'RE JUST ABOUT 1ST IN KY.**

Daniel Boone Boy Scout Troop at David, like the famed pioneer for whom the group was named, is just about the first in Kentucky.

This was the belief expressed this week by Scoutmaster J. E. Durham and Assistant Scoutmaster Ray Stambaugh in reviewing the Troop's record of 33 promotions during the charter year ended, April 30.

"We know of no troop having a higher percentage of promotions in one year," the leaders of the David boys said. The troop for the 12 months had a membership of 41. Its promotions included one from the rank of Star Scout to Life Scout, four from First Class to Star Scouts, nine from Second to First class, and 21 from the tenderfoot to second class rating.

Among the troop's good deeds for the year was the Christmas-time work of collecting and delivering to needy families 25 bushels of food-stuffs and five large bundles of clothing. The troop is sponsored by the Princess Elkhorn Coal Company which has constructed at David both Boy Scout cabins. To the company and the troop committee the Rev. Mr. Durham and Mr. Stambaugh credited much of the progress of Scouting in the community during the last three years, one of which was marked by Daniel Boone troop being declared the outstanding troop in Lonesome Pine Council.

Promotions made by the troop last year follow:

From Tenderfoot to Second class—Randall Honeycutt, Hill Tillo, Paul Ray Fraley, Dexter Music, Burt Dixon, John Everly, Bruce Howard, Bobby Jean Burchett, Ronald Ray Burchett, Rex Music, Grover Stephens, Ruey Cavins, Junior Dixon, Edsel Carver, Norman Chaffins, Bobby Centers, Charles Hammons, Thomas Montgomery, Gordon Ratliff, Jimmy Wise, Eugene Cavins.

From Second class to First class—Claude E. Wallen, Donald Puckett, William Johnson, Edsel Carver, Donald Capelli, Donald Carver, Kermit Collins, John Richard Dixon, Leon Hicks.

From First class to Star Scouts—James Lloyd Hale, Glenn Mack Dixon, Robert Preston, John Richard Dixon.

From Star to Life Scout—Bill E. Bussey.

**IN MEMORY**

Of a dear father and mother,  
Baxter Wallen and Elizabeth Hughes Wallen:

We cannot say,  
And we will not say  
That they are dead—  
They are just away.

With a cheery smile  
And a wave of the hand  
They have wandered into  
An unknown land.

And left us dreaming  
How very fair  
It needs must be  
Since they linger there.

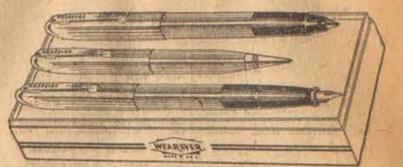

And you, O you,  
Who the wildest yearn  
For the old time step  
And the glad return,  
Think of them faring  
On so dear  
In the love of there  
As the love of here.

Think of them still  
As the same we say,  
They are not dead  
They are just away.

**Notice to Teachers**

A meeting of all Big Sandy teachers will be held at the Martin high school building, May 13, at 2 p.m., for the purpose of electing officers.

It is hoped that through our uniting as a classroom teacher organization we may have a voice in the next Kentucky Legislature. So let us have 100 pct. attendance. Let us unite to recapture the respect, the dignity and the prestige which is our rightful heritage as we humbly serve the youth of our great nation.

engineers on access roads and park-areas in the vicinity of the docks. Contracts on some of these will be let this summer. Col. Pockras said. Some of the work will be done by labor forces of the Corps of Engineers.  
Provisions for safe drinking water and for sanitary accommodations also will be made during the summer. It was said.  
Work was scheduled to begin Monday by Irvin Rice, Paintsville, contractor, on two six-room brick dwellings to be occupied by the caretaker at the dam and the government's reservoir supervisor. The buildings are to be completed in October.  
Rice's bid on the construction project, located downstream from the dam, in the vicinity of the present engineers' offices, includes a water system for home use and also for firefighting purposes. His bid was reported at \$36,000.

the grievance machinery into motion and the cases would be handled through the regular channels of appeal.  
Eastern Kentucky's lame transportation system pulled up with a new limp, last Thursday, as a walk-out of Southeastern Greyhound bus drivers spread over this section as well as throughout the South.  
The strike, driver spokesmen charged, was the result of "gestapo" methods employed by company officials in the suspension of 27 Chattanooga drivers for alleged mishandling of funds in their cash fare boxes.  
Union leaders were quoted as saying the strike was unauthorized and illegal, but drivers maintained they would not return to work until guaranteed they would not again be subjected to "such methods."  
Thirteen Big Sandy drivers for Southeastern Greyhound and four terminal employes at Pikeville joined the walkout. Bus service up the Big Sandy from Ashland to Prestonsburg, Pikeville, Jenkins and Grundy stopped, Thursday but was resumed yesterday morning.  
In Floyd county, Sparks Brothers Bus Company maintained its service to Hindman and Hazard and into the Left Beaver Creek section. There was no indication the C. & O. Railway Company would increase its passenger train service over the one-train-per-day run upriver and down.  
In the face of limited rail passenger service, however, eastern Kentucky as a whole suffered a paralyzing effect on passenger transportation during the bus walkout.

May Expect Checks  
In Next Four Months**

The Kentucky Disabled Men's Ex-Service Board is now supplying this information for those prisoners of war who have filed the necessary forms for benefits from the War Claims Commission and who have been making inquiries as to when they will receive their checks:

There were 139,999 claims applications received by the Commission in less than 90 days. The policy of the Commission is to pay on a "first come, first served" basis. They believe it will take at least another four months before the checks will be moving in a steady flow from that office.

Both the adjudication division and the finance division are putting forth every effort to get the checks out at the earliest date possible. All claims will receive proper consideration and will be paid where the claim is allowed, but it will take considerable time to do so.

**SEINING OF MINNOWS  
FOR COMMERCIAL USE  
IS DECLARED ILLEGAL**

**Emergency Action Taken  
Became Effective Monday**

Frankfort, Ky., May 8—(Spl.)—Seining of minnows for commercial use became illegal on Monday, May 1, Earl Wallace, director of the Division of Game and Fish, reminded would-be offenders today. This came as a follow-up to his previous announcement following the filing recently, with Secretary of State George Glenn Hatcher, of an emergency regulation to that effect.

Wallace pointed out that studies of stream and minnow conditions in the state have revealed that the streams are rapidly being depleted of various species of minnows by commercial dealers and that depletion of these minnows will cause a crisis, since other types of fish in these streams depend on minnows for their food supplies.

The Fish and Game director emphasized that the regulation does not mean that a resident of the state cannot seine minnows from these streams for his individual use. Only the seining of minnows for commercial purposes is barred, he declared.

**Allen Paces League Play,  
Averaging 21 Hits Per Tilt**

Two places, top and bottom, with no one in particular occupying the middle, make up the standings, this week, of ten teams in the Big Sandy baseball league after two week-ends of scheduled play has passed.

Four teams, Allen, Hi Hat, Henry Clay and Prestonsburg, are registered with a perfect standing at 1,000 although Allen and Hi Hat have two victories to strengthen their positions while the other two have performed only once.

In the "bottom" notch are the six remaining league teams, none of whom, as yet, have cracked the win column. One of these six, Price, is a victim of circumstances beyond human control because they have been rained out of both scheduled tries. Of the other five, Martin, Harold, Elkhorn City and Indian Creek has succumbed to defeat in one game each while Drift, merely slow in getting started, has two setbacks suffered in games.

Sudden shuffles in standings in the seven-year-old league is expected next Sunday when Hi Hat comes to Prestonsburg, Allen goes to Martin, Indian Creek visits Henry Clay, Drift "drifts up" to Price and Elkhorn City journeys to Harold. To say the least, some vacant spots in the league standings are almost certain to be filled.

Allen, who won the pennant race in almost a "photo finish" last year, is off in the race this year in a flash of batting power as two weeks of play shows the club pacing the league.

Averaging 21 hits for each of two games played, Allen collected 19 "wood-token-marks" on the record books as the club blasted Drift, 18-5, at Allen Sunday. The Allen two-weeks hit total of 42 safe smackings began with the previous Sunday's efforts which saw the winners touch Indian Creek pitchers for 23 hits.

Drift was no slouch at the bat, either! The last Sunday losers at Allen connected for 11 hits. Drift's McSurley slugged out a triple in the fifth with R. Pack on base. Bobby Turner, whose defensive play afield at shortstop earned for himself the healthy respect of Allen's heavy hitters, did right well in the "timber-touching" department. He, in five times at bat, got two hits and scored two runs. One of his hits was a double in the ninth.

Despite all defensive efforts, Allen batters achieved their timber-happy feats. Raymond Hall, who is batting at .750 for two games, cut the distant river-bank weeds with a triple in the first inning to get things going in the order of the day. He got a double in the third for his second hit in five times at bat.

**ANGLERS HIT  
GIGGING RULE  
To Voice Opposition  
To Regulation; Claim  
Bass, Pike Suffered**

As the period for gigging rough fish ended Friday midnight, Floyd county sportsmen were vocal in their opposition to a renewal of gigging next year and promised they would express their opposition to any such practice when the League of Kentucky Sportsmen meets at Cumberland Falls this month.

The ruling of the Division of Game and Fish permitting gigging of rough fish failed to achieve its purpose, these fishermen declare. Reports received from all parts of the Seventh district and scattered reports from all parts of the state as a whole indicate that promiscuous gigging of game fish took place, whether accidentally or intentionally.

Said Floyd County Conservation Officer Bernard Baldrige: "One man came to me and told me he had gigged a bass. He said, 'I saw the flash of a fish, I gigged—and it was a bass.' He killed a game fish by mistake. Scores of others killed them because they were out to get fish—any kind of fish. I reminded the man who had killed the bass that the Division's regulations required him to return it to the water, but that didn't repair the damage already done."

One sportsman questioned wisdom of the regulation with: "How many gars were gigged? For every one, if there was one, at least a dozen bass or pike!"

Baldrige warned that the gigging season closed on May 5 and that no person is allowed to have a gig in his possession while fishing; moreover, that the carrying of gigs in tackle boxes is in direct violation of the law.

By TED KESTING

No one has a right to call himself a real catfish angler until he has concocted some bait unlike all others except for having an offensive stink, the secret of which he refuses to divulge for less than a thousand dollars or so.

It would of course be disgraceful for any two cat fishermen to make bait alike, but angling authority Jason Lucas took a good grip on his nose and came up with the following, which is the base for all blood baits:

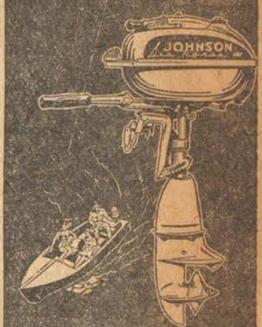

Go to a slaughter house and get a bucket of fresh blood of anything from chickens to elephants. Put this into a tight, closely woven cloth sack and hang it up for five or six hours until all the plasma has drained out and what's left is about as thick as liver. This can be cut in pieces, placed in glass jars and stored in the refrigerator.

From there it's up to you. Some fishermen mix feathers or cotton wool in the blood so it will be tougher; some use a half cup of powdered alum. But the scent is the big secret. You can have your choice of oil of rhodium, spoiled cheese, asafetida, rotten eggs or skunk "musk"—and this isn't even a beginning of a list of the odiferous articles compounded. It does seem to be a fact that the more horrible the smell, the better the catfish like it.

The term stink bait distinguishes other bait from blood baits. Not that they smell any worse—how could they? Here, you start out with a bucket of minnows and let it sit until there's nothing left but a thick, oily mess. Sliced bananas are considered a fine ingredient for this mess but some prefer oil of anise; there's also much room for creative genius as in blood bait. A piece of sponge or rag dipped in this seems to be a catfish's notion of an epicurean heaven.

Some cat fishermen are so totally lacking in pride that they use nothing but plain liver. Others use "beef melts" which is an archaic term for spleen. Some swear by chicken entrails and other things, which are considered best when they have reached the most advanced stage of decomposition that will permit their users to remain conscious.

Wallen Elected Member Of Phi Beta Kappa

Lexington, Ky. (Sp.)—Nick C. Wallen, son of Mrs. W. S. Wallen, of Banner, and a student at the University of Kentucky, has been honored by election to membership in America's oldest collegiate fraternity—the scholastic honorary, Phi Beta Kappa.  
Announcement of Wallen's selection was made by Dr. Charles E. Snow, U.K. professor of anthropology of the University's Alpha chapter of the honorary society.  
Now a senior in the UK Department of Political Science, Wallen is a former member of Phi Eta Sigma, honorary society for freshman men. A graduate of Prestonsburg high school and a wartime air pilot, Wallen has achieved an outstanding scholastic record at the University.  
Though no minimum scholastic average is specified for membership in Phi Beta Kappa, new members usually are selected from the upper 10 per cent of each year's graduating class and from a list of outstanding graduate students.

## TWO RECEIVE SCOUT HONORS

### Silver Beaver Awards To Parker and P'simer; Four Get Eagle Badges

Silver Beaver awards were presented to J. T. Parker, Wheelwright, president of Lonesome Pine Council, Boy Scouts of America, and to Virgil Picklesimer, Whitesburg, Council vice-president, at the Councils annual Recognition dinner held recently at Jenkins.

The presentations were made by B. P. Bogardus, member of the Silver Beaver committee. Approximately 140 persons representing the Scout movement in Eastern Kentucky counties attended the meeting.

Mr. Parker has been active in Lonesome Pine Council since 1934, and from 1934 to 1941 was registered as troop committee chairman in Wheelwright. He has also been active in Cubbing and in the organization of a Cub Pack in his community. From 1942 to 1945 he was registered as chairman of this Troop committee and Pack committee of Wheelwright. He was made a member of the executive board of Lonesome Pine Council in 1946 and in 1948 was made vice-president of the Council. In 1949 he was elected president of the Council and at the present time is serving in that capacity.

Mr. Picklesimer is vice-president of Lonesome Pine Council and chairman of the Camping and Activities committee. He has been active in the Council since 1935, having served as Scoutmaster, Troop committee and district chairman of the Leitcher district.

Four Scouts of Lonesome Pine Council were awarded the Eagle Badge. These were Franklin Delano Brabson and Edwin Neale Grigsby, Troop 90, Hazard, Jack Alsop and John Alsop, Troop 76, Jenkins.

Rev. J. E. Durham, Scoutmaster of Troop 143, David, Richard Wampler, Scoutmaster of Troop 53, Campbell, Va., and Rev. J. W. MacElree, Scoutmaster of Troop 78, Blackey, gave short addresses on their experiences as leaders of boys in the Scout movement.

### School To Establish 'Costume Library' Here

The Prestonsburg grade school in an effort to establish a costume "library," is asking parents who have costumes which their children have outgrown to contribute them to the school. The costumes will be boxed and stored in a locked room where they may be checked out as needed, as in the cases of library books and returned to be used again.

If you have costumes to contribute, tell the Cub Scout who will call at Prestonsburg homes, the evening of May 11, and he will collect them on the following day.

Sixty-one Guernsey cows and heifers were bought by Warren county farmers in one month.

## Character Training Need Is Discussed In Meeting Of Lackey-Garrett Club

Wayland, Ky., (Spl.) — The Lackey-Garrett Woman's Club met at the home of Mrs. Fred Hall, Thursday evening, April 27, with Mrs. J. E. Miller, co-hostess, Mrs. Willard Castle had charge of the program, topic of which was, "The Need for Sunday School Training." The leader cited numerous needs for character training in which no institution excels in comparison with the Sunday School.

Mrs. J. T. Fraley reviewed an article from the February edition of McCall's magazine, "A Church, a Man, and a Song," by Alberta Williams. This is a report of the wonderful work of Dr. Harold Martin, pastor of the Second Presbyterian Church of Bloomington, Ill., who has vitalized the Sunday School. Other articles given by Mrs. Castle were summaries from reports of all churches. Round table discussion followed, with a detailed report of the late Rev. Adams' interest in church work generally.

During a brief business session, it was voted to contribute \$25 to the Cancer drive. It was also decided to send several English textbooks to Greece. A letter was read by the club president inviting members to be guests of the Hindman Woman's Club, May 6.

The hostesses served a dessert course to Mesdames S. M. Martin, Willard Castle, C. Wrightson, John Wallace, J. T. Fraley, George E. Evans, Ervin Mullins, Roy Souleyrette, Richard Vinson and J. C. Wells.

### 6 Weeksbury Foremen Among 1,100 Honored For Safety Records

Washington, May 9 (Spl.)—Of 1,100 coal mine foremen in hundreds of bituminous mines across the nation who are being honored this week for perfect safety records, almost one-third are with a single mining organization, Eastern Gas & Fuel Associates, which in Floyd county, Ky., has its coal operation at Weeksbury.

This was revealed in records released here today by Earl E. Maize, safety director, safety division, National Coal Association.

There are 347 mine foremen at 20 EGFA mines who have supervised their crews from one to 20 years without a lost-time accident, the list reveals. These and about 750 foremen from other bituminous coal mining organizations in the United States will receive certificates of citation for their perfect records from the safety division of the National Coal Association.

Safety Director Maize estimates that there are probably 2,000 bituminous coal mine foremen in the industry who are eligible for recognition but not all have been reported. This would mean no lost-time accident records covering 150,000 miners, he states.

Following are the names of foremen at the Weeksbury operation who are being honored, together with the number of years crews have worked under their supervision without a lost-time accident:

Dock Fraley, Elmon Music, Polk Campbell, Edmon Cecil, Selsus Dutton, John Barnott, one year each.

The gallery of the United States Senate contains 682 seats.

### U.M.W. To Resume Payment Of Pensions Next Month

The United Mine Workers' welfare fund payment of \$100-a-month pensions to retired coal miners will be resumed next month under a stricter benefit policy, it was said a few days ago.

Fund officials said pensions will go to all miners at least 60 years old who have worked 20 years in the industry, provided they worked a full calendar year immediately before their retirement.

Under the old arrangement retroactive pension payments were made to miners who had not worked the year before they retired.

The fund also will renew \$1,000 death benefits to beneficiaries "who were actually dependent" on the miner who died.

The previous fund operations permitted death benefits also to persons who had helped support the miner before he died.

Where a miner leaves no dependents, the fund will give his local union \$350 for funeral expenses.

A union spokesman said the trustees had taken no action yet on resumption of disability, medical, and hospital payments.

He said the pension-and-death benefit plans were approved some time ago by the trustees. Details were explained to 100 U.M.W. and welfare-fund officials and employees last September. Payments will be resumed under a new fund

**Why just listen to reasons? COME SEE FOR YOURSELF!**

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion.

You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose most of their jolt when you're at the wheel of a Buick—or in the rear seat.

In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

Even Dynaflo Drive\*—always silk-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride.

But why simply listen to reasons? Experience is still the best teacher.

Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-striding honeys.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

**ONLY BUICK HAS Dynaflo—AND WITH IT GOES:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

## Miss Conley, Mr. Grasham Wed at Louisville, Ky.

The marriage of Ethel M. Collins, R.N.A., Louisville, and Mr. E. D. Grasham, Danville, Ky., was solemnized Saturday, May 6, at 9 a.m., at the First Baptist Church, Louisville. The Rev. S. M. Smith read the marriage vows in the impressive double-ring ceremony.

The bride wore an ivory satin gown, with finger-tip veil. Her flowers were white orchids and tulip roses, and she carried a prayer book of her mother's. She was given in marriage by her mother, Mrs. G. C. Collins who, with Dr. R. C. Brown, Hot Springs, Ark., were the couple's only attendants. Mrs. Collins wore pink satin and carried a bouquet of yellow rosebuds.

Mrs. Grasham is the daughter of Dr. G. C. Collins, of Martin, Ky., is a graduate of Sts. Mary and Elizabeth hospital, Louisville, and since returning from Chicago where she completed a post-graduate course in anesthesia has been assistant in anesthetics to Dr. S. H. Manns, Louisville. Mr. Grasham is superintendent of the Louisville Insulating Company and is a graduate of Centre College. He is a son of Mr. and Mrs. The newlyweds are honeymooning in the Great Smokies, and will be at home at 824 Logan street, Louisville.

The sweet potato is a member of the morning glory family.

## LETTERS TO THE EDITOR

### SEEKS FLOYD RELATIVES

Editor, The Times:

We are receiving your paper weekly and we are sure enjoying it.

My father was born six miles south of Prestonsburg in 1870 on Johns Creek, on McGuire's farm. He left a sister and a brother there. His brother's name was Floyd Owsley. Floyd had two children that my father knows of. But Floyd moved to Missouri about 1910. However, he might have left some children there. My father is still alive and we are coming to Kentucky in a few days. He has not heard from his people in 25 years.

His sister, Sarah Minte Owsley, married Sam Collins in East Point, Ky., in 1885. Sarah had two children, a boy whose name was Floyd, and a girl whose name was Lavata or Vata. Both of these children were born in the 1880's.

Can you help us locate some of his people? It would certainly be wonderful if you could, for we would like to see them when we visit Kentucky in a few days.

The swampy land upon which much of Washington, D. C., is built makes tunnel or subway construction almost impracticable.
